WRECKAGE OF DEATH

Flames and smoke rise from the wreckage caused when an auto-transport truck and a tanker truck collided in dense fog today on Highway 101 north of Oceanside in San Diego County. The chain reaction crash at 6:20 a.m. snarled traffic and killed five persons. At 7:40 a.m. 15 miles north near San Juan Capistrano a tanker truck and a butane truck collided, and the latter truck burned but the fire was put out. Five were injured. Five thousands cars were tied up for hours. Both accidents occurred in the northbound lanes of Highway 101.

Kennedy Plan For Coalition Opposed By Administration

Bombing Line Set In North

COMBINED AP AND UPI

NEW YORK — President Johnson has banned bombing raids by U.S. planes against most of the northern half of North Viet Nam, Newsweek magazine reported today.

In its current issue, Newsweek said the presidential order, which has not been officially announced, has been effect since the United States resumed systematic bambing of North Viet Nam on Feb. 1.

Newsweek said the President has ordered the restrictions because he is determined not to provoke Red China into the war by a policy of unlimited escalation and he has been advised that the main supply link beteen Red China and Hanoi, the KunmingAhanoi railroad, is studded with hundreds of anti-aircraft batteries and would be an extremely hazardous target for United States bombing planes.

The ban forbids U. S. bombers from crossing a stairstep line running just north of the 20th parallel. This provides a sanctuary for most of the north's strategically important railroad lines power complexes, factories and fuel depots, the magazine said.

37-DAY LULL

Before the 37-day lull in bombing North Viet Nam began on Christmas Eve, U. S. bombers ranged over most of the north, with the exception of a 30-mile circle around Hanoi, a 10-mile sanctuary around the port of Haiphong and a 25-mile "safety corridor" along the Red Chinese border.

U.S. military spokesmen in Saigon today reported heavy bombing of targets during 352 fighter and bomber sorties yesterday in Communist North Viet Nam.

Five Americans were killed and 12 injured in the collision of two Army UH-1B "Huey" helicopters near Saigon.

HEAVY ATTACKS

Viet Cong guerrillas meanwhile have unleased heavy mortar attacks against widely scattered American and South Vietnamese targets throughout the South in the last to days. Only light casualties were reported in nine separate mortar barrages reported today.

U.S. Army 1st Cavalry Division troops participating in operation White Wing-Masher 300 miles northeast of Saigon reported another 34 Viet Cong killed in fierce hand-to-hand combat.

Humphrey, Ky Hit Cong Plan

COMBINED AP AND UPI

MANILA — Vice President Hubert H. Humphrey said today inclusion of the Communist Viet Cong in a South Vietnamese coalition government would be "like having a fox in the chicken coop" or "an arsonist in the fire department."

Humphrey dismissed a proposal by by Sen. Robert F. Kennedy, D, N. Y..that a coalition government —including Communists — could bring an end to the Viet Nam hostilities.

"I do not believe we should write a prescription for Viet Nam which includes a dose of arsenic," the vice president told an impromptu news conference before departing from New Zealand for Manila.

Humphrey has visited more than half a dozen Pacific and Asian nations, including South Viet Nam, on his tour but he showed few signs of fatigue as he embarked for the Philippines.

KY SNAPS

South Viet Nam Prime Minister Nguyen Cao Ky, queried about Kennedy's suggestion, in Saigon, snapped:

"The so-called National Liberation Front does not liberate anybody. They killed 11,000 of our troops last year and 22,000 of the innocent people in the countrysides. They murdered them.

"They are 1,000 per cent Communist and they are illegal," the prime minister added, "so let's not talk about the National Liberation Front any more."

'SHARE OF POWER'

Kennedy suggested Saturday that the National Liberation Front, the political arm of the Viet Cong, must be brought to the bargaining table. To "admit them to a share of power and responsibility," the New York Democrat said, "is at the heart of a negotiated settlement."

McGeorge Bundy, special assistant to President Johnson for security affairs and an old Kennedy family friend, disagreed.

Appearing yesterday on NBC's radio-television program "Meet the Press," Bundy said he did not want to comment directly on the proposals, but then added:

"I can say that the administration does not take the view that admitting the Communists to a share of the power and responsibility would be a useful or helpful step — one that would really lead to peace.

"I think our view is rather that what is needed is a sufficient degree of peace in that country and of absence of subversion and terror so there can be reasonable expression of the

Manila Riots Precede Visit By Humphrey

MANILA (AP) — Vice President Hubert H. Humphrey arrived tonight to discuss American Viet Nam policies in the Philippine capital were demonstrators shouting "Humphrey go home" besieged the U.S. Embassy only a few hours before.

Humphrey in an airport statement said he would talk to President Ferdinand E. Marcos tomorrow on the Viet Nam situation.

Humphrey arrived from New Zealand as the Philippine Congress began debates on Marocs' proposal to send a 2,000-man combat engineer unit to Viet Nam.

This was the proposal which drove demonstrators into the streets. About 1,000 of them marched from the presidential palace to Congress and then to the U.S. Embassy.

The demonstrations by students, civil servants and farmers were called to oppose a $4

Racing Crew Safe After Bay Collision

A tug and oil barge came out of the fog yesterday afternoon in San Pablo Bay and collided with a sailboat participating in a race of members of the Loch Lomond Yacht Club, San Rafael.

The 25-foot sailboat sank, but the two men aboard, both from San Rafael, were picked up by the tug, uninjured.

Sailboat owner Dr. William E. Malin of 25 Glenaire Drive, one of the men on board, said the tug was not using foghorns and was on automatic pilot. Malin's crewman, William E. Hampton of 153 DuBois Street, told the Coast Guard there was about a half mile visibility.

The Coast Guard received the call reporting the accident at 1:34 p.m. yesterday from the tug, the Meridian, which was pushing a large oil barge. The tug is owned by the Harbor Tug

Few In Marin Are Expected To Escape From Influenza

Few people in Marin can expect to escape the influenza epidemic which is expected to continue to sweep the county for another two weeks.

"Probably only those who have had shots, or are immune because they've had influenza in the last year or so, can avoid it," Asst. County Health Officer Marilyn Hicks said today.

The worst statewide outbreak of the Asian-type virus since 1957 appears to have hit Marin later than other counties, according to Dr. Hicks. She said, "We can't be sure, but it should be over within two or three weeks."

The health officer pointed out that although the disease causes severe stomach upset and headaches, it is serious only for chronic respiratory and heart cases.

"The real danger," Dr. Hicks said, "is for those who neglect themselves when they get influenza and then suffer a secondary infection like pneumonia."

No death from the flu has been reported in Marin County, but two deaths in Alameda County are being investigated by the coroner there. Early autopsy reports indicated "respiratory changes."

Dr. Hicks noted that the disease first struck young people in the county and is now working its way through the adult population.

All schools in the county which had originally been scheduled to hold classes today were closed till Wednesday on account of the outbreak that knocked out 59 per cent of the students at Tomales High School Friday. All schools had reported absences running way above normal during last week.

Dr. Hicks said: "After talking to a great many pediatricians, I have the impression most of the small children in

'Technical Error' In Homestead

By RICHARD LYTTLE

A "technical error" in payments to Gus Wolf, secretary for the Homestead Sanitary District, was brought to light today in a report by the county auditor-controller.

Director Wolf received $100 in fiscal 1965 for director's fees and $1,050 for field and office expenses as district secretary.

According to Asst. County Counsel Richard V. Godino, a director of a sanitary district can serve as secretary, but his pay as secretary must be in lieu of pay as a director.

Godino, however, called the Wolf case a "technical error" under the state health and safety code. He said the directors can pay the secretary any sum they decide upon, and the $10 per meeting that Wolf received as a director could be considered part of his pay as secretary.

County Auditor - Controller Michael Mitchell began looking into the case after George W. Blackwell, former Mill Valley

Elections Promised By Saigon

SAIGON (UPI) — South Vietnamese Premier Nguyen Cao Ky today announced creation of 11 new cabinet level posts, promised that democratic elections would be held in 1967 and said he would not be a candidate at that time.

Ky told a news conference the new cabinet jobs ere being instituted to streamline the government to better carry out social and economic reforms promised by U. S. and Vietnamese leaders at the recent Honolulu summit conference.

Economist Truong Thai Tong as relieved of his job as minister of economy and finance to appease growing complaints about inflation. He as to remain as behind-the-scenes architect of economic policies because the government still feels he is the best man for the job, according to informed sources.

In announcing 11 new cabinet level posts and reshuffling of some present ministers, Ky said there were no far-reaching personnel changes.

Ky promised again that a constitution would be drawn up and submitted to a referendum by the end of 1966.

Tomorrow Is Holiday

Tomorrow is Washington's Birthday.

Among the establishments with "closed" notices up will be banks, grocery stores, post offices and public offices. All schools will also be closed.

Major stores in the cities and shopping centers will be open for business, as will be many of the smaller ones. "It is being left entirely up to individual stores whether or not to open," said a spokesman for San Rafael Chamber of Commerce today.

There will be no mail deliveries except for special delivery.

The Independent-Journal will publish as usual.

Streets Agreement End Being Fought

A proposal to discontinue the five-year urban thoroughfare agreement under which cities and Marin County have shared in the cost of improving some city streets brought strong opposition from city representatives today.

Representatives of Marin's 11 cities, meeting at the Civic Center, urged a full explanation from county officials.

They agreed that a letter from Asst. County Administrator John F. Barrows to all city managers did not make the county position clear.

Barrows suggested in the letter that the agreement not be renewed when it expires June 30, 1967, because it has not covered the most needed work, too many of the cities have had "carry-over" funds from year to year, and some city jobs appear to be "make work" projects.

Barrows suggested the county develop urban thoroughfares without a general agreement, making a specific agreement for each job. The city could put up matching funds is desired to hasten scheduling of the job.

City Engineer Richard Nelson of Fairfax declared Barrows's proposal would be a "return to the old pork barrel system."

Prime Minister Flies To Moscow For Talks

MOSCOW (AP)—Prime Minister Harold Wilson came to Moscow today for three days of talks with Premier Alexei N. Kosygin and other Soviet leaders. Viet Nam and disarmament are expected to top the agenda.

According to reports from London, Wilson will try to persuade the Soviet Union to use its influence for peace in Viet Nam. He also probably will try to break the deadlock over a treaty to halt nuclear proliferation.

Fire Kills Quebec Leader

QUEBEC (AP)—Quebec's Lt. Gov. Paul Comtois died today in a fire which swept his home, police said.

Authorities said his daughter, Mirielle, suffered arm burns trying to rescue her father. His wife was uninjured.

Comtois

A score of police guarded the entrance to the home as the fire raged. Flames were visible for more than a mile and smoke filled the surrounding area.

Comtois, 70, became lieutenant governor Oct. 6, 1961, after four years as minister of mines and technical surveys in the federal Cabinet.

An agronomist who graduated from the University of Montreal and the Agricultural Institute of Oka, Que., he entered the House of Commons in 1957.

Sukarno Ousts Forces Chief

SINGAPORE (AP) — President Sukarno ousted armed forces chief Abdul Haris Nasution as Indochina's defense minister today, Radio Jakarta reported.

Nasution

It was Nasution who led the Indonesian army in crushing the Communist uprising last October.

He is known as an implacable foe of communism, long having kept communists out of Indonesia's Cabinet. He became defense minister in 1963 after years of leadership in the army.

Nasution guided the trials of Communist party leaders charged with staging the attempted coup against the government last Oct. 1.

At his trial last week, Communist leader Njuno said one reason the Indonesian Communists attempted their coup was that a council of army generals planned to take over the government. The army denied this.

At that time, Nasution 46, was considered Sukarno's heir apparent.

'Fear Meters'

MOSCOW (AP) — A Russian magazine has revealed that Soviet cosmonauts carry "fear meters" in space. The weekly magazine Ogonyok said the meter was first tested on Andrian G. Nikolayev and Pavel R. Popovich in 1962. The instrument showed that both cosmonauts were nervous before takeoff, but they were relaxed in orbit.

Writer Ousted

MOSCOW (UPI)—Russia today revoked the citizenship of anti-Communist writer Valeri Tarsis, who has denounced the Soviet state as "police fascism." In London Tarsis announced that he was "not surprised" and would seek political asylum in the West. He did not say whether it would be in Britain of the United States.

Rabbi Weak

DETROIT (AP)—Doctors say the condition of Rabbi Morris Adler, shot by a member of his congregation during Sabbath services eight days ago, has worsened slightly and they "are not encouraged." The hospital today reported no change in the "critical" condition of the 59-year-old rabbi.

Off On Tour

BONN, Germany (AP)—West German President Heinrich Luebke took off today on a goodwill tour of six African nations to counter diplomatic inroads made by Communist East Germany.

De Gaulle Says France To Take Troops Power

PARIS (AP) — President Charles de Gaulle said today any foreign troop elements in France after April 4, 1969 will have to be under French command only. That is the date when members of the North Atlantic Treaty Organization can choose to leave NATO.

In the first news conference of his second term in office, the French president declared NATO no longer is adapted to present-day needs. He said France intends to "progressively modify dispositions now in force."

OTHER ALLIES

This was taken to mean that he would continue to withdraw French elements from NATO but in such a manner as to permit the 14 other NATO allies to adjust to it.

The United States now has about 20,000 troops in France, running supply and other bases. In addition, the French president's statement that foreign troops would have to come under French command threw into question the status of such big Allied installations as NATO headquarters near the Bois de Boulogne in Paris, and the rambling Versailles headquarters of supreme headquarters of Allied powers in Europe.

De Gaulle told nearly 1,000 newsmen and officials in Elysee Palace: "It is the will of France to dispose of her own fate."

FRENCH COMMAND

He said this in connection with the announcement on French command of foreign troops on her soil after April 4, 1969.

He declared the United States has been in conflicts such as Korea, Cuba (sic) and Viet Nam, and that such conflicts could be escalated into general conflagration. He said France, of necessity, would be involved because her territory is used for communications facilities, air bases and other military installations.

De Gaulle declared the United States has established a protectorate in Europe under cover of NATO.

Arctic Cold Wave Grips North Tier Of States

By ASSOCIATED PRESS

Thirteen states from Maine to Montana remained in the grip of a bitter Arctic cold wave today.

For International Falls, Minn., it was the seventh consecutive day the thermometer has not risen above zero. This morning's low was -31.

The subfreezing temperatures also pushed into the Deep South while snow spread through the Ozarks. Richmond, Va., shivered in a 17-degree reading.

Bitter cold temperatures and wind - blown snow resulted in both flooding and blocked highways Sunday.

Winds up to 50 MPH whipped snow squalls down the Mohawk Valley, cutting visibility to zero in some places and forcing the closing of a 150-mile section of the New York Thruway between Westport, west of Syracuse, and Albany.

In Philadelphia, tow trucks removed at least 60 cars abandoned on the Schuylkill Expressway because of the heavy snow.

The subfreezing temperatures also solidified ice jams and caused flooding along several Midwest rivers and tributaries. Heaviest floowing was along the Mississippi at Davenport, Iowa.

Hazardous - driving warnings were posted for most of Missouri, where snow began falling early today.

Statewide Computer Network Is Sought

SACRAMENTO (AP) — Pointing to the paper blizzard burying modern government, Gov. Brown asked legislators today to get started on a statewide computer network to handle "the knowledge explosion."

"Our generation is in danger of disappearing under an avalanche of paper," he declared in a four-page message sent to lawmakers returning from a three-day weekend.

The governor's request for $571,000 in his budget to lay groundwork for the information system came as subcommittees in both houses began in earnest the detailed examination of his $4.61 billion spending program.

No major special session bills were due for a hearing this week, but two other important developments were in store:

Official release was planned late in the day of major proposals from the commission trying to streamline and revise the State Constitution, third longest in the world. If Brown puts the matter on the special session agenda, and lawmakers go along with the recommendations, voters would decide on the changes in November.

Wednesday is the deadline for the 117 current lawmakers to decide whether to run for reelection this year, a fact imposing a strong political atmosphere on the 1966 legislature. So far, 22 senators have filed for another term, 5 are retiring and 10 haven't said. Twenty assemblymen are running for Senate seats, 33 hope to stay in the lower house, 7 are retiring and 20 haven't indicated their plans.

Brown's special message on information predicted that if some way isn't found to cope with paperwork, documents filed only by the state "would constitute a paper trail to the moon and back by 1974."

He proposed a start on "a system in which the computer and other data processing and communications equipment can be linked and uniformly programmed to do a better job both for the taxpayer and the government decision maker."

The governor noted that it now costs the state $538 million annually to handle information, and added that half the state work force issued to deal with information of various sorts.

WAR

Continued from page 1

U.S. cavalry troopers and B-52 bombers teamed up today in tear gas and bombing attacks on the suspected hiding place of a Communist regiment on South Viet Nam's central coast. A U.S. Navy destroyer poured shells into potential havens along the shore.

The massive non-toxic gas, air and naval attacks hit areas here U.S. 1st Air Cavalry Division troops, U.S. Marines and South Vietnamese forces are tracking down several regiments (900 to 1,000 men) of well-trained enemy troops in the Phuoc Valley near Bong Son.

The cavalrymen launched the attack by spraying the area ith tear gas from helicopters.

Then the superbombers flying from Guam saturation-bombed the target area.

After the air attack, troops of the cavalry division's 5th Regiment donned gas masks and flew into the target aboard helicopters.

In New York, the Times reported that the nation's armed services have almost exhausted their trained and ready military units, with all available forces spread dangerously thin in Viet Nam and elsewhere.

Hanson W. Baldwin, military affairs expert of the Times, wrote that this is the conclusion of a study he made of United States regular and reserve forces.

The story also said in part: Virtually all the combat-ready units in the United States have been committed to Viet Nam, and except for a few Army and Marine battalions and a few squadrons of the Tactical Air Command, no more units will be fully trained and equipped for a number of months.

million bill in the Philippine Congress that would finance the sending of engineers to Viet Nam.

Earlier today Humphrey conferred with Prime Minister Keith J. Holyoake of New Zealand at Parliament House in Wellington. A handful of demonstrators stood silently outside with signs denouncing the Viet Nam war.

During his arrival in Wellington yesterday from Canberra, Australia, Humphrey's car was rushed by a sign-swinging demonstrator who was hurled back by police. In Canberra the previous day about 150 demonstrators called Humphrey a "warmonger."

During the vice president's Australian visit, Prime Minister Harold Holt said his government may soon announce a decision whether to send more Australian soldiers to Viet Nam. There are now 1,500 Australians supporting U.S., South Vietnamese, Korean and New Zealand troops.

Jack Alvarado, manager of San Rafael Chamber of Commerce, was described as progressing satisfactorily in Marin General Hospital today following an operation for hernia last Wednesday. He is expected to leave the hospital on Friday.

KENNEDY

political feeling of the people in Viet Nam."

Undersecretary of State George W. Ball described the Kennedy proposal as "not a thoroughly new idea."

Speaking on ABC's radio-television program "Issues and Answers," Ball said the North Vietnamese government wants the United States "to recognize the (National Liberation) Front as the sole government of the South Vietnamese. They won't even think of negotiating unless we accept his premise.

"Our own feeling," he added, "is if we accede to the idea of a coalition government, we would have to exclude all the representatives of the South Vietnamese government. That's what the North Vietnamese want.

"We are not going to deliver the people of South Viet Nam into the hands of the North Vietnamese," Ball concluded.

Sen. George D. Aiken, R-Vt., said on the CBS radio-television program "Face the Nation" that "it is not my opinion that it's up to the United States to offer the Viet Cong a share in the Saigon government.

"Unless our policy has changed," Aiken said, "I would say that Sen. Kennedy's proposal is considerably out of order and that it would be up to South Viet Nam to make the proposal to share the responsibility of the government."

Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee which on Friday concluded televised public hearings into the administration's Viet Nam policies, declined to comment on the Kennedy suggestion.

But committee member Sen. Wayne Morse, D-Ore., said Kennedy is "pointing in the right direction in which we will have to go."

Morse, a leading critic of the administration's Viet Nam policies, told a news conference in Harrisburg, Pa., the proposed $4.8-billion Viet Nam military authorization bill contains a "sleeper" that could escalate the war.

He said Secretary of Defense Robert S. McNamara testified during the recent Foreign Relations Committee hearings that the authorization bill would provide for increasing troop deployments to Viet Nam and raising the rate of air activity there, if the President decides to do so.

Morse said that testimony, in effect, indicates that the military authorization bill empowers the escalation of war if the President asks for it.

and Barge Co., San Francisco.

The collision happened between the Brothers Islands and Point Pinole, in the channel on the Contra Costa side of San Pablo Bay.

Marin said the boat, a teak sloop named Tia, was worth $7,500, and had about $2,000 worth of equipment onboard when it sank in the deep channel.

Shortly after the collision, a 40-foot Coast Guard cutter rendezvoused with the tug and took the two San Rafael men on board, bringing them to the Loch Lomond Yacht Harbor in San Rafael.

city councilman, complained about both the Almonte and Homestead sanitary districts.

Mitchell assigned Auditor Norman J. Tylor of his office to review the district's audit, prepared by the firm of Fong and Tong of San Francisco. There was no mention of the Wolf payments in the audit, Mitchell said.

He will recommend that future audits for sanitary districts be made either by his office or by local firms.

Mitchell was still waiting today to pin down details of A. R. Teather's agreement with fellow directors of the Almonte Sanitary District on the lease of office space Teather owns.

The district has been leasing the space since 1963, starting at $40 a month and going to $50 in July, 1964.

Auditor Paul Eliopoulos of Mitchell's office was trying to determine from district minutes today whether Teather voted approval of the rental agreement. There was no formal lease, Eliopoulos said.

The Almonte district audit by Mitchell's office showed that directors Robert Alexander and John Dawe have never taken an oath of office, and that directors Fred Field and Teather took the oath but it was never filed with the county clerk, as requested by law.

Technically Director David Beasley is the only member of the five-man board properly sworn into office, Mitchell said.

the county have been hit by it."

Hospitals in the county showed a very slight rise in respiratory cases that might be influenza, indicating that those stricken were being treated at home.

"There isn't any real treatment," Dr. Hicks said. "The only thing is bed rest, drink lots of liquids, and aspirin if there is fever."

It is now too late for shots, two of which, a month apart, are required for immunization, according to Dr. Hicks. "In any case," she said, "shots are not recommended for everyone. They can make some people quite ill. They're primarily to protect people with chronic respiratory diseases."

Dr. Hicks called the current outbreak, which is expected to hit four million Californians, "part of the usual pattern." She said mild outbreaks occur every two or three years and noted that it has been nine years since a major occurrence.

She had a silver-lining word for those stricken at this time. "They should be immune for two or three years," she said.

Firecrackers Taken From Children

Firecrackers were confiscated from children twice in a little over an hour Saturday in Mill Valley, with police reprimanding the children.

Complaints were received from Mrs. E. R. Kott of 251 Miller Avenue at 4:34 p.m. and from Mrs. Joseph P. Curran of 57 Plymouth Avenue at 5:55 p.m., both saying the crackers were being fired in the vicinity of their homes.

JOHN R. FLOR
Funeral in Colorado

OBITUARIES

Judge Flor, Larkspur, Dies At 63

Funeral for John R. Flor, 63, of 426 Alexander Road, Larkspur, former city judge of Larkspur, is to be held in Ouray, Colo.

Flor, who was employed by the General Accident Fire and Life Assurance Corp. of San Francisco, died at French Hospital, San Francisco, Saturday after six days in the hospital.

Joseph H. Henderson, explained that one of the big problems was the holdover of funds from year to year. Most of the money is state contribution from gasoline taxes, and when it is unspent, the state wants to know why, Henderson said.

He also noted that the money allocated some cities was inadequate for the job, pointing to the proposed widening of Sir Francis Drake Boulevard in Ross.

City Administrator Douglas Flautt of San Anselmo, heading the cities' urban thoroughfare committee, was directed to appoint a committee to meet with representatives of the county administrator's office to find out more specifically why the county does not want to renew the agreement.

Flautt named Nelson, Lawrence A. Coleman, Novato city engineer, and city managers Ronald Usher of Corte Madera and Charles A. Brown of Sausalito to the committee.

CHARLES SMITH

Funeral for Charles Rodney Smith, 76, of Space 44, Bobo's Trailer Court, Novato, was scheduled at 4 p.m. today at the Chapel of Marin, Novato.

Smith, a retired mercury miner, died at his home Saturday of a heart attack. Coroner Frank J. Keaton said Smith had been dead for several hours when his body was discovered by a visiting friends.

Smith, who had been ill, lay down to take a nap, and his wife, Voil, thought he was sleeping, Keaton said.

Smith was a miner for 60 years. A native of Seattle, he had been a resident of California for 30 years and a resident of Marin for two years.

Surviving is his wife, Voil A. Smith, of the home address.

BELLE LATTER

A Requiem Mass was scheduled to be celebrated for Mrs. Belle Latter, 89, of San Francisco, at St. Michael's Church, San Francisco at 9 a.m. today.

Mrs. Latter, a long-time resident of Bolinas before moving to San Francisco about 30 years ago, died Saturday at a San Francisco hospital after a long illness.

Burial was to be in Bolinas Catholic Cemetery. Rosary was recited last night at H. F. Suhr Co. funeral home in San Francisco.

LLOYD SMITH JR.

Lloyd Byron Smith Jr., 34 former San Anselmo resident, died of asphyxiation yesterday in a fire in a motel he had just purchased in Roseville.

Smith was asleep when the fire broke out and failed to awaken, it was reported here.

Labor Said To Reject Johnson Wage Guides

MIAMI, Fla. (AP) — Secretary of Labor W. Willard Wirtz said today he had an extensive discussion with AFL-CIO leaders about President Johnson's efforts to curb inflation, but that the labor leaders still reject White House age guidelines.

iWrtz, at a news conference after his meeting with the AFL-CIO Executive Council, said the labor leaders were unhappy because the White House guidelines do not take into consideration profit levels in addition to wages and prices.

AFL-CIO President George Meany and other council members also will discuss ith Wirtz their demands for an increase in the federal minimum wage from $1.25 to $1.40 this year, $1.60 next year, and $1.75 in 1968. This is one subject on which the labor leaders feel Wirtz agrees with them.

Federation officials fear Johnson may follow the recommendations of his Council of Economic Advisers for raises to $1.40 this year and $1.70 in 1970, which AFL-CIO sources said would kick off a major war beteen labor and the Johnson administration.

Rescuers Save Boy On Slope

LAWTON, Okla. (UPI)— Three skilled mountain climbers scaled Elk Mountain's slippery slopes today and rescued a 17-year-old boy who had been stranded 17 hours in snow, sleet and freezing cold.

Rescue director Julian Howard said the climbers, all Army officers stationed at nearby Ft. Sill, reached the icy ledge where Ronnie Wathen had been stranded and began leading him to the top of the mountain for a helicopter rescue.

Howard, director of the Wichita Mountains Wildlife Refuge where the mountain is located, and five refuge rangers also took part in the rescue.

Police Arrest Theft Suspect

William Harvey Switzer, 23, no address, was arrested on suspicion of burglary at 2:45 a.m. today in an alley behind 711 D Street, San Rafael.

Police noticed a broken window in the offices of Dr. Charles L. Hoffman and on investigation found desks drawers had been rifled, their contents strewn about.

Switzer was found in the alley. In his possesion were several Dexamyl capsules and tablets and four hypodermic syringes. He was booked into the county jail.

Oscar Award Nominations Are Made

HOGLWOOD (UPI) — "Dr. Zhivago" and "The Sound of Music" each captured 10 Academy Award nominations today to lead the 38th annual Oscar parade.

Also nominated for best picture of 1965 were "Darling," 'Ship of Fools," and "A Thousand Clowns."

Only one American actress was nominated for the top acting award. She was Elizabeth Hartman in "A Patch of Blue." The other contestants all are foreigners, including Julie Andrews—last year's winner—for "The Sound of Music;" Julie Christie (Darling); Samantha Egga (The Collector) and Simone Signoret—a previous award winner—(Ship of Fools).

Foreigners also dominated the best actor nominations. Richard Burton (The Spy Who Came in From the Cold), Laurence Olivier (Othello), Oskar Werner (Ship of Fools) won nominations. Hollywood was represented by Lee Marvin (Cat Ballou) and Rod Steiger (The Pawnbroker).

The Oscars will be presented April 18 at Santa Monica Civic Auditorium in a nationally televised awards program. More than 2,000 members of the academy will ballot between now and then on the winners.

D.A.'s Aide Set To Run

MODESTO (UPI) — Chief Deputy Dist. Atty. Ernest W. Geddes submitted his resignation today and announced his candidacy for district attorney of neighboring Tuolumne County.

Geddes, 32, submitted his resignation to Dist. Atty. Alexander Wolfe and said it was effective immediately.

Geddes, who has been a deputy district attorney in Stanislaus County for three years, said he would move his residence to Tuolumne County this week.

Two Runaway Boys Cited By Police

Corte Madera police last night cited two runaway Mill Valley boys, aged 8 and 10, to county juvenile authorities, then turned them over to Mill Valley police.

The boys were picked up in the Corte Madera Shopping Center where they reportedly stole four records from three stores. They said four other records they were carrying were stolen from the Value World store in Larkspur.

MOST WANTED—Latest addition to the FBI's list of 10 most wanted fugitives is Ralph Dwayne Owen, 24, one of two men who escaped Oct. 31 from the California Medical Facility at Vacaville. He and Charles Loren Gove are accused of a nationwide crime spree since their escape. Gove, however, was captured Tuesday in New Orleans. Both were serving terms for robbery.

Autos Stolen, Recovered

Two automobiles were stolen and recovered in Ross during the weekend, Police Chief John Harris reported today.

A Volvo station wagon owned by Joan Polsdorfer was taken between 6 and 8 a.m. yesterday from the carport of her home on Willow Hill, she told police. It was found shortly afterward at the foot of the hill, a front tire blown.

Edward A. Christiansen, 48 Woodside Way, reported his Volkswagen was stolen from the carport of his home between 6 p.m. Friday and 7:30 a.m. Saturday. It was found later Saturday at Willow and Madrona avenues, undamaged, Chief Harris reported.

Court Rules On Libel In Unions

WASHINGTON (UPI) —The Supreme Court ruled today that a person can sue a union for libel in state courts if he can prove statements made during an organization drive were designed to hurt him.

In an 6 to 3 decision, the court reversed a lower court decision.

"We concluded that where either party to a labor dispute circulates false and defamatory statements during a union organizing drive, the court does have jurisdiction to apply state remedies if the complainant pleads and proves, that the statements were made with malice and injured him," Justice Tom C. Clark said in the majority opinion.

Chief Justice Earl Warren and Justices Abe Fortas and William O. Douglas dissented.

The case was initiated by William C. Linn, who alleged he was libeled by Detroit Local 114 of the United Plant and Guard Workers. At the time, Linn was an assistant general manager for the Pinkerton Detective Agency.

His complaint named the union president and vice president and a Pinkerton guard. Linn claimed the trio circulated leaflets during an organizing drive which injured his reputation.

Glass jars and bottles now weigh about one-third less.

LIKENESS TO LINCOLN?—This bust of Lyndon B. Johnson will be given to the President Wednesday as the Freedom Award from Freedom House. Leo Cherne, the sculptor, said he found political and facial similarities between Johnson and Lincoln. (AP Wirephoto)

Johnson's Face Compared To Lincoln's By Sculptor

NEW YORK (AP) — "I was struck with the extraordinary political and facial similarities of President Johnson and Abraham Lincoln," says Leo Cherne, ho has just completed a bronze head of Johnson.

The sculptured head, somewhat larger than life — 15 inches on a seven-inch black Belgian marble base—will be presented to Johnson in New York Wednesday night.

The President will be given the sculpture as the recipient of the Freedom Award from Freedom House.

Cherne, 53, a political economist, is director of the Research Institute of America, chairman of the International Rescue Committee, and Executive Committee chairman of Freedom House.

He estimates he spent seven months on the Johnson project. He took less than an hour each at three visits to the White House and said he felt guilty about it.

"With anyone else I would not hesitate to take up his time, but with President Johnson I definitely felt guilty," Cherne explained.

At one point, Cherne recalled, the President said: "How long will this take? There is so much I must do."

Cherne, who has sculpted heads of Russian author Boris Pasternak, Albert Scheitzer and Lincoln, said the Johnson assignment had come about after the President had accepted the Lincoln work at the White House.

In his presentation to Johnson, Cherne said, he will tell the awards dinner:

"I hope I have captured something of the weathered flesh and eyes narrowed in their protected encounter with the elements bright and bitter. Perhaps, you will find as I did in the deeply etched grooves of the face, the furrows in the brow some of the lifetime's imprint of care and concern, of hope and frustration, of disappointment contained, high purpose strengthened."

Cherne said Johnson's left profile is "strikingly similar to the man he (Johnson) admired most — Franklin D. Roosevelt."

Of the similarities to Lincoln, Cherne said: "The Johnson I tried to sculpt is the Johnson I see in the frame of Lincoln. Like Lincoln, I believe, Johnson is doomed to less than adequate understanding hile in the White House."

Saturn Rocket Debut To Be A Step To Moon

CAPE KENNEDY, Fla. (AP) — The 22-story Saturn 1B rocket, the most powerful built by the United States, makes its launching debut Wednesday as Project Apollo's first step on the long trip to the moon.

The rocket is to drill an unmanned Apollo ship 300 miles into space and drive it back through the atmosphere at a speed up to 18,000 miles an hour.

The ballistic flight, which will last only 39 minutes, is the first of a long series of Apollo launchings which must precede the landing of American astronauts on the moon by 1970.

Recovery will be attempted when the cabin section, to hold future astronauts, drops by parachute into the South Atlantic 5,300 miles southeast of Cape Kennedy.

The launch is the first of three unmanned tests for the spacecraft and the rocket before three astronauts step inside the Apollo for an 8- to-14-day earth orbital journey late this year or early 1967.

Economy cars were the rage in 1914, when one and two-passenger cycle cars were sold for $295.

From Party To Cemetery

CHICAGO CITY, Minn. (AP) —Scores of townfolk turned out the other day for George Noreen's 90th birthday party, and the next morning he was in a cemetery.

Noreen, you see, is the town gravedigger, just as his father Frank Noreen was before him. His father lived to be 97.

"I've dug every grave in these cemeteries for the last 40 years, and managed to get out of every one of them alive," says George.

In summertime, he also tends a half-acre garden and eight lawns.

Fifth Car Damaged In Marin City Fuss

A fifth car was damaged in the early Saturday morning fracas in Marin City, Sausalito police said today. Police, called in the general alarm, said a new station wagon was damaged when struck with a piece of exhaust pipe.

Two sheriff's department patrol cars and two private automobiles were also damaged in the fighting, which occurred after a carload of young men from San Francisco tried to crash a party early Saturday.

The Trinity College Library in Dublin, Ireland, was founded by Queen Elizabeth I, in 1591.

Modeling Phone Call Believed To Be Phony

A Terra Linda housewife, whose photograph appeared in an Independent-Journal women's page Wednesday, got a call from an apparently phony model studio the next day.

Mrs. Harris Herman of 609 Woodbine Terrace reported to the sheriff's office Saturday that she had received two telephone calls from a man who identified himself as Albert Donovan of Bayview Modeling Studios in San Francisco.

In the first call Thursday he said he had seen her picture in the I-J and wanted her to pose for him as a model.

There was a second call Friday and Mrs. Herman notified sheriff's deputies.

She learned that there was no listing for the Bayview Modeling Studios and that the San Francisco Better Business Bureau had never heard of the firm.

Deputies reported that the address given by the caller, 1222 Geary Street, was a freeway exchange overpass. Mrs. Herman checked the telephone number he gave and got a recording saying "I'm sorry, etc."

Deputies said Mrs. Herman talked to the man at her husband's instruction in an effort to gain information.

Former 'Angels' Are Arrested

LOSTANT, Ill. (UPI)—Three former members of the California Hell's Angels motorcycle gang were arrested and jailed yesterday when they tried to use a bogus credit card at a service station, police said.

A suspicious attendant called sheriff's deputies who arrested the three, wearing long, finger-combed hair, sawed-off sweatshirts and many tatoos.

They were charged with forging a credit card, possessing fictitious license plates and carrying open liquor in an automobile, and placed in the La Salle County jail in Ottawa.

The deputies identified the three as Ray (Rish) Winn, 28, James Corker, 21, and Phillip Winn, 22, a cousin, all of Sacramento.

FLEET ADMIRAL CHESTER NIMITZ
As a midshipman and in 1960

Admiral Nimitz Succumbs At 80

SAN FRANCISCO (AP) — The late James V. Forrestal, while secretary of the Navy, once asked his chief of naval operations whether an officer convicted by a court-martial ever had risen to flag rank.

"You're looking at one," replied Fleet Adm. Chester W. Nimitz, who commanded the most powerful fleet in history during World War II.

As a young officer, the soft-spoken Texan had indeed been found guilty and reprimanded by a Navy court — for running a destroyer aground in Manila Bay.

The admiral, who died Sunday at 80, commanded a thousand ships and two million men during the battles leading to the surrender of Japan. He was the last of the five-star admirals.

Despite holding awesome power, the admiral disliked pomp. On his 75th birthday the Navy staged a big party for him and he remarked:

"Am I looking forward to this? I'm looking forward to the end of it. I feel the same about it as the man who bought himself a small boat. His two happiest days were when he bought it and when he sold it."

The admiral's first experience with a small boat was not pleasant. Born in a landlocked town, he never had seen an ocean until he arrived at Annapolis and became seasick on his first voyage — in a small boat there.

Nimitz, whose career at sea spanned two world wars and the birth of the atomic age, died of what a Navy spokesman called "complications following a stroke" suffered Jan. 3.

With him at his home on Yerba Buena Island Naval Base in San Francisco Bay were his wife, Catherine, one of his daughters and a grandson.

Burial will be Thursday in Golden Gate National Cemetery just south of San Francisco.

In Washington, President Johnson paid tribute to Nimitz as a man of "quiet courage and resolute leadership." The President said Nimitz had earned "the undying gratitude of his countrymen and an enduring chapter in the annals of naval history."

Gen. Dwight D. Eisenhower said: "Admiral Nimitz was one of the most distinguished officers of World War II. The entire nation will always owe him a debt of gratitude for his brilliant service in World War II. He was a good friend whom I admired and respected deeply."

Nimitz was jumped over 24 senior admiral to become commander in chief of the Pacific fleet after the Japanese attack on Pearl Harbor Dec. 7, 1941.

His high command spanned the Navy's greatest days — at Coral Sea, Midway, Guadalcanal, Leyte Gulf and finally the Japanese surrender in Tokyo Bay, where he signed the agreement as U.S. representative.

The battle off Midway, June 3-6, 1942, in which the Japanese lost four carriers and a heavy cruiser, was the turning point of the Pacific war, in the admiral's opinion. The Japanese offensive power sank with those carriers.

WIREY PUZZLE

It six-year-old Anne Elizabeth Kent is puzzled by the curious looking wire coat hanger twisted into a figurine, she has company. A lot of grownups were wondering at the figure as Boston's Wintertest Anne Elizabeth, daughter of Mr. and Mrs. James Kent of Winchester, Mass., was among thousands of children and their parents who came to the War Memorial Auditorium today to see the cultureal festival. Witness Says Klan Woman Planned To Kill Kennedy

WASHINGTON (UPI) — A witness testified today that the Ohio grand empress of the Ku Klux Klan told him she once devised a plan to kill President John F. Kennedy.

Richard Hanna, 22, Newport, Ky., said Mrs. Eloise Witte related to him that she intended to kill Kennedy by walking up to him and shooting him with a gun hidden behind a baby she would be carrying in her arms.

"Then I realized she was sick — that she was destroying the Klan, the State's Rights party and everyone connected with her," Hanna told the House Committee on Un-American Activities.

The committee, continuing its investigation of the Klan, was expected later today to examine Klan operations in Florida.

Hanna was a witness left over from the committee's investigation of Ohio Klan doings. Other witnesses have charged Mrs. White with plotting the assassination of President Johnson, Vice President Hubert Humphrey, Martin Luther King, a Klan leader, and her own husband.

In an appearance last week, Mrs. Witte denied these accusations under oath.

Since 1949, Fresno County has led the nation's agricultural counties in total value of products.

Rock Scribblers To Be Foiled

BAKERSFIELD (AP)—Forest rangers have developed a new technique to foil persons who write nasty words on public rocks.

The new idea: fertilizer.

The fertilizer, according to assistant ranger Ernest Anderson, will stimulate the growth of moss and lichens to cover the unsightly scribblings.

Anderson said the spray of fertilizer and water covers the obscenities until the growth takes over and looks much better than just painting over the letters.

Jordan Voted Student Head

Dan Jordan, son of Mr. and Mrs. Leland Jordan of 87 Deer Park Avenue, will be spring semester student body president of Davidson Junior High School in San Rafael.

Election was held Friday, with results announced today. Dan defeated Bebe Anderson and Charles Gray to win the top office.

Peter Graham was elected vice president; Barbara Whitlow, secretary, and Don Waxman, treasurer.

Pilot Error Is Hinted In Fatal Plane Crash

SALT LAKE CIT Y(AP)—The pilot of a Boeing 727 which crashed said today the airliner failed to respond when he gunned the jet engines and pulled back on the controls to avert a hard landing that resulted in a fiery smash-up killing 43 passengers last November.

United Air Lines Capt. G. C. Kehmeier, 48, Denver, Colo., said the lack of response indicated the plane was nearly in a stall. A stall is where a plane loses its lift and is unable to be controlled due to speed and angle of flight.

Co-pilot Phillip E. Spicer, who was at the controls when the 727 began its landing approach, said he started to increase engine power earlier but was told by Kehmeier to wait awhile.

Second Officer R. R. Christensen, the engineer, said he was a little uneasy because he thought the approach was at a greater than normal descent.

The 727 hit hard, short of the runway, and burst into flames. Fifty of the 91 aboard got out, but two died later. Forty-one were burned to death or suffocated.

To Name Member

Sausalito-Marin City sanitary district directors will hold a special meeting at 10 a.m. tomorrow at 201 Caledonia Street to appoint a new board member. There are two existing vacancies.

Labor Outlook Book Available

WASHINGTON (AP)—For $5 the Government Printing Office will send you the 1966-67 edition of the Labor Department's Occupational Outlook Handbook—including salaries, working conditions and qualifications for more than 700 occupations.

The publication, released by the Bureau of Labor Statistics, says unskilled and semiskilled jobs will continue to diminish and farm workers will continue a long-term decline.

The best jobs, it reports, will require the best possible education in the next decade.

Peter Goldstein Back In Hospital

Peter L. Goldstein, 31-year-old San Anselmo publicist seriously injured in a two-car accident on Waldo Grade last Oct. 19, entered Mount Zion Hospital, San Francisco, Saturday for possible surgery to the retina of his right eye.

His brother, Judge Alvin H. Goldstein Jr. of Marin Municipal Court, said today the eye ailment was a complication arising from the accident which rendered the publicist unconscious for nearly two weeks.

Peter Goldstein was discharged from hospital about six weeks ago, and appeared to be making a good recovery.

Tests were scheduled at Mount Zion Hospital today to determine if surgery is necessary. If it is, Judge Goldstein said, his brother is expected to be in hospital about four weeks.

At least 25 lives were lost by drivers in motorcycle races during the five-year period 1960-64.

Trial Of Wolden Scheduled To Start

SAN FRANCISCO (AP)—San Francisco Assessor Russell L. Wolden went on trial today on charges of taking bribes in exchange for lower tax assessments.

The hearing before retired Los Angeles Superior Court Judge Lewis Drucker is expected to last three months.

Wolden's trial is the latest development in a tax assessment scandal that has reached the length of the Pacific Coast. San Diego's assessor killed himself. The assessor in Seattle resigned. Alameda County's assessor is on trial on charges similar to those against the 54-year-old San Francisco official.

Defense attorney James Martin MacInnis insists Wolden has done nothing wrong. Wolden says he will run for re-election.

He is the first major San Francisco official to face criminal trial since Public Defender Frank Egan was convicted of murder in 1932.

Wolden, who has been San Francisco assessor since 1937, is charged with 10 counts of bribery and one of conspiracy. The grand jury said he accepted money from tax consultants in return for reduced personal property assessments for the consultants' clients.

Attorneys guessed that all of this week would be taken in selecting a jury. Some 65 veniremen appeared for the first session.

Season Cutback Brings A Dip

SACRAMENTO (AP)—Agricultural employment in California dipped to 269,600 in mid-February, representing a seasonal cutback 6,800 from the previous month, the State Employment Department said today.

Even with the one-month drop in total employment, there were 7,000 more farm workers holding jobs than at the same time a year ago.

Bus-Car Crash Kills A Driver

KING CITY (AP) — A bus-automobile collision yesterday killed the car's driver and seriously injured the bus operator.

Dead was Gale Baumgartner, 28, of San Benito, whose car went across U. S. 101 for an unknown reason and collided with the front of the bus, the highway patrol said.

Seriously injured was bus driver Orville Nanninga, 52, of San Luis Obispo.

Seven of the 34 bus passengers were injured, three of them seriously.

West Marin Plan To Be Debated

Because of the holiday, county supervisors will not meet tomorrow but will meet Wednesday night and again Thursday morning this week.

The Wednesday meeting will be the board's first public hearing on the West Marin master plan. It will be held at 8 p.m. at West Marin School.

On Thursday the board will have only two items on its agenda: The grand jury report on the John M. Douglas hiring procedure and Supervisor Peter H. Behr's proposal for a bond issue for purchase and development of parks. The Thursday meeting will begin at 9 a.m. at the Civic Center.

'Finn For Council' Backers Organize

A "Finn for Council" committee has been formed to campaign for John Finn III for Mill Valley City Council in the April 12 election.

Charles V. Derham is in charge of advertising and public relations; William A. Hamilton is secretary; William Ferreira, treasurer; Mrs. James Rutledge, speaking engagements. Other members are Clay Underhill, Fred Peters and James Rutledge.

Students Help Heart Fund Drive

Teen-agers of Marin—some 80 strong — have pledged their hearts to the 1966 Heart Fund campaign in a three-hour San Rafael business house solicitation.

They will converge at the San Rafael Court House grounds Saturday at 10:30 a.m. There they will pick up red, heart-shaped identification tags and kits of literature to be distributed to San Rafael business establishments in the three-hour "heart-days-for-business" donation drive.

Teen-agers participating are members of San Rafael High School girls' service clubs, the Ra Ravas and Les Couts.

President of the two groups are Margie Costello and Connie Wagner, respectively, both of San Rafael.

Ron Giomi, student body president, will be among participants in the business solicitation, which will augment the month-long Heart Fund drive in Marin.

Solicitations will be completed by 2 p.m., at which time teen-agers will turn in proceeds to the Marin County Heart Assn. office at 1363 Lincoln Avenue, San Rafael.

Fred Brylka, 1966 Heart Fund chairman, said refreshments will be served at the office.

EARLY-BIRD CONTRIBUTOR — Walter G. Hammermann of Sun Valley Market in San Rafael gives to 1966 Heart Fund on solicitation of Connie Wagner (left) and Margie Costello, San Rafael High School girls' service club presidents. The clubs, Ra Ravas and Les Couts, will conduct a three-hour "Heart Day for Business" drive Saturday.

Marin Marines Take Training For Combat

Three Marin County Marines have completed four weeks of individual combat training at Camp Pendleton.

They are Pvt. Bruce C. Trimble of Sir Francis Drake Boulevard, Manor, Fairfax; Pfc. Michael P. Hays, 825 Las Gallinas Avenue, San Rafael; and Pfc. Richard Ward, 709 Cherry Street, Novato.

Catholic Education

Rev. Charles W. Dullea, president of the University of San Francisco, will tell members of the Marin Serra Club about the future of Catholic higher education when the club holds its annual father-son dinner at 7 p.m. tomorrow at the San Rafael Elks Club. Attorney Roger P. Garety will be master of ceremonies.

Freshman Dance

Redwood High School's freshman class will hold a dance Friday from 8 to 10:30 p.m. in the school gymnasium.

Trial Practice

Marin County trial lawyers will participate Saturday in the all-day trial practice seminar of the California Trial Lawyers Assn. in Santa Rosa. The program is entitled "The Proper Handling of a Tort Case from Beginning to End."

Car Storage Permits Controversy Expected

Revocation of permits for two car storage lots on Jordan Street is expected to produce long discussion at tonight's meeting of the San Rafael City Council, which opens at 8 o'clock in the city hall.

The permits are those of R. L. Thompson and L. P. Aquilino, and of Richard Isi, about a block apart. Both were granted last summer over protests of the San Rafael Board of Education, as the lots are across the street from Davidson Junior High School.

The city has received complaints that the proprietors failed to live up to restrictions imposed to prevent the lots becoming eyesores. The planning commission last week held public hearings and recommended both permits be revoked.

First item on the 29-item agenda for the meeting is sale of two city-owned lots on Mira Flores Avenue at public auction.

The council may also take up expansion of the underground utilities requirements, a matter postponed twice previously.

Abatement of a delapidated building at 1610 Third Street, recommended by Chief Building Inspector Jack Coates, is to be discussed. Action was held up at the Feb. 7 meeting.

City Mgr. Dan E. Andersen will recommend that action on appointment of a city planner be put off until the March 7 meeting. Andersen plans to leave for Southern California tomorrow to interview several applicants.

The County of Marin seeks to rent 24 spaces in the Third and Lootens streets parking lot from the city for parking by jurors, there having been many complaints from those on jury duty that no all-day parking was available near the courthouse. City Manager Andersen will recommend the arrangement be authorized.

The council will be asked to approve placing John Dorich on the regular payroll as planning draftsman at $512 per month, to fill a vacancy. Dorich has been working on a temporary basis in the planning department since last October.

Educator Hits Budget Cutback

SACRAMENTO (UPI) — The president of the California School Boards Assn. (CSBA) has joined the protest over President Johnson's budget proposals for cutting back some aid-to-education programs.

Clayton Record said California normally received $65 million a year to help school districts whose enrollment was swollen because of federal projects in their areas. He said the proposed budget would cut the amount to $31.5 million.

He said the budget cut was a "classic example of why schools must be extremely careful in accepting federal funds for anything but the most urgent projects."

Die In Saigon Helicopter Crash

WASHINGTON (AP) — Two Army nurses, the first American military women killed in Viet Nam, were among seven victims of an Army helicopter crash near Saigon, the Defense Department reported Saturday.

The exact cause and circumstances of the crash are being investigated, the Pentagon said. Unconfirmed reports indicated the craft hit a power line about 10 miles northeast of Saigon.

The nurses were identified as 2nd Lt. Carol A. E. Drazba, daughter of Mrs. Marcella Drazba, Dunmore, Pa., and 2nd Lt. Elizabeth A. Jones, daughter of Mr. and Mrs. George L. Jones, Allendale, S.C. Both were attached to the 51st Field Hospital.

All seven people aboard, including two army officers, were killed.

Why your PG&E bill went up when the temperature went down:

Winter's cold and rain means you're spending more time indoors.

You're using more heat and cooking more hot meals.

You need more lighting.

And you enjoy more TV and radio.

So naturally, your PG&E bill went up. When outside temperature goes back up, your bill will go back down again.

GERALD N. HILL
'More discreet'

Hill Former Marinite

A former Marin attorney, who went to public schools in Sausalito and Tamalpais High School, is the new head of California Democratic Council, replacing controversial Simon Casady.

He is Gerald N. Hill, 36, who formerly lived in Sausalito and Belvedere before moving to San Francisco several years ago. His mother, Winifred Hill, still lives at 532 Virginia Drive, Belvedere, and his sister, Mrs. Dana Upton, lives in Corte Madera.

Hill is married to the former Jane Herman of Sausalito. They have one child.

Termites are more closely related to cockroaches than to ants.

CASADY OUSTED

Doves Control Demo Council

BAKERSFIELD (UPI) — A group of liberals aligned with the anti-Viet Nam war doves controlled the California Democratic Council today.

But they backed Democratic Gov. Edmund G. Brown in his bid for a third term — despite Brown's active support of President Johnson's Viet Nam war policy.

In sharp contrast, they pointedly opposed the present conduct of the Viet Nam war and their new president praised New York Sen. Robert F. Kennedy for having "enlisted in this fight."

The 35,000 - member volunteer political group ended its strife - torn 14th annual convention yesterday by electing Gerald N. Hill, 36-year-old San Francisco lawyer, as its new president. He replaced Simon Casady, whom Brown asked to quit after less than one year in office for conducting a "statewide crusade" against President Johnson.

Hill defeated Charles Gant, Santa Ana, by a nearly 3 - 1 margin—1,175-453—in the presidential balloting. Gant had campaigned on a softer anti-Johnson line.

The new CDC leader immediately called for a summit conference of the nation's liberal organizations to find a path to peace in the war-torn Southeast Asian nation.

Although he set no time nor place, he said he would like to see Kennedy, brother of the late President, as the conference keynoter.

Kennedy suggested Saturday that the United States negotiate directly with the Communist National Liberation Front in seeking peace.

His stand agreed with the position taken by the CDC in an "issues statement" which called for a de - escalation of the war, a halt to bombing in both North and South Viet Nam and negotiations with the Viet Cong.

"This is the CDC's stand," said Hill. "This is my position. Today's minority may be tomorrow's majority."

Johnson's name drew scattered but significant boos when Brown told the delegates after the governor's name had been placed in nomination for CDC endorsement that "no man in the United States" wanted peace more than the President.

But Brown said of Hill: "he may be more liberal (than Casady), but he'll be more discreet."

Brown lectured the delegates to turn away from international affairs and center their attention on the issues of the 1966 gubernatorial campaign, where he faces a challenge from either actor Ronald Reagan or former San Francisco Mayor George Christopher. They are the two frontrunners for the GOP gubernatorial nomination in California's June 7 primary.

"Everything about this state that is progressive and dynamic and worth fighting for is under attack this year," Brown said. He predicted a "rough, tough and bitter campaign."

Oil Makes Venezuela Wealthy Latin Nation

CARACAS, Venezuela (UPI) — "Black gold," oil, has made Venezuela the wealthiest nation in Latin America.

Through 1965, Venezuela's foreign exchange reserves amounted to $833 million, more than double those of Brazil, which totaled about $370 million. For the same period, Venezuela had a favorable balance of payments amounting to $514,800,000.

A ROYAL PEEK

JUST 13

Parents Want To Slow Down Growth

DALLAS (UPI) — Some parents do not want their daughter to be an 18-year-old while she is still 13.

In the North Dallas area, parents have organized to exchange ideas and form a consensus on the problem of teen-agers pushed to grow up too soon.

In short, they want their 13-year-old to be just 13 for at least a year, then 14, and so on. The Parents League of Dallas started as a group of 10 couples.

One of the organizers, Mrs. Hilton Painter, said, "We want to slow down the pace at which youngsters mature, and perhaps lessen the pressure to conform. We do not want 15-year-olds in 18-year-olds' situations."

The league wants to get together a consensus of the feelings of parents, teachers, doctors and the teen-agers. They will ask through questionnaires what they think about early dating, what age they think driver's licenses should be available, what age youngsters should go to mixed parties or to dances or to late movies.

They will also use as a guide the advice of Dr. James Peterson of the University of Southern California, a sociologist and family relations counselor who spoke at an organizing meeting of the league.

The league will then publish a pamphlet with the opinions and advice.

"With some girls," Mrs. Painter said, "their mothers keep pushing them, into dance clubs or dating or such, because they want so much for their girls to be popular.

"One woman called the other day and said, 'I have a 12-year-old and she asks me things that I can't decide. I don't know what to say to her about such thing.'

"And one seventh-grader came home one night from his first dance. He said, 'It was miserable. I will never go to one again.'

"We hope to help out with things like this," Mrs. Painter said. "We can help the woman with some answers for her girl and can help the seventh-grader perhaps to wait until he's older before his first dance."

There are similar groups in Denver and in North Carolina and in Houston. They hope to spread the idea of letting youngsters be youngsters for just a while before they become adults.

That way, the league believes, something can be done to forestall many of the young marriages and other problems.

Mary E. Spaulding Bride Of Maynard Garrison Saturday

Dr. Carl Howie officiated at the Saturday wedding of Mary Elizabeth Spalding of San Francisco, daughter of Mr. and Mrs. Edward P. Spalding of Ross, and Maynard Garrison Jr. of San Francisco on Saturday at the chapel of Calvary Presbyterian Church, San Francisco.

Mr. Spalding escorted his daughter to the altar in the single ring ceremony held at 11 a.m. Mary wore a full length gown of peau de soie trimmed in pearls with an heirloom mantilla.

Mrs. Donald Bull of Kentfield, matron of honor to her twin sister, wore a pink dupioni silk sheath with a Dior bow.

Serving as best man to his cousin was Richard Wheeler of Orinda with Donald Bull ushering.

A reception followed at the home of the bride's aunt and uncle, Mr. and Mrs. Edward Polhemus, in San Francisco. Following a short wedding trip, the Garrisons will make their home in San Francisco.

The bride attended Drake High School and University of Oregon and was graduated from Dominican College. She is employed as a teacher at Town School For Boys in San Francisco.

The bridegroom's parents are Mr. and Mrs. Maynard Garrison of San Francisco. He was graduated from Princeton University and University of San Francisco Law School and practices law in San Francisco.

Mill Valley Bethel Will Give Scholarship Benefit

Contributions and a special program benefitting the education and scholarship fund of the International Order of Job's Daughters are planned for Wednesday's meeting of Mill Valley Bethel 119 at 7:30 p.m. in the Masonic Temple.

The fund is used for the encouragement and advancement of the higher and specialized education by providing scholarships for members of the order.

Honored queen Jane Cleaveland will preside, and refreshments chairman Carol McCormick will be assisted by Karen Carlsen, Nancy Evans and Lynn Michaelian. Kathy Fitzgibbon and Lynn Howard will do decorations.

Three former council members recently received honorary life memberships for their dedication of time to and support of the Bethel. They were Mesdames Romietta Drexler, Barbera Krone and Dorothy Morrison. Member Joan De Lasaux was presented with the traditional marshal's pin.

Pushbuttons Help Americans Get Along Without Domestics

NEW YORK (UPI) — Thanks to pushbutton appliances, convenience foods and Yankee ingenuity, most American families get along without maids, cooks, butlers, housekeepers.

Only 4.8 million households—or one in 12—hire permanent or part-time housekeepers, according to a U.S. government survey. The decline of available domestic help for hire figures in the situation, too.

Appliances to the rescue include washing machines, dryers, dishwashers, waste disposers, ovens that shut themselves off and on, plus a host of other push-button magic things unheard of even 20 years ago.

Also helping: More than 14 per cent of the typical family's food budget is spent on instant or partly prepared foods, Uncle Sam's statisticians say.

At the turn of the century, the average homemaker spent over half of her time preparing food. Today, the housewife spends only 1.5 hours a day preparing her family's three meals.

THE EUROPEAN HOUSEWIFE still spends an average of three hours a day preparing meals, even though domestic help is much more common on the other side of the Atlantic.

World War II marked the beginning of the great decline in household employment on this side of the Atlantic. Back in 1940, almost 18 per cent of all working women were employed in private households. By 1950, employment among women in this job category was down to 8 per cent.

Increased educational levels and opportunities for better paying jobs elsewhere contributed to the decline.

While the supply of household workers continues to dwindle, the homemaker increasingly also is depending on service businesses which cater to the home's needs.

"Order in the food" is an easy way to stage a big party or dinner. The catering industries in cities nationwide are doing a landslide business and it increases each year.

WHAT IS THE TYPICAL woman in the servantless home doing with the spare time—made by convenience foods and appliances?

She's busier than ever, spending more time caring for the children, helping the community and, increasingly, working for pay to help foot the bill for some of the convenient gadgets that enable her to get along the servantless way.

About three in five women in the labor force are working wives.

The outlook is for even more spare time created by less housework and cooking drudgery as more sophisticated appliances and instant foods continue to become standard items.

Robin Reid Is Bride Of B. A. Dyckman

Robin Reid, daughter of Mr. and Mrs. Eldon Reid of Corte Madera, became the bride of Barry A. Dyckman of Oak Lawn, Ill., in a 6 p.m. wedding on Saturday held at Church of Jesus Christ of Latter Day Saints, Greenbrae.

A reception was held in the church recreation hall. Robin's gown was of full length peau de soie with Chantilly lace trim. Her younger sister, Pauline Reid, wore a street length dress of gold satin peau de soie. Bridesmaid Jacque Reynolds of Corte Madera wore a similar dress.

The bride's younger sisters, Sulin and Maren Reid of Corte Madera, were flower girls.

Charles Fuller of San Rafael served as best man and Le Roy Reid of Cotati, brother of the bride, ushered.

Robin attended Redwood High School, Brigham Young University and College of Marin. She is employed with Retirement Residence, Inc., in San Francisco. Her other sisters and brothers are Roxie Reid, now in France, Pauline, Nicki and Rollie Reid of Corte Madera.

The bridegroom, the son of Mr. and Mrs. Arthur Dyckman of Oak Lawn, Ill., attended Oak Lawn High School.

Arnsmeyer-Collins Nuptials Recited In Montclair Church

In a ceremony on Feb. 12 at the Montclair Methodist Church in Montclair, Ronalde Earl Arnsmeyer of Mill Valley claimed Karen Elaine Collins as his bride.

The bride is the daughter of Mr. and Mrs. Kenneth Wayne Collins of Oakland.

Given in marriage by her father, the bride wore a full length gown of white nylon. The full skirt was fashioned with panels of eyelet.

Preceding the bride to the altar for the 2 p.m. ceremony in gowns of forest green and champagne brocade were Mrs. Lorraine Rocheleau of Oakland as matron of honor, and bridesmaids, Mrs. James Warman of Oakland and Barbara McIntosh of Redwood City.

Jaye Brown of San Rafael was best man for the bridegroom and ushering were Bill Champlin of San Anselmo and James Warman of Oakland.

A reception followed the ceremony at Leona Lodge in Montclair.

Following a wedding trip to Southern California, the couple will reside in Oakland.

Novato P-TAs Bestow Life Memberships On Fourteen

Fourteen honorary life memberships were awarded at founders day programs by Parent-Teacher Assns. in the Novato Unified School District Thursday night.

Lu Sutton P-TA and the Loma Verde P-TA held individual programs at their respective schools. All the other awards were made at ceremonies at the San Jose Junior High School.

Mrs. Onus Comer and Mrs. Willis Spitzer were awarded honorary life memberships by the Loma Verde P-TA.

Mrs. Comer, a teacher for the Novato and San Jose District for seven years helped to develop the use of the "rod" system in mathematics in the area and has given courses and workshops on it.

MRS. SPITZER has actively served in the P-TA in Loma Verde as well as on the peninsula for several years. She works on fund raising events for the P-TA and has served as safety, membership and ways and means chairman and has been a room mother many times.

Mrs. Johnnie Guthrie, first grade teacher at Lu Sutton School was awarded an honorary life membership by the Lu Sutton P-TA. Mrs. Guthrie has taught the first grade in Novato for the past 12 years and previous to that taught in Tennessee. She received her masters degree at San Francisco State last June.

MRS. EDWARD Leech, manager of the Novato Branch of the Marin County Library, was among the 12 recipients of the honorary life memberships given at ceremonies at the San Jose Junior High School.

The Olive School P-TA awarded Marge Leech the membership for "her outstanding performance of her duties in the library and for all the extras she performs during her lunch hour and after duty hours."

Marin School P-TA awarded life memberships to two Novatoans.

Chain Dep served as custodian with the Novato School District for 12 years and nine of those years at Marion School. He retired in December but during the time as custodian he was conscientious at his job as well as showing a particular interest in the children.

MRS. JOHN Lockwood, a teacher at Marion School was awarded a life membership by Marin P-TA for her work not only with the children but also for her work with the school fund raising projects. Especially the school carnivals.

Leavitt Baker, a lifetime resident of Marin County, was presented an honorary life membership by the West Novato School P-TA. John Thorsson, who made the presentation said that Baker shared his love of nature with children, taking them on hikes and explaining the outdoors to the children in a way that they can understand.

MRS. ROBERT Bonner and Mrs. Charles Rentz were recipients of honorary life memberships from Rancho School P-TA.

Mrs. Bonner has served in parent-teacher associations in Maryland, Virginia and California and has held every office from hospitality chairman to vice president.

MRS. RENTZ, the mother of three children, moved to Novato with her husband in 1961. She was awarded the life membership for her work with children in Scouts and P-TA.

John Novak and Mrs. Glenn E. Dunbar were honored by Hill Junior High School P-TA.

Mrs. Dunbar, the mother of four sons, has lived in Novato for 10 years. Included in her many community projects has been her work with the Novato Community Methodist Church as a teacher in the vacation church school and the Sunday School.

JOHN NOVAK, president of the Novato Junior High School P-TA, is well known in Novato as a building contractor. In the presentation Novak was honored for his donation of time for many community projects.

San Jose Junior High School honored Mrs. Brent Burrell with a life membership for her work in the Loma Verde area. Mrs. Burrell has been active in P-TA work for the past six years, collects for nearly every charitable drive and works for all the school bond elections.

MRS. KENNETH Cline and Mrs. Lee Avilla were awarded honorary life memberships by the Lynwood School P-TA.

The mother of five children, Bea Cline is currently editor of the San Jose Junior High School Newsette.

Mrs. Avilla came to Marin County in 1941 and in 1952 she became a school bus driver for the San Jose District. Mrs. Avilla is still a school bus driver for the Novato Unified School district and also takes children on field trips.

MR. AND MRS. RICHARD LLOYD FOGG of San Francisco were married on Feb. 12 at the Episcopal Church of Saint Mary the Virgin in San Francisco. Mrs. Fogg, the former Carolyn Anne Kane, is the daughter of Mr. and Mrs. B. Roger Kane of Kentfield. (Odell photo)

'Friend In Need' Attitude Spawns Unique Service Club

A luncheon meeting at the Mill Valley home of Mrs. John Eshleman Thursday will offer women of the Bay Area an opportunity to found clubs comparable to the unique Marin Mastectomy Service Club.

Founded eight years ago by Mrs. Ranald Cockburn of San Anselmo, it is composed at present of 70 members, all of whom have had breast surgery for cancer.

Working closely with the Marin Medical Society, they give hundreds of hours trying to make this surgery easier for other women by providing many services. The extent of the problem is indicated by the fact that more than 1,000,000 American women have had this surgery and from 50,000 to 70,000 are added each year.

The first service provided is a call on a prospective patient who may be almost in a state of shock. Often wearing a smart outfit that reveals no disfigurement, the volunteer assures the woman by her own appearance and attitude, and hands her a pamphlet which eliminates misunderstandings, suggests helpful exercises and explains what the service club does.

The pamphlets are printed by the Marin Medical Society for the club.

Various services thereafter for patients, ranging from 18-year-olds to the elderly living alone or having large families, may include baby sitting, running errands, providing transportation for post surgery treatments or just being a friend in need.

The Marin group was especially proud of its oldest member, Mrs. Catherine Washington of Marin City, who had the surgery at age 100 and died from other causes at age 103.

Mrs. Carolyn J. Jaffray of Kentfield is the current president of the Marin club and Mrs. Cockburn is vice president. Other officers are Mesdames Robert R. Pool of Sleepy Hollow, secretary; Hughes Call of Mill Valley, first visit chairman; and Mrs. Eshleman, publicity chairman.

So many calls for help from women in other Bay Area cities have been received by the Marin club, which finds providing services to Marin's five hospitals all it can do, that the luncheon meeting Thursday was planned to help interested women organize their own clubs.

Marin psychiatrist Dr. Sam Anderson will be a guest speaker following the 12 o'clock luncheon. Those attending are asked to bring their own sandwiches, and Mrs. Eshleman will serve coffee.

Marin Toastmistresses Set Speech Contest This Week

Marin Toastmistress Club 651 will have its annual speech contest Thursday at 7 p.m. at Sabella's Restaurant, Mill Valley.

Speakers on unannounced subjects will be Mesdames Lloyd Allen, Lothar Salin, William Heineman, and Paul Satur. Topic mistress will be Mrs. Augusta Cunningham.

Guests are invited. Reservations chairman is Mrs. K. W. Hagel of Mill Valley.

Karen Nelson Sets May Wedding Date

Announcement has been made of the engagement of Karen L. Nelsen of San Anselmo and Robert Anthony Krakowski.

The bride-elect is the daughter of Mrs. Nels C. Nelsen of San Anselmo and the late Mr. Nelsen. She was graduated from Sir Francis Drake High School, the University of California and George August University in Gottingen, Germany. Marius E. Nelsen of Mountain View is her brother and she is the granddaughter of Mrs. Ella S. Johnson of San Anselmo.

The future bridegroom, son of Mr. and Mrs. Anthony Krakowski of Cleveland, Ohio, was graduated from Ohio State University and is working on his doctorate at the University of California. John, Daniel, James and Lawrence Krakowski of Cleveland are his brothers.

The wedding will take piace on May 28 in the chapel of St. Mary's College in Moraga.

'Future Of Man' Review Is Given For Fellowship

Emphasizing the "mind-stretching qualities of the book, the Rev. Benton Gaskell reviewed "The Future of Man" by Pierre Teilhard de Chardin, S.J., before fifty women present at the Community Congregational Church of Belvedere-Tiburon Thursday afternoon. Dr. Gaskell's review of the collected essays of the distinguished Jesuit priest's scientific and philosophic views was the second in a series of five book reviews sponsored by the Women's Fellowship of the church.

Making a parallel between the continuing evolution of the natural world and the growth of man's intellectual powers, the author expressed faith in the progress of mankind. "Man developed his mind on his way to reunion with God," the reviewer said.

"The book pulls you apart, makes you see, makes you think and gives you courage" said Dr. Gaskell. "I'd ask you if you have any questions, but I have told you all I know," the speaker concluded.

At the request of members of the fellowship, he read a number of poems by Emily Dickinson, "The Lighter Ones" for contrast with the demanding book reviewed. Dr. Gaskell has been an admirer and collector of the works of Miss Dickinson since his college days, when he lived in a house across the street from the 19th Century poet's home in Amherst, Mass.

Guy John Cavalli Claims Mary J. McAuliff As Bride

MRS. GUY CAVALLI

St. Edward's Catholic Church in San Francisco was the setting on Jan. 29 for the wedding of Mary Jane McAuliff of San Francisco and Guy John Cavalli of San Rafael.

The bride is the daughter of Mr. and Mrs. G. McAuliff of San Jose.

Given in marriage by her father, the bride wore a full length gown of antique satin.

Preceding the bride to the altar in gowns of pink and deep rose were her sister, Lyda McAuliff of San Jose as maid of honor, and bridesmaids, Rose Miller of Daly City and Karen Piazzle of San Carlos.

Albert George Dixon III of Berkeley was best man and ushers were Marc Wood of San Bruno and Steven Piazzle of San Carlos.

A reception followed the ceremony at Laurel Hall in San Francisco.

The bridegroom is the son of Mr. and Mrs. Guy Cavalli of Peacock Gap.

San Francisco will be the home of the newlyweds.

LUTE ARTIST—Suzanne Bloch, an authority on the lute and other medieval musical instruments, will play songs written for these instruments during their heyday during an unusual concert at 8 p.m. Thursday at the College of Marin. She also will present a lecture-recital Wednesday at the new college center.

Suzanne Bloch Sets Concert Thursday

Suzanne Bloch, daughter of the late composer Ernest Bloch, will present a recital for the lute, recorder and harpsichord at 8 p.m. Thursday in Olney Hall at the College of Marin.

This is one of the programs in the college's spring concert and lecture series. Admission is free.

A noted authority on music dating back to medieval times, Miss Bloch will perform folk and art songs and dances of the 13th to 18th centuries.

Included in the program will be works by Neusiedler, Bianchini, Robinson, Ballard, Handel, Banchieri, Orlando Gibbons, Willian Byrd, Johann Bach, Adam de la Halle, Sachs, Claudin de Sermisy, Robert Jones, John Dowland and Thomas Campian.

Miss Bloch's first training was as a pianist, and at 19 she won first prize in a Paris contest for women composers. In recent years she has appeared in orchestral performances in New York with Leonard Bernstein and Leon Barzin.

The artist will also be the guest of the Associated Students of the college at an 11 a.m. luncheon the same day, before a lecture-recital she will give for them at noon in Room B of the new college center.

She will speak on "The Music of Shakespeare," demonstrating with the lute, virginal and recorder.

Selective Service Ready With Qualification Plan

WASHINGTON (AP) — The Selective Service System said today it expects to close a contract within a few days under which a college qualification test will be made available to some 2 million college students and high school seniors.

Local draft boards will be authorized to consider for student deferment those who make a satisfactory grade — the exact level yet to be determined—or who maintain required class standings.

It is planned to supply the local boards with the test results before colleges open next fall.

Plans are for the first test to be given some time in May.

A spokesman said today the exact date for the first registration and first test cannot be set until the contract is signed.

However, the registration will be held at least three weeks before the test is given, so he said it was entirely logical that the first deadline for registration might come in late April.

New Weather Satellite Set

WASHINGTON (AP) — The newest weather satellite—ESSA 2—to be launched Friday, is designed to be used by anybody, the Weather Bureau reports.

The bureau says that while it may cost $30,000 or more for commercial construction of a ground station to receive pictures from the satellite, a New Jersey man has done the job at home for about $250.

The bureau says Wendell Anderson, a Moorestown, N.J., engineer, built the station around a $938 ham radio receiver. So far he has received satisfactory pictures from the Nimbus satellite launched in 1964.

Folk Dance Program Sponsored By Guild

Two performances of folk dances from Europe, Mexico and New Zealand will be presented Saturday at Temple Rodef Shalom, 170 North San Pedro Road, Santa Venetia.

The performances, to be given at 10 and 11 a.m., will be the first of three programs sponsored by the Symphony Guild of Marin for elementary school children.

CONCERT REVIEW

Zabaleta Applauded For Harp Dexterity

By JOEL ANDREWS

Lovers of fine music and harpists turned out to capacity of the Peacock Gap Country Club for the fourth concert presented by the Peacock Gap Music Assn. Saturday afternoon.

Nicanor Zabaleta, Spanish harpist of world renown, was applauded vigorously for his consummate mastery of this difficult instrument.

One is first struck with his incredible dexterity supported by the supreme evenness of his playing, tempered with the most elegant rhythmic nuances.

His adroit, incisive style of execution is reminiscent of that of his countryman, Segovia, master of the harp's close cousin, the guitar; and one wonders why the harp, with its wider dynamic range and infinitely richer tonal palette, is not more often heard as a solo instrument.

His cool, crisp style of playing is really more of a keyboard conception, and Zabaleta consistenly uses his unique eighth pedal, which operates a device for dampening resonance in the lower register.

These qualities were exemplified in 18th Century sonatas by Rosetti, Dussek and CPE Bach, and were much in evidence in the tricky three etudes by 19th Century harp virtuoso Bochsa, the charming variations on a Swiss air by Beethoven, and Prokofieff's Prelude Opus 12, No. 7.

Scale passages in the Bach Sonata, the highlight of the program, cascaded by like rows of pearls on a necklace, leaving the audience breathless, and the ornaments in the Rosetti sonata were sheer sorcery—the nimblest I have ever heard.

These sonatas, written for piano or harp, gain much in beauty of tone and resonance when played on the harp, where gut strings are plucked, rather than on the piano where metal strings are struck.

Of the contrasting pieces only the Faure "Une Chatelaine en sa Tour," romantic, and parts of the Himdemith sonata provided a change of style, the latter with his chromatic harmonies has a quality which never comes to life on the harp except in the last slow movement.

The Hungarian dances by Farkas needed some gypsy abandon and smoldering fire, and the Tournier "Jazz-Band," which has too many notes in it to begin with, further lost its jazz flavor in too fast a tempo.

Exhilarating though the program was (and two encores were demanded), it needed a wider variety of style and something to strike us deeper.

Zabaleta charms us so completely with his head and hand, we wish he would move us with his heart and soul.

High, Low

NEW YORK (UPI) — The lowest temperature reported this morning to the U.S. weather bureau, excluding Alaska and Hawaii, was 34 below at Roseau and Bemidji, Minn. The highest reported Sunday was 81 degrees at Presidio, Tex.

Actors Selected For School Play

Actors for lead roles for "Annie Get Your Gun," Redwood High School's spring musical, have been selected.

Double cast in the title role of Annie are Cindy Greaves of Kentfield and Cheryl Hope of Tiburon. Clay Roni of Tiburon plays Frank, Juli Theriault of Belvedere plays Winnie, Steve Carroll of Larkspur plays Tom, and Hamp Lyons of Kentfield plays Buffalo Bill.

Production is scheduled sometime in May.

Ammo Stolen

Some 200 rounds of .38 caliber ammunition were stolen during the weekend by someone who broke through the front door of the San Rafael Police pistol range building at Irene Street and Francisco Boulevard.

In 1943, Judy Johnson was licensed as a jockey and rode several horses in steeplechase races at Pimlico.

Court Rules Inventor Can't Be Obvious

WASHINGTON (AP) — The Supreme Court ruled today that an inventor cannot obtain a patent unless he has come up with a new idea that would not have been obvious to the ordinary skilled artisan.

This restriction on obtaining patents was written into the law by Congress in 1952 and upheld today by the high court in its first ruling since passage.

Now, under the law and by decision of the high court, patent ability is to depend not only on novelty and utility but upon the "nonobvious" nature of the invention.

The ruling, covering three different devices, was announced by Justice Tom C. Clark. Justice Byron R. White dissented in one case.

Justice Abe Fortas took no part in the three cases and Justice Potter Stewart disqualified himself in two.

The three devices involved are a clamp for vibrating shankplows, a leak-proof cap for covering finger-operated plastic sprayers and a battery.

In the first case the high court upheld the U.S. Circuit Court in St. Louis which ruled invalid a patent granted in 1953. William T. Graham and Graham Plow, Inc., thus lost t heir appeal.

United Republicans Say LBJ Has No-Win Policy

LONG BEACH (UPI) —Leaders of the 8,000-member United Republicans of California have accused President Johnson of "apparently following a no-win policy" in the Viet Nam war.

The Board of Governors, at their quarterly meeting Sunday, issued a statement alleging any negotiated settlement of the war by a Democratic administration probably would not be in the best interests of the United States.

Leaders of the volunteer Republican group urged the President to use every possible means "with the advice and consent of Congress" to score a military victory in Southeast Asia.

Another policy statement called U. S. sanctions against Rhodesia "immoral and unworthy of a great country."

However, delegates deleted from the statement a charge that President Johnson imposed the sanctions "merely as a political gesture to gain domestic votes by appealing to the Negro electorate of the U.S."

UROC governors also agreed to help send a mailing to all its members in support of a proposed state initiative to redefine state obscenity laws.

The governors also unanimously opposed a congressional resolution to amend loyalty and criminal disclosure requirements for students and teachers seeking benefits under the National Defense Education Act.

Police Arrest Man As Absent From Army

Charles E. Johnson, 19, was arrested yesterday by Fairfax police for being absent without leave from the Army at Fort Campbell, Ky.

Police said it was the second time Johnson had been arrested by them for being absent without leave. His family lives in San Geronimo.

Oklahoma City Cat Wins Dutch Prize

A Burmese cat from Oklahoma City won the Dutch prize at the Marin County Cat Fanciers' 14th annual championship all-breed show yesterday in Sausalito.

Glenn's Geronimo of Rogers Heights, a grand champion male Burmese, was awarded the gold medal and colorful rosettes at the Marin show given by Felikat, national cat association of The Netherlands. Appropriately, the prize was given to him, as best cat in show in the Cat Fanciers' Assn. all-breed competition, by judge Lynne VanderPoel of St Petersburg, Fla., whose husband is of Dutch ancestry.

Geronimo's owner, Mrs. Charles B. Rogers of Oklahoma City, wasn't present for the big award. Mrs. Paul Springer of San Francisco appeared for her.

Geronimo also was best in show in the shorthair specialty competition judged by Mrs. R. T. Wyse of Honolulu, who handed out Hawaiian orchids as a special compliment to the cats in her ring.

The other two top winners at the two-day event in the IDESST Hall were Walnut Hill Rondo, grand champion chinchilla male Persian owned by Mrs. Robert Weston of Pleasant Hill, best in show in the Marin club's all-breed competition, and Walnut Hill Suprise, a chinchilla female Persian also owned by Mrs. Weston, best in the longhair specialty also judged by Mrs. Wyse.

Next highest winning cats were:

CFA all-breed: Best cat, opposite sex, Hadleigh Suzette, champion female cream Persian owned by Curt Hammel of San Francisco; second best cat, Hayward's Golden Jubilee, champian cream male Persian owned by Mrs. Isabel Meader of Hayward.

Marin all-breed: Best cat, apposite sex, Walnut Hill Suprise; second best cat, Hayward's Golden Jubilee.

Longhair specialty: Best cat, opposite sex, Hayward's Golden Jubilee; second best cat, Walnut Hill Suprize.

Shorthair specialty: Best cat, opposite sex, Devi of Norpack, American Shorthair shaded silver champion male owned by Wayne Park and Kenneth Bender of Milpitas; second best cat, Seit, Abyssinian male owned by Leal Grupp of San Francisco.

More than 1000 persons attended the show to see the nearly 150 cats of nine different breeds. Proceeds will go to the Marin County Humane Society's development fund.

Old Bomb Found

GREAT YARMOUTH, England (UPI)—Army bomb disposal experts last night exploded a World War II beach mine found at this east coast fishing port. The British mine was laid on the beach during the war because of fears of a German invasion.

Nun Preaches To Episcopalians

ST. LOUIS, Mo. (AP)—Sister Ann Patrick Ware preached yesterday what is believed to be the first sermon by a Roman Catholic nun from an Episcopal pulpit.

The professor of theology at suburban Webster College spoke to an overflow crowd which included many Roman Catholics, some of them nuns, at St. Mark's Episcopal Church.

Her sermon was part of a program at the church that stresses ecumenism, and a more active role for women in church affairs.

Redwood High Honors List Swells To 192 Members

Redwood High School's Honor society has 192 members on the basis of Fall semester grades, adviser Robert Bachelder announced.

Students attain regular membership by having a B average and by giving 10 hours of service to the school. Life membership is granted to those students who have been members for six semesters.

New life members are: Carolyn Brockbank, Jed Bullard, Kim Cameron, Mitch Fink, Justin Fleischman, Arthur Ferguson, William Fuhrman, Carol Hinkley, Mark Larsen, Heidi Lerner, Claudia Marker, Tom McCarthy, Patricia Myers, Christopher Newhall, Paula Purkey, Cheri Redding, Katherine Rothrock, Tom Sather, Laura Schlichtmann, Carol Shenson, Russ Smith, David Strathairn, and Joy Wurtz.

Verdun Battle Commemorated

VERDUN (UPI) —France was reminded anew yesterday of war, bloodshed and 400,000 Frenchmen killed in the greatest battle in human memory—Verdun.

In Paris and Verdun, simple ceremonies were held to mark the 50th anniversary of the start of the Verdun campaign in World War I. Nearly 400,000 German soldiers also were killed in the 500-day battle, but the French garrison at Verdun held.

French officials laid wreaths on the war dead memorial here and, in Paris, more than 3,000 persons, including some survivors of the battle attended a special mass.

France will officially observe an anniversary of the battle May 29.

Landlocked Whale

BOLOGNA, Italy (AP) — The fossilized remains of a 10-meter-long whale have been found near Pianoro in the foothills of the Appennine Mountains. Archaeologists said it was the first complete fossilized whale skeleton found in Italy.

Home On Leave

Robert M. Lang, Navy fireman apprentice, is on leave until Friday at the home of his parents, Mr. and Mrs. John E. Lang, 38 Sirard Lane, San Rafael. When his leave is up, he will report for duty aboard the ballistic missile submarine, Casimir Pulaski, in Charleston, S.C.

Recreation Plans

A luncheon meeting to find out what types of recreation are wanted by the county's handicapped adults has been scheduled for noon Wednesday at the First Presbyterian Church of San Anselmo, 73 Kensington Road, sponsored by the Citizens Advisory Committee on Recreation for the Handicapped.

'SPIDERWALK' SHROUDS HUGE CRANE

Undergoing repair at Diesel Engineering and Maintenance, 1702 Bridgeway, Sausalito, is 100-ton floating Army cargo crane, biggest vessel repaired there since World War II. Metal safety scaffolding runs all the way to the top of the giant crane, which is getting paint job and general overhaul. Vessel will go to Rio Vista after completion of repairs.

Driving Lesson Leads To Crash

Five members of a San Rafael family were injured yesterday when a 16-year-old girl driver became confused during a driving lesson and careened the car into the side of the Nicasio Creek Bridge on the Petaluma-Point Reyes Road.

Eileen M. Bullock of 124 Greenwood Avenue, who has only a learner's permit, was learning to drive with her father, Bertis Bullock, 45, seated beside her as instructor.

She hit the accelerator instead of the brake as she attempted to slow for the bridge, her father said. The car veered. Her father grabbed for the steering wheel, but too late, he told the California Highway Patrol.

Eileen suffered a bruised forehead and mild concussion in the 3:25 p.m. crash. Her father; two sisters, Mary, 12, and Patricia, 10, and a brother, David, 7, all suffered cuts and bruises. They were treated at Novato General Hospital.

David L. Cooper, 20, of Salt Lake City, Utah, was injured at 12:05 p.m. yesterday when his northbound Honda motorscooter skidded off Shoreline Highway north of Stinson Beach.

Cooper told the California Highway Patrol that his motorscooter was going too fast when it hit a curve and slid on gravel. He was thrown into a ditch eight feet from the side of the road and suffered a bruised left knee. He was treated at Marin General Hospital.

They were among 15 persons injured in weekend traffic accidents in Marin County.

Sausalito Police Patrolman Michael Kielman, 22, was treated for a bruised right leg at Marin General Hospital after he was reportedly hit and knocked down by a car at 9:29 p.m. yesterday in the 800 block on Bridgeway.

Kielman, who lives at Fort Baker, was reportedly hit by a car driven by Stewart Marvin Wisun of 360 Ebbtide Avenue, Apt. 119.

Jeanette M. Potts, 17, of 120 Highland Lane, Mill Valley, was treated for a sprained neck at Marin General Hospital Saturday after the car in which she was riding Friday night was struck from behind by another auto in the northbound lane of Corte Madera Avenue at Tamalpais Drive, Corte Madera.

Police had no report of the accident, but Miss Potts said today she was riding with Bruce Collett of Molino Avenue, Mill Valley, when their car was hit from behind by another.

Two San Francisco men were injured in a two-car collision at Sausalito lateral and Fort Baker Road while one of the cars was attempting a left turn into Fort Baker at 1:45 p.m. Saturday, the highway patrol reported.

Thomas Arthur Wagner, 26, one of the drivers, suffered a fractured leg and foot and dislocated hip. He was reported in good condition today at Presbyterian Hospital in San Francisco.

His passenger, Donald R. Coots, 26, suffered scalp cuts. Coots was reported in fair condition at Marin General Hospital.

An eastbound car driven by James Richard Scagliola, 19, of 121 Hilldale Avenue, San Anselmo, making a left turn from Sausalito lateral, collided with Wagner's westbound car, highway patrol officers reported.

A 57-year-old San Francisco woman suffered a whiplash neck injury in a two-car, rear-end accident at Bridgeway and Ebbtide Avenue, Waldo Point, at 11:30 a.m. yesterday.

Injured was Gladys Gillies, a passenger in a car driven by Pauline Irene Zimmerman, 65, of San Francisco.

The highway patrol reported Mrs. Zimmerman stopped her westbound car to avoid an eastbound auto which had veered across the center line. Her car was struck from behind by a car driven by Patrick T. Keith, 17, of Berkeley.

Mrs. Gillies was treated at Marin General Hospital.

A San Francisco driver suffered a cut right ear and a bruised right shoulder when his car swerved off Highway 101 into a state highway chain link fence, just south of the Corte Madera overpass, at 7:10 p.m. Saturday.

Eldon A. Mankle, 38, was treated at Marin General Hospital.

The California Highway Patrol reported that Mankle was making a lane change when his car swerved off the west side of the highway down a slight embankment into the fence.

A Santa Venetia woman suffered a cut right eye and a bruised right shoulder when her light foreign car crashed into a guard rail on Highway 101 viaduct in San Rafael at 12:15 a.m. yesterday.

Catherine Alice Blades, 39 of 94 Sunny Oaks Drive, was treated at Marin General Hospital. The highway patrol reported that she was southbound when the car veered into the guard rail.

Florence A. Koeniger, 76, of 63 Oak Drive, San Anselmo, complained of head and neck pains Saturday morning after the car she was driving was struck from behind by one driven by Richard K. Miller, 17, of 13 Baywood Court, Fairfax, in the northbound lane of San Anselmo Avenue at Tunstead Avenue. Police cited Miller for following too closely.

A 46-year-old Santa Venetia man suffered a broken right leg and a fractured left collarbone when he was thrown from his car as it swerved off Highway 101, just south of the San Pedro Road turnoff, and rolled over at 10:15 p.m. Friday.

Injured was Karl Henry Riek of 624 Vendola Drive, who was reported in good condition today in Kaiser Hospital, San Francisco.

The highway patrol reported Riek was making a lane change, preparing to take the turnoff to Santa Venetia, when his car slid on the rain-slick highway. It struck a guard rail and overturned onto the embankment, highway patrol officers reported. Riek was thrown out.

German Pistol Reported Taken

A German Luger pistol and $1 in change were taken in burglary of the home of John L. Purcell at 322 Blackstone Drive, Marinwood, sheriff's officers reported today.

Purcell said entry was via a bathroom window. The intruders left traces of having eaten food in the kitchen, deputies added.

Thurman Barnes Jr., 727 Drake Avenue, Marin City, told officers the laundry room of his apartments was entered by prying a door vent, then reaching through to unlock the door. He said the burglars then took coin boxes off a washing machine and a drier. Amount of the loot was not determined.

Scooter Riding Site Is Asked In Tiburon

The Tiburon Planning Commission will deliberate tonight a request by city council candidate Alfred Azevedo that land adjacent to the Richardson Bay sewage disposal plant be opened for boys to ride miniature motorscooters.

Azevedo, of 1875 Centro West Street, requested that the land, which is rented by the city from the state, be opened to boys in Tiburon and Belvedere "who own or are interested in minibikes but are not old enough to be permitted by law to ride them on public streets."

His own son, said Azevedo, is faced with this problem.

Officials of the Reed School District have supported the idea, Azevedo said, but the Tiburon City Council has received a petition from 10 residents objecting to it.

The planning commission, which will meet at 8 p.m. at Del Mar School, will also discuss revision of the city's subdivision ordinance.

Mills College Names Aide

OAKLAND (UPI)—Norris Nash, a former Kaiser Corp. executive and well known Bay Area civic leader, has been appointed secretary of Mills College, it was announced today.

Nash, of Berkeley, will be a special assistant to Mills President C. Easton Rothell in his new post, handling community relations for the women's school.

Nash retired last March as a vice president and director of community relations for Kaiser. In 1960, on leave from Kaiser, he served as an acting executive assistant to President Clark Kerr of the University of California, similar to his new post at Mills.

Blue Skies Are Forecast

Weather forecasters today predicted blue skies over Marin County for the holiday after early morning fog.

As it did today, the rolling fog is expected to burn away by about 10 a.m. to disclose fair weather and warm temperatures.

The long-range forecast indicated there would be no rain before Saturday at the earliest —and that, only in the extreme north of the state.

Several Boys Play At Pool

The newly completed swimming pool at Redwood High School proved too much of an attraction for eight local youngsters to resist Saturday afternoon.

Corte Madera police found five 16-year-old boys, students at the high school, swimming in the pool, and three 12-year-old Larkspur boys playing around the water's edge.

The five high school students were reported to school authorities for discipline. The three younger boys were warned to stay away from the pool.

Doll Stolen

A 31-inch red doll and a blue baby stroller, with a total value of $47, were reported stolen some time before 10 a.m. yesterday from in front of the home of Susan M. Bernal at 53 Woodland Avenue, San Rafael.

Marijuana Arrests Tied To Questioning In Slaying

Anyone arrested from now on by San Rafael police may be given a lie detector test in connection with the bludgeon murder of Marjorie S. Rudolph.

"In a case like this, everyone is a suspect," Inspector Thomas Cheetham said today.

The first two such tests were given during the weekend after the arrest of there teen-agers on charges of possession of marijuana. San Rafael police today were waiting on results of the polygraph analysis being made in Sacramento.

Given the tests were Thomas Haskell Thompson, 19, of 1015 Meadowsweet Drive, Corte Madera, and Fern Christine Liggat, 18, of 1533A Fourth Street, San Rafael. Also questioned, but not given the test, was a friend of theirs, Karen Lee Ames, 19, of 31 Magnolia Avenue, San Anselmo.

Inspector Cheetham refused comment on their arrest and questioning.

Miss Ames, however, said they were questioned at length about the murder of Mrs. Rudolph. The 60-year-old wife of San Rafael banker Leroy Rudolph was beaten to death Feb. 1 in her home at 15 Carroll Court, Terra Linda.

The girls were arrested about 9 p.m. Friday at Miss Ames's home, but not booked into the county jail until 3:30 a.m. Saturday. In the five-hour interim they were questioned by Dist. Atty. Bruce B. Bales, Police Chief Charles J. Chiesa, and Inspector Cheetham.

According to Miss Ames, much of the questioning centered on the Rudolph murder and Miss Liggat's lie detector test lasted some two hours.

"I don't know anything about it," Miss Ames said, "and I'll be willing to take a lie detector test, too."

Thompson was given the test yesterday. He had been arrested at his Corte Madera home early Saturday. Like the girls, he was booked on a charge of possession of marijuana.

Thompson remained in jail today, but the girls were released on $276 bail Saturday night. They are to be arraigned on the marijuana charges in San Rafael Municipal Court at 1:30 p.m. Wednesday.

Kettenhofen Questions Bay Group

Marin County Supervisor Ernest N. Kettenhofen today questioned the jurisdiction of the Bay Conservation and Development Commission in the Corte Madera Creek flood control project.

The commission Friday delayed approval of the project, saying more details, particularly on recreation, were wanted.

Kettenhofen said the project was in the mill long before the commission was formed, that it stretches 2.5 miles inland from the shore of the bay, and that the commission has no say on recreation.

"I'm very concerned," Kettenhofen declared.

He charged that commission members treated Marin officials "with suspicion" on Friday. The commission agreed to discuss the project on March 3 and make a decision March 18.

Kettenhofen said commissioners want a commitment from supervisors on a public walkway along the banks of the creek.

"We can't make a commitment on that," Kettenhofen said. "There's money involved."

Crocker Married In Restaurant

Herbert Arthur Crocker, 53, building contractor, and Lilli Houbo Eir, 25, were married last Saturday at Dominic's Harbor Restaurant, San Rafael.

They reside at 39 Royal Court, San Rafael. Crocker is also owner of Musee d'Art International in San Rafael. His bride is a teacher.

Blade-Jump Statement Admitted In Evidence

A handwritten statement by A/1c James O. Young, in which he said A/1c Robert M. Jennings "jumped up into my knife blade," was admitted in evidence today during the preliminary hearing of Young's court martial for the slaying of Jennings at Hamilton Air Force Base.

Special Agent Daniel R. J. Holoviak of the Air Force Office of Special Investigations testified he had questioned Young and took the statement on Christmas Day, the day Jennings was slain. In a second interrogation on Dec. 30, he said. Young continued to say he did not intend to kill or even to frighten Jennings.

The written statement mentioned that Jennings, a Negro, had made a remark during a Christmas Eve drinking party that he would like to take Young's sister home with him. Young said this statement made him angry because "people shouldn't be talking about my sister that way." Young said it was immediately after Jennings said this that he (Young) went to his own room in Barracks 460, in a hallway of which the drinking party was in progress, and returned with a gun and pistol.

The written statement went on to say Young walked up to Jennings, who was seated, and stood directly in front of him with the knife in hand. Jennings jumped up from the chair and the knife hit him in the shoulder, the statement said.

Holoviak said that when questioned again on Dec. 30, Young said he had not realized Jennings was injured until air police arrived. Jennings ran out of the barracks after suffering the knife wound.

Only other testimony this morning dealt with the clothing worn by Jennings and Young, which was sent to the Federal Bureau of Investigation crime laboratory in Washington, D.C. Report of the FBI analysis was expected to be introduced Wednesday.

The hearing continued this afternoon.

Private Airport Plan For Ranch Held Dropped

The proposal to put a private airport on the Burdell Ranch north of Novato has reportedly been dropped.

Asst. County Public Works Director Arthur T. Knutson said today that confirmation on the decision to drop the plan is expected soon from Robert De Young, who proposed the 4,000 foot runway on the Burdell Ranch. De Young could not be reached today.

County supervisors last week asked the Marin County Aviation Commission to study the proposal. This was after the board received a delayed notice from the Federal Aviation Agency on Monday.

Dominican Given Award For Teacher Preparation

San Rafael's Dominican College has been selected as one of five colleges in the United States to receive a distinguished service award of the American Assn. of Colleges for Teacher Education.

Sister Patrick, college president, received a silver plaque Thursday at a banquet in Chicago. The award was for the schools new program designed to prepare liberal arts college graduates to be elementary school teachers in one year.

The new program in an intensive course including internship for classroom experience in Marin County.

The other distinguished service awards went to Syracuse University, Seton Hall University, Western Michigan University and Central Missouri State College.

Long Drive To A Hospital

A 36-year-old San Francisco driver had a long trip to the hospital yesterday, about 120 miles from the scene of the accident.

The driver, Lee Valencia, suffered head injuries in an accident in Willits, but wasn't treated until several later at Marin General Hospital.

The hospital reported that Valencia bumped his head in the accident and then drove on, stopping in Marin because he became drowsy at the wheel. He was x-rayed at Marin General and sent home.

Rites Today To Designate Atomic Age Discovery Site

BERKELEY (AP)—It was 25 years ago this week that a group of young scientists, working in a cramped laboratory at University of California, discovered a new element—a silvery metal.

It was plutonium and it was destined to bring about vast changes in the world. It is the major fissionable fuel of atomic energy.

The scientists didn't dig this strange metal out of the earth. They produced it by transmutation—the dream of the medieval alchemists who devoted lifetimes in futile hopes of changing base metals into gold. They bombarded atoms of uranium with neutrons in UCs' cyclotron.

This afternoon, this little laboratory—Room 307, Gilman Hall, on the Berkeley campus—was to be designated a national historic landmark by Secretary of the Interior Stewart L. Udall. A plaque will be placed.

When plutonium was discovered there was an urgent, war-inspired drive toward its production for use in atomic bombs.

Since the war, the peaceful potential of plutonium has grown even greater. Electric power may be the most significant among many of its potential benefits.

Five men had key roles in the discovery of plutonium. They were Glenn T. Seaborg, J. W. Kennedy, Arthur C. Wahl, Edwin M. McMillan and Emilio Segre.

Seaborg, Kennedy and Wahl, in a night-long lab search Feb. 23-24, 1941, performed the final experiment. Seaborg and McMillan later were named Nobel Laureates for their work.

Plutonium, as a metal, it is about as hard and brittle as gray cast iron. It is heavier than lead.

Like all radioactive materials, it must be handled with care.

The alpha particles it radiates are not very penetrating. But it is highly reactive and precautions must be taken to prevent spontaneous burning of small stacks of chips and shavings.

It has been estimated that a pound of plutonium contains the energy of 3 million pounds of coal.

American Motors Lays Off 9,500

KENOSHA, Wis. (UPI) — American Motors Corp., by far this city's largest employer, laid off 9,500 production workers today amid union demands the work force be permanently lowered and kept working year round.

AMC also laid off 5,400 production workers in Milwaukee, which produces auto bodies and parts.

American Motors said it was laying off its production force because inventories were too far ahead of sales, which have not been up to expectations this year. It said the same at the layoff last Christmas.

Douglas Fraser, director of the UAW's American Motors department in Detroit, accused the firm of "whipsaw tactics" in laying off employes when sales slumped.

He repeated a union demand that the company reduce its work force to a "realistic number" so that men with seniority would have steady employment. He said the younger workers laid off permanently would then have the opportunity to gain experience elsewhere.

Twice previously since late summer the men were out for several weeks. They struck for nearly three weeks in August and September, amid reports the company was not too unhappy over the production stop despite the fact new model production had started.

AMC workers were laid off for three weeks in December and January, with much complaining about the loss of work during the holidays.

This time, fewer complaints were heard because many of the men already had put in their one week waiting period and can begin at once to draw unemployment benefits from the state, and supplementary benefits from the company.

'Brains' Come To California

NEW YORK (UPI) —"In science, brains go where brains are."

And for the United States, that means California, according to an analysis of "Where The Brains Are" in the March issue of Fortune magazine.

Dr. Ralph Lapp, a nuclear physicist and adviser to the Defense Department, reports that California, New York and several other states have been experiencing a marked "brain gain" while others, such as Illinois and Wisconsin, suffer a "brain drain."

A "brain drain" state is defined as one that educates more doctors of philosophy than it employes. The report dealt with scientists engaged in basic research, development and design.

Nearly two-thirds of the high-powered scientific brains in this country are concentrated in just 10 states. California leads with 13,688 scientists and 22 per cent of the membership of the National Academy of Sciences.

Sports Car Thefts

A 17-year-old San Anselmo boy has admitted to San Francisco police that he stole two Austin-Healey sport cars in their city, drove them around, then abandoned them at Brookside School, near his home. San Anselmo police Chief Raymond R. Buchignani said the case has been turned over to Marin County juvenile authorities by San Francisco police.

Council To Hear Improvement Plan

City Manager Douglas J. Flautt of San Anselmo will present the city council tonight with a proposal for a five-year capital improvement program which would include construction of a new fire house, remodeling of city hall and construction of a recreation center.

The San Anselmo council, meeting at 8 p.m. in city hall, will also hear a request by Norman Carrigg of 43 Monterey Avenue that an ordinance which bans all-night parking on city streets be taken off the books.

Mental Health Chief Urges More Services

The Marin County Department of Community Mental Health Services got off to an active start in its first 18 months of operation, but there is a need for further services, according to Dr. Clyde G. Miller, county mental health director.

The department gave priorities to major mental illness, child and family crises and behavioral problems manifested by delinquency, dependence and drinking during the past 13 months, Dr. Miller said.

However, there are gaps in direct services that are needed, particularly in child services.

"These are our greatest unmet needs," he said. "The demand for child services is increasing each week in our experience and there is a shortage of trained personnel."

He also said there is a need for a community-wide alcoholism program and "more and better services to both superior and municipal courts and to the probation department."

Traveling outpatient services should be considered for areas that are somewhat isolated, including Marin City "which is isolated by social and economic barriers," he said.

Dr. Miller said the chief problem in getting under way is that rapid development of the mental health services program is occurring at the same time as planning a community mental health center at Marin General Hospital.

"Thus two major projects which in themselves require the fulltime and energy of existing and new staff were simultaneously in process," he said.

Because of state and federal deadlines the Community Mental Health Center had to take precedence, Dr. Miller noted. As a result there was a six month delay on planned expansion of consultation services, a six-month delay on offering the full range of emergency inpatient services and deferrment of plans to create a small day center, he said.

During the 18-month period, the department offered inpatient, outpatient, consultation and rehabilitation services.

During 1965 the department received about $7,000 in outpatient fees, $5,500 in inpatient fees, and $10,600 for rehabilitation services, he said.

Candidates Night

San Anselmo Homes Assn. will sponsor a candidates night to hear from the city's seven city council candidates Thursday at 8 p.m. in the multi-purpose room of Isabel Cook School.

Each candidate will be given five minutes for an introductory statement at the opening of the meeting. This will be followed by questions from the audience, then two-minute summary statements by each candidate. Homes association president Kenneth Anderson will conduct the meeting.

Laboratory To Have Bubble Chamber

ARGONNE, Ill. (AP) — The Argonne National Laboratory will construct the world's largest bubble chamber for studying nuclear particles.

The chamber will be filled with 7,000 gallons of liquid hydrogen under high pressure and lowered to a temperature of 423 degrees below zero. The $17-million project is to be used in conjunction with the laboratory's 12.5-billion electron volt smasher.

Sorority Pledge

Jean Ackerman, daughter of Mr. and Mrs. Ken Ackerman of 811 Butterfield Road, Sleepy Hollow, has been pledged to the Kappa Alpha Theta sorority chapter at University of California at Berkeley.

Trailer Break-In Is Investigated

Sheriff's deputies today were investigating a possible house trailer burglary at Mount Vision, Inverness, sometime between Feb. 13 and Saturday.

Owen K. Potter, caretaker for Robert K. Sheckter of San Francisco, trailer owner, reported to deputies Saturday that someone had broken into the trailer.

The bedroom and equipment room were ransacked, but a gun collection in the living room and telescopic equipment were untouched, deputies reported. There will be a further check to determine if anything is missing. Entry was made by prying open a front door, deputies said.

Christmas Trees Has Extra Meaning There

SAVANNAH, Mo. (UPI) — Mr. and Mrs. John W. Harvey of near Savannah buy a live Christmas tree each year there is a new grandchild in the family.

They now have seven such trees planted in their yard. The trees are used for the traditional Christmas festivities, then taken outside for planting.

Meeting Cancelled

A meeting scheduled for Saturday of the Sausalito-Marin City Sanitary District directors was cancelled for lack of a quorum, reported Edwin S. Long, secretary. The meeting was called to appoint a director to take the place of Frederick Palmer III.

TROPHY FOR CONSERVATIONIST

Bernard DeBisschop of San Anselmo, 1964 winner of the Marin County Conservation Award, displays the trophy which will be given to the 1965 winner by the Marin Conservation Council at a dinner at 8:30 p.m. Saturday at the Marin Rod and Gun Club. State Sen. Fred S. Farr, D-Monterery, will speak. The trophy will be donated by the Indepndent-Journal and radio station KTIM. (Independent-Journal photo)

Coleman School Zone Decision Is Expected

The San Rafael Planning Commission is expected to act Wednesday on a plan to put professional offices and the headquarters of the Marin Crippled Children Society on the site of the old Coleman School building at 1711 Grand Avenue.

Commissioners will meet at 7:30 p.m. at city hall.

About 50 residents of the Dominican area attended the first hearing two weeks ago to voice their opposition to the plan. Two previous plans for use of the building were turned down by the city after many of the same people objected.

Owners seek zoning of the site as a planned community district, and request a use permit for the offices.

The second hearing will be the first of 23 items which could keep commissioners busy almost as long as their five-hour session two weeks ago.

They also will hold final hearing on the application of Robert L. Menzies to rezone 1428 Mission Avenue in one of the new "B-D" districts so he can put apartment units on it.

Other items include a use permit for the San Rafael Co-operative Nursery School at 224 Picnic Avenue, put over from Feb. 8, and a renewal of the permit for KTIM-FM's radio tower on San Rafael Hill.

Still others are the final map for the 26-lot Terra Linda Unit 24 subdivision and a request by the Marin Foundation Friends of Arequipa to renew the permit for the foundation's home for teen-age girls at 1634 Fifth Avenue.

Coroner's Jury Clears Officer In Shooting

MARTINEZ (AP) — A Contra Costa County coroner's jury has cleared a California Highway Patrolman in the fatal shooting of a Pittsburg motorist last Jan. 21.

The jury ruled Friday in Martinez that Patrolman James Crom acted "in protection of his own life and of the law" in the death of James Ulrich, 31.

Ulrich was killed and a companion, Ted W. Brasket, 35, Pittsburg, wounded when they struggled with the officer, who said he stopped their car for speeding.

Crom, 29, testified the two men tried to take his weapon, which fired as he tried to control it.

Recognize the I-J? Picture was taken by Tech. Sgt. David Mayhew, formerly associated with the I-J in photography department.

Nothing quite like hometown news

Whether you're far away, like this American reading the I-J, or here at home, news of YOUR community strikes home.

It has a very special flavor. It's unique. It's like no other news in the world. Because it's about YOUR WORLD and YOUR INTERESTS. Nothing can ever take its place.

This is why the Independent-Journal publishes more LOCAL NEWS than most other newspapers, regardless of size. It relates you to Marin County . . . to neighborhood, to friends, to city hall, to stores . . . to the thousand places and faces which are an immediate part of your life.

- County-wide news coverage. Read by more than 40,000 Marin families
- More daily Marin circulation than the S.F. Chronicle and Examiner combined
- Journalism, not sensationalism. The facts, presented clearly, concisely

To do this the I-J maintains a network of four Marin news bureaus in addition to I-J editorial headquarters. Our reporters, trained to observe, to question, to evaluate, are your proxy at everything from council meetings to colorful and often controversial community affairs. They report that you may know WHAT HAPPENED . . . when, where, how and why.

There's only ONE copy of the I-J in Southeast Asia that we know of. (The one in the picture). But maybe it makes the point: NOTHING QUITE LIKE HOMETOWN NEWS.

ATTENTION, PLEASE!
Do you want an organ in your home and the FUN it can give your ENTIRE family?
BUT
1. Don't want the inconvenience of going to a studio to learn to play?
2. Don't have the hours or time for private instruction in your home?
3. Cost of instruction too much for you or entire family when free lessons are over?
THEN WAIT NO LONGER
If any of these reasons are holding your musical enjoyment in check Pacific Organ & Piano's EXCLUSIVE new "FAMILY-FUN PROGRAM" is designed for you and all of your family. Children of all ages, mother & dad, grandmother & grandfather all CAN and WILL play the organ using Pacific's "FAMILY FUN PROGRAM."
Come in and see us now and find a lifetime of musical pleasure at your finger tips.

That Special House
Lofty ceilings and tall walls frame large areas of glass that bring sky, view and foreground trees in to soften the stark white and geometrically simple interior of this contemporary home in the hills. Compact, but in no way tiny, this 2 bedroom home is made to seem much larger than it is by the correct use of proportion and the restrained use of good and complementary material. Convenience is inherent in the U-shaped built-in kitchen, the compartmented bath. Pleasure is insured by the wide deck that completely surrounds the home, from which a path leads down to a level picnic area by an all year creek. Here is integrity of designing for good living in a nearly new home at just $24,500.

Section 1. The San Anselmo Municipal Code is hereby amended to add Chapter 3 to Title 6 as follows:

6-3.01. **DEFINITIONS.** For the purposes of this Ordinance, the following terms, phrases, words, abbreviations, and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number.

(a) "City" shall mean the City of San Anselmo, a municipal corporation of the State of California, in its present incorporated form or in any later reorganized, consolidated, enlarged or reincorporated form.

(b) "Council" shall mean the present governing body of the City or any future board constituting the legislative body of the City.

(c) "Franchise" shall mean and include any authorization granted hereunder in terms of a franchise, privilege, permit, license or otherwise to construct, operate and maintain a CATV system in the City. Any such authorization, in whatever term granted, shall not mean and include and license or permit required for the privilege of transacting and carrying on a business within the City in accordance with Title 6, Chapter 1, of the San Anselmo Municipal Code.

(d) "Grantee" shall mean the person, firm or corporation to whom or which a franchise, as hereinabove defined, is granted by the Council under this Ordinance, and the lawful successor, transferee or assignee of said person, firm or corporation.

(e) "Street" shall mean the surface of and the space above and below any public street, road, highway, freeway, lane, path, alley, court, sidewalk, parkway, or drive, now or hereafter existing as such within the City.

(f) "Property of grantee" shall mean all property owned, installed or used by a grantee in the conduct of a CATV business in the City under the authority of a franchise granted pursuant to this Ordinance.

(g) "CATV" shall mean a community antenna television system as hereinafter defined.

(h) "Community Antenna Television System" shall mean a system of antenna, coaxial cables, wires, wave guides, or other conductors, equipment or facilities designed, constructed or used for the purpose of providing television or FM radio service by cable or through its facilities as herein contemplated. CATV shall not mean or include the transmission of any special program or event for which a separate and distinct charge is made to the subscriber in the manner commonly known and referred to as "pay television".

(i) "Subscriber" shall mean any person or entity receiving for any purpose the CATV service of a grantee.

(j) "Gross Annual Receipts" shall mean any and all compensation and other consideration in any form whatever and any contributing grant or subsidy received directly or indirectly by a grantee from subscribers or users in payment for television or FM radio signals or service received within the City including installation and line extension charges.

Gross Annual Receipts shall not include any taxes on services furnished by the grantee imposed directly on any subscriber or user by any city, state or other governmental unit and collected by the grantee for such governmental unit.

6-3.02. **EXCLUSIVE USE OF TELEPHONE FACILITIES.** When and in the event that the grantee of any franchise granted hereunder constructs, operates and maintains a CATV system exclusively through telephone company facilities constructed, operated and maintained pursuant to a state-granted telephone franchise and offers satisfactory proof that in no event during the life of such franchise shall the grantee make any use of the streets independently of such telephone company facilities, said grantee shall be required to comply with all of the provisions hereof as a "licensee" and in such event whenever the term "grantee" is used herein it shall be deemed to mean and include "licensee".

6-3.03. **FRANCHISE TO OPERATE.** A nonexclusive franchise to construct, operate and maintain a CATV system within all or any portion of the City may be granted by the Council to any person, firm or corporation, whether operating under an existing franchise or not, who or which offers to furnish and provide such system under and pursuant to the terms and provisions of this Ordinance.

No provision of this Ordinance may be deemed or construed as to require the granting of a franchise when in the opinion of the Council it is in the public interest to restrict the number of grantees to one or more.

6-3.04. **USES PERMITTED BY GRANTEE.** Any franchise granted pursuant to the provisions of this Ordinance shall authorize and permit the grantee to engage in the business of operating and providing a CATV system in the City, and for that purpose to erect, install, construct, repair, replace, reconstruct, maintain and retain in, on, over, under, upon, across and along any public street, such poles, wires, cable, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments, and other property as may be necessary and appurtenant to the CATV system; and in addition, so to use, operate, and provide similar facilities or properties rented or leased from other persons, firms or corporations, including but not limited to any public utility or other grantee franchised or permitted to do business in the City.

No franchise granted hereunder shall be construed as a franchise, permit or license to transmit any special program or event for which a separate and distinct charge is made to the subscriber in the manner commonly known and referred to as "pay television", and no grantee shall directly or indirectly install, maintain or operate on any television set a coin box or any other device or means for collection of money for individual programs.

The grantee may make a charge to subscribers for installation or connection to its CATV system and a fixed monthly charge as filed and approved as herein provided. No increase in the rates and charges to subscribers, as set forth in the schedule filed and approved with grantee's application, may be made without the prior approval of the Council expressed by resolution.

6-3.05. **DURATION OF FRANCHISE.** No franchise granted by the Council under this Ordinance shall be for a term longer than ten (10) years following the date of acceptance of such franchise by the grantee or the renewal thereof.

Any such franchise granted hereunder may be terminated prior to its date of expiration by the Council in the event that said Council shall have found, after thirty (30) days' notice of any proposed termination and public hearing, that:

(a) the grantee has failed to comply with any provision of this Ordinance, or has, by act or omission, violated any term or condition of any franchise or permit issued hereunder; or

(b) any provision of this Ordinance has become invalid or unenforceable and the Council further finds that such provision constitutes a consideration material to the grant of said franchise; or

(c) the City acquires the CATV system property of the grantee.

6-3.06. **FRANCHISE PAYMENTS.** Any grantee granted a franchise under this Ordinance shall pay to the City, during the life of such franchise, a sum equal to two per cent (2%) of the gross annual receipts of the grantee. Such payment by the grantee to the City shall be made annually, or as otherwise provided in the grantee's franchise, by delivery of the same to the City Administrator. All franchise payments required hereunder shall be in lieu of any business license, occupation tax or similar levy.

The grantee shall file with the City, within thirty (30) days after the expiration of any calendar year or portion thereof during which such franchise is in force, a financial statement prepared by a certified public accountant, or person otherwise satisfactory to the Council, showing in detail the gross annual receipts, as defined herein, of grantee during the preceding calendar year or portion thereof. It shall be the duty of the grantee to pay to the City, within fifteen (15) days after the time for filing such statements, the sum hereinabove prescribed or any unpaid balance thereof for the calendar year or portion thereof covered by such statements.

In any year, or portion thereof, following the first full year service has been provided and during which payments under this section amount to less than twelve hundred dollars ($1200.00) per year, grantee shall pay the City as a minimum an amount equal to twelve hundred dollars ($1200) per year.

The City shall have the right to inspect the grantee's records showing the gross receipts from which its franchise payments are computed and the right of audit and recommendation of any and all amounts paid under this Ordinance. No acceptance of any payment shall be construed as a release or as an accord and satisfaction of any claim the City may have for further or additional sums payable under this Ordinance or for the performance of any other obligation hereunder.

In the event of any holding over after expiration or other termination of any franchise granted hereunder, without the consent of the City, the grantee shall pay to the City reasonable compensation and damages, of not less than one hundred per cent (100%) of its total gross profits during said period.

6-3.07. **LIMITATIONS OF FRANCHISE.**

(a) Any franchise granted under this Ordinance shall be nonexclusive.

(b) No privilege or exemption shall be granted or conferred by any franchise granted under this Ordinance except those specifically prescribed herein.

(c) Any privilege claimed under any such franchise by the grantee in any street or other public property shall be subordinate to any prior lawful occupancy of the streets or other public property.

(d) Any such franchise shall be a franchise to be held in personal trust by the original grantee. It cannot in any event be sold, transferred, leased, assigned or disposed of, in whole or in part, either by forced or involuntary sale, or by voluntary sale, merger, consolidation or otherwise, without the prior consent of the Council expressed by resolution, and then only under such conditions as may therein be prescribed. Any such transfer or assignment shall be made only by an instrument in writing, a duly executed copy of which shall be filed in the office of the City Administrator within thirty (30) days after any such transfer or assignment. The said consent of the Council may not be arbitrarily refused; provided, however, the proposed assignee must show financial responsibility and must agree to comply with all provisions of this Ordinance; and provided, further, that no such consent shall be required for a transfer in trust, mortgage or other hypothecation as a whole, to secure an indebtedness.

(e) Time shall be of the essence of any such franchise granted hereunder. The grantee shall not be relieved of his obligation to comply promptly with any of the provisions of this Ordinance or by any failure of the City to enforce prompt compliance.

(f) Any right or power in, or duty impressed upon, any officer, employee, department, or board of the City shall be subject to transfer by the City to any other officer, employee, department, or board of the City.

(g) The grantee shall have no recourse whatsoever against the City for any loss, cost, expense, or damage arising out of any provision or requirement of this Ordinance or of any franchise issued hereunder or because of its enforcement.

(h) The grantee shall be subject to all requirements of City ordinances, rules, regulations and specifications heretofore or hereafter enacted or established.

(i) Any such franchise granted shall not relieve the grantee of any obligation involved in obtaining pole space from any department of the City, utility company, or from others maintaining poles in streets.

(j) Any franchise granted hereunder shall be in lieu of any and all other rights, privileges, powers, immunities, and authorities owned, possessed, controlled, or exercisable by grantee, or any successor to any interest of grantee, of or pertaining to the construction, operation, or maintenance of any CATV system in the City; and the acceptance of any franchise hereunder shall operate, as between grantee and the City, as an abandonment of any and all of such rights, privileges, powers, immunities, and authorities within the City, to the effect that, as between grantee and the City, any and all construction, operation and maintenance by any grantee of any CATV system in the City shall be, and shall be deemed and construed in all instances and respects to be, under and pursuant to said franchise, and not under or pursuant to any other right, privilege, power, immunity, or authority whatsoever.

6-3.08. **RIGHTS RESERVED TO THE CITY.**

(a) Nothing herein shall be deemed or construed to impair or affect, in any way, to any extent, the right of the City to acquire the property of the grantee, either by purchase or through the exercise of the right of eminent domain, at a fair and just value, which shall not include any amount for the franchise itself or for any of the rights or privileges granted, and nothing herein contained shall be construed to contract away or to modify or abridge, either for a term or in perpetuity, the City's right of eminent domain.

(b) There is hereby reserved to the City every right and power which is required to be herein reserved or provided by any ordinance of the City, and the grantee, by its acceptance of any franchise, agrees to be bound thereby and to comply with any action or requirements of the City in its exercise of such rights or power, heretofore or hereafter enacted or established.

(c) Neither the granting of any franchise hereunder nor any of the provisions contained herein shall be construed to prevent the City from granting any identical, or similar, franchise to any other person, firm or corporation, within all or any portion of the City.

(d) There is hereby reserved to the City the power to amend any section or part of this Ordinance so as to require additional or greater standards of construction, operation, maintenance or otherwise, on the part of the grantee.

(e) Neither the granting of any franchise nor any provision hereof shall constitute a waiver or bar to the exercise of any governmental right or power of the City.

(f) The Council may do all things which are necessary and convenient in the exercise of its jurisdiction under this Ordinance and may determine any question of fact which may arise during the existence of any franchise granted hereunder. The City Administrator is hereby authorized and empowered to adjust, settle, or compromise any controversy or charge arising from the operations of any grantee under this Ordinance, either on behalf of the City, the grantee, or any subscriber, in the best interest of the public. Either the grantee or any member of the public who may be dissatisfied with the decision of the City Administrator may appeal the matter to the Council for hearing and determination. The Council may accept, reject or modify the decision of the City Administrator, and the Council may adjust, settle or compromise any controversy or cancel any charge arising from the operations of any grantee or from any provision of this Ordinance.

6-3.09. **PERMITS, INSTALLATION AND SERVICE.**

(a) Within thirty (30) days after acceptance of any franchise the grantee shall proceed with due diligence to obtain all necessary permits and authorizations which are required in the conduct of its business, including, but not limited to, any utility joint use attachment agreements, microwave carrier licenses, and any other permits, licenses and authorizations to be granted by duly constituted regulatory agencies having jurisdiction over the operation of CATV systems, or their associated microwave transmission facilities.

(b) Within ninety (90) days after obtaining all necessary permits, licenses and authorizations, grantee shall commence construction and installation of the CATV system.

(c) Within ninety (90) days after the commencement of construction and installation of the system, grantee shall proceed to render service to subscribers, and the completion of the construction and installation shall be pursued with reasonable diligence thereafter, so that service to all areas designated on the map accompanying the application for franchise, as provided in Section 6-3.20, hereof, shall be provided within one year (1) from the date that service was first provided.

(d) Failure on the part of the grantee to commence and diligently pursue each of the foregoing requirements and to complete each of the matters set forth herein, shall be grounds for termination of such franchise, under and pursuant to the terms of Section 6-3.05 hereof; provided, however, that the Council in its discretion may extend the time for the commencement and completion of construction and installation for additional periods in the event the grantee, acting in good faith, experiences delays by reason of circumstances beyond his control.

6-3.10. **LOCATION OF PROPERTY OF GRANTEE.**

(a) Any poles, wires, cable lines, conduits or other properties of the grantee to be constructed or installed in streets, shall be so constructed or installed only at such locations and in such manner as shall be approved by the City Engineer acting in the exercise of his reasonable discretion.

(b) The grantee shall not install or erect any facilities or apparatus in or on other public property, places or rights-of-way, or within any privately-owned area within the City which has not yet become a public street but is designated or delineated as a proposed public street on any tentative subdivision map approved by the City, except those installed or erected upon public utility facilities now existing, without obtaining the prior written approval of the City Engineer.

(c) In those areas and portions of the City where the transmission or distribution facilities of both the public utility providing telephone service and those of the utility providing electric service are underground or hereafter may be placed underground, then the grantee shall likewise construct, operate and maintain all of its transmission and distribution facilities underground. For the purposes of this subsection, "underground" shall include a partial underground system, e.g. streamlining. Amplifiers in grantee's transmission and distribution lines may be in appropriate housings upon the surface of the ground as approved by the City Engineer.

6-3.11. **REMOVAL AND ABANDONMENT OF PROPERTY OF GRANTEE.**

(a) In the event that the use of any part of the CATV system is discontinued for any reason for a continuous period of twelve (12) months, or in the event such system or property has been installed in any street or public place without complying with the requirements of grantee's franchise or this Ordinance, or the franchise has been terminated, cancelled or has expired, the grantee shall promptly, upon being given ten (10) days' notice, remove from the streets or public places all such property and poles of such system other than any which the City Engineer may permit to be abandoned in place. In the event of such removal, the grantee shall promptly restore the street or other area from which such property has been removed to a condition satisfactory to the City Engineer.

(b) Any property of the grantee remaining in place thirty (30) days after the termination or expiration of the franchise shall be considered permanently abandoned. The City Engineer may extend such time not to exceed an additional thirty (30) days.

(c) Any property of the grantee to be abandoned in place shall be abandoned in such manner as the City Engineer shall prescribe. Upon permanent abandonment of the property of the grantee in place, the property shall become that of the City, and the grantee shall submit to the City Attorney an instrument in writing, to be approved by the City Attorney, transferring to the City the ownership of such property.

6-3.12 **CHANGES REQUIRED BY PUBLIC IMPROVEMENTS.** The grantee shall, at its expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from the street or other public place, any property of the grantee when required by the City Engineer by reason of traffic conditions, public safety, street vacation, freeway and street construction, change or establishment of street grade, installation of sewers, drains, water pipes, power lines, signal lines, and tracks or any other type of structures or improvements by public agencies; provided, however, that the grantee shall in all such cases have the privileges and be subject to the obligations to abandon any property of the grantee in place, as provided in Section 6-3.11 hereof.

6-3.13. **FAILURE TO PERFORM STREET WORK.** Upon failure of the grantee to commence, pursue, or complete any work required by law or by the provisions of this Ordinance or by its franchise to be done in any street or other public place, within the time prescribed, and to the satisfaction of the City Engineer, the City Engineer may, at his option, cause such work to be done and the grantee shall pay to the City the cost thereof in the itemized amounts reported by the City Engineer to the grantee within thirty (30) days after receipt of such itemized report.

6-3.14. **FAITHFUL PERFORMANCE BOND.**

(a) The grantee shall, concurrently with the filing of and acceptance of award of any franchise granted under this Ordinance, file with the City Administrator and at all times thereafter maintain in full force and effect for a term of such franchise or any renewal thereof, at grantee's sole expense, a corporate surety bond in a company and in a form approved by the City Attorney, in the amount of TWENTY FIVE THOUSAND DOLLARS ($25,000.00), renewable annually, and conditioned upon the faithful performance of grantee, and upon the further condition that in the event grantee shall fail to comply with any one or more of the provisions of this Ordinance, or of any franchise issued to the grantee hereunder, there shall be recoverable jointly and severally from the principal and surety of such bond any damages or loss suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of the grantee as prescribed hereby which may be in default, plus a reasonable allowance for attorney's fees and costs, up to the full amount of the bond; said condition to be a continuing obligation for the duration of such franchise and any renewal thereof and thereafter until the grantee has liquidated all of its obligations with the City that may have arisen from the acceptance of said franchise or renewal by the grantee or from its exercise of any privileges therein granted. The bond shall provide that thirty (30) days' prior written notice of intention not to renew, cancellation, or material change, be given to the City.

(b) Neither the provisions of this section, nor any bond accepted by the City pursuant hereto, nor any damages recovered by the City thereunder, shall be construed to excuse a faithful performance by the grantee or limit the liability of the grantee under any franchise issued hereunder or for damages, either to the full amount of the bond or otherwise.

6-3.15 **INDEMNIFICATION OF CITY.**

(a) The grantee shall, concurrently with the filing of an acceptance of award of any franchise granted under this Ordinance, furnish to the City and file with the City Administrator, and at all times during the existence of any franchise granted hereunder, maintain in full force and effect, at its own cost and expense, a liability insurance policy in the amount of FIVE HUNDRED THOUSAND DOLLARS ($500,000.) in a company approved by the City Administrator and in a form satisfactory to the City Attorney, indemnifying and saving harmless the City, its officers and employees from and against any and all claims, demands, actions, suits, and proceedings by others, against all liability to others, including but not limited to any liability for damages by reason of or arising out of any failure by the grantee to secure consents from the owners, authorized distributors or licensees of programs to be delivered by the grantee's CATV system, and against any loss, cost, expense and damages resulting therefrom, including reasonable attorney's fees, arising out of the exercise or enjoyment of its franchise, irrespective of the amount of the comprehensive liability insurance policy required hereunder.

(b) The grantee shall, concurrently with the filing of an acceptance of award of any francise granted under this Ordinance, furnish to the City and file with the City Administrator, and at all times during the existence of any franchise granted hereunder, maintain in full force and effect, at its own cost and expense, a general comprehensive liability insurance policy, in protection of the City, its officers, boards, commissions, agents and employees, in a company approved by the City Administrator and a form satisfactory to the City Attorney, protecting the City and all persons against liability for loss or damage for personal injury, death and property damage, occasioned by the operation of the grantee under such franchise, with minimum liability limits of FIVE HUNDRED THOUSAND DOLLARS ($500,000.00) for personal injury or death of any one person and ONE MILLION DOLLARS ($1,000,000.00) for personal injury or death of two or more persons in any one occurrence, and FIFTY THOUSAND DOLLARS ($50,000.00) for damage to property resulting from any one occurrence.

(c) The policies mentioned in the foregoing paragraph shall name the City, its officers, boards, commissions, agents and employees, as additional insured and shall contain a provision that a written notice of cancellation or reduction in coverage of said policy shall be delivered to the City Ten (10) days in advance of the effective date threof; if such insurance is provided by a policy which also covers grantee or any other entity or person other than those above named, then such policy shall contain the standard cross-liability endorsements.

6-3.16. **INSPECTION OF PROPERTY AND RECORDS.**

(a) At all reasonable times, the grantee shall permit any duly authorized representative of the City to examine all property of the grantee, together with any appurtenant property of the grantee situated within or without the City, and to examine and transcribe any and all maps and other records kept or maintained by the grantee or under its control which deal with the operations, affairs, transactions or property of the grantee with respect to its franchise. If any such maps or records are not kept in the City, or upon reasonable request made available in the City, and if the Council shall determine that an examination thereof is necessary or appropriate, then all travel and maintenance expense necessarily incurred in making such examination shall be paid by the grantee.

(b) The grantee shall prepare and furnish to the City Administrator at the times and in the form prescribed by said officer, such reports with respect to its operations, affairs, transactions or property, as may be reasonably necessary or appropriate to the performance of any of the rights, functions or duties of the City or any of its officers in connection with the franchise.

(c) The grantee shall at all times make and keep in the City full and complete plans and records showing the exact location of all CATV system equipment installed or in use in streets and other public places in the City.

(d) The grantee shall file with the City Engineer, on or before the last day in March of each year, a current map or set of maps drawn to scale, showing all CATV system equipment installed and in place in streets and other public places of the City.

6-3.17. **OPERATIONAL STANDARDS.** The CATV system shall be installed and maintained in accordance with the highest and best accepted standards of the industry to the effect that subscribers shall receive the highest possible service. In determining the satisfactory extent of such standards the following among others shall be considered:

(a) That the system be installed using all band equipment capable of passing the entire VHF and FM spectrum, and that it have the further capability of converting UHF for distribution to subscribers on the VHF band.

(b) That the system, as installed, be capable of passing standard color TV signals without the introduction of material degradation on color fidelity and intelligence.

(c) That the system and all equipment be designed and rated for 24-hour per day continuous operation.

(d) That the system provides a nominal signal level of 2000 microvolts at the input terminals of each TV receiver.

(e) That the system signal-to-noise ratio is not less than 40 decibels.

(f) That hum modulation of the picture signal is less than 5%.

(g) That the system use components having a VSWR of 1.4 or less.

6-3.18. **MISCELLANEOUS PROVISIONS.**

(a) When not otherwise prescribed herein, all matters herein required to be filed with the City shall be filed with the City Administrator.

(b) The grantee shall pay to the City a sum of money sufficient to reimburse it for all publication expenses incurred by it in connection with the granting of a franchise pursuant to the provisions of this Ordinance. Such payment shall be made within thirty (30) days after the City furnishes the grantee with a written statement of such expenses by delivery of payment to the City Administrator.

(c) The grantee shall maintain an office within the City limits or at a location which subscribers may call without incurring added message or toll charges so that CATV maintenance service shall be promptly available to subscribers.

(d) No person, firm or corporation in the existing service area of the grantee shall be arbitrarily refused service; provided, however, that the grantee shall not be required to provide service to any subscriber who does not pay the applicable connection fee or monthly service charge.

6-3.19. **USE OF UTILITY POLES & FACILITIES; AGREEMENT.** When any portion of the CATV system is to be installed on public utility poles and facilities, certified copies of the agreements for such joint use of poles and facilities shall be filed with the City Administrator.

6-3.20. **APPLICATION FOR FRANCHISE.**

(a) Application for a franchise hereunder shall be in writing, shall be filed with the City Administrator, and shall contain the following information:

(1) The name and address of the applicant. If the applicant is a partnership, the name and address of each partner shall also be set forth. If the applicant is a corporation, the application shall also state the names and addresses of its directors, main offices, major stockholders and associates, and the names and addresses of parent and subsidiary companies.

(2) A statement and description of the CATV system proposed to be constructed, installed, maintained or operated by the applicant; the proposed location of such system and its various components; the manner in which applicant proposes to construct, install, maintain and operate the same; and, particularly, the extent and manner in which existing or future poles or other facilities of other public utilities will be used for such system.

(3) A description, in detail, of the public streets, public places and proposed public streets within which applicant proposes or seeks authority to construct, install or maintain any CATV equipment or facilities; a detailed description of the equipment or facilities proposed to be constructed or maintained herein; and the proposed specific location thereof.

(4) A map specifically showing and delineating the proposed service area or areas within which applicant proposes to provide CATV services and for which a franchise is requested.

(5) A statement or schedule in a form approved by the City Administrator of proposed rates and charges to subscribers for installation and services, and a copy of proposed service agreement between the grantee and its subscribers shall accompany the application. For unusual circumstances, such as underground cable required, or more than one hundred fifty (150) feet of distance from cable to connection of service to subscribers, an additional installation charge over that normally charged for installation as specified in the applicant's proposal may be charged, with easements to be supplied by subscribers. For remote, relatively inaccessible subscribers within the City, service may be made available on the basis of cost of materials, labor, and easements if required by the grantee.

(6) A copy of any contract, if existing, between the applicant and any public utility providing for the use of facilities of such public utility, such as poles, lines, or conduits.

(7) A statement setting forth all agreements and understandings, whether written, oral or implied, existing between applicant and any person, firm or corporation with respect to the proposed franchise or the proposed CATV operation. If a franchise is granted to a person, firm, or corporation posing as a front or as the representative of another person, firm or corporation, and such information is not disclosed in the original application, such franchise shall be deemed void and of no force and effect whatsoever.

(8) A financial statement prepared by a certified public accountant, or person otherwise satisfactory to the Council, showing applicant's financial status and his financial ability to complete the construction and installation of the proposed CATV system.

(9) The Council may at any time demand, and applicant shall provide, such supplementary, additional or other information as the Council may deem reasonably necessary to determine whether the requested franchise should be granted.

(b) Upon consideration of any such application, the Council may refuse to grant the requested franchise or the Council may by ordinance grant a franchise for a CATV system to any such applicant as may appear from said application to be in its opinion best qualified to render proper and efficient CATV service to television viewers and subscribers in the City. The Council's decision in the matter shall be final. If favorably considered, the application submitted shall constitute and form part of the franchise as granted.

(c) Any franchise granted pursuant to this Ordinance shall include the following condition:

"The CATV system herein franchised shall be used and operated solely and exclusively for the purpose expressly authorized by Ordinance of the City of San Anselmo and no other purpose whatsoever."

Inclusion of the foregoing statement in any such franchise shall not be deemed to limit the authority of the City to include any other reasonable condition, limitation or restriction which it may deem necessary to impose in connection with such franchise pursuant to the authority conferred by this Ordinance.

6-3.21 **FRANCHISE RENEWAL.** Any franchise granted under this Ordinance is renewable at the application of the grantee, in the same manner and upon the same terms and conditions as required herein for obtaining the original franchise, except those which are by their own terms expressly inapplicable; provided, however, that the Council may at its own option waive compliance with any or all of the requirements of Section 6-3.20 hereof.

6-3.22. **ACCEPTANCE AND EFFECTIVE DATE OF FRANCHISE.**

(a) No franchise granted pursuant to the provisions of this Ordinance shall become effective unless and until the ordinance granting same has become effective and, in addition, unless and until all things required in this Section and Sections 6-3.14, 6-3.15(a) and 6-3.15(b) hereof are done and completed, all of such things being hereby declared to be conditions precedent to the effectiveness of any such franchise granted hereunder. In the event any of such things are not done and completed in the time and manner required, the Council may declare the franchise null and void.

(b) Within twenty five (25) days after the effective date of the ordinance awarding a franchise, or within such extended period of time as the Council in its discretion may authorize, the grantee shall file with the City Administrator his written acceptance, in form satisfactory to the City Attorney, of the franchise, together with the bond and insurance policies required by Sections 6-3.14, 6-3.15(a), and 6-3.15(b) hereof, respectively, and his agreement to be bound by and to comply with and to do all things required of him by the provisions of this Ordinance and the franchise. Such acceptance and agreement shall be acknowledged by the grantee before a notary public, and shall in form and content be satisfactory to and approved by the City Attorney.

6-3.23. **VIOLATIONS.**

(a) From and after the effective date of this Ordinance, it shall be unlawful for any person to establish, operate or to carry on the business of distributing to any persons in this City any television signals or radio signals by means of a CATV system unless a franchise therefor has first been obtained pursuant to the provisions of this Ordinance, and unless such franchise is in full force and effect.

(b) From and after the effective date of this Ordinance, it shall be unlawful for any person to construct, install or maintain within any public street in the City, or within any privately-owned area within the City which has not yet become a public street but is designated or delineated as a proposed public street on any tentative subdivision map approved by the City, any equipment or facilities for distributing any television signals or radio signals through a CATV system, unless a franchise authorizing such use of such street or property or area has first been obtained pursuant to the provisions of this Ordinance, and unless such franchise is in full force and effect.

(c) It shall be unlawful for any person, firm or corporation to make any unathorized connection, whether physically, electrically, acoustically, inductively or otherwise, with any part of a franchised CATV system within this City for the purpose of taking or receiving television signals, radio signals, pictures, programs, or sound.

(d) It shall be unlawful for any person, firm or corporation to make any unauthorized connection, whether physically, electrically, acoustically, inductively or otherwise, with any part of a franchised CATV system within this City for the purpose of enabling himself or others to receive any television signal, radio signal, picture, program or sound, without payment to the owner of said system.

(e) It shall be unlawful for any person, without the consent of the owner, to wilfully tamper with, remove or injure any cables, wires or equipment used for distribution of television signals, radio signals, pictures, programs or sound.

6-3.24. **SEVERABILITY.** If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held illegal, invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions hereof. The Council hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, and phrase hereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared illegal, invalid or unconstitutional. The invalidity of any portion of this Ordinance shall not abate, reduce or otherwise affect any consideration or other obligation required of the grantee of any franchise granted hereunder.

Section 2. **EFFECTIVE DATE.** This Ordinance shall become effective thirty (30) days from and after its passage and adoption.

Section 3. This Ordinance shall be published once in full within fifteen (15) days of its passage and adoption in the Independent-Journal, a newspaper of general circulation in the City of San Anselmo which said newspaper is designated as the legal newspaper for the purpose of publication.

This Ordinance was introduced at a regular meeting of the City Council of the City of San Anselmo held on the 25th day of January, 1966, and was thereafter at a regular meeting of the City Council, held on the 8th day of February, 1966, duly passed and adopted by the following vote:

SUMMONS TO QUIET TITLE

NO. 44507

DEPT NO. 4

In the Superior Court of the State of California in and for the County of Marin.

GEORGE W. BLACKWELL,
Plaintiff,

vs.

NORTHWESTERN REALTY COMPANY, a defunct corporation, ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFF'S OWNERSHIP, OR ANY CLOUD UPON PLAINTIFF'S TITLE THERETO,
Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA

To the defendants above named and also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title hereto, defendants:

You are hereby directed to appear and answer the complaint of the above named plaintiff filed in the above entitled court, in the above entitled action, brought against you in said court, within ten days after the service on you of this summons, if served within the above-named county, or within thirty days if served elsewhere.

You are hereby notified that unless you so appear and answer, said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the court for any other relief demanded in the complaint.

The object of this action is to make the above-named defendants set forth the nature of their claim or claims to the real property in the complaint and hereinafter described, if any they have, and that such claim or claims be adjudged to be of no effect and void, and that plaintiff's title to said real property be quieted against them.

The said real property is particularly described as follows:

ALL that certain lane lying between Lots 7 and 8 in Block 208, as said lane, lots and block are shown on that certain map entitled "Map of Marin Terrace, Marin Co., Cal." filed June 16, 1913 in Map Book 4, Page 44, Marin County Records.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Operation, Antibotic Help When Rare Mastoiditis Occurs

VAN DELLEN

Complications from ear infections (otitis media) were an age-old problem prior to the introduction of penicillin in 1942.

The child with an earache was uncomfortable, and parents were concerned when the discharge continued for weeks. When infection spread to the mastoid serious surgery was required to prevent an abscess from developing in the brain.

The young mother born after the onset of World War II can be thankful that she never will go through these experiences with her children.

Mastoiditis is rare today because the ear infection is controlled with antibiotics before it extends into the mastoid bone. In the past the drum ruptured spontaneously or was opened by the physician to allow the pus to escape. But something went amiss for those destined to develop mastoiditis.

DRAINAGE MAY have been delayed long enough for the infection to spread to the honeycombed mastoid bone that makes up the rear wall of the hearing apparatus. In others the opening in the drum closed before healing occurred. Still others the opening in the drum closed before healing occurred. Still others developed otitis media when resistance was low and the causative organisms spread.

Mastoiditis is heralded by an increase in amount and thickness of the discharge. A dull ache develops behind the ear and the bony prominence becomes puffy and tender to the touch. There is fever and X-rays show the characteristic clouding of the pus-filled mastoid cells.

SURGERY WAS always recommended in the past and the same applies today with few exceptions. The incision is made behind the ear and the infected bone is removed. Healing is rapid, especially when good drainage is combined with ample amounts of the right antibiotic.

Mastoiditis has not disappeared and is encountered occasionally in a masked form. The infection smolders because treatment of the original otitis media with antibiotics was inadequate or discontinued too soon.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request).

FALLACIES ABOUT BATHING

Mrs. A writes: I take a bath every evening before going to bed. Will this habit soften my body and dry my bones in later years?

REPLY

If you had asked this question 75 years ago, a fiery discussion might have ensued. Bathing has neither of the effects you mention. These will come with age but not from bathing.

ABSTAIN

R. C. writes: I am a very light smoker (between two and three packs a year). On the few occasions that I do indulge, I suffer chest pains, fever, sore throat and cough up a thick phlegm. What is wrong?

REPLY

You are extremely sensitive to or have an idiosyncrasy to smoke—cigarettes are not for you.

MEASLES IS COMING

Mrs. L. writes: What are Koplick's spots?

REPLY

Lesions that occur in the mouth approximately 24 hours before the typical rash of measles appears. The spots are grayish-white dots, usually as small as grains of sand, surrounded by a slightly reddish halo.

MIXED FEEDING

Mrs. K. writes: Are twins and triplets usually breastfed?

REPLY

In general, mixed breast and formula feedings are better for twins because not many mothers have enough milk for both. Breast feeding of triplets seldom is feasible. In the first place the mother does not produce enough milk for three; and in the second, she is much too busy with their care to bother with mixed nursing and artificial feeding.

Road May Span Sands Of Trackless Sahara

ALGIERS (AP)—The camel, historic desert cruiser, may soon give way to the automobile on the ancient caravan route across the Sahara, if plans go through for a superhighway across the world's greatest wasteland.

Eight African governments hope to construct an asphalt span from the Mediterranean coast to the Niger River that would enable a motorist to make the 2,000-mile trip in a few days.

Trucks with special tires and survival equipment have been venturing across the Sahara for some time. The trip is hazardous and uneconomical for large-scale freight movement.

An asphalt highway exists from Algiers to the oilfields around Hassi Messaoud, a distance of 500 miles. Beyond that, an ill-defined track winds for 1,500 miles across the virtually uninhabited, sandblown wasteland.

Drivers have to undergo special desert training, carry compasses, snake serum and heavy equipment to dig their vehicles out of the sand. Water and gasoline are available only at outposts hundreds of miles apart.

At many points, there is no track at all, but only a trace of parallel tire marks in the sand. In some sections, progress is less than 40 miles a day.

The new highway would make a substantial contribution to the development of the Sahara region and change the habits of nomadic tribes hitherto barely touched by civilization.

Morocco, Algeria, Tunisia, Mali, Mauritania, Chad, Niger and the United Arab Republic hope to raise $127 million to build the road and to supply about $4.25 million a year to maintain it.

Construction would take at least 12 years. Preliminary surveys are being made by the United Nations Special Fund, which is expected to contribute to the over-all cost.

A modern trans-Sahara communications link was long the dream of French colonial administrators. They actually built two rail lines several hundred miles into the desert. The farther advanced, however, the more formidable the difficulties became. The project was abandoned.

It is estimated that 25,000 trucks and passenger vehicles would use the road every year. The cost of freight movements from Algiers to the Niger would be cut by more than half and the time for the trip reduced by 80 per cent.

Officer Shoots Robbery Suspect

RENO (AP)—On the trail of a robbery suspect, an officer asked a man to step outside a Reno club and into a parking lot about midnight Saturday.

"Okay, cop, get back inside or I'll blow your head off," the man replied, wheeling and pulling a .25 caliber pistol on officer Frank Termini.

Termini drew his service revolver and fired at least four times, killing the suspect, Richard Tapella, about 30, of Richmond, Calif.

Officers found $417 cash and some casino chips in the pockets of the dead man, suspected of holding up a bar and grocery store earlier Saturday night. A bartender later identified Tapella as the man who robbed him.

Woman Is Treated For Lip Injury

Barbara L. Pieracini, 31, of 1495 Casa Buena Drive, Corte Madera, was given 50 stitches around her lower lip at Marin General Hospital yesterday after she reportedly was struck by a male friend in her apartment, police reported.

Miss Pieracini told Corte Madera police the friend, who was not identified by police, struck her after a party at her apartment. She was told to report to the district attorney's office today if she decided to file a complaint.

How do you own a stack of Savings Bonds when you're older?

Start young.

Start small, if you want to, but start steady. The important thing is to have a regular program of setting *something* aside every payday.

What's most important: it's never too early to begin.

You say that takes more will power than you can muster up on a regular basis? Then use the easy, automatic way: join the Payroll Savings Plan where you work.

This way your employer saves your money *for* you—puts it toward the purchase of a U. S. Savings Bond.

Pretty soon you won't even miss the money. In fact, you'll probably forget how fast your savings are growing.

Here's a for-instance: just $4.33 a week adds up to the $18.75 you need to buy a $25 Bond every month. That's $300, maturity value, a year. Not bad for a former spendthrift! What's more, those few dollars you're tucking away to grow will be working all the time to help keep our country strong and free.

So start now, start young, building up the savings that count so much later on. Join the Payroll Savings Plan before next payday.

For your information: *Series E Bonds pay back $4 for every $3 at maturity, are protected against loss, provide tax advantages, can be purchased where you work or bank. For current income on your investment, ask about Series H Bonds.*

Thieves Get Kicks From Champagne

Someone enjoyed a champagne party recently at the expense of Mrs. Evelyn Keck of 20 Old Landing Road, Tiburon.

Mrs. Keck told police at 1:15 p.m. Saturday that five bottles of champagne had been stolen from her house. Police said entry was through a bathroom window. Nothing except the wine was disturbed, they said.

BEST SHOWS FOR TONIGHT

The Avery Brundage collection in the M. H. deYoung Museum in San Francisco, scheduled to open in June of this year, will be one of the world's great centers of Oriental art.

San Anselmo Asks To Annex Part Of Ranch

San Anselmo has asked approval of the Marin County Local Agency Formation Commission for annexation of 14.2 acres of the Short Ranch.

The territory is on the west side of San Francisco Boulevard along the city's present northern border. The proposal was filed with the commission staff Friday too late to be heard at the next commission meeting. The commission will hear it on April 7.

Also submitted Friday was proposed annexation by San Anselmo of 23 acres along the Alameda in the Oak Crest section. This land was annexed last fall to the Sleep Hollow Fire Protection District over the protest of city officials, who argued it should become part of San Anselmo.

Both would be annexations of inhabited territory, meaning that residents could force an election through protest.

Steve Allen To Work For Bennett Votes

Steve Allen, television entertainer, will be finance chairman for William M. Bennett of Kentfield, candidate for Democratic nomination for attorney general.

Allen accepted the appointment, praising Bennett as a "courageous people's attorney" who fought for and won gas rate refunds and telephone rate reductions for Californians.

Bad Check Charge

Raymond J. Bertotti, 33, of 27 Oak Avenue, San Anselmo, was jailed by San Anselmo police Friday night on a charge of passing $180 in bad checks at Drake Market in San Anselmo during January. Bail was set at $550.

Students To Hear Of Nutrition, Farms

ASILOMAR (AP) —Two 16-year-old high school students, Susan Heflin of Walnut Creek, Contra Costa County, and Wayne Anderson of Kerman, Fresno County, will represent California at the National Youth Power Congress in Chicago March 30-April 2.

The congress highlights the Food Comes First program sponsored by the food industry and coordinated by the California Farm Bureau Federation. The program is designed to stimulate interest among teenagers in nutrition and good eating habits and bring to their attention food career possibilities and the importance of agriculture.

Marin Crushes Sierra By 60 Points!

Marin has the class team of the Golden Valley Conference butt o win a basketball game by 60 points—that's something else.

But that was the case last Saturday night when the Tars humiliated the Sierra College Wolverines 96-36 in the eKntfield gym in what was billed a basketball game.

And don't blame Marin coach Cal Riemcke for running up a score, 'cause he's not that kind of guy. The first string played only five minutes of the second half, but, as Cal said: "We have some tremendous depth."

Sierra actually led at one point in the game, 10-8, but then Marin went into a zone press and flew away from the was in front 58-22.

Then in the second half it went to 69-25 in the first five minutes. Riemcke jerked his starting unit and put in a fresh bunch of reserves—center Rick Henika, forwards Larry Wolfe and Bill Brody, and guards Jeff Chapman and Bill Pandiani. They kept right on scoring like it was going out of style. Riemcke would have put in his scorekeepers but, well . . . they didn't have any basketball togs.

Fred Arnold, Marin's 6-7 center, had another tremendous game in the 22 minutes he played, scoring 9 buckets on 11 attempts from the floor and hitting both of two free-throw attempts for 20 points. He also had 14 rebounds. Don Hanson also played a good game, showing good moves with both his passing and shooting.

The first time Marin played Sierra in GVC action, the Tars won 80-60.

The Tars, now with a 9-0 conference record, made 38 of 66 shots from the field (58 per cent) to Sierra's 11 of 39 (28 per cent). From the free-throw line, Marin went 71 per cent (20x28) and Sierra was 56 per cent (14x25). Marin won in rebounds, 50-30.

Marin has two home games this weekend, Friday night against Siskiyous and Saturday night against Shasta. The Tars then wind up the season March 4 at Napa. Both home games will be aired by Radio Station KTIM.

Marin: Fred Arnold, 9-2-20; Rod Monti, 3-3-9; Jim Halm 4-7-15; Lorry Galassi, 2-4-8; Don Hanson, 4-0-8; Bill Pandiani, 3-2-8; Rick Heinka, 1-1-3; Larry Wolfe, 3-1-7; Jeff Chapman, 2-0-4; Bill Brody, 6-0-12; Kraig Kilby, 1-0-2. **Totals: 38-20—96.**

Sierra: Don Bransford, 5-5-15; Gullett, 2-1-5; McCord, 2-6-10; Noyes, 2-0-4; Snyder, 0-2-2. **Totals: 11-14—36.**

JAMBOREE KICKS OFF '66 BASEBALL SEASON

The first Marin Baseball Jamboree, kicking off the coming season, will be held tonight, starting at 9 o'clock, at Litchfield's Bermuda Palms nightclub in San Rafael.

Many baseball celebrities will be on hand, including Joe Morgan, Houston Astros second baseman and Sporting News rookie of the year in the National League, former New York Yankee shortstop Joe DeMaestri, Kansas City's Ernie Fazio and St. Louis Cardinals' Walt Williams.

The evening's activities will include a variety show and dancing. It is open to the public, free of charge.

Enter Tam Gym At Own Risk; Flu Box For Basketball Fans

THE MEDIC: Tamalpais High School authorities can do a fine public service at the Tam-Drake basketball game tonight by issuing surgical masks to the spectators.

With the current epidemic of Asian flu, the tiny Tam gym will be a flu box. Enter at own risk.

My medical advisors tell me they call it Asian flu because it makes you go Ah Choo. Also, the germs all look alike. Also, after you swallow one of those Asian bugs you get sick again in a couple of hours. I think my medical advisors are pulling my leg flu young.

The winner of tonight's Tam-Drake game probably will win a bid to the Berkeley Tournament of Champions next month. What price glory! They ought to make the loser go. The Tournament of Champions is no place for nice kids. Marin teams never have stacked up against champs from other areas and the past-season tourney in Berkeley has just served to embarrass our boys.

ONLY THREE games stand in the way of the College of Marin Tars becoming the first team to go undefeated through a Golden Valley Conference basketball schedule.

Last Friday Marin cleared a big obstacle by dumping second place Santa Rosa.

By the way, Santa Rosa's Tom Henshaw wins this week's booby prize. He took a poke at Marin's Jim Halm during the game—and missed. Halm is 6-feet-7 tall and weighs 218 pounds. It's hard to miss a target like that. But then again, maybe Henshaw deserves a medal for bravery for even thinking about it.

LAST WEEK I goofed by saying that Marin had no golfers in the one-handicap class. Dan Harris, secretary-treasurer of the Indian Valley Men's Golf Club, puts me straight by pointing out that Novato's Ray Leach, age 15, is a one-handicapper.

I based my comments on information from the 1966 Northern California Golf Assn. Blue Book which does not list juniors. Sorry for the oversight.

HERE'S A "GET WELL" wish to ex-sportscaster Bill Guyman of Santa Venetia who had his right eye removed by surgery last week at Marin General Hospital.

Co-Leaders Seek Berth In Tourney

Drake and Tamalpais prep cage teams go at it tonight with a spot in the Berkeley Tournament of Champions almost assured the winner.

Drake and Tam are both 8-2 in Marin Athletic League basketball standings and with two games to go are the only teams with a chance to win the championship. Next Friday the teams wind up the MCAL slate, with Drake hosting Marin Catholic and Terra Linda playing at Tam.

Unless there's a big upset next Friday, the winner of tonight's key game in the Tam gym will win the championship. Regardless, tonight's winner will clinch a tie for the title.

In the other game tonight, Redwood plays at Marin Catholice. Class B games start at 7 p.m., with varsity games following. Then Wednesday, San Rafael is at Terra Linda, varsity game at 4 o'clock followed by the lightweight clash. The change in the customary Tuesday schedule is because of Washington's Birthday holiday tomorrow.

For tonight's big game in the Tam gym, it's a case of supply and demand for the prep fans. There are easily more people who want to see the game than seats in the tiny gymnasium. Early comers will get to see the game, with late arrivals left out in the cold.

Drake and Tam are almost identical in Marin Athletic League statistics. Tam has averaged 53.3 points per game to Drake's 53.0. In average points allowed, it's Tam 46.5 and Drake 46.6.

When the Pirates of Drake and Indians of Tam met the first time in MCAL play, Tam won 59-47 with a 24-point rampage in the final quarter. Steve Johnson scored 20 points for Tam in that one.

Johnson and Steve Woodward, both juniors (watch out for Tam next year, too), are the big scorers for the Indians. Woodward has scored 133 points in league play and 262 through the season, and Johnson has hit for 140 league points and 254 overall.

One of Drake's top scorers is also a junior, Chet Carlisle, who has scored 120 points in the league and 246 for the season. Bob Tobin, Drake 6-5 center, has notched up 142 points in league action and 245 through the season.

Since Tam has already beaten the Pirates once this year, and that on Drake's home court, the Indians will have to go down as the favorites tonight. And playing in their own noisy den will be another advantage for Coach Eddie Chavez' boys.

Although Drake has the height advantage with two cagers going at 6-5—Tobin and forward

Campbell Huffs, Puffs To Tucson Open Playoff Win

By BOB EGER

TUCSON, Ariz. (AP) — It took an extra cigar or two, but chunky Joe Campbell has his first pro golf tournament victory in three years.

Campbell, who usually smokes about six cigars a round of golf, puffed his way "through seven or eight" stogies yesterday as he shot a steady 70 and whipped Gene Littler in a sudden-death playoff for the $90,00 first prize in the Tucson Open Golf Tournament.

Campbell finished with steady rounds of 69-70-69-70 for a 10-under-par total of 278 over the giant Tucson National golf course, a wide open desert layout with some of the biggest greens in the country.

Littler, who shot 71-71-68-68—278, won $5,000 for second. R. H. Sikes and brothers Jay and Lionel Hebert each picked up $3,400 for their 280 finishes.

Tommy Aaron, Doug Sanders and George Archer each won $2,316 for their 281 scores.

Campbell's pay check gives him $14,945 in total 1966 money and ranks him fourth behind Arnold Palmer, Sanders and Billy Casper.

Campbell started the final round of the Tucson tourney one stroke behind Jay Hebert, who shot a 65 Saturday to take the lead. Hebert faltered with a double-bogey on the 12th hole and Campbell took the lead until the 18th when he hit into a trap and bogeyed to allow Littler to catch him with a par 4.

Campbell reached the green in two on the first playoff hole, the 545-yard par-5 15th, which was picked for television purposes.

Littler, who was off the side of the green on his second shot, chipped 20 feet past the pin and rimmed an attempt for a birdie putt. Campbell then two-putted from 15 feet, tapping in a one-footer for the clincher.

It was the second straight near-win for Littler. He finished third in last week's Phoenix Open and won $4,000.

Campbell's victory reversed an earlier Tucson Open decision which saw Littler edge him for first place money in 1959.

That second place finish in 1959, however, was largely responsible for Campbell's selec-

Leach Bows In S.F. Golf

Ray Leach, 15-year-old golfer from Novato, beat Ed Morris Saturday in the San Francisco City golf championships but lost yesterday 3 and 2 to Dr. Ron Luceti of Daly City in the championship bracket.

Dr. Luceti shot the best scoring round of the day when he beat Leach, being three under par after the first nine holes.

Novato Prep Qualifies For Cal Mat Tournament

Steve Collins, Novato High School wrestler, qualified for the state tournament next Saturday at Walnut Creek when he placed second in the North Coast Section tournament last Saturday in the 115-pound division.

Collins, a junior at Novato High, had won 21 straight matches this year before losing in the finals Saturday at Castro Valley, 2-1.

Ken Donaldson, also of Novato High, was third in the 98-pound division and Mike Castano of Tamalpais was fourth in the 106 class. Only the first two places qualified for the state tournament.

Novato scored a total of 24 points in the tourney to place ninth out of 34 schools entered.

Pasarell Hottest U.S. Net Commodity After Big Win

By WILL GRIMSLEY

SALISBURY, Md. (AP) — When Charlie Pasarell was a 14-year-old tennis prodigy down in Santurce, Puerto Rico, eight years ago, he had a temper tantrum on the court and drew a sharp reprimand from his father.

"I was heavily favored and when I didn't beat this kid easily, I got sore and banged all the balls to the other side of the court, almost hitting my opponent," Charlie recalled today.

"My father was on the sidelines. He walked out on the court, grabbed me by the ear and said, 'Get off the court.'" "I said, 'You can't pull me out of this tournament.'"

"He said, 'You're out of it.' And I was. That night, I went home and apologized. It taught me a big lesson."

CHARLIE PASARELL
Indoors champ

Today, Charlie Pasarell, now 22, composed and his massive temper harnessed, is the hottest court commodity in the United States.

He won the National Indoor Championship here yesterday, beating Ron Holmberg of Dallas in the final 12-10, 10-8, 8-6 and surviving perhaps the most imposing field ever to play in the hardboard event.

Casualties included Dennis Ralston, Arthur Ashe, Manuel Santana of Spain, defending titleholder Jan-Erik Lundquist of Sweden, Cliff Drysdale of South Africa, Tomas Koch of Brazil and Rafael Osuna of Mexico.

It was the first major title for the strapping, 6-foot-1 UCLA senior and his second tournament triumph in as many weeks. Last week, he beat Lundquist and Ashe on consecutive nights for the Philadelphia indoor title.

Pasarell said he owes his new success to a changed frame of mind.

"I've beaten all the good players at one time or another, but I've lost to almost everybody, too," he said. "I've never been able to get myself up for a match that I think I should win.

"So now when I go out there, I think every man I play is the champion of the world and I try to hold my temper." The Puerto Rican said he hopes to take this philosophy through Wimbledon, the U.S. championships at Forest Hills and perhaps a successful Davis Cup campaign.

"I'm 22, and I figure if I'm ever going to do anything, I'd better do it now," he said. "I don't want these young kids — like Stan Smith (19) and Bobby Lutz (18) catching up with me."

George MacCall, U.S. Davis Cup captain, witnessed the indoor final and said he was greatly impressed with Pasarell's play.

"The boy has wonderful talent — all we need to do is get a lot of blankets and keep him warm," MacCall said.

S.F. Soccer Team Bows To Orange

SAN FRANCISCO (AP)—The Orange County soccer team from the Los Angeles area defeated San Francisco's Greek-Americans 3-1 yesterday in the second of their two-game Challenge Cup series.

Orange, which beat the San Franciscans 1-0 last Sunday in Los Angeles, will represent California in a two-game series with the Seattle Hungarians to determine the western representative in the national semifinal round.

Forward Fred Cameron scored all three goals for Orange yesterday. Kirk Apostolides scored for the Greeks on a 35-yard free kick.

Some 1,400 witnessed the match in fair weather on a fast field at Balboa Stadium.

3:58.2 Indoors Mile By German

BERLIN (AP) — The first sub four-minute mile indoors in two seasons elongs to Jurgen May of East Germany.

May ran the mile in 3:58.2 last night and in so doing set an unofficial indoor record of 3:41.9 for 1,500 meters, the East German News Agency (ADN) said.

ADN also said May's mile time was an unofficial European record. The world indoor mark of 3:56.4 is held by Tom O'Hara of Chicago, who also ran the last sub four-minute mile, in 1964. The best previous indoor effort this season was a 4:00.9 by Oregon's Jim Grelle.

MARIN BASKETBALL

Preps Race For Scoring Honors

Going into the last week of Marin Athletic League basketball play, the battle for individual scoring honors is wide open with only 1.3 points separating the first seven boys.

Heading the list are two Redwood cagers, Russ Smith, a guard, and forward Bruce McGee, with 15.3 and 15.0 averages respectively. Next are Novato's John Dolinsek, 14.5; Drake's Bob Tobin, 14.2; San Rafael's Joe Cunningham, 14.1; Redwood's Andre Horn, 14.0, and Tamalpais' Steve Johnson, 14.0.

In the Class B scoring race, Tam's Pat Schafer is all alone with a 17.0 average, better than any of the bigger boys.

Redwood, although eliminated from the title chase, has the best offense (61.8 average) and Marin Catholic is tops in defense (45.6 average). League statistics :

Heavies Clash At Kezar

SAN FRANCISCO (AP) — Billy Daniels of Brooklyn concedes he made a mistake in the bout he lost to Thad Spencer of San Francisco a year ago, but he vows he won't repeat the error when they meet for the second time tonight.

The scheduled 10-rounder at Kezar Pavilion is a rematch of the decision won by Spencer in Santa Monica which carried with it the title of California heavyweight champion. The title is not at stake in the rematch.

Daniels said yesterday he was concentrating throughout their first bout on "getting in one good punch." But he never got the chance against his elusive target.

"It'll be different this time," said Daniels. "I plan to move more, and maybe press more.

"I feel I'll win this one."

Daniels, a part-time barber who has won only once in his last five fights, says he's in proper shape and frame of mind now.

First bout on the preliminary card starts at 8:30 o'clock.

Dark Leads Golf Event

MIAMI, Fla. (AP) — The manager and the star first baseman of the Kansas City Athletics, the American League's cellar dwellers, held the top spots today in the second round of the National Baseball Players' Golf Tournament.

Manager Alvin Dark, formerly with the San Francisco Giants, shot a four over par 75 in the first round yesterday, for a slim one-stroke lead over Ken Harrelson, the defending champion.

Manager Billy Herman of the Boston Red Sox carded a 77, followed by two-time winner Albie Pearson of the California Angels and pitcher Steve Cosgrove of the Baltimore Orioles. Both had 79s.

"I just played poorly," said Dark, aiming for his fifth title. "I have no excuses, but I hope to improve the second day."

A sun-drenched crowd of 5,000 gathered at the City of Miami Country Club for the first round of the 72-hole tournament.

BEAT BLADES

Hot Seals Drive Toward Playoffs

SAN FRANCISCO (AP)—The San Francisco Seals have a win streak of three going as the foundation for what might turn out to be a late move toward a Western Hockey League playoff berth.

Their third straight home victory, a 5-4 squeeze over the Los Angeles Blades in overtime yesterday, jumped the Seals from last to fifth place, one point ahead of Los Angeles and just five behind Seattle, in the fourth place playoff spot.

Next opponent of San Francisco is league-leading Portland, here Wednesday night.

George Swarbrick tapped in the winning goal for the Seals yesterday afternoon at 2:08 of a sudden death overtime period. It robbed the glory from Blade wing Warren Hynes' three-goal hat trick.

Two of Hynes' trio tied the score twice and the third threw the game into overtime. Hynes' first came in the opening period. Seal center Del Topoll matched it but the Blades took the lead at 2-1 on an unassisted tap-in by Norm Johnson.

Mike Harvey and Wayne Connelly put San Francisco ahead 3-2 in the second period.

In the third Hynes tied it on a power play goal. San Francisco's Al Nicholson scored on a carom shot from 20 feet but Hynes knotted the count 40 seconds later and sent the game into an extra session.

First period—1, Los Angeles, Hynes (Bedard) 8:45. 2, San Francisco, Topoll (Nicholson and Harris) 12:18. 3, Los Angeles, Johnson (unassisted) 17:25. Penalties—San Francisco bench served by Gilbertson 8:02.

Second period—4, San Francisco, Harvey (Connelly, Schock) 5:10. 5, San Francisco, Connelly (Harvey, Cyr) 19:02. Penalties—LaRose LA 4:12.

Third period—6, Los Angeles, Hynes (Baird, O'Ree) 3:15. 7, San Francisco, Nicholson (Topoll, Harris) 15:22. 8, Los Angeles, Hynes (O'Ree) 16:02. Penalties—Maxner SF 2:37.

Oertime—9, San Francisco, Swarbrick (Harris, Schock) 2:08. Penalties—none.

59,000 See Snivley Cop Winternationals

POMONA (AP) — Mike Snivley of San Bernardino drove the Hawaiian to top fuel eliminator victory today in the final day of the sixth annual Winternational Drags.

Snivley clocked 209.78 miles per hour in the quarter mile to defeat Jim Dunn of La Mirada, who hit 207.84 m.p.h. Snivley had an elapsed time of 7.54 seconds; Dunn had 7.59.

In an earlier race, Dunn eliminated defending champion Don Prudhomme of Granada Hills, who drove The Hawaiian to victory in the Winternational last year and to the 1965 national championship. This year, Prudhomme drove a car he built himself.

In semifinals, Snively defeated James Coburn of Bakersfield. Coburn had the faster time—209.78 m.p.h. to 204.64 m.p.h.—and better elapsed time —7.58 to 7.59. But Snivley got off to a faster start and beat Coburn to the tape.

Dunn defeated Steve Carboni of Garden Grove in the other semifinal event.

A 28-year-old secretary-housewife, Shirley Shahan of Tulare, gunned a 1965 Plymouth to 126.76 m.p.h. in 11.26 seconds to become one of the first women to win a major top stock eliminator trophy.

Mrs. Shahan, whose husband, H. L. Shahan, is her mechanic, defeated Ken Heinemann of Daytona Beach, Fla., who hit 121.78 in 12.01 in a 1966 Plymouth.

A crowd of 59,658 watched the meet.

Lowrey Captures Ballplayers' Golf

LAS VEGAS, Nev. (AP) — Harry "Peanuts" Lowrey fired a final round 74 to coast to an easy 10-stroke victory Saturday in the first Baseball Celebrity National Open Golf Tournament.

Lowrey, third base coach of the Philadelphia Phillies, finished with a 293 total. Albie Pearson of the California Angels also shot a 74 in the final round, finishing with a 303.

Tied for third with 310 were Alvin Dark, manager of the Kansas City Athletics, and Ralph Terry of the Cleveland Indians. Ken Harrelson of the Athletics had a 72-hole total of 314 for fifth place.

Dons Win Squeeker, Stay Tied For Lead

By ASSOCIATED PRESS

The two basketball Goliaths of the West Coast Athletic Conference will meet this Saturday to decide who owns the league lead — provided neither team meets a David along the way.

The University of Pacific Tigers and the University of San Francisco Dons presently are tied for the top spot in the WCAC with identical 8-1 records.

But between now and their Saturday meeting at San Francisco, each team will have to survive games with tough league opponents.

Pacific has the roughest interim schedule, with a game at fifth-place St. Mary's Tuesday and one with third-place Santa Clara on the Tigers' home court Friday.

San Francisco also must get by Santa Clara in a game Tuesday at the Dons' gymnasium.

Pacific looked the strongest last Saturday in crushing sixth-place Loyola 83-63 behind Keith Swagerty's 27 points and 25 rebounds.

Swagerty did everything but wield a floor sweeper's broom after it was all over.

He raised his league point total to 198, the best in the WCAC, and held his grip on the conference rebound lead. His board work is also the second best in the nation.

And, of course, Swagerty excels in the classroom, too, with a B-plus average as a history major.

Rick Adelman's 15 points led Loyola.

It was Joe Ellis' field goal with 28 seconds left which enabled USF to squeak by San Jose State 75-74.

Ellis led the Dons with 17 of his game high total of 23 scored in the second half. S. T. Saffold was high for San Jose State with 21.

At their home court at Moraga the St. Mary's Gaels, paced by sophomore forward Joe Callaghan with 24 points, eclipsed the Pepperdine Waves 104-88.

Three other Gaels scored in double figures as St. Mary's made a deadly 56 per cent of its field goals attempts. High for Pepperdine was Tandy Holmes with 26.

The story of the Santa Clara Broncos' 90-84 victory over the UC Santa Barbara Gauchos was guard Mike Gervasoni's 26 points and Bob Heaney's 21. Bronco forward Bob Stuckey snagged 16 rebounds.

High for the Gauchos, who trailed only 39-36 after the first half but crumbled at the start of the second period, was forward Russ Banko with 21 points.

LEXINGTON, Ky. (UPI) — Bold Ruler sired the winners of a record $967,814 in 1964. His son and daughters won 36 races with 17 seconds and six thirds. Bold Lad and Queen Empress accounted for more than half the total with Bold Lad winning $387,471 and Queen Empress earning $319,262.

Gridder Switches To Become Jockey

CHESTER, W. Va. (UPI) — Jockey Dave Kassen weighed 150 pounds when he played halfback on the offense and linebacker on the defense on his high school football team but he was down to 109 pounds when he won his first race at Waterford Park on Oct. 14, 1959.

Joe Campbell Winner Of Tucson Open

Continued from page 41

tion by Golf Digest as Rookie of the Year.

The 30-year-old, 200-pound Knoxville, Tenn., resient is a former national collegiate champ. He won the NCAA tourney in 1955 while playing at Purdue, where he also was a basketball standout.

Yesterday's victory was the first for Campbell since he captured the Baton Rouge Open in 1962. He won the Beaumont Open in 1961.

"I like this kind of course," said Campbell, of the unique Tucson National spread. "It's one of the few places where you can be a stroke off the pace, shoot a 70 and win. It's a real test of golf."

Defending champion Bob Charles of New Zealand had steady rounds of 71-71-71-70, but his 284 was far under his 271 score of last year.

Steve Oppermann of San Francisco scored the tourney's second hold in one and the ninth on the pro tour this year when he knocked in a 4-iron shot yesterday on the 185 yard 17th hole. There were just 11 aces all last year.

Beavers Edge Closer To First Title Since 1955

By this time next week Oregon State's Beavers should have clinched at least a tie for the Pacific Eight Conference basketball title and be in position to make it an outright grab in a pair of windup games with Oregon.

The Beavers, catching defending champion UCLA on their home grounds, whipped the Bruins, 64-51, last Friday and appeared a cinch to clinch a tie for the conference title Saturday against Southern California, but the hot and cold Trojans upended them, 70-60.

That means Oregon State can take a share of the title by beating Washington State in the conference's televised game Saturday afternoon and Washington next Monday.

The weekend action boosted Oregon State's conference record to 8-2 and left UCLA, which also bowed to Oregon on Saturday in a disastrous road trip, USC, Oregon and Stanford all tied for second with 6-4 marks.

All four teams tied for the runnerup spot have a mathematical chance for the crown but the Beavers have the edge at the moment and, barring a total collapse, should nail down their first conference crown since 1955.

Stanford crawled back into the race by beating Washington, 75-73, on Friday and Washington State, 80-61, on Saturday.

California moved out of the conference cellar and into a tie with Washington by beating the Huskies, 50-48, in a ball-control game.

UCLA, seeking its fifth straight conference title and the NCAA playoff berth that goes with it, plays California and Stanford this week with USC meeting the same two schools on opposite nights.

Oregon, like OSU, in action only once—against Washington on Saturday.

SPEED WEEK

Bowsher Snares 250-Mile Title

By F. T. MacFEELY

DAYTONA BEACH, Fla. (AP) — Talk about inflation — Ramo Stott stopped off to get a couple of gallons of gas at Dayton's International Speedyway yesterday, and it cost him $2,100.00.

Stott, from Keokuk, Iowa, had to settle for second place and $3,350 in the Automobile Racing Club of America 250-mile championship when his pit crew sent him onto the track with less than a full tank of gas in his 1965 Plymouth after his second pit stop.

He had to make a third stop and Jack Bowsher, Springfield, Ohio — who made only two pit stops — drove his 1966 Ford to the championship and a prize of $5,450.

Bowsher's speed was 164.053 miles an hour, the fastest 250 ever negotiated over the high-banked track. It beat the old ARCA record of 154.103 m.p.h set by Nelson Stacy in a 1964 Ford two years ago, and also topped the NASCAR 250-mile race record of 154.294, set by David Pearson July 4, 1961.

The NASCAR drivers take over the Speedway the rest of the way during Speed Week, which builds to a climax with Sunday's running of the Daytona 500.

MINOR PROBLEMS

Two minor problems cost Bowsher a little extra pit time — an adjustment to his wedge engine and transmission trouble. He spent a total of 65 seconds at a dead stop.

Stott had no mechanical delays; stopped only 27 seconds the first time and 15 seconds the second. But with eight laps to go and leading about 25 seconds, he saw the fuel pressure bubbling.

"When that bubbles, you know you don't have enough gas to go more than two laps," Stott said. "There was nothing to do but alert the pit crew the first time past and come in the next time."

Bowsher said he couldn't go at top speed because of his bad transmission but he coaxed 166 miles an hour out of his car on each of the last six laps and kept Stott from catching him.

There wasn't so much as a brush of fenders by the 33 contenders. The yellow caution flag was out for two laps when Phil Cronin of Houston, Tex., blew an engine, but it barely slowed the leaders as Cronin coasted into the pit.

Andy Hampton of Louisville, Ky., finished one lap back in third place in a 1965 Dodge and won $2,150. Ernie Derr of Keokuk, was fourth in a 1966 Dodge for $1,125. Shad Wheeler of Fredrickstown, Ohio was fifth in a 1964 ford for $800.

The next five in order were Ralph Latham, Cincinnati, 1964 Ford, $800; Jack Purcell, Louisville, 1965 Plymouth, $600; Mel Gillett, Howell, Mich., 1964 Mercury, $500; Sal Tovella, Chicago, 1964 Mercury, $500; and Keith Ploughe, Indianapolis, 1964 Ford, $500.

NASCAR late models run five-mile qualifying trials from today through Thursday. Modified and sportsman class stocks also will be timed for their 300-miler on Saturday.

The late models will compete in a pair of 100-mile races Friday and the Daytona 500 Sunday.

Richard Petty of Randleman, N.C., in a 1966 Plymouth, and Dick Hutcherson of Keokuk, in a 1966 Ford, already have the front row for the 500 as well as pole positions in the 100-milers. Petty set a qualifying record of 175.165m.p.h. last week.

Sportsmanship Award To Netter Drysdale

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Sacrificing A Trick Sometimes Necessary To Defeat A Contract

Behind every successful bridge player there stands a woman—making faces every time he plays a card.

And you should have seen the faces at the second trick in the hand shown today.

Opening lead — ♣ A

More by luck than by good management West hit on the opening lead of the ace of clubs.

When West saw the dummy he realized that the contract was surely unbeatable unless South was void of hearts.

ONLY ONE HOPE

Even in that case, the only hope was to get two or three diamond tricks—which could not be obtained if South could ruff a diamond in dummy.

Since there was only one way to defeat the contract, West took a deep breath and led the nine of trumps.

That's the play that started the face-making.

South won with the ten of spades and returned the king of diamonds.

West carefully refused the trick and won the next diamond with the nine.

He returned the king of spades, removing the last trump from the dummy.

South had to give up two more diamond tricks and was down one.

ONLY LEAD

Any lead but a trump at the second trick would give South time to ruff a diamond in dummy.

Then he could discard a diamond on a top heart, thus easily making the contract.

It was equally important for West to refuse the first diamond trick.

If he took the ace of diamonds at once and returned a trump, South would win and lead out all of the trumps.

West would have to save three diamonds and a club, whereupon South would cash the queen of clubs and lead the low diamond.

West could step up with the nine of diamonds, but would then have to give South the last two tricks by leading up to the queen-ten of diamonds.

Great Lakes Waters Reaching High Level

DETROIT (AP) — Ships are riding high on the Great Lakes, and there's a reason according to the U.S. Army Corps of Engineers.

The corps said water levels on the lakes are up—from a few inches to a couple of feet—compared with a year ago.

ALMANAC

Today is Monday, Feb. 21, the 52nd day of 1966 with 313 to follow.

The moon is between its new phase and first quarter; the morning star is Venus; the evening star is Jupiter.

English poet and cardinal of the Roman Catholic Church, John Henry Newman, was born on this day in 1801.

On this day in history:

In 1848, Congressman John Quincy Adams, former President, collapsed on the floor of the House of Representatives. He died two days later.

In 1868, President Andrew Johnson ordered Secretary of War Edwin Stanton to vacate his office in the climax of a bitter feud.

In 1885, the Washington Monument was dedicated after 37 years of construction.

In 1963, 250 persons were killed when an earthquake rocked northeast Libya.

A Thought for the Day — President Theodore Roosevelt said: "No man is justified in doing evil on the ground of expediency."

Stock Market Down Sharply At Close

NEW YORK (AP)—The stock market was down sharply at the close today.

Weakness in some blue chips gave the list a bad example. Buyers tended to back away from new commitments. Profit taking on long-term gains was prominent.

Volume for the day was estimated at 8.3 million shares compared with 8.49 million Friday.

Leading chemicals, aerospace issues and some of the outstanding merger candidates among rails were hit for losses running from 1 to 3 points or so.

Wall Street was in an uncertain mood as a result of the latest proposals in the Viet Nam policy debate, the rising spread between yields of stock and bonds and last week's sharp loss in the stock market.

Down about 3 were Eastman Kodak, Boeing, Zenith, Douglas Aircraft, Cyprus Mines, Fairchild Camera and Occidental Petroleum.

Losses of around 2 points were shown by Union Carbide, Southern Railway and Litton Industries. Down about a point were Chrysler, United Aircraft, New York Central, General Electric, Xerox, High Voltage Engineering, United Air Lines and Pan American World Airways.

Kennecott halved a 10-point rise on response to its stock split news. Anaconda trimmed a point from a 2-point advance.

American & Foreign Power, unchanged, looked like the volume leader on the basis of blocks of 120,000 and 34,000 shares.

Chicago & North Western was up about 3 and its preferred 4. Kinney Services spurted about 2. Ahead about a point were U.S. Smelting, Metro-Goldwyn-Mayer, Collins Radio, Fansteel and Consolidated Foods.

Corporate and U.S. Treasury bonds were mostly unchanged.

Stauffer Sets Sales, Earnings Record

NEW YORK—Stauffer Chemical Co. has reported that both its sales and earnings in 1965 rose to record high levels.

In its preliminary earnings statement the company reported sales totaled $326 million, a gain of 17 per cent over 1964, and net income was $29,855,000 or $3.13 per common share, a gain of 25 per cent over the 1964 net income of $23,911,000 or $2.51 per common share.

Loan Concepts Changing, Says Top Appraiser

SAN FRANCISCO — Old time bankers would cringe at current loans, Willis Holtum stated recently before a joint meeting of the American Institute of Real Estate Appraisers and Mortgage Bankers members.

Holtum, one of three promnnent members of the appraisers institute, who spoke on new developments in valuation and lending, said today's mortgage business is not a streamlined version of the old business.

Instead, it is an entirely new business brought about by new lending ideas such as long term leases, long term amortization, percentage leases, changes in FHA requirements and 25-30 year home loans.

And in the next 20 years, he predicted, will bring more drastic changes with the development of ideas such as condominiums and cluster housing concepts.

Another speaker, Lloyd Hanford Jr., said that current appraisal techniques sometimes fail to consider the importance of financing and tax benefits on value.

The equity value and equity yield, according to Hanford, in this market are more important to investor purchasers than costs, gross income and other traditional considerations.

Holiday

There will be no market listings in tomorrow's Independent-Journal because the markets will be closed due to Washington's Birthday, a holiday.

INCOME TAX FACTS

Retirement Income Credit Available

By PETER J. WIKEL, C.P.A.

If you are retired or are over 65, the retirement income credit may reduce your tax bill.

You must meet certain tests to be eligible for the credit. First, you must have some retirement income. If you are under 65, retirement income includes only a pension or annuity you receive from a public retirement system, such as a pension from the U.S. government, a state or local government, etc. If you are over 65, retirement income includes the above plus other pensions, annuities, dividends, interest and gross rents included in your taxable income.

P. J. Wikel

To be eligible for the retirement income credit, you must have earned at least $600 in each of any 10 years of your life. A married couple, only one of whom qualifies as having earned at least $600 in each of any 10 years may now qualify for special treatment.

If you are married, both at least 65 years old and you file a joint return, then if either one of you meets the requirement of having earned at least $600 in each of any 10 years of your life, than the other one will be considered to have met the test and both will be considered to have retirement income.

However, this retirement income cannot exceed $2,286 for both and is computed in the special section of your tax return Form 1040, Schedule B, Page 2, Part V—B alternative computation.

If both taxpayers meet the earned income test and qualify for the credit, the credits are computed separately for each, and combined on a joint return.

Since California is a community property state and one-half of all income earned by one spouse is attributed to the other, most married couples who have lived here for over 10 years will meet the test.

You compute your retirement income credit on Schedule B, Page 2, of Form 1040. The total credit for which you are eligible is reduced by any tax free pensions you receive from Social Security or Railroad Retirement, and certain other exclusions from gross income. Also, the credit you get may be reduced by any income you are presently earning over certain limits shown on Schedule B which you must fill out in preparing your tax return.

You are not eligible for the retirement income credit if you file on Form 1040A, or if you are a non-resident alien, or if you receive Social Security of $1,524 or more, or if you have earned income over $2,974. However, if you are over 72 years old, you can earn any amount and still be eligible for the retirement income credit.

Howard Motors In New Quarters; Robindale Interiors Opens Doors

Rapidly growing firm is **Howard Motors**, which recently moved its San Rafael showrooms from 138 Jacoby Street to 281 Jacoby, giving it twice as much space.

The additional room is needed, since Howard has taken on the **Suzuki** line of Japanese motorcycles in addition to the scooters, golf carts and industrial cars it has been handling up to now. But more expansion plans are contemplated.

Bart Howard opened the business in San Rafael about 18 months ago, a few months later opened a branch in Palo Alto, and subsequently in San Francisco—now the headquarters. Projected for this year are a second store in San Francisco and another in Walnut Creek—which is expected to make Howard the largest motorcyle dealer in Northern California, measured by number of salesrooms. The firm also plans on entering the rental field in motorcycles.

Extra capitalization for the company provided by **Harry Mohler** of Sausalito and other associates has stepped up the expansion tempo. Mohler is now chairman of the board.

NEW BUSINESS opened in San Anselmo is **Robindale Interiors**, specializing in custom draperies, upholstery and furniture for the residential and commercial trade.

Proprietor **Rob Rogers** has been freelancing in interior designs in the Bay Area for the past 16 years. Now living in San Francisco, he is a former Marin resident and expects to make his home again on this side of the bay.

Rogers has opened at 364 San Anselmo Avenue, but says he has several important new collections not expected until sometime in March.

THERE WILL BE a new home for **Mon Tresor**, women's wear and gift and jewelry shop of **Mrs. Florida Even**, former member of the French underground, not far away from its present location in the Albert Arcade Building, San Rafael.

Mrs. Even will occupy 915 Lootens Place, former quarters of **Marin County Office Equipment Co.** before this firm moved into its own building across the street. Removal about the first of March.

San Rafael Federal Savings and Loan Assn. is enlarging its offices at the entrance of the arcade and will pick up the Mon Tresor space when it is vacated.

GIULIO BOERI of Larkspur, general credit manager of the **Borden Co., Western Division**, is the newly elected president of the Retail Credit Managers of San Francisco. He succeeds Donnell V. Davis, regional mananger of J. C. Penney Co. Boeri has served on the Larkspur Park and Recreation Commission and is active in a number of credit organizations.

Boeri Johnston

MILBURN JOHNSTON of San Anselmo, vice president of **Campbell-Ewald Co.**, has been in Detroit for several days celebrating his 40th anniversary with the company.

This has been "old home week" for Johnston, who is a native of Detroit and started his career with the advertising agency there as an office boy. He later became an account executive and member of the planning board of the New York office before his transfer to San Francisco about 20 years ago. Johnston became head of the Chevrolet account in 1948 and subsequently was elected a vice president.

PAUL HALULA of Greenbrae, head of **American Universal Driving School**, San Francisco has broken into three new fields of driver training: Teaching handicapped people to drive using hand controls, working with the State Department of Rehabilitation; teaching men to drive trucks and buses for major corporations; and training young girls at San Domenico School in Sleepy Hollow to drive, with both classroom study and practice.

HOWARD E. TAYLOR of San Rafael has been appointed a registered representative with **Waddell and Reed, Inc.**, national distributor of the United Funds group of mutual funds. For the past 20 years he has been art director for Ted Bates and Co., New York.

Cost Of Being Legislator Forcing Members To Quit

The heavy workload in the state Legislature is making more untenable the position of the dedicated citizen-legislator, who attempts to tend to his own profession at home while giving his constituents full and fair representation in Sacramento.

The time is fast approaching when a decision must be made on whether legislators will be recognized more as full time representatives (with commenturate salaries) rather than as part-time workers who are expected to earn a major portion of their livelihood in other occupations.

Many citizen-legislators are being forced to choose between holding two part-time jobs, with justice to neither, or giving up the legislative post and concentrating on their regular professions.

In many instances, that choice is resulting in a big loss to the Legislature

Two striking examples this year are the resignations of assemblymen Charles B. Garrigus, D-Reedley, and Houston I. Flournoy, R-Claremont. Both are college professors by occupation.

Garrigus is now serving his fourth year as chairman of the Assembly Education Committee. Flournoy is considered the only Republican in the Assembly who has complete knowledge of school finance.

Assemblyman Leo J. Ryan, D-San Mateo, puts it this way:

"I think his (Flournoy's) loss for the present time is irreplaceable. Further, since education consumes more than half of the state's budget, it seems that his loss can only be viewed by responsible people as a loss to the people of the entire state.

"In the case of Assemblyman Garrigus, our problem is the same . . . His resignation would be a matter of some grave concern because of his experience and his ability . . ."

In most cases, the pay for legislators ($500 per month plus certain other benefits) becomes the deciding factor. In theory, the honor of serving in the Legislature and the sense of performing a civic service might compensate for the small pittance they receive as regular salary.

But honor and civic service alone cannot feed the legislators' families.

Many lawmakers who feel the financial pinch take advantage of interim committee work, which pays $25 a day expenses plus 15 cents a mile for travel, regardless of actual cost. The longer the legislative junket, and more frequently they are taken, the better off financially the legislators would be.

It's human nature that legislators would want to supplement basic salary with mileage and per diem pay.

For a professional who has a rewarding civilian occupation, there is little inducement to forsake that occupation to serve for long in the Legislature.

A thorough review of the role of the state legislator is due.

Is the workload such that lawmaking should be considered a full-time, year round job? If so, the basic state salary should be raised substantially so that legislators will not have to depend heavily on private income.

At the same time, the present fringe benefits such as the 15-cent-per-mile travel pay should be toned down.

The need for legislators to make a mad scramble for committee assignments and for long junkets does no credit to the lawmakers, who are forced to engage in that scramble or quit the capitol.

AFFAIRS OF STATE

Legislative Analyst Is A Kind Of State Efficiency Expert

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Closest thing the state of California has to an efficiency expert is the office of A. Alan Post, the legislative analyst who annually submits to the legislature a resume of the governor's budget. This resume contains recommendations for budget deletions, designed to make the cost of government less to the taxpayer.

This year, Post has come up with recommendations for a total of $67,703,128 in the expenditure document submitted by Governor Brown. The budget was described by the governor as "lean and hard."

OF THE RECOMMENDED reduction, nearly $30 million is in the state's general fund, which supports the various state agencies operating out of the $4.6 billion dollars the governor wants for the 1966-67 fiscal year.

Remainder of the reduction is in capital outlay bond funds, including the state construction bond program and the state beach, park, recreational and historical facilities bond fund. Post says these items do not belong in the operations budget anyhow.

Primarily, the legislative auditor's recommendations for budget reduction deal not with policy matters, but the hard-core, day-by-day administration and expenditure of public funds. His observations are not based on the question of whether the state should or should not embark on new programs of expenditure or increase current program, but whether the current programs are being administered within the purview of sound business practices.

HAPHAZARD OPERATION also is a target of the analyst. For instance, the governor's office made a big thing out of the purchase of Sugar Pine Point at Lake Tahoe for a state park, as well as Point Mugu on the coast. Subsequently, $4,502,100 was requested for development.

"In neither case," says Post, "has there been an adequate preliminary plan or master plan of use and development for the whole area which we consider absolutely essential before any permanent development is put into construction. On this basis, we recommend disapproval of these two projects."

Thus, in this particular instance, Post is making recommendations for solid development for many years to come, rather than the exploiting of projects for immediate political purposes.

He says that despite steps taken in each of the last three sessions of the legislature to advance collection of revenues and thereby forestall imposition of major tax increases, the governor's budget this year will require $143 million in added taxes, or the alternative of equivalent reductions in expenditures.

POST ALSO points to the growing costs of bond servicing under the Brown administration. Cost of servicing the state's general fund bonds during the 1957-58 fiscal year amounted to $12.5 million.

Estimated for 1966-67 fiscal year is a $102.5 expenditure for this purposes, more than half of which will be for payment of interest on the various bond issues.

The heavy bond obligations of California increase interest costs about $6 million on an issue of $100 million with a 25-year maturity, all of which must be paid by the taxpayer.

THE CYNIC'S CORNER By Interlandi

"Unofficially you've got to approach Viet Nam with an historian's perspective, a cynic's pessimism and a deity's detachment!"

20 YEARS AGO

Three persons were killed and 16 injured in one of the worst accidents in Marin history when a southbound Greyhound bus and a car crashed on Highway 101, just north of the Corte Madera interchange.

Sheriff Walter B. Sellmer was authorized by Judge Edward I. Butler to assign prisoners to a county labor camp at Stinson Beach on property owned by the Coast Guard.

Parks May Spell Coast Disaster

Editor, Independent-Journal:

Mr. Tom Storer and all the Redwood Empire State Park lovers, are losing sight of the fact that if all this land on the coast of Mendocino, Humbolt and Del Norte counties go to state parks, it will create a disaster to the economy of these areas.

The people of these counties have families and make their living in the woods and lumber industries that build a lot of our lovely homes in the Bay Area. The counties would lose taxes from that land. It will affect merchants, railroad trucking — everything in general except the tourist that uses these parks about four months of the year for vacation and recreation.

While many hundreds of families with children are wondering about looking for employment, Lord knows we have enough unemployment now in the Redwood Empire without adding more.

Senator Dirksen Has Right Idea

Editor, Independent-Journal:

Some of your readers may not be aware of the Committee for Government of the People (733 15th St. NW, Wash., D.C.) chairmanned by Sen. Everett Dirksen of Illinois. The purpose of this nationwide nonpartisan committee is to educate the nation to the merits of the Dirksen reapportionment amendment which would reverse previous decisions of the Supreme Court and permit one house in each state legislature to be elected on factors other than population alone.

I agree with Sen. Dirksen that our republic is facing a grave constitutional crisis. Understandably the senator sees a dark picture for the future should his proposed constitutional amendment fail:—"control of our states surely will be vested in the hands of the selfish few who can control the greatest cities, be they party functionaries, labor leaders or other self-servers who are in no way responsible to the will of the people."

If the Supreme Court decision on reapportionment should prevail, Sen. Dirksen aptly warns that there will be no option by the people to correct abuses by political and big city labor leaders who in the end "—will control apportionment of congressional districts, the selection of delegates to our national political conventions, the exercise of election laws themselves, appointments by governors respectful of concentrated power, the functions of regulatory agencies and the whole spectrum of state legislation, including taxation, welfare, banking, interest rates, labor law, housing, education, transportation and highways, marketing, utilities, water, air pollution, construction, public ownership and a host of other subjects influencing every business, every farm, every jobholder and wage earner in this country."

Pretty bleak! A new vote comes up in March. Write to Rep. Don Clausen, House Bldg. and Senators Thos. Kuchel and George Murphy, Senate Bldg., Washington, D. C. Express yourself in behalf of Sen Dirksen's constitutional amendment to preserve our republic.

Army Projects Need Review

Editor, Independent-Journal:

The article by Bruce Coleman covering William A. Hamilton's talk on the 30-acre pond for Mill Valley, Feb. 9, stated the corps of engineers spurned the Dutch dike idea.

Federal agencies lack the imagination necessary to plan water resources projects in the local environment.

No alternative should be spurned in community planning.

Individual local communities should hire competent consulting engineering firms to review all federal government proposals for construction within their areas to assure all the alternatives have been considered.

For the same reason, all the major projects proposed by the U.S. Army Engineer District, San Francisco, Corps of Engineers for the development of the water resources in the north coastal region of California should be reviewed by independent and competent consulting engineering firms hired by groups of local interests who have to live with the projects.

War Futile, Horrible

Editor, Independent-Journal:

For a long time I have felt convinced that the U.S. should never have become involved in Viet Nam . . . I have been confused as to why we are there. Why should the President (a man who has never understood foreign policy), instead of the elected representatives of all the people, be allowed to plunge us into this horrible war in which our finest young men are being slaughtered or horribly mutilated—many being returned home limbless or blind or crippled for life? . . .

Our President glibly yet vaguely speaks of commitments and honor—as he sends our young men forth to be returned in coffins and families are left without sons or husbands and little children grow up fatherless. President Johnson and his cohorts considered winning an election more important than obtaining peace when there was an opportunity to try to do so. . .

I firmly believe that the majority of people in this country do not favor this war . . .We are destroying not only our own young men and the communists but also the South Vietnamese, while communism is protected and flourishes in our own country.

Let us clean our own house before we strive to run the rest of the world. And let us insist that our government stop playing politics at the expense of our fighting men, as they pour billions into handouts and less important, often useless, programs instead of expending every effort and every cent on doing everything possible for the safety and welfare and comfort of these young men whether it be on the battlefield or in hospitals or for their families. . .

And let us not tolerate strikes in vital areas or those who try to profit from this great tragedy.

Our young men will not have died in vain if our people can at last realize the horribleness and futility of war. . .and get back to the principles of decency and honesty and a belief and trust in God.

TRY AND STOP ME

BENNETT CERF

TOM PATTERSON tells about two earnest lads engaged in discussing the facts of life. One had just been getting an earful about the birds and bees from his father, so he took the floor. "It's like this," he began. "Your folks send out a radio appeal for a boy or a girl. Angels put the baby in a rocket ship and aim it at the nearest hospital. Five minutes after the blastoff, it's in your mother's arms."

"Is that really what your father told you?" wondered the boy's little friend.

"Not exactly," admitted the boy, "but if I told it his way, you'd never believe it!"

"YOU CONSIDER yourself a kind father," pouted a Williams sophomore. "Four times I wrote you for money to attend a rock 'n' roll festival in California, and four times you ignored me. What sort of kindness do you call that?" The father—a Williams graduate himself — answered happily, "Unremitting kindness."

OBSERVATIONS by Colonel Duffy:

Debate Statements On Viet Nam Sorted From Misstatements

WASHINGTON—It is all to the good to debate the administration's purposes and policies in Viet Nam.

But such debate brings some loose statements and misstatements which pass each other on the front pages and never seem to meet. They need to be sorted out to see where we all stand.

The central theme of the critics is that the United States is committed to a policy which leads to bringing Red China into the conflict.

THESE WERE the views expounded before the Fullbright hearings principally by former Ambassador George F. Kennan and retired Lt. Gen. James Gavin. At this point President Johnson countered by saying that he failed "to see a great deal of difference" between the Kennan-Gavin views and what the government is doing. The retort to that soft answer was not long in coming. It was that the President was so sorely defeated in the argument that, being unable "to debate with them," he had to say he "agreed with them."

Obviously Johnson did not in this instance add much to the debate. What is needed is to see where the administration agrees with the Kennan-Gavin thesis.

They agree at several points: the U.S. has a vital stake in the peace and freedom of Southeast Asia, should not quit fighting, should not pull out of Viet Nam.

They disagree on strategy. The Kennan-Gavin view is that we ought to stay closer to safe enclaves, quit trying to find and destroy the Viet Cong, and hang on until the Communists agree to negotiate.

HERE YOU HAVE your choice as to which strategy is more desirable: for the U.S. and South Vietnamese forces to take the war to the enemy or to let the enemy occupy more of the country and take the war to us.

But whichever side of this coin you prefer, there remains a crucial difference between the administration and the critics.

Are we involved in an "unlimited war" in Viet Nam which can only lead to Peking's entering it?

The President's position is that we are not conducting an "unlimited war" and that events, even more than argument, prove it. It is shown in the fact that the U.S. is not using its vast power to attack the North Vietnamese people, is not trying to bring down the Hanoi government but to bring it to the peace table, and is keeping a careful check-rein on the bombing.

WHY AREN'T these facts conclusive? To many they are, but some critics still contend that, while we may not be "conducting" unlimited war, we are "committed" to it because of our goal to secure self-determination for the people of South Viet Nam by ending the aggression one way or another.

In judging this argument, which is central, I think you have to find against the critics. They offer no proof that we are committee to "unlimited war." We are conducting a limited war for a limited objective—to secure for the people of South Viet Nam the right to choose their own form of government.

This may well mean a long war, as General Wheeler, chairman of the Joint Chiefs of Staff, has frankly said. But its purpose is to win our objective in a way that will not put us at war with Red China.

INSIDE WASHINGTON

Drastic Cuts Seen In Education Funds

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — President Johnson's proposed extension of "Great Society" education programs into the foreign field turns out to be based largely on drastic cuts in major school programs in the U.S.

Most adversely affected by these carefully-unmentioned domestic curtailments would be the children of servicemen and Negroes. They would suffer seriously reduced educational opportunities — fewer teachers, courses, books and other equipment — while considerably increased educational benefits would be made available to foreign students.

IN THE PRESIDENT'S recent special message to Congress, he outlined a grandiose "international education" program to be run jointly by three agencies — Department of Health, Education and Welfare, State Department and the Agency for International Development (foreign aid). Foremost among the envisioned projects were:

Greatly expanded international exchange of teachers, students and equipment, with special emphasis on bringing foreign teachers into various aspects of the antipoverty program. Also, federally-conducted seminars designed to attract "future foreign leaders," and educational research and demonstration projects in underdeveloped nations.

Significantly, the President put no price tag on this sonorously proclaimed plan. But a tell-tale clue of its possible cost is to be found in the new budget he submitted to Congress. There, aid for foreign education is listed at around $280 million—an increase of approximately $150 million over this year.

IN CONTRAST, three top domestic education programs are cut $178.2 million, as follows:

$163.6 million slashed from funds for elementry and secondary schools in "impacted" areas which result from military and other federal installations and plants.

$11.9 million in the decades-old aid to 68 land-grant colleges and universities.

$2.7 million in grants for vocational education in secondary schools.

Democrats as well as Republicans are indignantly critical. There is every indication the President faces a bitter fight, and that strenuous efforts will be made in the House and Senate to restore the axed educational funds.

Illustrative of this powerful bipartisan opposition is the following:

Sen. Robert Kennedy, D-N.Y., in a New York speech caustically declared that one immediate effect of the educational slashes would be to "send more Negroes to Viet Nam."

"IT IS PROPOSED to cut aid to education," he pointed out, "just as the draft is calling up more young men unable to continue their school work."

Rep. Albert Quie, Minn., ranking Republican on the House Education Committee, is determined to leave no stone unturned to restore the reduced funds. "The land-grant college program," he noted, "has been a model of federal-state aid for nearly a century. To reduce it at this time when more young Americans than ever before are seeking an education is downright unconscionable."

Sen. Frank Moss, D-Utah, ardent champion of education, voiced particular criticism of the proposed slash in funds for "impacted" areas.

"I didn't fight for federal aid to education last year," he said, "to see the administration whittle these funds down in the new budget. Why in my state alone, aid for impacted areas would be cut to $1.7 million from $4.7 million. That would directly hit thousands of young school children."

Office of education officials say privately that schools in every section of the country will suffer as a result of the administration's fund axing.

I-J REPORTER'S NOTEBOOK

By ROBERT M. COPPOCK

Breadmakers (Not Bakers) Are Known For Making Fine Signs

Rick Lyttle had the flu, and so, after being away for more than a year, this reporter came back to Franklloydwrightland, that happy institution in Santa Venetia, for a day or so.

It's strange how the customs of the residents, taken for granted before, now seem odd. Let us take, for example, the odd custom of the hand-lettered sign, or rather the sign that wasn't hand-lettered.

It seems the inmates of the county schools office, who get more bread than anybody else, invited their friends from around the state to a special meeting in Marin.

THE GROUP was too big for any one room, but was split up according to interests. Bright and early in the day signs were posted—with neat letters pasted on cardboard in the style of the best audio-visual aid, telling where the different groups would meet.

Now signs are a pretty touchy subject anywhere in Marin, but these signs actually showed that the schools office inmates had less status in Franklloydwrightland than other residents.

The whole thing is very subtle, and it would take years of training in anthropology, or a couple of days of walking around the building, to understand.

If the schools people, in spite of getting more bread, had really been on the top of the heap, they would have just put up sloppily hand-lettered signs. Maybe they would not have bothered with signs at all, letting visitors wander around asking strangers for directions.

THE WHOLE MATTER was carefully considered in the coffee shop. (School people usually stay out of the coffee shop, but don't seem to understand that their status is harmed thereby, but that's another chapter.)

The school people are like Avis Rent-A-Car. They are trying harder, and that explains the signs.

Everybody else shrugs off the idea of making pretty signs because they are too busy with much more important matters, like making the tapes go around in the IBM machine or making a Xerox copy of a Xerox copy.

Unfortunately, except when the board of supervisors happens to drop by and notice the schools office, most of the people there are unconscious to the whole problem of status. Every so often the board does take a swat at schools, just to remind them of their place.

BUT THE SCHOOLS people forget and forgive each month when they see how much bread they have been given, for they dearly love bread.

And as long as the status custom and making signs remain harmless and cost no money, everyone lets them continue. They give people something to think about during the long dull days. They might even be therapeutic.

Cadets Dismissed

WASHINGTON (UPI) —Rep. Byron G. Rogers, D-Colo., disclosed yesterday that several cadets have been dismissed recently from the Air Force Academy for Honor Code violations. He said an investigation will be made to see if there was a recurrence of last year's cheating scandal, the largest in U.S. service academy history.

Housewife Opinionmaker Will Miss Televised Senate Hearings

WASHINGTON — John Schneider, the new president of CBS, was quoted as saying the other day that one of the reasons he had cancelled some of the daytime live Senate hearings was that the "opinion makers in the United States did not watch daytime television."

I don't know who the opinion makers in Schneider's family is, but in my house it happens to be my wife, and she has been watching the hearings faithfully. If it's true in other homes, the American housewife may be the best informed person on Viet Nam in the country.

THE OTHER DAY I came home from the office and said casually "What's new?"

"George Kennan made a very interesting case against our present containment policy."

"Oh," I said, "that's nice."

"He differed in some respects from General Gavin on the enclave policies, but he has come out for courageous liquidation of unsound positions rather than stubborn pursuit of extravagant or uncompromising objectives."

"That's fine," I said. "What's for dinner?"

"I didn't have time to get dinner because I got entranced listening to Senator Fulbright, who feels that our present policy could get us entangled with Communist China, which would lead to a ground war that nobobdy wants."

"LOOK, I'M TIRED," I said. "What did the kids do today?"

"I have no idea. They came in just when Senator Morse started praising Kennan for his forthright position. Morse also praised Gavin, but he wasn't very nice to David Bell."

"Who's David Bell?" I asked.

"He's the head of AID, and he was the Senate Foreign Relations Committee's first witness. He has a nice face."

"Did the plumber come?" I asked.

"I HAVE NO IDEA. Bell was interested about the social and economic gains that had to be made in South Viet Nam, if we ever hoped to win over the people, and he's asking for an extra $500 million to continue the work. I think we ought to give it to him."

"That's good. When is dinner going to be served?"

"Don't you want to know what I think of the dangers of an open-end escalation policy?"

"I hadn't given it much thought," I said.

"Well, the real danger of escalation is that, no matter how many men we put in, Hanoi will put in a number equal to it in ratio. Therefore, we can never hope to win by escalation. On the other hand, if we pulled out, and both Gavin and Kennan seem to agree on this, the South Vietmanese government wouldn't last a week. We've got to find a solution which will bring neither victory nor defeat, but will guarantee freedom on our terms rather than those of the Communists."

"IT SOUNDS complicated," I said.

"Oh, it is. I spoke to Marjabelle Young and she says she's not happy with our options there."

"Who is? Now, can I eat?"

"In a minute. I just want to see what Eric Sevareid has to say."

The phone rang and my wife picked it up.

"Oh, Kathy, I'm so glad you called. I was going to phone you. I know, but don't forget we still have to hear from Maxwell Taylor and Dean Rusk. I'm keeping an open mind on it until then. Well, really, Kathy, how can you say it's possible to have a blockade without an open declaration of war . . . I know, but Ky's policies are not consistent with ours. . . . Can I call you back? My husband is screaming for his dinner. Yours, too? . . . You would think they'd take a slight interest in what was going on in the world."

WRECKAGE OF DEATH

Flames and smoke rise from the wreckage caused when an auto-transport truck and a tanker truck collided in dense fog today on Highway 101 north of Oceanside in San Diego County. The chain reaction crash at 6:20 a.m. snarled traffic and killed five persons. At 7:40 a.m. 15 miles north near San Juan Capistrano a tanker truck and a butane truck collided, and the latter truck burned but the fire was put out. Five were injured. Five thousands cars were tied up for hours. Both accidents occurred in the northbound lanes of Highway 101.

Kennedy Plan For Coalition Opposed By Administration

Bombing Line Set In North

COMBINED AP AND UPI

NEW YORK — President Johnson has banned bombing raids by U.S. planes against most of the northern half of North Viet Nam, Newsweek magazine reported today.

In its current issue, Newsweek said the presidential order, which has not been officially announced, has been effect since the United States resumed systematic bambing of North Viet Nam on Feb. 1.

Newsweek said the President has ordered the restrictions because he is determined not to provoke Red China into the war by a policy of unlimited escalation and he has been advised that the main supply link beteen Red China and Hanoi, the KunmingAhanoi railroad, is studded with hundreds of anti-aircraft batteries and would be an extremely hazardous target for United States bombing planes.

The ban forbids U. S. bombers from crossing a stairstep line running just north of the 20th parallel. This provides a sanctuary for most of the north's strategically important railroad lines power complexes, factories and fuel depots, the magazine said.

37-DAY LULL

Before the 37-day lull in bombing North Viet Nam began on Christmas Eve, U. S. bombers ranged over most of the north, with the exception of a 30-mile circle around Hanoi, a 10-mile sanctuary around the port of Haiphong and a 25-mile "safety corridor" along the Red Chinese border.

U.S. military spokesmen in Saigon today reported heavy bombing of targets during 352 fighter and bomber sorties yesterday in Communist North Viet Nam.

Five Americans were killed and 12 injured in the collision of two Army UH-1B "Huey" helicopters near Saigon.

HEAVY ATTACKS

Viet Cong guerrillas meanwhile have unleased heavy mortar attacks against widely scattered American and South Vietnamese targets throughout the South in the last to days. Only light casualties were reported in nine separate mortar barrages reported today.

U.S. Army 1st Cavalry Division troops participating in operation White Wing-Masher 300 miles northeast of Saigon reported another 34 Viet Cong killed in fierce hand-to-hand combat.

Humphrey, Ky Hit Cong Plan

COMBINED AP AND UPI

MANILA — Vice President Hubert H. Humphrey said today inclusion of the Communist Viet Cong in a South Vietnamese coalition government would be "like having a fox in the chicken coop" or "an arsonist in the fire department."

Humphrey dismissed a proposal by by Sen. Robert F. Kennedy, D, N. Y..that a coalition government —including Communists — could bring an end to the Viet Nam hostilities.

"I do not believe we should write a prescription for Viet Nam which includes a dose of arsenic," the vice president told an impromptu news conference before departing from New Zealand for Manila.

Humphrey has visited more than half a dozen Pacific and Asian nations, including South Viet Nam, on his tour but he showed few signs of fatigue as he embarked for the Philippines.

KY SNAPS

South Viet Nam Prime Minister Nguyen Cao Ky, queried about Kennedy's suggestion, in Saigon, snapped:

"The so-called National Liberation Front does not liberate anybody. They killed 11,000 of our troops last year and 22,000 of the innocent people in the countrysides. They murdered them.

"They are 1,000 per cent Communist and they are illegal," the prime minister added, "so let's not talk about the National Liberation Front any more."

'SHARE OF POWER'

Kennedy suggested Saturday that the National Liberation Front, the political arm of the Viet Cong, must be brought to the bargaining table. To "admit them to a share of power and responsibility," the New York Democrat said, "is at the heart of a negotiated settlement."

McGeorge Bundy, special assistant to President Johnson for security affairs and an old Kennedy family friend, disagreed.

Appearing yesterday on NBC's radio-television program "Meet the Press," Bundy said he did not want to comment directly on the proposals, but then added:

"I can say that the administration does not take the view that admitting the Communists to a share of the power and responsibility would be a useful or helpful step — one that would really lead to peace.

"I think our view is rather that what is needed is a sufficient degree of peace in that country and of absence of subversion and terror so there can be reasonable expression of the

Manila Riots Precede Visit By Humphrey

MANILA (AP) — Vice President Hubert H. Humphrey arrived tonight to discuss American Viet Nam policies in the Philippine capital were demonstrators shouting "Humphrey go home" besieged the U.S. Embassy only a few hours before.

Humphrey in an airport statement said he would talk to President Ferdinand E. Marcos tomorrow on the Viet Nam situation.

Humphrey arrived from New Zealand as the Philippine Congress began debates on Marocs' proposal to send a 2,000-man combat engineer unit to Viet Nam.

This was the proposal which drove demonstrators into the streets. About 1,000 of them marched from the presidential palace to Congress and then to the U.S. Embassy.

The demonstrations by students, civil servants and farmers were called to oppose a $4

Racing Crew Safe After Bay Collision

A tug and oil barge came out of the fog yesterday afternoon in San Pablo Bay and collided with a sailboat participating in a race of members of the Loch Lomond Yacht Club, San Rafael.

The 25-foot sailboat sank, but the two men aboard, both from San Rafael, were picked up by the tug, uninjured.

Sailboat owner Dr. William E. Malin of 25 Glenaire Drive, one of the men on board, said the tug was not using foghorns and was on automatic pilot. Malin's crewman, William E. Hampton of 153 DuBois Street, told the Coast Guard there was about a half mile visibility.

The Coast Guard received the call reporting the accident at 1:34 p.m. yesterday from the tug, the Meridian, which was pushing a large oil barge. The tug is owned by the Harbor Tug

Few In Marin Are Expected To Escape From Influenza

Few people in Marin can expect to escape the influenza epidemic which is expected to continue to sweep the county for another two weeks.

"Probably only those who have had shots, or are immune because they've had influenza in the last year or so, can avoid it," Asst. County Health Officer Marilyn Hicks said today.

The worst statewide outbreak of the Asian-type virus since 1957 appears to have hit Marin later than other counties, according to Dr. Hicks. She said, "We can't be sure, but it should be over within two or three weeks."

The health officer pointed out that although the disease causes severe stomach upset and headaches, it is serious only for chronic respiratory and heart cases.

"The real danger," Dr. Hicks said, "is for those who neglect themselves when they get influenza and then suffer a secondary infection like pneumonia."

No death from the flu has been reported in Marin County, but two deaths in Alameda County are being investigated by the coroner there. Early autopsy reports indicated "respiratory changes."

Dr. Hicks noted that the disease first struck young people in the county and is now working its way through the adult population.

All schools in the county which had originally been scheduled to hold classes today were closed till Wednesday on account of the outbreak that knocked out 59 per cent of the students at Tomales High School Friday. All schools had reported absences running way above normal during last week.

Dr. Hicks said: "After talking to a great many pediatricians, I have the impression most of the small children in

'Technical Error' In Homestead

By RICHARD LYTTLE

A "technical error" in payments to Gus Wolf, secretary for the Homestead Sanitary District, was brought to light today in a report by the county auditor-controller.

Director Wolf received $100 in fiscal 1965 for director's fees and $1,050 for field and office expenses as district secretary.

According to Asst. County Counsel Richard V. Godino, a director of a sanitary district can serve as secretary, but his pay as secretary must be in lieu of pay as a director.

Godino, however, called the Wolf case a "technical error" under the state health and safety code. He said the directors can pay the secretary any sum they decide upon, and the $10 per meeting that Wolf received as a director could be considered part of his pay as secretary.

County Auditor - Controller Michael Mitchell began looking into the case after George W. Blackwell, former Mill Valley

Streets Agreement End Being Fought

A proposal to discontinue the five-year urban thoroughfare agreement under which cities and Marin County have shared in the cost of improving some city streets brought strong opposition from city representatives today.

Representatives of Marin's 11 cities, meeting at the Civic Center, urged a full explanation from county officials.

They agreed that a letter from Asst. County Administrator John F. Barrows to all city managers did not make the county position clear.

Barrows suggested in the letter that the agreement not be renewed when it expires June 30, 1967, because it has not covered the most needed work, too many of the cities have had "carry-over" funds from year to year, and some city jobs appear to be "make work" projects.

Barrows suggested the county develop urban thoroughfares without a general agreement, making a specific agreement for each job. The city could put up matching funds is desired to hasten scheduling of the job.

City Engineer Richard Nelson of Fairfax declared Barrows's proposal would be a "return to the old pork barrel system."

Prime Minister Flies To Moscow For Talks

MOSCOW (AP)—Prime Minister Harold Wilson came to Moscow today for three days of talks with Premier Alexei N. Kosygin and other Soviet leaders. Viet Nam and disarmament are expected to top the agenda.

According to reports from London, Wilson will try to persuade the Soviet Union to use its influence for peace in Viet Nam. He also probably will try to break the deadlock over a treaty to halt nuclear proliferation.

Elections Promised By Saigon

SAIGON (UPI) — South Vietnamese Premier Nguyen Cao Ky today announced creation of 11 new cabinet level posts, promised that democratic elections would be held in 1967 and said he would not be a candidate at that time.

Ky told a news conference the new cabinet jobs ere being instituted to streamline the government to better carry out social and economic reforms promised by U. S. and Vietnamese leaders at the recent Honolulu summit conference.

Economist Truong Thai Tong as relieved of his job as minister of economy and finance to appease growing complaints about inflation. He as to remain as behind-the-scenes architect of economic policies because the government still feels he is the best man for the job, according to informed sources.

In announcing 11 new cabinet level posts and reshuffling of some present ministers, Ky said there were no far-reaching personnel changes.

Ky promised again that a constitution would be drawn up and submitted to a referendum by the end of 1966.

Fire Kills Quebec Leader

QUEBEC (AP)—Quebec's Lt. Gov. Paul Comtois died today in a fire which swept his home, police said.

Authorities said his daughter, Mirielle, suffered arm burns trying to rescue her father. His wife was uninjured.

Comtois

A score of police guarded the entrance to the home as the fire raged. Flames were visible for more than a mile and smoke filled the surrounding area.

Comtois, 70, became lieutenant governor Oct. 6, 1961, after four years as minister of mines and technical surveys in the federal Cabinet.

An agronomist who graduated from the University of Montreal and the Agricultural Institute of Oka, Que., he entered the House of Commons in 1957.

Sukarno Ousts Forces Chief

SINGAPORE (AP) — President Sukarno ousted armed forces chief Abdul Haris Nasution as Indochina's defense minister today, Radio Jakarta reported.

Nasution

It was Nasution who led the Indonesian army in crushing the Communist uprising last October.

He is known as an implacable foe of communism, long having kept communists out of Indonesia's Cabinet. He became defense minister in 1963 after years of leadership in the army.

Nasution guided the trials of Communist party leaders charged with staging the attempted coup against the government last Oct. 1.

At his trial last week, Communist leader Njuno said one reason the Indonesian Communists attempted their coup was that a council of army generals planned to take over the government. The army denied this.

At that time, Nasution 46, was considered Sukarno's heir apparent.

Corcoran Fire

CORCORAN (AP) — A four-hour fire yesterday swept through two buildings housing the Corcoran Mercantile Co., the Toy Fair Store and a shoe store. Cause and an estimate of damage was not available. Corcoran is in Kings County.

Rain For Visit

ST. JOHN'S, Antigua, Leeward Islands (UPI)—Unseasonable rain yesterday marred the arrival of Queen Elizabeth II on Antigua, latest call on her tour of the British West Indies.

'Fear Meters'

MOSCOW (AP) — A Russian magazine has revealed that Soviet cosmonauts carry "fear meters" in space. The weekly magazine Ogonyok said the meter was first tested on Andrian G. Nikolayev and Pavel R. Popovich in 1962. The instrument showed that both cosmonauts were nervous before takeoff, but they were relaxed in orbit.

Writer Ousted

MOSCOW (UPI)—Russia today revoked the citizenship of anti-Communist writer Valeri Tarsis, who has denounced the Soviet state as "police fascism." In London Tarsis announced that he was "not surprised" and would seek political asylum in the West. He did not say whether it would be in Britain of the United States.

Rabbi Weak

DETROIT (AP)—Doctors say the condition of Rabbi Morris Adler, shot by a member of his congregation during Sabbath services eight days ago, has worsened slightly and they "are not encouraged." The hospital today reported no change in the "critical" condition of the 59-year-old rabbi.

Off On Tour

BONN, Germany (AP)—West German President Heinrich Luebke took off today on a goodwill tour of six African nations to counter diplomatic inroads made by Communist East Germany.

De Gaulle Says France To Take Troops Power

PARIS (AP) — President Charles de Gaulle said today any foreign troop elements in France after April 4, 1969 will have to be under French command only. That is the date when members of the North Atlantic Treaty Organization can choose to leave NATO.

In the first news conference of his second term in office, the French president declared NATO no longer is adapted to present-day needs. He said France intends to "progressively modify dispositions now in force."

OTHER ALLIES

This was taken to mean that he would continue to withdraw French elements from NATO but in such a manner as to permit the 14 other NATO allies to adjust to it.

The United States now has about 20,000 troops in France, running supply and other bases. In addition, the French president's statement that foreign troops would have to come under French command threw into question the status of such big Allied installations as NATO headquarters near the Bois de Boulogne in Paris, and the rambling Versailles headquarters of supreme headquarters of Allied powers in Europe.

De Gaulle told nearly 1,000 newsmen and officials in Elysee Palace: "It is the will of France to dispose of her own fate."

FRENCH COMMAND

He said this in connection with the announcement on French command of foreign troops on her soil after April 4, 1969.

He declared the United States has been in conflicts such as Korea, Cuba (sic) and Viet Nam, and that such conflicts could be escalated into general conflagration. He said France, of necessity, would be involved because her territory is used for communications facilities, air bases and other military installations.

De Gaulle declared the United States has established a protectorate in Europe under cover of NATO.

Postage on government stamped envelopes and postal cards is not valid if cut out and pasted on other mail.

Arctic Cold Wave Grips North Tier Of States

By ASSOCIATED PRESS

Thirteen states from Maine to Montana remained in the grip of a bitter Arctic cold wave today.

For International Falls, Minn., it was the seventh consecutive day the thermometer has not risen above zero. This morning's low was -31.

The subfreezing temperatures also pushed into the Deep South while snow spread through the Ozarks. Richmond, Va., shivered in a 17-degree reading.

Bitter cold temperatures and wind - blown snow resulted in both flooding and blocked highways Sunday.

Winds up to 50 MPH whipped snow squalls down the Mohawk Valley, cutting visibility to zero in some places and forcing the closing of a 150-mile section of the New York Thruway between Westport, west of Syracuse, and Albany.

In Philadelphia, tow trucks removed at least 60 cars abandoned on the Schuylkill Expressway because of the heavy snow.

The subfreezing temperatures also solidified ice jams and caused flooding along several Midwest rivers and tributaries. Heaviest floowing was along the Mississippi at Davenport, Iowa.

Hazardous - driving warnings were posted for most of Missouri, where snow began falling early today.

Statewide Computer Network Is Sought

SACRAMENTO (AP) — Pointing to the paper blizzard burying modern government, Gov. Brown asked legislators today to get started on a statewide computer network to handle "the knowledge explosion."

"Our generation is in danger of disappearing under an avalanche of paper," he declared in a four-page message sent to lawmakers returning from a three-day weekend.

The governor's request for $571,000 in his budget to lay groundwork for the information system came as subcommittees in both houses began in earnest the detailed examination of his $4.61 billion spending program.

No major special session bills were due for a hearing this week, but two other important developments were in store:

Official release was planned late in the day of major proposals from the commission trying to streamline and revise the State Constitution, third longest in the world. If Brown puts the matter on the special session agenda, and lawmakers go along with the recommendations, voters would decide on the changes in November.

Wednesday is the deadline for the 117 current lawmakers to decide whether to run for reelection this year, a fact imposing a strong political atmosphere on the 1966 legislature. So far, 22 senators have filed for another term, 5 are retiring and 10 haven't said. Twenty assemblymen are running for Senate seats, 33 hope to stay in the lower house, 7 are retiring and 20 haven't indicated their plans.

Brown's special message on information predicted that if some way isn't found to cope with paperwork, documents filed only by the state "would constitute a paper trail to the moon and back by 1974."

He proposed a start on "a system in which the computer and other data processing and communications equipment can be linked and uniformly programmed to do a better job both for the taxpayer and the government decision maker."

The governor noted that it now costs the state $538 million annually to handle information, and added that half the state work force issued to deal with information of various sorts.

Best sellers. Year after year, more people choose Cadillac than choose any other luxury car in the world. Shouldn't this alone lead you to consider the worth of owning a Cadillac—new or used?

The reasons for Cadillac's overwhelming popularity are numerous. Among the most important are its advanced engineering and meticulous craftsmanship. Cadillac's styling and luxury are renowned for dignity and good taste. Its alert performance and handling rival many sports cars. No other motor car in the luxury car field retains its value as long or as well as Cadillac—a most important consideration at trading time. Finally, your nearby Cadillac dealer is long experienced in caring for Cadillac owners—and in seeing that their every need is attended to. Whatever you plan to spend on your next car, you should investigate the elegance, excellence and excitement of a Cadillac, new or previously-owned.

U.S. cavalry troopers and B-52 bombers teamed up today in tear gas and bombing attacks on the suspected hiding place of a Communist regiment on South Viet Nam's central coast. A U.S. Navy destroyer poured shells into potential havens along the shore.

The massive non-toxic gas, air and naval attacks hit areas here U.S. 1st Air Cavalry Division troops, U.S. Marines and South Vietnamese forces are tracking down several regiments (900 to 1,000 men) of well-trained enemy troops in the Phuoc Valley near Bong Son.

The cavalrymen launched the attack by spraying the area ith tear gas from helicopters.

Then the superbombers flying from Guam saturation-bombed the target area.

After the air attack, troops of the cavalry division's 5th Regiment donned gas masks and flew into the target aboard helicopters.

In New York, the Times reported that the nation's armed services have almost exhausted their trained and ready military units, with all available forces spread dangerously thin in Viet Nam and elsewhere.

Hanson W. Baldwin, military affairs expert of the Times, wrote that this is the conclusion of a study he made of United States regular and reserve forces.

The story also said in part: Virtually all the combat-ready units in the United States have been committed to Viet Nam, and except for a few Army and Marine battalions and a few squadrons of the Tactical Air Command, no more units will be fully trained and equipped for a number of months.

million bill in the Philippine Congress that would finance the sending of engineers to Viet Nam.

Earlier today Humphrey conferred with Prime Minister Keith J. Holyoake of New Zealand at Parliament House in Wellington. A handful of demonstrators stood silently outside with signs denouncing the Viet Nam war.

During his arrival in Wellington yesterday from Canberra, Australia, Humphrey's car was rushed by a sign-swinging demonstrator who was hurled back by police. In Canberra the previous day about 150 demonstrators called Humphrey a "warmonger."

During the vice president's Australian visit, Prime Minister Harold Holt said his government may soon announce a decision whether to send more Australian soldiers to Viet Nam. There are now 1,500 Australians supporting U.S., South Vietnamese, Korean and New Zealand troops.

Jack Alvarado, manager of San Rafael Chamber of Commerce, was described as progressing satisfactorily in Marin General Hospital today following an operation for hernia last Wednesday. He is expected to leave the hospital on Friday.

KENNEDY

political feeling of the people in Viet Nam."

Undersecretary of State George W. Ball described the Kennedy proposal as "not a thoroughly new idea."

Speaking on ABC's radio-television program "Issues and Answers," Ball said the North Vietnamese government wants the United States "to recognize the (National Liberation) Front as the sole government of the South Vietnamese. They won't even think of negotiating unless we accept his premise.

"Our own feeling," he added, "is if we accede to the idea of a coalition government, we would have to exclude all the representatives of the South Vietnamese government. That's what the North Vietnamese want.

"We are not going to deliver the people of South Viet Nam into the hands of the North Vietnamese," Ball concluded.

Sen. George D. Aiken, R-Vt., said on the CBS radio-television program "Face the Nation" that "it is not my opinion that it's up to the United States to offer the Viet Cong a share in the Saigon government.

"Unless our policy has changed," Aiken said, "I would say that Sen. Kennedy's proposal is considerably out of order and that it would be up to South Viet Nam to make the proposal to share the responsibility of the government."

Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee which on Friday concluded televised public hearings into the administration's Viet Nam policies, declined to comment on the Kennedy suggestion.

But committee member Sen. Wayne Morse, D-Ore., said Kennedy is "pointing in the right direction in which we will have to go."

Morse, a leading critic of the administration's Viet Nam policies, told a news conference in Harrisburg, Pa., the proposed $4.8-billion Viet Nam military authorization bill contains a "sleeper" that could escalate the war.

He said Secretary of Defense Robert S. McNamara testified during the recent Foreign Relations Committee hearings that the authorization bill would provide for increasing troop deployments to Viet Nam and raising the rate of air activity there, if the President decides to do so.

Morse said that testimony, in effect, indicates that the military authorization bill empowers the escalation of war if the President asks for it.

and Barge Co., San Francisco.

The collision happened between the Brothers Islands and Point Pinole, in the channel on the Contra Costa side of San Pablo Bay.

Marin said the boat, a teak sloop named Tia, was worth $7,500, and had about $2,000 worth of equipment onboard when it sank in the deep channel.

Shortly after the collision, a 40-foot Coast Guard cutter rendezvoused with the tug and took the two San Rafael men on board, bringing them to the Loch Lomond Yacht Harbor in San Rafael.

city councilman, complained about both the Almonte and Homestead sanitary districts.

Mitchell assigned Auditor Norman J. Tylor of his office to review the district's audit, prepared by the firm of Fong and Tong of San Francisco. There was no mention of the Wolf payments in the audit, Mitchell said.

He will recommend that future audits for sanitary districts be made either by his office or by local firms.

Mitchell was still waiting today to pin down details of A. R. Teather's agreement with fellow directors of the Almonte Sanitary District on the lease of office space Teather owns.

The district has been leasing the space since 1963, starting at $40 a month and going to $50 in July, 1964.

Auditor Paul Eliopoulos of Mitchell's office was trying to determine from district minutes today whether Teather voted approval of the rental agreement. There was no formal lease, Eliopoulos said.

The Almonte district audit by Mitchell's office showed that directors Robert Alexander and John Dawe have never taken an oath of office, and that directors Fred Field and Teather took the oath but it was never filed with the county clerk, as requested by law.

Technically Director David Beasley is the only member of the five-man board properly sworn into office, Mitchell said.

the county have been hit by it."

Hospitals in the county showed a very slight rise in respiratory cases that might be influenza, indicating that those stricken were being treated at home.

"There isn't any real treatment," Dr. Hicks said. "The only thing is bed rest, drink lots of liquids, and aspirin if there is fever."

It is now too late for shots, two of which, a month apart, are required for immunization, according to Dr. Hicks. "In any case," she said, "shots are not recommended for everyone. They can make some people quite ill. They're primarily to protect people with chronic respiratory diseases."

Dr. Hicks called the current outbreak, which is expected to hit four million Californians, "part of the usual pattern." She said mild outbreaks occur every two or three years and noted that it has been nine years since a major occurrence.

She had a silver-lining word for those stricken at this time. "They should be immune for two or three years," she said.

Firecrackers Taken From Children

Firecrackers were confiscated from children twice in a little over an hour Saturday in Mill Valley, with police reprimanding the children.

Complaints were received from Mrs. E. R. Kott of 251 Miller Avenue at 4:34 p.m. and from Mrs. Joseph P. Curran of 57 Plymouth Avenue at 5:55 p.m., both saying the crackers were being fired in the vicinity of their homes.

JOHN R. FLOR
Funeral in Colorado

OBITUARIES

Judge Flor, Larkspur, Dies At 63

Funeral for John R. Flor, 63, of 426 Alexander Road, Larkspur, former city judge of Larkspur, is to be held in Ouray, Colo.

Flor, who was employed by the General Accident Fire and Life Assurance Corp. of San Francisco, died at French Hospital, San Francisco, Saturday after six days in the hospital.

Flor was a past president of the Marin County Peace Officers Assn., twice noble grand arch of the United Ancient Order of Druids for California and Nevada, and a past president (1962-63) of the Marin Society for Crippled Children and Adults.

He also served as editor of the California Druids magazine and was a member of the National Editorial Assn. He was a member of the California State Bar Assn. and San Rafael Elks Lodge.

A native of Colorado, Flor had been a resident of California for 42 years.

Surviving is his wife, Constance Flor.

Funeral and burial are scheduled in Ouray, Colo.

STREETS

Joseph H. Henderson, explained that one of the big problems was the holdover of funds from year to year. Most of the money is state contribution from gasoline taxes, and when it is unspent, the state wants to know why, Henderson said.

He also noted that the money allocated some cities was inadequate for the job, pointing to the proposed widening of Sir Francis Drake Boulevard in Ross.

City Administrator Douglas Flautt of San Anselmo, heading the cities' urban thoroughfare committee, was directed to appoint a committee to meet with representatives of the county administrator's office to find out more specifically why the county does not want to renew the agreement.

Flautt named Nelson, Lawrence A. Coleman, Novato city engineer, and city managers Ronald Usher of Corte Madera and Charles A. Brown of Sausalito to the committee.

CHARLES SMITH

Funeral for Charles Rodney Smith, 76, of Space 44, Bobo's Trailer Court, Novato, was scheduled at 4 p.m. today at the Chapel of Marin, Novato.

Smith, a retired mercury miner, died at his home Saturday of a heart attack. Coroner Frank J. Keaton said Smith had been dead for several hours when his body was discovered by a visiting friends.

Smith, who had been ill, lay down to take a nap, and his wife, Voil, thought he was sleeping, Keaton said.

Smith was a miner for 60 years. A native of Seattle, he had been a resident of California for 30 years and a resident of Marin for two years.

Surviving is his wife, Voil A. Smith, of the home address.

BELLE LATTER

A Requiem Mass was scheduled to be celebrated for Mrs. Belle Latter, 89, of San Francisco, at St. Michael's Church, San Francisco at 9 a.m. today.

Mrs. Latter, a long-time resident of Bolinas before moving to San Francisco about 30 years ago, died Saturday at a San Francisco hospital after a long illness.

Burial was to be in Bolinas Catholic Cemetery. Rosary was recited last night at H. F. Suhr Co. funeral home in San Francisco.

LLOYD SMITH JR.

Lloyd Byron Smith Jr., 34 former San Anselmo resident, died of asphyxiation yesterday in a fire in a motel he had just purchased in Roseville.

Smith was asleep when the fire broke out and failed to awaken, it was reported here.

Smith had attended San Rafael High School, where he was student body president. He played football for San Rafael High School and Marin Junior College, and attended University of California at Berkeley.

He served with the Army in Korea. After release from the Army in 1954, he became a representative for Metropolitan Life Insurance Co. in Roseville, a position he held up to his death.

Smith's father, Lloyd Byron Smith, had been manager of the San Rafael branch of Metropolitan Life Insurance Co. for many ears, retiring last year to move with his wife, Edna, to San Jose.

H. CHIAPPETTA

Requiem Mass for Herman Chiappetta, 60, of Novato, a Marin resident of 13 years, will be offered at 10 a.m. tomorrow at Our Lady of Loretto Catholic Church in Novato.

Chiappetta died late Saturday in a local hospital after a short illness.

He resided at 751 Bradley Avenue, Novato. He was a member of Laborers Union Local 291. He had lived in the Bay Area for 37 years.

Chiappetta was born Nov. 22, 1905, in Sao Paulo, Brazil.

He is survived by his wife, Lillian, and son, H. Peter, of Novato; his mother, Mrs. Maria Chiappetta of Italy, and a sister in Italy and two sisters in Brazil.

Rosary will be recited at 8 p.m. today at Redwood Chapel Funeral Home, Novato. Burial will be in Mount Olivet Cemetery, San Rafael.

MRS. RESANOVICH

Minnie L. Resanovich, a resident of San Rafael for 20 years, died yesterday at a San Francisco hospital after a brief illness. She was 81.

She was the wife of Peter Resanovich, a retired Army master sergeant, and lived at 24 Mooring Road.

Mrs. Resanovich was a native New Yorker and had lived in California for nearly 70 years.

She was a member of the Golden Star Rebekah Lodge 112 of San Rafael and the Fairfax Seventh-Day Adventist Church.

Besides her husband, she is survived by a daughter, Mrs. Marie W. Paine Jr. of San Anselmo, and a son, Henry R. Bauman of Tiburon.

Funeral will be Wednesday at 2 p.m. at the Harry M. Williams Mortuary in San Rafael. Burial will be in Mount Tamalpais Cemetery.

MRS. McINTOSH

Nellie M. McIntosh, mother of Mrs. Marcella Biesemeier of San Rafael, died yesterday in San Francisco. She was 77.

Oscar Award Nominations Are Made

HOOLWOOD (UPI) — "Dr. Zhivago" and "The Sound of Music" each captured 10 Academy Award nominations today to lead the 38th annual Oscar parade.

Also nominated for best picture of 1965 were "Darling," 'Ship of Fools," and "A Thousand Clowns."

Only one American actress was nominated for the top acting award. She was Elizabeth Hartman in "A Patch of Blue." The other contestants all are foreigners, including Julie Andrews—last year's winner—for "The Sound of Music;" Julie Christie (Darling); Samantha Egga (The Collector) and Simone Signoret—a previous award winner—(Ship of Fools).

Foreigners also dominated the best actor nominations. Richard Burton (The Spy Who Came in From the Cold), Laurence Olivier (Othello), Oskar Werner (Ship of Fools) won nominations. Hollywood was represented by Lee Marvin (Cat Ballou) and Rod Steiger (The Pawnbroker).

The Oscars will be presented April 18 at Santa Monica Civic Auditorium in a nationally televised awards program. More than 2,000 members of the academy will ballot between now and then on the winners.

MOST WANTED—Latest addition to the FBI's list of 10 most wanted fugitives is Ralph Dwayne Owen, 24, one of two men who escaped Oct. 31 from the California Medical Facility at Vacaville. He and Charles Loren Gove are accused of a nationwide crime spree since their escape. Gove, however, was captured Tuesday in New Orleans. Both were serving terms for robbery.

Court Rules On Libel In Unions

WASHINGTON (UPI) —The Supreme Court ruled today that a person can sue a union for libel in state courts if he can prove statements made during an organization drive were designed to hurt him.

In an 6 to 3 decision, the court reversed a lower court decision.

"We concluded that where either party to a labor dispute circulates false and defamatory statements during a union organizing drive, the court does have jurisdiction to apply state remedies if the complainant pleads and proves, that the statements were made with malice and injured him," Justice Tom C. Clark said in the majority opinion.

Chief Justice Earl Warren and Justices Abe Fortas and William O. Douglas dissented.

The case was initiated by William C. Linn, who alleged he was libeled by Detroit Local 114 of the United Plant and Guard Workers. At the time, Linn was an assistant general manager for the Pinkerton Detective Agency.

His complaint named the union president and vice president and a Pinkerton guard. Linn claimed the trio circulated leaflets during an organizing drive which injured his reputation.

Glass jars and bottles now weigh about one-third less.

Autos Stolen, Recovered

Two automobiles were stolen and recovered in Ross during the weekend, Police Chief John Harris reported today.

A Volvo station wagon owned by Joan Polsdorfer was taken between 6 and 8 a.m. yesterday from the carport of her home on Willow Hill, she told police. It was found shortly afterward at the foot of the hill, a front tire blown.

Edward A. Christiansen, 48 Woodside Way, reported his Volkswagen was stolen from the carport of his home between 6 p.m. Friday and 7:30 a.m. Saturday. It was found later Saturday at Willow and Madrona avenues, undamaged, Chief Harris reported.

Labor Said To Reject Johnson Wage Guides

MIAMI, Fla. (AP) — Secretary of Labor W. Willard Wirtz said today he had an extensive discussion with AFL-CIO leaders about President Johnson's efforts to curb inflation, but that the labor leaders still reject White House age guidelines.

iWrtz, at a news conference after his meeting with the AFL-CIO Executive Council, said the labor leaders were unhappy because the White House guidelines do not take into consideration profit levels in addition to wages and prices.

AFL-CIO President George Meany and other council members also will discuss ith Wirtz their demands for an increase in the federal minimum wage from $1.25 to $1.40 this year, $1.60 next year, and $1.75 in 1968. This is one subject on which the labor leaders feel Wirtz agrees with them.

Federation officials fear Johnson may follow the recommendations of his Council of Economic Advisers for raises to $1.40 this year and $1.70 in 1970, which AFL-CIO sources said would kick off a major war beteen labor and the Johnson administration.

Rescuers Save Boy On Slope

LAWTON, Okla. (UPI)—Three skilled mountain climbers scaled Elk Mountain's slippery slopes today and rescued a 17-year-old boy who had been stranded 17 hours in snow, sleet and freezing cold.

Rescue director Julian Howard said the climbers, all Army officers stationed at nearby Ft. Sill, reached the icy ledge where Ronnie Wathen had been stranded and began leading him to the top of the mountain for a helicopter rescue.

Howard, director of the Wichita Mountains Wildlife Refuge where the mountain is located, and five refuge rangers also took part in the rescue.

Police Arrest Theft Suspect

William Harvey Switzer, 23, no address, was arrested on suspicion of burglary at 2:45 a.m. today in an alley behind 711 D Street, San Rafael.

Police noticed a broken window in the offices of Dr. Charles L. Hoffman and on investigation found desks drawers had been rifled, their contents strewn about.

Switzer was found in the alley. In his possesion were several Dexamyl capsules and tablets and four hypodermic syringes. He was booked into the county jail.

D.A.'s Aide Set To Run

MODESTO (UPI) — Chief Deputy Dist. Atty. Ernest W. Geddes submitted his resignation today and announced his candidacy for district attorney of neighboring Tuolumne County.

Geddes, 32, submitted his resignation to Dist. Atty. Alexander Wolfe and said it was effective immediately.

Geddes, who has been a deputy district attorney in Stanislaus County for three years, said he would move his residence to Tuolumne County this week.

Two Runaway Boys Cited By Police

Corte Madera police last night cited two runaway Mill Valley boys, aged 8 and 10, to county juvenile authorities, then turned them over to Mill Valley police.

The boys were picked up in the Corte Madera Shopping Center where they reportedly stole four records from three stores. They said four other records they were carrying were stolen from the Value World store in Larkspur.

WAR

Continued from page 1

U.S. cavalry troopers and B-52 bombers teamed up today in tear gas and bombing attacks on the suspected hiding place of a Communist regiment on South Viet Nam's central coast. A U.S. Navy destroyer poured shells into potential havens along the shore.

The massive non-toxic gas, air and naval attacks hit areas here U.S. 1st Air Cavalry Division troops, U.S. Marines and South Vietnamese forces are tracking down several regiments (900 to 1,000 men) of well-trained enemy troops in the Phuoc Valley near Bong Son.

The cavalrymen launched the attack by spraying the area ith tear gas from helicopters.

Then the superbombers flying from Guam saturation-bombed the target area.

After the air attack, troops of the cavalry division's 5th Regiment donned gas masks and flew into the target aboard helicopters.

In New York, the Times reported that the nation's armed services have almost exhausted their trained and ready military units, with all available forces spread dangerously thin in Viet Nam and elsewhere.

Hanson W. Baldwin, military affairs expert of the Times, wrote that this is the conclusion of a study he made of United States regular and reserve forces.

The story also said in part: Virtually all the combat-ready units in the United States have been committed to Viet Nam, and except for a few Army and Marine battalions and a few squadrons of the Tactical Air Command, no more units will be fully trained and equipped for a number of months.

million bill in the Philippine Congress that would finance the sending of engineers to Viet Nam.

Earlier today Humphrey conferred with Prime Minister Keith J. Holyoake of New Zealand at Parliament House in Wellington. A handful of demonstrators stood silently outside with signs denouncing the Viet Nam war.

During his arrival in Wellington yesterday from Canberra, Australia, Humphrey's car was rushed by a sign-swinging demonstrator who was hurled back by police. In Canberra the previous day about 150 demonstrators called Humphrey a "warmonger."

During the vice president's Australian visit, Prime Minister Harold Holt said his government may soon announce a decision whether to send more Australian soldiers to Viet Nam. There are now 1,500 Australians supporting U.S., South Vietnamese, Korean and New Zealand troops.

Jack Alvarado, manager of San Rafael Chamber of Commerce, was described as progressing satisfactorily in Marin General Hospital today following an operation for hernia last Wednesday. He is expected to leave the hospital on Friday.

KENNEDY

political feeling of the people in Viet Nam."

Undersecretary of State George W. Ball described the Kennedy proposal as "not a thoroughly new idea."

Speaking on ABC's radio-television program "Issues and Answers," Ball said the North Vietnamese government wants the United States "to recognize the (National Liberation) Front as the sole government of the South Vietnamese. They won't even think of negotiating unless we accept his premise.

"Our own feeling," he added, "is if we accede to the idea of a coalition government, we would have to exclude all the representatives of the South Vietnamese government. That's what the North Vietnamese want.

"We are not going to deliver the people of South Viet Nam into the hands of the North Vietnamese," Ball concluded.

Sen. George D. Aiken, R-Vt., said on the CBS radio-television program "Face the Nation" that "it is not my opinion that it's up to the United States to offer the Viet Cong a share in the Saigon government.

"Unless our policy has changed," Aiken said, "I would say that Sen. Kennedy's proposal is considerably out of order and that it would be up to South Viet Nam to make the proposal to share the responsibility of the government."

Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee which on Friday concluded televised public hearings into the administration's Viet Nam policies, declined to comment on the Kennedy suggestion.

But committee member Sen. Wayne Morse, D-Ore., said Kennedy is "pointing in the right direction in which we will have to go."

Morse, a leading critic of the administration's Viet Nam policies, told a news conference in Harrisburg, Pa., the proposed $4.8-billion Viet Nam military authorization bill contains a "sleeper" that could escalate the war.

He said Secretary of Defense Robert S. McNamara testified during the recent Foreign Relations Committee hearings that the authorization bill would provide for increasing troop deployments to Viet Nam and raising the rate of air activity there, if the President decides to do so.

Morse said that testimony, in effect, indicates that the military authorization bill empowers the escalation of war if the President asks for it.

and Barge Co., San Francisco.

The collision happened between the Brothers Islands and Point Pinole, in the channel on the Contra Costa side of San Pablo Bay.

Marin said the boat, a teak sloop named Tia, was worth $7,500, and had about $2,000 worth of equipment onboard when it sank in the deep channel.

Shortly after the collision, a 40-foot Coast Guard cutter rendezvoused with the tug and took the two San Rafael men on board, bringing them to the Loch Lomond Yacht Harbor in San Rafael.

city councilman, complained about both the Almonte and Homestead sanitary districts.

Mitchell assigned Auditor Norman J. Tylor of his office to review the district's audit, prepared by the firm of Fong and Tong of San Francisco. There was no mention of the Wolf payments in the audit, Mitchell said.

He will recommend that future audits for sanitary districts be made either by his office or by local firms.

Mitchell was still waiting today to pin down details of A. R. Teather's agreement with fellow directors of the Almonte Sanitary District on the lease of office space Teather owns.

The district has been leasing the space since 1963, starting at $40 a month and going to $50 in July, 1964.

Auditor Paul Eliopoulos of Mitchell's office was trying to determine from district minutes today whether Teather voted approval of the rental agreement. There was no formal lease, Eliopoulos said.

The Almonte district audit by Mitchell's office showed that directors Robert Alexander and John Dawe have never taken an oath of office, and that directors Fred Field and Teather took the oath but it was never filed with the county clerk, as requested by law.

Technically Director David Beasley is the only member of the five-man board properly sworn into office, Mitchell said.

the county have been hit by it."

Hospitals in the county showed a very slight rise in respiratory cases that might be influenza, indicating that those stricken were being treated at home.

"There isn't any real treatment," Dr. Hicks said. "The only thing is bed rest, drink lots of liquids, and aspirin if there is fever."

It is now too late for shots, two of which, a month apart, are required for immunization, according to Dr. Hicks. "In any case," she said, "shots are not recommended for everyone. They can make some people quite ill. They're primarily to protect people with chronic respiratory diseases."

Dr. Hicks called the current outbreak, which is expected to hit four million Californians, "part of the usual pattern." She said mild outbreaks occur every two or three years and noted that it has been nine years since a major occurrence.

She had a silver-lining word for those stricken at this time. "They should be immune for two or three years," she said.

Firecrackers Taken From Children

Firecrackers were confiscated from children twice in a little over an hour Saturday in Mill Valley, with police reprimanding the children.

Complaints were received from Mrs. E. R. Kott of 251 Miller Avenue at 4:34 p.m. and from Mrs. Joseph P. Curran of 57 Plymouth Avenue at 5:55 p.m., both saying the crackers were being fired in the vicinity of their homes.

Joseph H. Henderson, explained that one of the big problems was the holdover of funds from year to year. Most of the money is state contribution from gasoline taxes, and when it is unspent, the state wants to know why, Henderson said.

He also noted that the money allocated some cities was inadequate for the job, pointing to the proposed widening of Sir Francis Drake Boulevard in Ross.

City Administrator Douglas Flautt of San Anselmo, heading the cities' urban thoroughfare committee, was directed to appoint a committee to meet with representatives of the county administrator's office to find out more specifically why the county does not want to renew the agreement.

Flautt named Nelson, Lawrence A. Coleman, Novato city engineer, and city managers Ronald Usher of Corte Madera and Charles A. Brown of Sausalito to the committee.

CHARLES SMITH

Funeral for Charles Rodney Smith, 76, of Space 44, Bobo's Trailer Court, Novato, was scheduled at 4 p.m. today at the Chapel of Marin, Novato.

Smith, a retired mercury miner, died at his home Saturday of a heart attack. Coroner Frank J. Keaton said Smith had been dead for several hours when his body was discovered by a visiting friends.

Smith, who had been ill, lay down to take a nap, and his wife, Voil, thought he was sleeping, Keaton said.

Smith was a miner for 60 years. A native of Seattle, he had been a resident of California for 30 years and a resident of Marin for two years.

Surviving is his wife, Voil A. Smith, of the home address.

BELLE LATTER

A Requiem Mass was scheduled to be celebrated for Mrs. Belle Latter, 89, of San Francisco, at St. Michael's Church, San Francisco at 9 a.m. today.

Mrs. Latter, a long-time resident of Bolinas before moving to San Francisco about 30 years ago, died Saturday at a San Francisco hospital after a long illness.

Burial was to be in Bolinas Catholic Cemetery. Rosary was recited last night at H. F. Suhr Co. funeral home in San Francisco.

Labor Said To Reject Johnson Wage Guides

MIAMI, Fla. (AP) — Secretary of Labor W. Willard Wirtz said today he had an extensive discussion with AFL-CIO leaders about President Johnson's efforts to curb inflation, but that the labor leaders still reject White House age guidelines.

iWrtz, at a news conference after his meeting with the AFL-CIO Executive Council, said the labor leaders were unhappy because the White House guidelines do not take into consideration profit levels in addition to wages and prices.

AFL-CIO President George Meany and other council members also will discuss ith Wirtz their demands for an increase in the federal minimum wage from $1.25 to $1.40 this year, $1.60 next year, and $1.75 in 1968. This is one subject on which the labor leaders feel Wirtz agrees with them.

Federation officials fear Johnson may follow the recommendations of his Council of Economic Advisers for raises to $1.40 this year and $1.70 in 1970, which AFL-CIO sources said would kick off a major war beteen labor and the Johnson administration.

Rescuers Save Boy On Slope

LAWTON, Okla. (UPI)— Three skilled mountain climbers scaled Elk Mountain's slippery slopes today and rescued a 17-year-old boy who had been stranded 17 hours in snow, sleet and freezing cold.

Rescue director Julian Howard said the climbers, all Army officers stationed at nearby Ft. Sill, reached the icy ledge where Ronnie Wathen had been stranded and began leading him to the top of the mountain for a helicopter rescue.

Howard, director of the Wichita Mountains Wildlife Refuge where the mountain is located, and five refuge rangers also took part in the rescue.

Police Arrest Theft Suspect

William Harvey Switzer, 23, no address, was arrested on suspicion of burglary at 2:45 a.m. today in an alley behind 711 D Street, San Rafael.

Police noticed a broken window in the offices of Dr. Charles L. Hoffman and on investigation found desks drawers had been rifled, their contents strewn about.

Switzer was found in the alley. In his possesion were several Dexamyl capsules and tablets and four hypodermic syringes. He was booked into the county jail.

Oscar Award Nominations Are Made

HOGLWOOD (UPI) — "Dr. Zhivago" and "The Sound of Music" each captured 10 Academy Award nominations today to lead the 38th annual Oscar parade.

Also nominated for best picture of 1965 were "Darling," 'Ship of Fools," and "A Thousand Clowns."

Only one American actress was nominated for the top acting award. She was Elizabeth Hartman in "A Patch of Blue." The other contestants all are foreigners, including Julie Andrews—last year's winner—for "The Sound of Music;" Julie Christie (Darling); Samantha Egga (The Collector) and Simone Signoret—a previous award winner—(Ship of Fools).

Foreigners also dominated the best actor nominations. Richard Burton (The Spy Who Came in From the Cold), Laurence Olivier (Othello), Oskar Werner (Ship of Fools) won nominations. Hollywood was represented by Lee Marvin (Cat Ballou) and Rod Steiger (The Pawnbroker).

The Oscars will be presented April 18 at Santa Monica Civic Auditorium in a nationally televised awards program. More than 2,000 members of the academy will ballot between now and then on the winners.

D.A.'s Aide Set To Run

MODESTO (UPI) — Chief Deputy Dist. Atty. Ernest W. Geddes submitted his resignation today and announced his candidacy for district attorney of neighboring Tuolumne County.

Geddes, 32, submitted his resignation to Dist. Atty. Alexander Wolfe and said it was effective immediately.

Geddes, who has been a deputy district attorney in Stanislaus County for three years, said he would move his residence to Tuolumne County this week.

Two Runaway Boys Cited By Police

Corte Madera police last night cited two runaway Mill Valley boys, aged 8 and 10, to county juvenile authorities, then turned them over to Mill Valley police.

The boys were picked up in the Corte Madera Shopping Center where they reportedly stole four records from three stores. They said four other records they were carrying were stolen from the Value World store in Larkspur.

MOST WANTED—Latest addition to the FBI's list of 10 most wanted fugitives is Ralph Dwayne Owen, 24, one of two men who escaped Oct. 31 from the California Medical Facility at Vacaville. He and Charles Loren Gove are accused of a nationwide crime spree since their escape. Gove, however, was captured Tuesday in New Orleans. Both were serving terms for robbery.

Autos Stolen, Recovered

Two automobiles were stolen and recovered in Ross during the weekend, Police Chief John Harris reported today.

A Volvo station wagon owned by Joan Polsdorfer was taken between 6 and 8 a.m. yesterday from the carport of her home on Willow Hill, she told police. It was found shortly afterward at the foot of the hill, a front tire blown.

Edward A. Christiansen, 48 Woodside Way, reported his Volkswagen was stolen from the carport of his home between 6 p.m. Friday and 7:30 a.m. Saturday. It was found later Saturday at Willow and Madrona avenues, undamaged, Chief Harris reported.

Court Rules On Libel In Unions

WASHINGTON (UPI) —The Supreme Court ruled today that a person can sue a union for libel in state courts if he can prove statements made during an organization drive were designed to hurt him.

In an 6 to 3 decision, the court reversed a lower court decision.

"We concluded that where either party to a labor dispute circulates false and defamatory statements during a union organizing drive, the court does have jurisdiction to apply state remedies if the complainant pleads and proves that the statements were made with malice and injured him," Justice Tom C. Clark said in the majority opinion.

Chief Justice Earl Warren and Justices Abe Fortas and William O. Douglas dissented.

The case was initiated by William C. Linn, who alleged he was libeled by Detroit Local 114 of the United Plant and Guard Workers. At the time, Linn was an assistant general manager for the Pinkerton Detective Agency.

His complaint named the union president and vice president and a Pinkerton guard. Linn claimed the trio circulated leaflets during an organizing drive which injured his reputation.

Glass jars and bottles now weigh about one-third less.

LIKENESS TO LINCOLN?—This bust of Lyndon B. Johnson will be given to the President Wednesday as the Freedom Award from Freedom House. Leo Cherne, the sculptor, said he found political and facial similarities between Johnson and Lincoln. (AP Wirephoto)

Johnson's Face Compared To Lincoln's By Sculptor

NEW YORK (AP) — "I was struck with the extraordinary political and facial similarities of President Johnson and Abraham Lincoln," says Leo Cherne, ho has just completed a bronze head of Johnson.

The sculptured head, somewhat larger than life — 15 inches on a seven-inch black Belgian marble base—will be presented to Johnson in New York Wednesday night.

The President will be given the sculpture as the recipient of the Freedom Award from Freedom House.

Cherne, 53, a political economist, is director of the Research Institute of America, chairman of the International Rescue Committee, and Executive Committee chairman of Freedom House.

He estimates he spent seven months on the Johnson project. He took less than an hour each at three visits to the White House and said he felt guilty about it.

"With anyone else I would not hesitate to take up his time, but with President Johnson I definitely felt guilty," Cherne explained.

At one point, Cherne recalled, the President said: "How long will this take? There is so much I must do."

Cherne, who has sculpted heads of Russian author Boris Pasternak, Albert Scheitzer and Lincoln, said the Johnson assignment had come about after the President had accepted the Lincoln work at the White House.

In his presentation to Johnson, Cherne said, he will tell the awards dinner:

"I hope I have captured something of the weathered flesh and eyes narrowed in their protected encounter with the elements bright and bitter. Perhaps, you will find as I did in the deeply etched grooves of the face, the furrows in the brow some of the lifetime's imprint of care and concern, of hope and frustration, of disappointment contained, high purpose strengthened."

Cherne said Johnson's left profile is "strikingly similar to the man he (Johnson) admired most — Franklin D. Roosevelt."

Of the similarities to Lincoln, Cherne said: "The Johnson I tried to sculpt is the Johnson I see in the frame of Lincoln. Like Lincoln, I believe, Johnson is doomed to less than adequate understanding hile in the White House."

Saturn Rocket Debut To Be A Step To Moon

CAPE KENNEDY, Fla. (AP) — The 22-story Saturn 1B rocket, the most powerful built by the United States, makes its launching debut Wednesday as Project Apollo's first step on the long trip to the moon.

The rocket is to drill an unmanned Apollo ship 300 miles into space and drive it back through the atmosphere at a speed up to 18,000 miles an hour.

The ballistic flight, which will last only 39 minutes, is the first of a long series of Apollo launchings which must precede the landing of American astronauts on the moon by 1970.

Recovery will be attempted when the cabin section, to hold future astronauts, drops by parachute into the South Atlantic 5,300 miles southeast of Cape Kennedy.

The launch is the first of three unmanned tests for the spacecraft and the rocket before three astronauts step inside the Apollo for an 8- to-14-day earth orbital journey late this year or early 1967.

Economy cars were the rage in 1914, when one and two-passenger cycle cars were sold for $295.

From Party To Cemetery

CHICAGO CITY, Minn. (AP) —Scores of townfolk turned out the other day for George Noreen's 90th birthday party, and the next morning he was in a cemetery.

Noreen, you see, is the town gravedigger, just as his father Frank Noreen was before him. His father lived to be 97.

"I've dug every grave in these cemeteries for the last 40 years, and managed to get out of every one of them alive," says George.

In summertime, he also tends a half-acre garden and eight lawns.

Fifth Car Damaged In Marin City Fuss

A fifth car was damaged in the early Saturday morning fracas in Marin City, Sausalito police said today. Police, called in the general alarm, said a new station wagon was damaged when struck with a piece of exhaust pipe.

Two sheriff's department patrol cars and two private automobiles were also damaged in the fighting, which occurred after a carload of young men from San Francisco tried to crash a party early Saturday.

The Trinity College Library in Dublin, Ireland, was founded by Queen Elizabeth I, in 1591.

Modeling Phone Call Believed To Be Phony

A Terra Linda housewife, whose photograph appeared in an Independent-Journal women's page Wednesday, got a call from an apparently phony model studio the next day.

Mrs. Harris Herman of 609 Woodbine Terrace reported to the sheriff's office Saturday that she had received two telephone calls from a man who identified himself as Albert Donovan of Bayview Modeling Studios in San Francisco.

In the first call Thursday he said he had seen her picture in the I-J and wanted her to pose for him as a model.

There was a second call Friday and Mrs. Herman notified sheriff's deputies.

She learned that there was no listing for the Bayview Modeling Studios and that the San Francisco Better Business Bureau had never heard of the firm.

Deputies reported that the address given by the caller, 1222 Geary Street, was a freeway exchange overpass. Mrs. Herman checked the telephone number he gave and got a recording saying "I'm sorry, etc."

Deputies said Mrs. Herman talked to the man at her husband's instruction in an effort to gain information.

Council To Meet

The Corte Madera town council, meeting at 7:30 p.m. today in the recreation room of the public safety building, will be asked to award contracts for $20,539 for a new fire engine and $2,759 for a multi-purpose concrete slab for town park.

Former 'Angels' Are Arrested

LOSTANT, Ill. (UPI)—Three former members of the California Hell's Angels motorcycle gang were arrested and jailed yesterday when they tried to use a bogus credit card at a service station, police said.

A suspicious attendant called sheriff's deputies who arrested the three, wearing long, finger-combed hair, sawed-off sweatshirts and many tatoos.

They were charged with forging a credit card, possessing fictitious license plates and carrying open liquor in an automobile, and placed in the La Salle County jail in Ottawa.

The deputies identified the three as Ray (Rish) Winn, 28, James Corker, 21, and Phillip Winn, 22, a cousin, all of Sacramento.

FLEET ADMIRAL CHESTER NIMITZ
As a midshipman and in 1960

Admiral Nimitz Succumbs At 80

SAN FRANCISCO (AP) — The late James V. Forrestal, while secretary of the Navy, once asked his chief of naval operations whether an officer convicted by a court-martial ever had risen to flag rank.

"You're looking at one," replied Fleet Adm. Chester W. Nimitz, who commanded the most powerful fleet in history during World War II.

As a young officer, the soft-spoken Texan had indeed been found guilty and reprimanded by a Navy court — for running a destroyer aground in Manila Bay.

The admiral, who died Sunday at 80, commanded a thousand ships and two million men during the battles leading to the surrender of Japan. He was the last of the five-star admirals.

Despite holding awesome power, the admiral disliked pomp. On his 75th birthday the Navy staged a big party for him and he remarked:

"Am I looking forward to this? I'm looking forward to the end of it. I feel the same about it as the man who bought himself a small boat: His two happiest days were when he bought it and when he sold it."

The admiral's first experience with a small boat was not pleasant. Born in a landlocked town, he never had seen an ocean until he arrived at Annapolis and became seasick on his first voyage — in a small boat there.

Nimitz, whose career at sea spanned two world wars and the birth of the atomic age, died of what a Navy spokesman called "complications following a stroke" suffered Jan. 3.

With him at his home on Yerba Buena Island Naval Base in San Francsco Bay were his wife, Catherine, one of his daughters and a grandson.

Burial will be Thursday in Golden Gate National Cemetery just south of San Francisco.

In Washington, President Johnson paid tribute to Nimitz as a man of "quiet courage and resolute leadership." The President said Nimitz had earned "the undying gratitude of his countrymen and an enduring chapter in the annals of naval history."

Gen. Dwight D. Eisenhower said: "Admiral Nimitz was one of the most distinguished officers of World War II. The entire nation will always owe him a debt of gratitude for his brilliant service in World War II. He was a good friend whom I admired and respected deeply."

Nimitz was jumped over 24 senior admiral to become commander in chief of the Pacific fleet after the Japanese attack on Pearl Harbor Dec. 7, 1941.

His high command spanned the Navy's greatest days — at Coral Sea, Midway, Guadalcanal, Leyte Gulf and finally the Japanese surrender in Tokyo Bay, where he signed the agreement as U.S. representative.

The battle off Midway, June 3-6, 1942, in which the Japanese lost four carriers and a heavy cruiser, was the turning point of the Pacific war, in the admiral's opinion. The Japanese offensive power sank with those carriers.

WIREY PUZZLE

If six-year-old Anne Elizabeth Kent is puzzled by the curious looking wire coat hanger twisted into a figurine, she has company. A lot of grownups were wondering at the figure as Boston's Wintertest. Anne Elizabeth, daughter of Mr. and Mrs. James Kent of Winchester, Mass., was among thousands of children and their parents who came to the War Memorial Auditorium today to see the cultureal festival. Witness Says Klan Woman Planned To Kill Kennedy

WASHINGTON (UPI) —A witness testified today that the Ohio grand empress of the Ku Klux Klan told him she once devised a plan to kill President John F. Kennedy.

Richard Hanna, 22, Newport, Ky., said Mrs. Eloise Witte related to him that she intended to kill Kennedy by walking up to him and shooting him with a gun hidden behind a baby she would be carrying in her arms.

"Then I realized she was sick — that she was destroying the Klan, the State's Rights party and everyone connected with her," Hanna told the House Committee on Un-American Activities.

The committee, continuing its investigation of the Klan, was expected later today to examine Klan operations in Florida.

Hanna was a witness left over from the committee's investigation of Ohio Klan doings. Other witnesses have charged Mrs. White with plotting the assassination of President Johnson; Vice President Hubert Humphrey; Martin Luther King; a Klan leader, and her own usband.

In an appearance last week, Mrs. Witte denied these accusations under oath.

Since 1949, Fresno County has led the nation's agricultural counties in total value of products.

Rock Scribblers To Be Foiled

BAKERSFIELD (AP)—Forest rangers have developed a new technique to foil persons who write nasty words on public rocks.

The new idea: fertilizer.

The fertilizer, according to assistant ranger Ernest Anderson, will stimulate the growth of moss and lichens to cover the unsightly scribblings.

Anderson said the spray of fertilizer and water covers the obscenities until the growth takes over and looks much better than just painting over the letters.

Jordan Voted Student Head

Dan Jordan, son of Mr. and Mrs. Leland Jordan of 87 Deer Park Avenue, will be spring semester student body president of Davidson Junior High School in San Rafael.

Election was held Friday, with results announced today. Dan defeated Bebe Anderson and Charles Gray to win the top office.

Peter Graham was elected vice president; Barbara Whitlow, secretary, and Don Waxman, treasurer.

Pilot Error Is Hinted In Fatal Plane Crash

SALT LAKE CIT Y(AP)—The pilot of a Boeing 727 which crashed said today the airliner failed to respond when he gunned the jet engines and pulled back on the controls to avert a hard landing that resulted in a fiery smash-up killing 43 passengers last November.

United Air Lines Capt. G. C. Kehmeier, 48, Denver, Colo., said the lack of response indicated the plane was nearly in a stall. A stall is where a plane loses its lift and is unable to be controlled due to speed and angle of flight.

Co-pilot Phillip E. Spicer, who was at the controls when the 727 began its landing approach, said he started to increase engine power earlier but was told by Kehmeier to wait awhile.

Second Officer R. R. Christensen, the engineer, said he was a little uneasy because he thought the approach was at a greater than normal descent.

The 727 hit hard, short of the runway, and burst into flames. Fifty of the 91 aboard got out, but two died later. Forty-one were burned to death or suffocated.

To Name Member

Sausalito-Marin City sanitary district directors will hold a special meeting at 10 a.m. tomorrow at 201 Caledonia Street to appoint a new board member. There are two existing vacancies.

Labor Outlook Book Available

WASHINGTON (AP)—For $5 the Government Printing Office will send you the 1966-67 edition of the Labor Department's Occupational Outlook Handbook—including salaries, working conditions and qualifications for more than 700 occupations.

The publication, released by the Bureau of Labor Statistics, says unskilled and semiskilled jobs will continue to diminish and farm workers will continue a long-term decline.

The best jobs, it reports, will require the best possible education in the next decade.

Peter Goldstein Back In Hospital

Peter L. Goldstein, 31-year-old San Anselmo publicist seriously injured in a two-car accident on Waldo Grade last Oct. 19, entered Mount Zion Hospital, San Francisco, Saturday for possible surgery to the retina of his right eye.

His brother, Judge Alvin H. Goldstein Jr. of Marin Municipal Court, said today the eye ailment was a complication arising from the accident which rendered the publicist unconscious for nearly two weeks.

Peter Goldstein was discharged from hospital about six weeks ago, and appeared to be making a good recovery.

Tests were scheduled at Mount Zion Hospital today to determine if surgery is necessary. If it is, Judge Goldstein said, his brother is expected to be in hospital about four weeks.

At least 25 lives were lost by drivers in motorcycle races during the five-year period 1960-64.

Trial Of Wolden Scheduled To Start

SAN FRANCISCO (AP)—San Francisco Assessor Russell L. Wolden went on trial today on charges of taking bribes in exchange for lower tax assessments.

The hearing before retired Los Angeles Superior Court Judge Lewis Drucker is expected to last three months.

Wolden's trial is the latest development in a tax assessment scandal that has reached the length of the Pacific Coast. San Diego's assessor killed himself. The assessor in Seattle resigned. Alameda County's assessor is on trial on charges similar to those against the 54-year-old San Francisco official.

Defense attorney James Martin MacInnis insists Wolden has done nothing wrong. Wolden says he will run for re-election.

He is the first major San Francisco official to face criminal trial since Public Defender Frank Egan was convicted of murder in 1932.

Wolden, who has been San Francisco assessor since 1937, is charged with 10 counts of bribery and one of conspiracy. The grand jury said he accepted money from tax consultants in return for reduced personal property assessments for the consultants' clients.

Attorneys guessed that all of this week would be taken in selecting a jury. Some 65 veniremen appeared for the first session.

Season Cutback Brings A Dip

SACRAMENTO (AP)—Agricultural employment in California dipped to 269,600 in mid-February, representing a seasonal cutback 6,800 from the previous month, the State Employment Department said today.

Even with the one - month drop in total employment, there were 7,000 more farm workers holding jobs than at the same time a year ago.

Bus-Car Crash Kills A Driver

KING CITY (AP) — A bus-automobile collision yesterday killed the car's driver and seriously injured the bus operator.

Dead was Gale Baumgartner, 28, of San Benito, whose car went across U. S. 101 for an unknown reason and collided with the front of the bus, the highway patrol said.

Seriously injured was bus driver Orville Nanninga, 52, of San Luis Obispo.

Seven of the 34 bus passengers were injured, three of them seriously.

West Marin Plan To Be Debated

Because of the holiday, county supervisors will not meet tomorrow but will meet Wednesday night and again Thursday morning this week.

The Wednesday meeting will be the board's first public hearing on the West Marin master plan. It will be held at 8 p.m. at West Marin School.

On Thursday the board will have only two items on its agenda: The grand jury report on the John M. Douglas hiring procedure and Supervisor Peter H. Behr's proposal for a bond issue for purchase and development of parks. The Thursday meeting will begin at 9 a.m. at the Civic Center.

'Finn For Council' Backers Organize

A "Finn for Council" committee has been formed to campaign for John Finn III for Mill Valley City Council in the April 12 election.

Students Help Heart Fund Drive

Teen-agers of Marin—some 80 strong — have pledged their hearts to the 1966 Heart Fund campaign in a three-hour San Rafael business house solicitation.

They will converge at the San Rafael Court House grounds Saturday at 10:30 a.m. There they will pick up red, heart-shaped identification tags and kits of literature to be distributed to San Rafael business establishments in the three-hour "heart-days-for-business" donation drive.

Teen-agers participating are members of San Rafael High School girls' service clubs, the Ra Ravas and Les Couts.

President of the two groups are Margie Costello and Connie Wagner, respectively, both of San Rafael.

Ron Giomi, student body president, will be among participants in the business solicitation, which will augment the month-long Heart Fund drive in Marin.

Solicitations will be completed by 2 p.m., at which time teen-agers will turn in proceeds to the Marin County Heart Assn. office at 1363 Lincoln Avenue, San Rafael.

Fred Brylka, 1966 Heart Fund chairman, said refreshments will be served at the office.

EARLY-BIRD CONTRIBUTOR — Walter G. Hammermann of Sun Valley Market in San Rafael gives to 1966 Heart Fund on solicitation of Connie Wagner (left) and Margie Costello, San Rafael High School girls' service club presidents. The clubs, Ra Ravas and Les Couts, will conduct a three-hour "Heart Day for Business" drive Saturday.

Marin Marines Take Training For Combat

Three Marin County Marines have completed four weeks of individual combat training at Camp Pendleton.

They are Pvt. Bruce C. Trimble of Sir Francis Drake Boulevard, Manor, Fairfax; Pfc. Michael P. Hays, 825 Las Gallinas Avenue, San Rafael; and Pfc. Richard Ward, 709 Cherry Street, Novato.

Catholic Education

Rev. Charles W. Dullea, president of the University of San Francisco, will tell members of the Marin Serra Club about the future of Catholic higher education when the club holds its annual father-son dinner at 7 p.m. tomorrow at the San Rafael Elks Club. Attorney Roger P. Garety will be master of ceremonies.

Freshman Dance

Redwood High School's freshman class will hold a dance Friday from 8 to 10:30 p.m. in the school gymnasium.

Trial Practice

Marin County trial lawyers will participate Saturday in the all-day trial practice seminar of the California Trial Lawyers Assn. in Santa Rosa. The program is entitled "The Proper Handling of a Tort Case from Beginning to End."

Car Storage Permits Controversy Expected

Revocation of permits for two car storage lots on Jordan Street is expected to produce long discussion at tonight's meeting of the San Rafael City Council, which opens at 8 o'clock in the city hall.

The permits are those of R. L. Thompson and L. P. Aquilino, and of Richard Isi, about a block apart. Both were granted last summer over protests of the San Rafael Board of Education, as the lots are across the street from Davidson Junior High School.

The city has received complaints that the proprietors failed to live up to restrictions imposed to prevent the lots becoming eyesores. The planning commission last week held public hearings and recommended both permits be revoked.

First item on the 29-item agenda for the meeting is sale of two city-owned lots on Mira Flores Avenue at public auction.

The council may also take up expansion of the underground utilities requirements, a matter postponed twice previously.

Abatement of a delapidated building at 1610 Third Street, recommended by Chief Building Inspector Jack Coates, is to be discussed. Action was held up at the Feb. 7 meeting.

City Mgr. Dan E. Andersen will recommend that action on appointment of a city planner be put off until the March 7 meeting. Andersen plans to leave for Southern California tomorrow to interview several applicants.

The County of Marin seeks to rent 24 spaces in the Third and Lootens streets parking lot from the city for parking by jurors, there having been many complaints from those on jury duty that no all-day parking was available near the courthouse. City Manager Andersen will recommend the arrangement be authorized.

The council will be asked to approve placing John Dorich on the regular payroll as planning draftsman at $512 per month, to fill a vacancy. Dorich has been working on a temporary basis in the planning department since last October.

Educator Hits Budget Cutback

SACRAMENTO (UPI) — The president of the California School Boards Assn. (CSBA) has joined the protest over President Johnson's budget proposals for cutting back some aid-to-education programs.

Clayton Record said California normally received $65 million a year to help school districts whose enrollment was swollen because of federal projects in their areas. He said the proposed budget would cut the amount to $31.5 million.

He said the budget cut was a "classic example of why schools must be extremely careful in accepting federal funds for anything but the most urgent projects."

Flu Halts Meeting

The flu epidemic caused the cancelling of a meeting scheduled for Friday of the Bolinas Public Utility District, reported James Dougan.

Die In Saigon Helicopter Crash

WASHINGTON (AP) — Two Army nurses, the first American military women killed in Viet Nam, were among seven victims of an Army helicopter crash near Saigon, the Defense Department reported Saturday.

The exact cause and circumstances of the crash are being investigated, the Pentagon said. Unconfirmed reports indicated the craft hit a power line about 10 miles northeast of Saigon.

The nurses were identified as 2nd Lt. Carol A. E. Drazba, daughter of Mrs. Marcella Drazba, Dunmore, Pa., and 2nd Lt. Elizabeth A. Jones, daughter of Mr. and Mrs. George L. Jones, Allendale, S.C. Both were attached to the 51st Field Hospital.

All seven people aboard, including two army officers, were killed.

Anniversary Plans

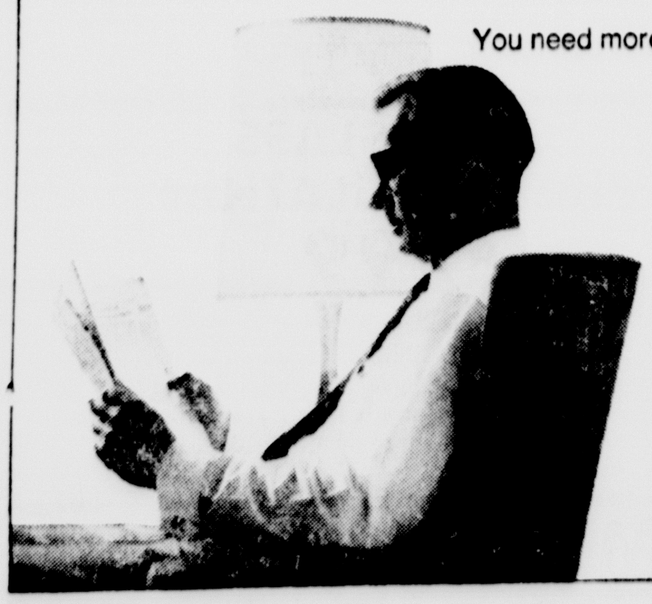
Why your PG&E bill went up when the temperature went down:

Winter's cold and rain means you're spending more time indoors.

You're using more heat and cooking more hot meals.

You need more lighting.



And you enjoy more TV and radio.

So naturally, your PG&E bill went up. When outside temperature goes back up, your bill will go back down again.

GERALD N. HILL
'More discreet'

Hill Former Marinite

A former Marin attorney, who went to public schools in Sausalito and Tamalpais High School, is the new head of California Democratic Council, replacing controversial Simon Casady.

He is Gerald N. Hill, 36, who formerly lived in Sausalito and Belvedere before moving to San Francisco several years ago. His mother, Winifred Hill, still lives at 532 Virginia Drive, Belvedere, and his sister, Mrs. Dana Upton, lives in Corte Madera.

Hill is married to the former Jane Herman of Sausalito. They have one child.

Termites are more closely related to cockroaches than to ants.

CASADY OUSTED

Doves Control Demo Council

BAKERSFIELD (UPI) — A group of liberals aligned with the anti-Viet Nam war doves controlled the California Democratic Council today.

But they backed Democratic Gov. Edmund G. Brown in his bid for a third term — despite Brown's active support of President Johnson's Viet Nam war policy.

In sharp contrast, they pointedly opposed the present conduct of the Viet Nam war and their new president praised New York Sen. Robert F. Kennedy for having "enlisted in this fight."

The 35,000 - member volunteer political group ended its strife - torn 14th annual convention yesterday by electing Gerald N. Hill, 36-year-old San Francisco lawyer, as its new president. He replaced Simon Casady, whom Brown asked to quit after less than one year in office for conducting a "statewide crusade" against President Johnson.

Hill defeated Charles Gant, Santa Ana, by a nearly 3 - 1 margin—1,175-453—in the presidential balloting. Gant had campaigned on a softer anti-Johnson line.

The new CDC leader immediately called for a summit conference of the nation's liberal organizations to find a path to peace in the war-torn Southeast Asian nation.

Although he set no time nor place, he said he would like to see Kennedy, brother of the late President, as the conference keynoter.

Kennedy suggested Saturday that the United States negotiate directly with the Communist National Liberation Front in seeking peace.

His stand agreed with the position taken by the CDC in an "issues statement" which called for a de - escalation of the war, a halt to bombing in both North and South Viet Nam and negotiations with the Viet Cong.

"This is the CDC's stand," said Hill. "This is my position. Today's minority may be tomorrow's majority."

Johnson's name drew scattered but significant boos when Brown told the delegates after the governor's name had been placed in nomination for CDC endorsement that "no man in the United States" wanted peace more than the President.

But Brown said of Hill: "he may be more liberal (than Casady), but he'll be more discreet."

Brown lectured the delegates to turn away from international affairs and center their attention on the issues of the 1966 gubernatorial campaign, where he faces a challenge from either actor Ronald Reagan or former San Francisco Mayor George Christopher. They are the two frontrunners for the GOP gubernatorial nomination in California's June 7 primary.

"Everything about this state that is progressive and dynamic and worth fighting for is under attack this year," Brown said. He predicted a "rough, tough and bitter campaign."

Oil Makes Venezuela Wealthy Latin Nation

CARACAS, Venezuela (UPI) — "Black gold," oil, has made Venezuela the wealthiest nation in Latin America.

Through 1965, Venezuela's foreign exchange reserves amounted to $833 million, more than double those of Brazil, which totaled about $370 million. For the same period, Venezuela had a favorable balance of payments amounting to $514,800,000.

A ROYAL PEEK

JUST 13

Parents Want To Slow Down Growth

DALLAS (UPI) — Some parents do not want their daughter to be an 18-year-old while she is still 13.

In the North Dallas area, parents have organized to exchange ideas and form a consensus on the problem of teen-agers pushed to grow up too soon.

In short, they want their 13-year-old to be just 13 for at least a year, then 14, and so on. The Parents League of Dallas started as a group of 10 couples.

One of the organizers, Mrs. Hilton Painter, said, "We want to slow down the pace at which youngsters mature, and perhaps lessen the pressure to conform. We do not want 15-year-olds in 18-year-olds' situations."

The league wants to get together a consensus of the feelings of parents, teachers, doctors and the teen-agers. They will ask through questionnaires what they think about early dating, what age they think driver's licenses should be available, what age youngsters should go to mixed parties or to dances or to late movies.

They will also use as a guide the advice of Dr. James Peterson of the University of Southern California, a sociologist and family relations counselor who spoke at an organizing meeting of the league.

The league will then publish a pamphlet with the opinions and advice.

"With some girls," Mrs. Painter said, "their mothers keep pushing them, into dance clubs or dating or such, because they want so much for their girls to be popular.

"One woman called the other day and said, 'I have a 12-year-old and she asks me things that I can't decide. I don't know what to say to her about such thing.'

"And one seventh-grader came home one night from his first dance. He said, 'It was miserable. I will never go to one again.'

"We hope to help out with things like this," Mrs. Painter said. "We can help the woman with some answers for her girl and can help the seventh-grader perhaps to wait until he's older before his first dance."

There are similar groups in Denver and in North Carolina and in Houston. They hope to spread the idea of letting youngsters be youngsters for just a while before they become adults.

That way, the league believes, something can be done to forestall many of the young marriages and other problems.

Mary E. Spaulding Bride Of Maynard Garrison Saturday

Dr. Carl Howie officiated at the Saturday wedding of Mary Elizabeth Spalding of San Francisco, daughter of Mr. and Mrs. Edward P. Spalding of Ross, and Maynard Garrison Jr. of San Francisco on Saturday at the chapel of Calvary Presbyterian Church, San Francisco.

Mr. Spalding escorted his daughter to the altar in the single ring ceremony held at 11 a.m. Mary wore a full length gown of peau de soie trimmed in pearls with an heirloom mantilla.

Mrs. Donald Bull of Kentfield, matron of honor to her twin sister, wore a pink dupioni silk sheath with a Dior bow.

Serving as best man to his cousin was Richard Wheeler of Orinda with Donald Bull ushering.

A reception followed at the home of the bride's aunt and uncle, Mr. and Mrs. Edward Polhemus, in San Francisco. Following a short wedding trip, the Garrisons will make their home in San Francisco.

The bride attended Drake High School and University of Oregon and was graduated from Dominican College. She is employed as a teacher at Town School For Boys in San Francisco.

The bridegroom's parents are Mr. and Mrs. Maynard Garrison of San Francisco. He was graduated from Princeton University and University of San Francisco Law School and practices law in San Francisco.

Mill Valley Bethel Will Give Scholarship Benefit

Contributions and a special program benefitting the education and scholarship fund of the International Order of Job's Daughters are planned for Wednesday's meeting of Mill Valley Bethel 119 at 7:30 p.m. in the Masonic Temple.

The fund is used for the encouragement and advancement of the higher and specialized education by providing scholarships for members of the order.

Honored queen Jane Cleaveland will preside, and refreshments chairman Carol McCormick will be assisted by Karen Carlsen, Nancy Evans and Lynn Michaelian. Kathy Fitzgibbon and Lynn Howard will do decorations.

Three former council members recently received honorary life memberships for their dedication of time to and support of the Bethel. They were Mesdames Romietta Drexler, Barbera Krone and Dorothy Morrison. Member Joan De Lasaux was presented with the traditional marshal's pin.

Pushbuttons Help Americans Get Along Without Domestics

NEW YORK (UPI) — Thanks to pushbutton appliances, convenience foods and Yankee ingenuity, most American families get along without maids, cooks, butlers, housekeepers.

Only 4.8 million households—or one in 12—hire permanent or part-time housekeepers, according to a U.S. government survey. The decline of available domestic help for hire figures in the situation, too.

Appliances to the rescue include washing machines, dryers, dishwashers, waste disposers, ovens that shut themselves off and on, plus a host of other push-button magic things unheard of even 20 years ago.

Also helping: More than 14 per cent of the typical family's food budget is spent on instant of partly prepared foods, Uncle Sam's statisticians say.

At the turn of the century, the average homemaker spent over half of her time preparing food. Today, the housewife spends only 1.5 hours a day preparing her family's three meals.

THE EUROPEAN HOUSEWIFE still spends an average of three hours a day preparing meals, even though domestic help is much more common on the other side of the Atlantic.

World War II marked the beginning of the great decline in household employment on this side of the Atlantic. Back in 1940, almost 18 per cent of all working women were employed in private households. By 1950, employment among women in this job category was down to 8 per cent.

Increased educational levels and opportunities for better paying jobs elsewhere contributed to the decline.

While the supply of household workers continues to dwindle, the homemaker increasingly also is depending on service businesses which cater to the home's needs.

"Order in the food" is an easy way to stage a big party or dinner. The catering industries in cities nationwide are doing a landslide business and it increases each year.

WHAT IS THE TYPICAL woman in the servantless home doing with the spare time—made by convenience foods and appliances?

She's busier than ever, spending more time caring for the children, helping the community and, increasingly, working for pay to help foot the bill for some of the convenient gadgets that enable her to get along the servantless way.

About three in five women in the labor force are working wives.

The outlook is for even more spare time created by less housework and cooking drudgery as more sophisticated appliances and instant foods continue to become standard items.

Robin Reid Is Bride Of B. A. Dyckman

Robin Reid, daughter of Mr. and Mrs. Eldon Reid of Corte Madera, became the bride of Barry A. Dyckman of Oak Lawn, Ill., in a 6 p.m. wedding on Saturday held at Church of Jesus Christ of Latter Day Saints, Greenbrae.

A reception was held in the church recreation hall. Robin's gown was of full length peau de soie with Chantilly lace trim. Her younger sister, Pauline Reid, wore a street length dress of gold satin peau de soie. Bridesmaid Jacque Reynolds of Corte Madera wore a similar dress.

The bride's younger sisters, Sulin and Maren Reid of Corte Madera, were flower girls.

Charles Fuller of San Rafael served as best man and Le Roy Reid of Cotati, brother of the bride, ushered.

Robin attended Redwood High School, Brigham Young University and College of Marin. She is employed with Retirement Residence, Inc., in San Francisco. Her other sisters and brothers are Roxie Reid, now in France, Pauline, Nicki and Rollie Reid of Corte Madera.

The bridegroom, the son of Mr. and Mrs. Arthur Dyckman of Oak Lawn, Ill., attended Oak Lawn High School.

Arnsmeyer-Collins Nuptials Recited In Montclair Church

In a ceremony on Feb. 12 at the Montclair Methodist Church in Montclair, Ronalde Earl Arnsmeyer of Mill Valley claimed Karen Elaine Collins as his bride.

The bride is the daughter of Mr. and Mrs. Kenneth Wayne Collins of Oakland.

Given in marriage by her father, the bride wore a full length gown of white nylon. The full skirt was fashioned with panels of eyelet.

Preceding the bride to the altar for the 2 p.m. ceremony in gowns of forest green and champagne brocade were Mrs. Lorraine Rocheleau of Oakland as matron of honor, and bridesmaids, Mrs. James Warman of Oakland and Barbara McIntosh of Redwood City.

Jaye Brown of San Rafael was best man for the bridegroom and ushering were Bill Champlin of San Anselmo and James Warman of Oakland.

A reception followed the ceremony at Leona Lodge in Montclair.

Following a wedding trip to Southern California, the couple will reside in Oakland.

Novato P-TAs Bestow Life Memberships On Fourteen

Fourteen honorary life memberships were awarded at founders day programs by Parent-Teacher Assns. in the Novato Unified School District Thursday night.

Lu Sutton P-TA and the Loma Verde P-TA held individual programs at their respective schools. All the other awards were made at ceremonies at the San Jose Junior High School.

Mrs. Onus Comer and Mrs. Willis Spitzer were awarded honorary life memberships by the Loma Verde P-TA.

Mrs. Comer, a teacher for the Novato and San Jose District for seven years helped to develop the use of the "rod" system in mathematics in the area and has given courses and workshops on it.

MRS. SPITZER has actively served in the P-TA in Loma Verde as well as on the peninsula for several years. She works on fund raising events for the P-TA and has served as safety, membership and ways and means chairman and has been a room mother many times.

Mrs. Johnnie Guthrie, first grade teacher at Lu Sutton School was awarded an honorary life membership by the Lu Sutton P-TA. Mrs. Guthrie has taught the first grade in Novato for the past 12 years and previous to that taught in Tennessee. She received her masters degree at San Francisco State last June.

MRS. EDWARD Leech, manager of the Novato Branch of the Marin County Library, was among the 12 recipients of the honorary life memberships given at ceremonies at the San Jose Junior High School.

The Olive School P-TA awarded Marge Leech the membership for "her outstanding performance of her duties in the library and for all the extras she performs during her lunch hour and after duty hours."

Marin School P-TA awarded life memberships to two Novatoans.

Chain Dep served as custodian with the Novato School District for 12 years and nine of those years at Marion School. He retired in December but during the time as custodian he was conscientious at his job as well as showing a particular interest in the children.

MRS. JOHN Lockwood, a teacher at Marion School was awarded a life membership by Marin P-TA for her work not only with the children but also for her work with the school fund raising projects. Especially the school carnivals.

Leavitt Baker, a lifetime resident of Marin County, was presented an honorary life membership by the West Novato School P-TA. John Thorsson, who made the presentation said that Baker shared his love of nature with children, taking them on hikes and explaining the outdoors to the children in a way that they can understand.

MRS. ROBERT Bonner and Mrs. Charles Rentz were recipients of honorary life memberships from Rancho School P-TA.

Mrs. Bonner has served in parent-teacher associations in Maryland, Virginia and California and has held every office from hospitality chairman to vice president.

MRS. RENTZ, the mother of three children, moved to Novato with her husband in 1961. She was awarded the life membership for her work with children in Scouts and P-TA.

John Novak and Mrs. Glenn E. Dunbar were honored by Hill Junior High School P-TA.

Mrs. Dunbar, the mother of four sons, has lived in Novato for 10 years. Included in her many community projects has been her work with the Novato Community Methodist Church as a teacher in the vacation church school and the Sunday School.

JOHN NOVAK, president of the Novato Junior High School P-TA, is well known in Novato as a building contractor. In the presentation Novak was honored for his donation of time for many community projects.

San Jose Junior High School honored Mrs. Brent Burrell with a life membership for her work in the Loma Verde area. Mrs. Burrell has been active in P-TA work for the past six years, collects for nearly every charitable drive and works for all the school bond elections.

MRS. KENNETH Cline and Mrs. Lee Avilla were awarded honorary life memberships by the Lynwood School P-TA.

The mother of five children, Bea Cline is currently editor of the San Jose Junior High School Newsette.

Mrs. Avilla came to Marin County in 1941 and in 1952 she became a school bus driver for the San Jose District. Mrs. Avilla is still a school bus driver for the Novato Unified School district and also takes children on field trips.

MR. AND MRS. RICHARD LLOYD FOGG of San Francisco were married on Feb. 12 at the Episcopal Church of Saint Mary the Virgin in San Francisco. Mrs. Fogg, the former Carolyn Anne Kane, is the daughter of Mr. and Mrs. B. Roger Kane of Kentfield. (Odell photo)

'Friend In Need' Attitude Spawns Unique Service Club

A luncheon meeting at the Mill Valley home of Mrs. John Eshleman Thursday will offer women of the Bay Area an opportunity to found clubs comparable to the unique Marin Mastectomy Service Club.

Founded eight years ago by Mrs. Ranald Cockburn of San Anselmo, it is composed at present of 70 members, all of whom have had breast surgery for cancer.

Working closely with the Marin Medical Society, they give hundreds of hours trying to make this surgery easier for other women by providing many services. The extent of the problem is indicated by the fact that more than 1,000,000 American women have had this surgery and from 50,000 to 70,000 are added each year.

The first service provided is a call on a prospective patient who may be almost in a state of shock. Often wearing a smart outfit that reveals no disfigurement, the volunteer assures the woman by her own appearance and attitude, and hands her a pamphlet which eliminates misunderstandings, suggests helpful exercises and explains what the service club does.

The pamphlets are printed by the Marin Medical Society for the club.

Various services thereafter for patients, ranging from 18-year-olds to the elderly living alone or having large families, may include baby sitting, running errands, providing transportation for post surgery treatments or just being a friend in need.

The Marin group was especially proud of its oldest member, Mrs. Catherine Washington of Marin City, who had the surgery at age 100 and died from other causes at age 103.

Mrs. Carolyn J. Jaffray of Kentfield is the current president of the Marin club and Mrs. Cockburn is vice president. Other officers are Mesdames Robert R. Pool of Sleepy Hollow, secretary; Hughes Call of Mill Valley, first visit chairman; and Mrs. Eshleman, publicity chairman.

So many calls for help from women in other Bay Area cities have been received by the Marin club, which finds providing services to Marin's five hospitals all it can do, that the luncheon meeting Thursday was planned to help interested women organize their own clubs.

Marin psychiatrist Dr. Sam Anderson will be a guest speaker following the 12 o'clock luncheon. Those attending are asked to bring their own sandwiches, and Mrs. Eshleman will serve coffee.

Carpet Paths and Spots Easily Removed . . . . or clean carpet wall-to-wall. Safe Blue Lustre re-brightens colors, leaves nap fluffy. Rent easy-to-use electric shampooer for $1 a day at Valley Hdwe., 247 Shoreline Hwy., Mill Valley.

Marin Toastmistresses Set Speech Contest This Week

Marin Toastmistress Club 651 will have its annual speech contest Thursday at 7 p.m. at Sabella's Restaurant, Mill Valley.

Speakers on unannounced subjects will be Mesdames Lloyd Allen, Lothar Salin, William Heineman, and Paul Satur. Topic mistress will be Mrs. Augusta Cunningham.

Guests are invited. Reservations chairman is Mrs. K. W. Hagel of Mill Valley.

'Future Of Man' Review Is Given For Fellowship

Emphasizing the "mind-stretching qualities of the book, the Rev. Benton Gaskell reviewed "The Future of Man" by Pierre Teilhard de Chardin, S.J., before fifty women present at the Community Congregational Church of Belvedere-Tiburon Thursday afternoon. Dr. Gaskell's review of the collected essays of the distinguished Jesuit priest's scientific and philosophic views was the second in a series of five book reviews sponsored by the Women's Fellowship of the church.

Making a parallel between the continuing evolution of the natural world and the growth of man's intellectual powers, the author expressed faith in the progress of mankind. "Man developed his mind on his way to reunion with God," the reviewer said.

"The book pulls you apart, makes you see, makes you think and gives you courage" said Dr. Gaskell. "I'd ask you if you have any questions, but I have told you all I know," the speaker concluded.

At the request of members of the fellowship, he read a number of poems by Emily Dickinson, "The Lighter Ones" for contrast with the demanding book reviewed. Dr. Gaskell has been an admirer and collector of the works of Miss Dickinson since his college days, when he lived in a house across the street from the 19th Century poet's home in Amherst, Mass.

Guy John Cavalli Claims Mary J. McAuliff As Bride

MRS. GUY CAVALLI

St. Edward's Catholic Church in San Francisco was the setting on Jan. 29 for the wedding of Mary Jane McAuliff of San Francisco and Guy John Cavalli of San Rafael.

The bride is the daughter of Mr. and Mrs. G. McAuliff of San Jose.

Given in marriage by her father, the bride wore a full length gown of antique satin.

Preceding the bride to the altar in gowns of pink and deep rose were her sister, Lyda McAuliff of San Jose as maid of honor, and bridesmaids, Rose Miller of Daly City and Karen Piazzle of San Carlos.

Albert George Dixon III of Berkeley was best man and ushers were Marc Wood of San Bruno and Steven Piazzle of San Carlos.

A reception followed the ceremony at Laurel Hall in San Francisco.

The bridegroom is the son of Mr. and Mrs. Guy Cavalli of Peacock Gap.

San Francisco will be the home of the newlyweds.

LUTE ARTIST—Suzanne Bloch, an authority on the lute and other medieval musical instruments, will play songs written for these instruments during their heyday during an unusual concert at 8 p.m. Thursday at the College of Marin. She also will present a lecture-recital Wednesday at the new college center.

Suzanne Bloch Sets Concert Thursday

Suzanne Bloch, daughter of the late composer Ernest Bloch, will present a recital for the lute, recorder and harpsichord at 8 p.m. Thursday in Olney Hall at the College of Marin.

This is one of the programs in the college's spring concert and lecture series. Admission is free.

A noted authority on music dating back to medieval times, Miss Bloch will perform folk and art songs and dances of the 13th to 18th centuries.

Included in the program will be works by Neusiedler, Bianchini, Robinson, Ballard, Handel, Banchieri, Orlando Gibbons, Willian Byrd, Johann Bach, Adam de la Halle, Sachs, Claudin de Sermisy, Robert Jones, John Dowland and Thomas Campian.

Miss Bloch's first training was as a pianist, and at 19 she won first prize in a Paris contest for women composers. In recent years she has appeared in orchestral performances in New York with Leonard Bernstein and Leon Barzin.

The artist will also be the guest of the Associated Students of the college at an 11 a.m. luncheon the same day, before a lecture-recital she will give for them at noon in Room B of the new college center.

She will speak on "The Music of Shakespeare," demonstrating with the lute, virginal and recorder.

Selective Service Ready With Qualification Plan

WASHINGTON (AP) — The Selective Service System said today it expects to close a contract within a few days under which a college qualification test will be made available to some 2 million college students and high school seniors.

Local draft boards will be authorized to consider for student deferment those who make a satisfactory grade — the exact level yet to be determined—or who maintain required class standings.

It is planned to supply the local boards with the test results before colleges open next fall.

Plans are for the first test to be given some time in May.

A spokesman said today the exact date for the first registration and first test cannot be set until the contract is signed.

However, the registration will be held at least three weeks before the test is given, so he said it was entirely logical that the first deadline for registration might come in late April.

New Weather Satellite Set

WASHINGTON (AP) — The newest weather satellite—ESSA 2—to be launched Friday, is designed to be used by anybody, the Weather Bureau reports.

The bureau says that while it may cost $30,000 or more for commercial construction of a ground station to receive pictures from the satellite, a New Jersey man has done the job at home for about $250.

The bureau says Wendell Anderson, a Moorestown, N.J., engineer, built the station around a $933 ham radio receiver. So far he has received satisfactory pictures from the Nimbus satellite launched in 1964.

Folk Dance Program Sponsored By Guild

Two performances of folk dances from Europe, Mexico and New Zealand will be presented Saturday at Temple Rodef Shalom, 170 North San Pedro Road, Santa Venetia.

The performances, to be given at 10 and 11 a.m., will be the first of three programs sponsored by the Symphony Guild of Marin for elementary school children.

CONCERT REVIEW

Zabaleta Applauded For Harp Dexterity

By JOEL ANDREWS

Lovers of fine music and harpists turned out to capacity of the Peacock Gap Country Club for the fourth concert presented by the Peacock Gap Music Assn. Saturday afternoon.

Nicanor Zabaleta, Spanish harpist of world renown, was applauded vigorously for his consummate mastery of this difficult instrument.

One is first struck with his incredible dexterity supported by the supreme evenness of his playing, tempered with the most elegant rhythmic nuances.

His adroit, incisive style of execution is reminiscent of that of his countryman, Segovia, master of the harp's close cousin, the guitar; and one wonders why the harp, with its wider dynamic range and infinitely richer tonal palette, is not more often heard as a solo instrument.

His cool, crisp style of playing is really more of a keyboard conception, and Zabaleta consistenly uses his unique eighth pedal, which operates a device for dampening resonance in the lower register.

These qualities were exemplified in 18th Century sonatas by Rosetti, Dussek and CPE Bach, and were much in evidence in the tricky three etudes by 19th Century harp virtuoso Bochsa, the charming variations on a Swiss air by Beethoven, and Prokofieff's Prelude Opus 12, No. 7.

Scale passages in the Bach Sonata, the highlight of the program, cascaded by like rows of pearls on a necklace, leaving the audience breathless, and the ornaments in the Rosetti sonata were sheer sorcery—the nimblest I have ever heard.

These sonatas, written for piano or harp, gain much in beauty of tone and resonance when played on the harp, where gut strings are plucked, rather than on the piano where metal strings are struck.

Of the contrasting pieces only the Faure "Une Chatelaine en sa Tour," romantic, and parts of the Himdemith sonata provided a change of style, the latter with his chromatic harmonies has a quality which never comes to life on the harp except in the last slow movement.

The Hungarian dances by Farkas needed some gypsy abandon and smoldering fire, and the Tournier "Jazz-Band," which has too many notes in it to begin with, further lost its jazz flavor in too fast a tempo.

Exhilarating though the program was (and two encores were demanded), it needed a wider variety of style and something to strike us deeper.

Zabaleta charms us so completely with his head and hand, we wish he would move us with his heart and soul.

High, Low

NEW YORK (UPI) — The lowest temperature reported this morning to the U.S. weather bureau, excluding Alaska and Hawaii, was 34 below at Roseau and Bemidji, Minn. The highest reported Sunday was 81 degrees at Presidio, Tex.

Actors Selected For School Play

Actors for lead roles for "Annie Get Your Gun," Redwood High School's spring musical, have been selected.

Double cast in the title role of Annie are Cindy Greaves of Kentfield and Cheryl Hope of Tiburon. Clay Roni of Tiburon plays Frank, Juli Theriault of Belvedere plays Winnie, Steve Carroll of Larkspur plays Tom, and Hamp Lyons of Kentfield plays Buffalo Bill.

Production is scheduled sometime in May.

Ammo Stolen

Some 200 rounds of .38 caliber ammunition were stolen during the weekend by someone who broke through the front door of the San Rafael Police pistol range building at Irene Street and Francisco Boulevard.

In 1943, Judy Johnson was licensed as a jockey and rode several horses in steeplechase races at Pimlico.

Court Rules Inventor Can't Be Obvious

WASHINGTON (AP) — The Supreme Court ruled today that an inventor cannot obtain a patent unless he has come up with a new idea that would not have been obvious to the ordinary skilled artisan.

This restriction on obtaining patents was written into the law by Congress in 1952 and upheld today by the high court in its first ruling since passage.

Now, under the law and by decision of the high court, patent ability is to depend not only on novelty and utility but upon the "nonobvious" nature of the invention.

The ruling, covering three different devices, was announced by Justice Tom C. Clark. Justice Byron R. White dissented in one case.

Justice Abe Fortas took no part in the three cases and Justice Potter Stewart disqualified himself in two.

The three devices involved are a clamp for vibrating shankplows, a leak-proof cap for covering finger-operated plastic sprayers and a battery.

In the first case the high court upheld the U.S. Circuit Court in St. Louis which ruled invalid a patent granted in 1953. William T. Graham and Graham Plow, Inc., thus lost t heir appeal.

United Republicans Say LBJ Has No-Win Policy

LONG BEACH (UPI) —Leaders of the 8,000-member United Republicans of California have accused President Johnson of "apparently following a no-win policy" in the Viet Nam war.

The Board of Governors, at their quarterly meeting Sunday, issued a statement alleging any negotiated settlement of the war by a Democratic administration probably would not be in the best interests of the United States.

Leaders of the volunteer Republican group urged the President to use every possible means "with the advice and consent of Congress" to score a military victory in Southeast Asia.

Another policy statement called U. S. sanctions against Rhodesia "immoral and unworthy of a great country."

However, delegates deleted from the statement a charge that President Johnson imposed the sanctions "merely as a political gesture to gain domestic votes by appealing to the Negro electorate of the U.S."

UROC governors also agreed to help send a mailing to all its members in support of a proposed state initiative to redefine state obscenity laws.

The governors also unanimously opposed a congressional resolution to amend loyalty and criminal disclosure requirements for students and teachers seeking benefits under the National Defense Education Act.

Police Arrest Man As Absent From Army

Charles E. Johnson, 19, was arrested yesterday by Fairfax police for being absent without leave from the Army at Fort Campbell, Ky.

Police said it was the second time Johnson had been arrested by them for being absent without leave. His family lives in San Geronimo.

Oklahoma City Cat Wins Dutch Prize

A Burmese cat from Oklahoma City won the Dutch prize at the Marin County Cat Fanciers' 14th annual championship all-breed show yesterday in Sausalito.

Glenn's Geronimo of Rogers Heights, a grand champion male Burmese, was awarded the gold medal and colorful rosettes at the Marin show given by Felikat, national cat association of The Netherlands. Appropriately, the prize was given to him, as best cat in show in the Cat Fanciers' Assn. all-breed competition, by judge Lynne VanderPoel of St Petersburg, Fla., whose husband is of Dutch ancestry.

Geronimo's owner, Mrs. Charles B. Rogers of Oklahoma City, wasn't present for the big award. Mrs. Paul Springer of San Francisco appeared for her.

Geronimo also was best in show in the shorthair specialty competition judged by Mrs. R. T. Wyse of Honolulu, who handed out Hawaiian orchids as a special compliment to the cats in her ring.

The other two top winners at the two-day event in the IDESST Hall were Walnut Hill Rondo, grand champion chinchilla male Persian owned by Mrs. Robert Weston of Pleasant Hill, best in show in the Marin club's all-breed competition, and Walnut Hill Suprise, a chinchilla female Persian also owned by Mrs. Weston, best in the longhair specialty also judged by Mrs. Wyse.

Next highest winning cats were:

CFA all-breed: Best cat, opposite sex, Hadleigh Suzette, champion female cream Persian owned by Curt Hammel of San Francisco; second best cat, Hayward's Golden Jubilee, champian cream male Persian owned by Mrs. Isabel Meader of Hayward.

Marin all-breed: Best cat, apposite sex, Walnut Hill Suprise; second best cat, Hayward's Golden Jubilee.

Longhair specialty: Best cat, opposite sex, Hayward's Golden Jubilee; second best cat, Walnut Hill Suprize.

Shorthair specialty: Best cat, opposite sex, Devi of Norpack, American Shorthair shaded silver champion male owned by Wayne Park and Kenneth Bender of Milpitas; second best cat, Seit, Abyssinian male owned by Leal Grupp of San Francisco.

More than 1000 persons attended the show to see the nearly 150 cats of nine different breeds. Proceeds will go to the Marin County Humane Society's development fund.

Old Bomb Found

GREAT YARMOUTH, England (UPI)—Army bomb disposal experts last night exploded a World War II beach mine found at this east coast fishing port. The British mine was laid on the beach during the war because of fears of a German invasion.

Nun Preaches To Episcopalians

ST. LOUIS, Mo. (AP)—Sister Ann Patrick Ware preached yesterday what is believed to be the first sermon by a Roman Catholic nun from an Episcopal pulpit.

The professor of theology at suburban Webster College spoke to an overflow crowd which included many Roman Catholics, some of them nuns, at St. Mark's Episcopal Church.

Her sermon was part of a program at the church that stresses ecumenism, and a more active role for women in church affairs.

Redwood High Honors List Swells To 192 Members

Redwood High School's Honor society has 192 members on the basis of Fall semester grades, adviser Robert Bachelder announced.

Students attain regular membership by having a B average and by giving 10 hours of service to the school. Life membership is granted to those students who have been members for six semesters.

New life members are: Carolyn Brockbank, Jed Bullard, Kim Cameron, Mitch Fink, Justin Fleischman, Arthur Ferguson, William Fuhrman, Carol Hinkley, Mark Larsen, Heidi Lerner, Claudia Marker, Tom McCarthy, Patricia Myers, Christopher Newhall, Paula Purkey, Cheri Redding, Katherine Rothrock, Tom Sather, Laura Schlichtmann, Carol Shenson, Russ Smith, David Strathairn, and Joy Wurtz.

Verdun Battle Commemorated

VERDUN (UPI) —France was reminded anew yesterday of war, bloodshed and 400,000 Frenchmen killed in the greatest battle in human memory—Verdun.

In Paris and Verdun, simple ceremonies were held to mark the 50th anniversary of the start of the Verdun campaign in World War I. Nearly 400,000 German soldiers also were killed in the 500-day battle, but the French garrison at Verdun held.

French officials laid wreaths on the war dead memorial here and, in Paris, more than 3,000 persons, including some survivors of the battle attended a special mass.

France will officially observe an anniversary of the battle May 29.

Landlocked Whale

BOLOGNA, Italy (AP) — The fossilized remains of a 10-meter-long whale have been found near Pianoro in the foothills of the Appennine Mountains. Archaeologists said it was the first complete fossilized whale skeleton found in Italy.

Home On Leave

Robert M. Lang, Navy fireman apprentice, is on leave until Friday at the home of his parents, Mr. and Mrs. John E. Lang, 38 Sirard Lane, San Rafael. When his leave is up, he will report for duty aboard the ballistic missile submarine, Casimir Pulaski, in Charleston, S.C.

Recreation Plans

A luncheon meeting to find out what types of recreation are wanted by the county's handicapped adults has been scheduled for noon Wednesday at the First Presbyterian Church of San Anselmo, 73 Kensington Road, sponsored by the Citizens Advisory Committee on Recreation for the Handicapped.

'SPIDERWALK' SHROUDS HUGE CRANE

Undergoing repair at Diesel Engineering and Maintenance, 1702 Bridgeway, Sausalito, is 100-ton floating Army cargo crane, biggest vessel repaired there since World War II. Metal safety scaffolding runs all the way to the top of the giant crane, which is getting paint job and general overhaul. Vessel will go to Rio Vista after completion of repairs.

Driving Lesson Leads To Crash

Five members of a San Rafael family were injured yesterday when a 16-year-old girl driver became confused during a driving lesson and careened the car into the side of the Nicasio Creek Bridge on the Petaluma-Point Reyes Road.

Eileen M. Bullock of 124 Greenwood Avenue, who has only a learner's permit, was learning to drive with her father, Bertis Bullock, 45, seated beside her as instructor.

She hit the accelerator instead of the brake as she attempted to slow for the bridge, her father said. The car veered. Her father grabbed for the steering wheel, but too late, he told the California Highway Patrol.

Eileen suffered a bruised forehead and mild concussion in the 3:25 p.m. crash. Her father; two sisters, Mary, 12, and Patricia, 10, and a brother, David, 7, all suffered cuts and bruises. They were treated at Novato General Hospital.

David L. Cooper, 20, of Salt Lake City, Utah, was injured at 12:05 p.m. yesterday when his northbound Honda motorscooter skidded off Shoreline Highway north of Stinson Beach.

Cooper told the California Highway Patrol that his motorscooter was going too fast when it hit a curve and slid on gravel. He was thrown into a ditch eight feet from the side of the road and suffered a bruised left knee. He was treated at Marin General Hospital.

They were among 15 persons injured in weekend traffic accidents in Marin County.

Sausalito Police Patrolman Michael Kielman, 22, was treated for a bruised right leg at Marin General Hospital after he was reportedly hit and knocked down by a car at 9:29 p.m. yesterday in the 800 block on Bridgeway.

Kielman, who lives at Fort Baker, was reportedly hit by a car driven by Stewart Marvin Wisun of 360 Ebbtide Avenue, Apt. 119.

Jeanette M. Potts, 17, of 120 Highland Lane, Mill Valley, was treated for a sprained neck at Marin General Hospital Saturday after the car in which she was riding Friday night was struck from behind by another auto in the northbound lane of Corte Madera Avenue at Tamalpais Drive, Corte Madera.

Police had no report of the accident, but Miss Potts said today she was riding with Bruce Collett of Molino Avenue, Mill Valley, when their car was hit from behind by another.

Two San Francisco men were injured in a two-car collision at Sausalito lateral and Fort Baker Road while one of the cars was attempting a left turn into Fort Baker at 1:45 p.m. Saturday, the highway patrol reported.

Thomas Arthur Wagner, 26, one of the drivers, suffered a fractured leg and foot and dislocated hip. He was reported in good condition today at Presbyterian Hospital in San Francisco.

His passenger, Donald R. Coots, 26, suffered scalp cuts. Coots was reported in fair condition at Marin General Hospital.

An eastbound car driven by James Richard Scagliola, 19, of 121 Hilldale Avenue, San Anselmo, making a left turn from Sausalito lateral, collided with Wagner's westbound car, highway patrol officers reported.

A 57-year-old San Francisco woman suffered a whiplash neck injury in a two-car, rear-end accident at Bridgeway and Ebbtide Avenue, Waldo Point, at 11:30 a.m. yesterday.

Injured was Gladys Gillies, a passenger in a car driven by Pauline Irene Zimmerman, 65, of San Francisco.

The highway patrol reported Mrs. Zimmerman stopped her westbound car to avoid an eastbound auto which had veered across the center line. Her car was struck from behind by a car driven by Patrick T. Keith, 17, of Berkeley.

Mrs. Gillies was treated at Marin General Hospital.

A San Francisco driver suffered a cut right ear and a bruised right shoulder when his car swerved off Highway 101 into a state highway chain link fence, just south of the Corte Madera overpass, at 7:10 p.m. Saturday.

Eldon A. Mankle, 38, was treated at Marin General Hospital.

The California Highway Patrol reported that Mankle was making a lane change when his car swerved off the west side of the highway down a slight embankment into the fence.

A Santa Venetia woman suffered a cut right eye and a bruised right shoulder when her light foreign car crashed into a guard rail on Highway 101 viaduct in San Rafael at 12:15 a.m. yesterday.

Catherine Alice Blades, 39 of 94 Sunny Oaks Drive, was treated at Marin General Hospital. The highway patrol reported that she was southbound when the car veered into the guard rail.

Florence A. Koeniger, 76, of 63 Oak Drive, San Anselmo, complained of head and neck pains Saturday morning after the car she was driving was struck from behind by one driven by Richard K. Miller, 17, of 13 Baywood Court, Fairfax, in the northbound lane of San Anselmo Avenue at Tunstead Avenue. Police cited Miller for following too closely.

A 46-year-old Santa Venetia man suffered a broken right leg and a fractured left collarbone when he was thrown from his car as it swerved off Highway 101, just south of the San Pedro Road turnoff, and rolled over at 10:15 p.m. Friday.

Injured was Karl Henry Riek of 624 Vendola Drive, who was reported in good condition today in Kaiser Hospital, San Francisco.

The highway patrol reported Riek was making a lane change, preparing to take the turnoff to Santa Venetia, when his car slid on the rain-slick highway. It struck a guard rail and overturned onto the embankment, highway patrol officers reported. Riek was thrown out.

German Pistol Reported Taken

A German Luger pistol and $1 in change were taken in burglary of the home of John L. Purcell at 322 Blackstone Drive, Marinwood, sheriff's officers reported today.

Purcell said entry was via a bathroom window. The intruders left traces of having eaten food in the kitchen, deputies added.

Thurman Barnes Jr., 727 Drake Avenue, Marin City, told officers the laundry room of his apartments was entered by prying a door vent, then reaching through to unlock the door. He said the burglars then took coin boxes off a washing machine and a drier. Amount of the loot was not determined.

Scooter Riding Site Is Asked In Tiburon

The Tiburon Planning Commission will deliberate tonight a request by city council candidate Alfred Azevedo that land adjacent to the Richardson Bay sewage disposal plant be opened for boys to ride miniature motorscooters.

Azevedo, of 1875 Centro West Street, requested that the land, which is rented by the city from the state, be opened to boys in Tiburon and Belvedere "who own or are interested in minibikes but are not old enough to be permitted by law to ride them on public streets."

His own son, said Azevedo, is faced with this problem.

Officials of the Reed School District have supported the idea, Azevedo said, but the Tiburon City Council has received a petition from 10 residents objecting to it.

The planning commission, which will meet at 8 p.m. at Del Mar School, will also discuss revision of the city's subdivision ordinance.

Marijuana Arrests Tied To Questioning In Slaying

Anyone arrested from now on by San Rafael police may be given a lie detector test in connection with the bludgeon murder of Marjorie S. Rudolph.

"In a case like this, everyone is a suspect," Inspector Thomas Cheetham said today.

The first two such tests were given during the weekend after the arrest of there teen-agers on charges of possession of marijuana. San Rafael police today were waiting on results of the polygraph analysis being made in Sacramento.

Given the tests were Thomas Haskell Thompson, 19, of 1015 Meadowsweet Drive, Corte Madera, and Fern Christine Liggat, 18, of 1533A Fourth Street, San Rafael. Also questioned, but not given the test, was a friend of theirs, Karen Lee Ames, 19, of 31 Magnolia Avenue, San Anselmo.

Inspector Cheetham refused comment on their arrest and questioning.

Miss Ames, however, said they were questioned at length about the murder of Mrs. Rudolph. The 60-year-old wife of San Rafael banker Leroy Rudolph was beaten to death Feb. 1 in her home at 15 Carroll Court, Terra Linda.

The girls were arrested about 9 p.m. Friday at Miss Ames's home, but not booked into the county jail until 3:30 a.m. Saturday. In the five-hour interim they were questioned by Dist. Atty. Bruce B. Bales, Police Chief Charles J. Chiesa, and Inspector Cheetham.

According to Miss Ames, much of the questioning centered on the Rudolph murder and Miss Liggat's lie detector test lasted some two hours.

"I don't know anything about it," Miss Ames said, "and I'll be willing to take a lie detector test, too."

Thompson was given the test yesterday. He had been arrested at his Corte Madera home early Saturday. Like the girls, he was booked on a charge of possession of marijuana.

Thompson remained in jail today, but the girls were released on $276 bail Saturday night. They are to be arraigned on the marijuana charges in San Rafael Municipal Court at 1:30 p.m. Wednesday.

Mills College Names Aide

OAKLAND (UPI)—Norris Nash, a former Kaiser Corp. executive and well known Bay Area civic leader, has been appointed secretary of Mills College, it was announced today.

Nash, of Berkeley, will be a special assistant to Mills President C. Easton Rothell in his new post, handling community relations for the women's school.

Nash retired last March as a vice president and director of community relations for Kaiser. In 1960, on leave from Kaiser, he served as an acting executive assistant to President Clark Kerr of the University of California, similar to his new post at Mills.

Kettenhofen Questions Bay Group

Marin County Supervisor Ernest N. Kettenhofen today questioned the jurisdiction of the Bay Conservation and Development Commission in the Corte Madera Creek flood control project.

The commission Friday delayed approval of the project, saying more details, particularly on recreation, were wanted.

Kettenhofen said the project was in the mill long before the commission was formed, that it stretches 2.5 miles inland from the shore of the bay, and that the commission has no say on recreation.

"I'm very concerned," Kettenhofen declared.

He charged that commission members treated Marin officials "with suspicion" on Friday. The commission agreed to discuss the project on March 3 and make a decision March 18.

Kettenhofen said commissioners want a commitment from supervisors on a public walkway along the banks of the creek.

"We can't make a commitment on that," Kettenhofen said. "There's money involved."

Crocker Married In Restaurant

Herbert Arthur Crocker, 53, building contractor, and Lilli Houbo Eir, 25, were married last Saturday at Dominic's Harbor Restaurant, San Rafael.

They reside at 39 Royal Court, San Rafael. Crocker is also owner of Musee d'Art International in San Rafael. His bride is a teacher.

Blade-Jump Statement Admitted In Evidence

A handwritten statement by A/1c James O. Young, in which he said A/1c Robert M. Jennings "jumped up into my knife blade," was admitted in evidence today during the preliminary hearing of Young's court martial for the slaying of Jennings at Hamilton Air Force Base.

Special Agent Daniel R. J. Holoviak of the Air Force Office of Special Investigations testified he had questioned Young and took the statement on Christmas Day, the day Jennings was slain. In a second interrogation on Dec. 30, he said, Young continued to say he did not intend to kill or even to frighten Jennings.

The written statement mentioned that Jennings, a Negro, had made a remark during a Christmas Eve drinking party that he would like to take Young's sister home with him. Young said this statement made him angry because "people shouldn't be talking about my sister that way." Young said it was immediately after Jennings said this that he (Young) went to his own room in Barracks 460, in a hallway of which the drinking party was in progress, and returned with a gun and pistol.

The written statement went on to say Young walked up to Jennings, who was seated, and stood directly in front of him with the knife in hand. Jennings jumped up from the chair and the knife hit him in the shoulder, the statement said.

Holoviak said that when questioned again on Dec. 30, Young said he had not realized Jennings was injured until air police arrived. Jennings ran out of the barracks after suffering the knife wound.

Only other testimony this morning dealt with the clothing worn by Jennings and Young, which was sent to the Federal Bureau of Investigation crime laboratory in Washington, D.C. Report of the FBI analysis was expected to be introduced Wednesday.

The hearing continued this afternoon.

Private Airport Plan For Ranch Held Dropped

The proposal to put a private airport on the Burdell Ranch north of Novato has reportedly been dropped.

Asst. County Public Works Director Arthur T. Knutson said today that confirmation on the decision to drop the plan is expected soon from Robert De Young, who proposed the 4,000 foot runway on the Burdell Ranch. De Young could not be reached today.

County supervisors last week asked the Marin County Aviation Commission to study the proposal. This was after the board received a delayed notice from the Federal Aviation Agency on Monday.

Americans consume 100 pounds of food a year less today than they did 100 years ago.

Blue Skies Are Forecast

Weather forecasters today predicted blue skies over Marin County for the holiday after early morning fog.

As it did today, the rolling fog is expected to burn away by about 10 a.m. to disclose fair weather and warm temperatures.

The long-range forecast indicated there would be no rain before Saturday at the earliest —and that, only in the extreme north of the state.

Several Boys Play At Pool

The newly completed swimming pool at Redwood High School proved too much of an attraction for eight local youngsters to resist Saturday afternoon.

Corte Madera police found five 16-year-old boys, students at the high school, swimming in the pool, and three 12-year-old Larkspur boys playing around the water's edge.

The five high school students were reported to school authorities for discipline. The three younger boys were warned to stay away from the pool.

Dominican Given Award For Teacher Preparation

San Rafael's Dominican College has been selected as one of five colleges in the United States to receive a distinguished service award of the American Assn. of Colleges for Teacher Education.

Sister Patrick, college president, received a silver plaque Thursday at a banquet in Chicago. The award was for the schools new program designed to prepare liberal arts college graduates to be elementary school teachers in one year.

The new program in an intensive course including internship for classroom experience in Marin County.

The other distinguished service awards went to Syracuse University, Seton Hall University, Western Michigan University and Central Missouri State College.

Long Drive To A Hospital

A 36-year-old San Francisco driver had a long trip to the hospital yesterday, about 120 miles from the scene of the accident.

The driver, Lee Valencia, suffered head injuries in an accident in Willits, but wasn't treated until several later at Marin General Hospital.

The hospital reported that Valencia bumped his head in the accident and then drove on, stopping in Marin because he became drowsy at the wheel. He was x-rayed at Marin General and sent home.

Rites Today To Designate Atomic Age Discovery Site

BERKELEY (AP)—It was 25 years ago this week that a group of young scientists, working in a cramped laboratory at University of California, discovered a new element—a silvery metal.

It was plutonium and it was destined to bring about vast changes in the world. It is the major fissionable fuel of atomic energy.

The scientists didn't dig this strange metal out of the earth. They produced it by transmutation—the dream of the medieval alchemists who devoted lifetimes in futile hopes of changing base metals into gold. They bombarded atoms of uranium with neutrons in UCs' cyclotron.

This afternoon, this little laboratory—Room 307, Gilman Hall, on the Berkeley campus—was to be designated a national historic landmark by Secretary of the Interior Stewart L. Udall. A plaque will be placed.

When plutonium was discovered there was an urgent, war-inspired drive toward its production for use in atomic bombs.

Since the war, the peaceful potential of plutonium has grown even greater. Electric power may be the most significant among many of its potential benefits.

Five men had key roles in the discovery of plutonium. They were Glenn T. Seaborg, J. W. Kennedy, Arthur C. Wahl, Edwin M. McMillan and Emilio Segre.

Seaborg, Kennedy and Wahl, in a night-long lab search Feb. 23-24, 1941, performed the final experiment. Seaborg and McMillan later were named Nobel Laureates for their work.

Plutonium, as a metal, it is about as hard and brittle as gray cast iron. It is heavier than lead.

Like all radioactive materials, it must be handled with care.

The alpha particles it radiates are not very penetrating. But it is highly reactive and precautions must be taken to prevent spontaneous burning of small stacks of chips and shavings.

It has been estimated that a pound of plutonium contains the energy of 3 million pounds of coal.

American Motors Lays Off 9,500

KENOSHA, Wis. (UPI) — American Motors Corp., by far this city's largest employer, laid off 9,500 production workers today amid union demands the work force be permanently lowered and kept working year round.

AMC also laid off 5,400 production workers in Milwaukee, which produces auto bodies and parts.

American Motors said it was laying off its production force because inventories were too far ahead of sales, which have not been up to expectations this year. It said the same at the layoff last Christmas.

Douglas Fraser, director of the UAW's American Motors department in Detroit, accused the firm of "whipsaw tactics" in laying off employes when sales slumped.

He repeated a union demand that the company reduce its work force to a "realistic number" so that men with seniority would have steady employment. He said the younger workers laid off permanently would then have the opportunity to gain experience elsewhere.

Twice previously since late summer the men were out for several weeks. They struck for nearly three weeks in August and September, amid reports the company was not too unhappy over the production stop despite the fact new model production had started.

AMC workers were laid off for three weeks in December and January, with much complaining about the loss of work during the holidays.

This time, fewer complaints were heard because many of the men already had put in their one week waiting period and can begin at once to draw unemployment benefits from the state, and supplementary benefits from the company.

'Brains' Come To California

NEW YORK (UPI) —"In science, brains go where brains are."

And for the United States, that means California, according to an analysis of "Where The Brains Are" in the March issue of Fortune magazine.

Dr. Ralph Lapp, a nuclear physicist and adviser to the Defense Department, reports that California, New York and several other states have been experiencing a marked "brain gain" while others, such as Illinois and Wisconsin, suffer a "brain drain."

A "brain drain" state is defined as one that educates more doctors of philosophy than it employes. The report dealt with scientists engaged in basic research, development and design.

Nearly two-thirds of the high-powered scientific brains in this country are concentrated in just 10 states. California leads with 13,688 scientists and 22 per cent of the membership of the National Academy of Sciences.

Sports Car Thefts

A 17-year-old San Anselmo boy has admitted to San Francisco police that he stole two Austin-Healey sport cars in their city, drove them around, then abandoned them at Brookside School, near his home. San Anselmo police Chief Raymond R. Buchignani said the case has been turned over to Marin County juvenile authorities by San Francisco police.

Council To Hear Improvement Plan

City Manager Douglas J. Flautt of San Anselmo will present the city council tonight with a proposal for a five-year capital improvement program which would include construction of a new fire house, remodeling of city hall and construction of a recreation center.

The San Anselmo council, meeting at 8 p.m. in city hall, will also hear a request by Norman Carrigg of 43 Monterey Avenue that an ordinance which bans all-night parking on city streets be taken off the books.

MARIN FIRE CALLS

Mental Health Chief Urges More Services

The Marin County Department of Community Mental Health Services got off to an active start in its first 18 months of operation, but there is a need for further services, according to Dr. Clyde G. Miller, county mental health director.

The department gave priorities to major mental illness, child and family crises and behavioral problems manifested by delinquency, dependence and drinking during the past 18 months, Dr. Miller said.

However, there are gaps in direct services that are needed, particularly in child services.

"These are our greatest unmet needs," he said. "The demand for child services is increasing each week in our experience and there is a shortage of trained personnel."

He also said there is a need for a community-wide alcoholism program and "more and better services to both superior and municipal courts and to the probation department."

Traveling outpatient services should be considered for areas that are somewhat isolated, including Marin City "which is isolated by social and economic barriers," he said.

Dr. Miller said the chief problem in getting under way is that rapid development of the mental health services program is occurring at the same time as planning a community mental health center at Marin General Hospital.

"Thus two major projects which in themselves require the fulltime and energy of existing and new staff were simultaneously in process," he said.

Because of state and federal deadlines the Community Mental Health Center had to take precedence, Dr. Miller noted. As a result there was a six month delay on planned expansion of consultation services, a six-month delay on offering the full range of emergency inpatient services and deferrment of plans to create a small day center, he said.

During the 18-month period, the department offered inpatient, outpatient, consultation and rehabilitation services.

During 1965 the department received about $7,000 in outpatient fees, $5,500 in inpatient fees, and $10,600 for rehabilitation services, he said.

Candidates Night

San Anselmo Homes Assn. will sponsor a candidates night to hear from the city's seven city council candidates Thursday at 8 p.m. in the multi-purpose room of Isabel Cook School.

Each candidate will be given five minutes for an introductory statement at the opening of the meeting. This will be followed by questions from the audience, then two-minute summary statements by each candidate. Homes association president Kenneth Anderson will conduct the meeting.

Laboratory To Have Bubble Chamber

ARGONNE, Ill. (AP) — The Argonne National Laboratory will construct the world's largest bubble chamber for studying nuclear particles.

The chamber will be filled with 7,000 gallons of liquid hydrogen under high pressure and lowered to a temperature of 423 degrees below zero. The $17-million project is to be used in conjunction with the laboratory's 12.5-billion electron volt smasher.

Sorority Pledge

Jean Ackerman, daughter of Mr. and Mrs. Ken Ackerman of 811 Butterfield Road, Sleepy Hollow, has been pledged to the Kappa Alpha Theta sorority chapter at University of California at Berkeley.

Trailer Break-In Is Investigated

Sheriff's deputies today were investigating a possible house trailer burglary at Mount Vision, Inverness, sometime between Feb. 13 and Saturday.

Owen K. Potter, caretaker for Robert K. Sheckter of San Francisco, trailer owner, reported to deputies Saturday that someone had broken into the trailer.

The bedroom and equipment room were ransacked, but a gun collection in the living room and telescopic equipment were untouched, deputies reported. There will be a further check to determine if anything is missing. Entry was made by prying open a front door, deputies said.

Christmas Trees Has Extra Meaning There

SAVANNAH, Mo. (UPI) — Mr. and Mrs. John W. Harvey of near Savannah buy a live Christmas tree each year there is a new grandchild in the family.

They now have seven such trees planted in their yard. The trees are used for the traditional Christmas festivities, then taken outside for planting.

Meeting Cancelled

A meeting scheduled for Saturday of the Sausalito-Marin City Sanitary District directors was cancelled for lack of a quorum, reported Edwin S. Long, secretary. The meeting was called to appoint a director to take the place of Frederick Palmer III.

TROPHY FOR CONSERVATIONIST

Bernard DeBisschop of San Anselmo, 1964 winner of the Marin County Conservation Award, displays the trophy which will be given to the 1965 winner by the Marin Conservation Council at a dinner at 8:30 p.m. Saturday at the Marin Rod and Gun Club. State Sen. Fred S. Farr, D-Monterery, will speak. The trophy will be donated by the Indepndent-Journal and radio station KTIM. (Independent-Journal photo)

Coleman School Zone Decision Is Expected

The San Rafael Planning Commission is expected to act Wednesday on a plan to put professional offices and the headquarters of the Marin Crippled Children Society on the site of the old Coleman School building at 1711 Grand Avenue.

Commissioners will meet at 7:30 p.m. at city hall.

About 50 residents of the Dominican area attended the first hearing two weeks ago to voice their opposition to the plan. Two previous plans for use of the building were turned down by the city after many of the same people objected.

Owners seek zoning of the site as a planned community district, and request a use permit for the offices.

The second hearing will be the first of 23 items which could keep commissioners busy almost as long as their five-hour session two weeks ago.

They also will hold final hearing on the application of Robert L. Menzies to rezone 1428 Mission Avenue in one of the new "B-D" districts so he can put apartment units on it.

Other items include a use permit for the San Rafael Co-operative Nursery School at 224 Picnic Avenue, put over from Feb. 8, and a renewal of the permit for KTIM-FM's radio tower on San Rafael Hill.

Still others are the final map for the 26-lot Terra Linda Unit 24 subdivision and a request by the Marin Foundation Friends of Arequipa to renew the permit for the foundation's home for teen-age girls at 1634 Fifth Avenue.

Coroner's Jury Clears Officer In Shooting

MARTINEZ (AP) — A Contra Costa County coroner's jury has cleared a California Highway Patrolman in the fatal shooting of a Pittsburg motorist last Jan. 21.

The jury ruled Friday in Martinez that Patrolman James Crom acted "in protection of his own life and of the law" in the death of James Ulrich, 31.

Ulrich was killed and a companion, Ted W. Brasket, 35, Pittsburg, wounded when they struggled with the officer, who said he stopped their car for speeding.

Crom, 29, testified the two men tried to take his weapon, which fired as he tried to control it.

Nothing quite like hometown news

Whether you're far away, like this American reading the I-J, or here at home, news of YOUR community strikes home.

It has a very special flavor. It's unique. It's like no other news in the world. Because it's about YOUR WORLD and YOUR INTERESTS. Nothing can ever take its place.

This is why the Independent-Journal publishes more LOCAL NEWS than most other newspapers, regardless of size. It relates you to Marin County . . . to neighborhood, to friends, to city hall, to stores . . . to the thousand places and faces which are an immediate part of your life.

To do this the I-J maintains a network of four Marin news bureaus in addition to I-J editorial headquarters. Our reporters, trained to observe, to question, to evaluate, are your proxy at everything from council meetings to colorful and often controversial community affairs. They report that you may know WHAT HAPPENED . . . when, where, how and why.

There's only ONE copy of the I-J in Southeast Asia that we know of. (The one in the picture). But maybe it makes the point: NOTHING QUITE LIKE HOMETOWN NEWS.

That Special House

Lofty ceilings and tall walls frame large areas of glass that bring sky, view and foreground trees in to soften the stark white and geometrically simple interior of this contemporary home in the hills. Compact, but in no way tiny, this 2 bedroom home is made to seem much larger than it is by the correct use of proportion and the restrained use of good and complementary material. Convenience is inherent in the U-shaped built-in kitchen, the compartmented bath. Pleasure is insured by the wide deck that completely surrounds the home, from which a path leads down to a level picnic area by an all year creek. Here is integrity of designing for good living in a nearly new home at just $24,500.

NOTICE OF SALE OF REAL ESTATE—EXECUTION
No. 534348

Sheriff's Office)
County of Marin) ss.
State of California)

BY VIRTUE of an execution issued out of the Municipal Court of The City and County of San Francisco, State of California in an action wherein Ronald J. Miguel and Robert H. Keeler, dba The Stores Collection Bureau plaintiffs, and Milton Kirschner, et al defendant, upon a judgment rendered on the 29th day of November, 1965, in favor of said plaintiffs and against said Florence Kirschner, Now known as Florence Skroczynski, aka Florence G. Skroczynski, aka Mrs. George W. Skroczynski, for the sum of Four Thousand Five Hundred Seventy Four and 91/100 dollars in Lawful Money of the United States, besides costs and interest. I have this day levied upon all the right, title, claim, and interest of said defendant, Florence Kirschner, Now known as Florence Skroczynski, aka Florence G. Skroczynski, aka Mrs. George W. CITY OF SAN ANSELMO

ORDINANCE NO. 526

AN ORDINANCE OF THE CITY OF SAN ANSELMO ADDING A NEW CHAPTER 3 TO TITLE 6 OF THE SAN ANSELMO MUNICIPAL CODE, PROVIDING FOR THE GRANTING OF FRANCHISES FOR COMMUNITY ANTENNA TELEVISION SYSTEMS; PROVIDING TERMS AND CONDITIONS FOR THE OPERATION OF SUCH COMMUNITY ANTENNA TELEVISION SYSTEMS AND FEES THEREFOR.

The City Council of the City of San Anselmo does ordain as follows:

Section 1. The San Anselmo Municipal Code is hereby amended to add Chapter 3 to Title 6 as follows:

6-3.01. **DEFINITIONS.** For the purposes of this Ordinance, the following terms, phrases, words, abbreviations, and their derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future tense, words in the plural number include the singular number, and words in the singular number include the plural number.

(a) "City" shall mean the City of San Anselmo, a municipal corporation of the State of California, in its present incorporated form or in any later reorganized, consolidated, enlarged or reincorporated form.

(b) "Council" shall mean the present governing body of the City or any future board constituting the legislative body of the City.

(c) "Franchise" shall mean and include any authorization granted hereunder in terms of a franchise, privilege, permit, license or otherwise to construct, operate and maintain a CATV system in the City. Any such authorization, in whatever term granted, shall not mean and include and license or permit required for the privilege of transacting and carrying on a business within the City in accordance with Title 6, Chapter 1, of the San Anselmo Municipal Code.

(d) "Grantee" shall mean the person, firm or corporation to whom or which a franchise, as hereinabove defined, is granted by the Council under this Ordinance, and the lawful successor, transferee or assignee of said person, firm or corporation.

(e) "Street" shall mean the surface of and the space above and below any public street, road, highway, freeway, lane, path, alley, court, sidewalk, parkway, or drive, now or hereafter existing as such within the City.

(f) "Property of grantee" shall mean all property owned, installed or used by a grantee in the conduct of a CATV business in the City under the authority of a franchise granted pursuant to this Ordinance.

(g) "CATV" shall mean a community antenna television system as hereinafter defined.

(h) "Community Antenna Television System" shall mean a system of antenna, coaxial cables, wires, wave guides, or other conductors, equipment or facilities designed, constructed or used for the purpose of providing television or FM radio service by cable or through its facilities as herein contemplated. CATV shall not mean or include the transmission of any special program or event for which a separate and distinct charge is made to the subscriber in the manner commonly known and referred to as "pay television".

(i) "Subscriber" shall mean any person or entity receiving for any purpose the CATV service of a grantee.

(j) "Gross Annual Receipts" shall mean any and all compensation and other consideration in any form whatever and any contributing grant or subsidy received directly or indirectly by a grantee from subscribers or users in payment for television or FM radio signals or service received within the City including installation and line extension charges.

Gross Annual Receipts shall not include any taxes on services furnished by the grantee imposed directly on any subscriber or user by any city, state or other governmental unit and collected by the grantee for such governmental unit.

6-3.02 **EXCLUSIVE USE OF TELEPHONE FACILITIES.** When and in the event that the grantee of any franchise granted hereunder constructs, operates and maintains a CATV system exclusively through telephone company facilities constructed, operated and maintained pursuant to a state-granted telephone franchise and offers satisfactory proof that in no event during the life of such franchise shall the grantee make any use of the streets independently of such telephone company facilities, said grantee shall be required to comply with all of the provisions hereof as a "licensee" and in such event whenever the term "grantee" is used herein it shall be deemed to mean and include "licensee".

6-3.03. **FRANCHISE TO OPERATE.** A nonexclusive franchise to construct, operate and maintain a CATV system within all or any portion of the City may be granted by the Council to any person, firm or corporation, whether operating under an existing franchise or not, who or which offers to furnish and provide such system under and pursuant to the terms and provisions of this Ordinance.

No provision of this Ordinance may be deemed or construed as to require the granting of a franchise when in the opinion of the Council it is in the public interest to restrict the number of grantees to one or more.

6-3.04 **USES PERMITTED BY GRANTEE.** Any franchise granted pursuant to the provisions of this Ordinance shall authorize and permit the grantee to engage in the business of operating and providing a CATV system in the City, and for that purpose to erect, install, construct, repair, replace, reconstruct, maintain and retain in, on, over, under, upon, across and along any public street, such poles, wires, cable, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, attachments, and other property as may be necessary and appurtenant to the CATV system; and in addition, so to use, operate, and provide similar facilities or properties rented or leased from other persons, firms or corporations, including but not limited to any public utility or other grantee franchised or permitted to do business in the City.

No franchise granted hereunder shall be construed as a franchise, permit or license to transmit any special program or event for which a separate and distinct charge is made to the subscriber in the manner commonly known and referred to as "pay television", and no grantee shall directly or indirectly install, maintain or operate on any television set a coin box or any other device or means for collection of money for individual programs.

The grantee may make a charge to subscribers for installation or connection to its CATV system and a fixed monthly charge as filed and approved as herein provided. No increase in the rates and charges to subscribers, as set forth in the schedule filed and approved with grantee's application, may be made without the prior approval of the Council expressed by resolution.

6-3.05. **DURATION OF FRANCHISE.** No franchise granted by the Council under this Ordinance shall be for a term longer than ten (10) years following the date of acceptance of such franchise by the grantee or the renewal thereof.

Any such franchise granted hereunder may be terminated prior to its date of expiration by the Council in the event that said Council shall have found, after thirty (30) days' notice of any proposed termination and public hearing, that:

(a) the grantee has failed to comply with any provision of this Ordinance, or has, by act or omission, violated any term or condition of any franchise or permit issued hereunder; or

(b) any provision of this Ordinance has become invalid or unenforceable and the Council further finds that such provision constitutes a consideration material to the grant of said franchise; or

(c) the City acquires the CATV system property of the grantee.

6-3.06. **FRANCHISE PAYMENTS.** Any grantee granted a franchise under this Ordinance shall pay to the City, during the life of such franchise, a sum equal to two per cent (2%) of the gross annual receipts of the grantee. Such payment by the grantee to the City shall be made annually, or as otherwise provided in the grantee's franchise, by delivery of the same to the City Administrator. All franchise payments required hereunder shall be in lieu of any business license, occupation tax or similar levy.

The grantee shall file with the City, within thirty (30) days after the expiration of any calendar year or portion thereof during which such franchise is in force, a financial statement prepared by a certified public accountant, or person otherwise satisfactory to the Council, showing in detail the gross annual receipts, as defined herein, of grantee during the preceding calendar year or portion thereof. It shall be the duty of the grantee to pay to the City, within fifteen (15) days after the time for filing such statements, the sum hereinabove prescribed or any unpaid balance thereof for the calendar year or portion thereof covered by such statements.

In any year, or portion thereof, following the first full year service has been provided and during which payments under this section amount to less than twelve hundred dollars ($1200.00) per year, grantee shall pay the City as a minimum an amount equal to twelve hundred dollars ($1200) per year.

The City shall have the right to inspect the grantee's records showing the gross receipts from which its franchise payments are computed and the right of audit and recommendation of any and all amounts paid under this Ordinance. No acceptance of any payment shall be construed as a release or as an accord and satisfaction of any claim the City may have for further or additional sums payable under this Ordinance or for the performance of any other obligation hereunder.

In the event of any holding over after expiration or other termination of any franchise granted hereunder, without the consent of the City, the grantee shall pay to the City reasonable compensation and damages, of not less than one hundred per cent (100%) of its total gross profits during said period.

6-3.07. **LIMITATIONS OF FRANCHISE.**

(a) Any franchise granted under this Ordinance shall be nonexclusive.

(b) No privilege or exemption shall be granted or conferred by any franchise granted under this Ordinance except those specifically prescribed herein.

(c) Any privilege claimed under any such franchise by the grantee in any street or other public property shall be subordinate to any prior lawful occupancy of the streets or other public property.

(d) Any such franchise shall be a franchise to be held in personal trust by the original grantee. It cannot in any event be sold, transferred, leased, assigned or disposed of, in whole or in part, either by forced or involuntary sale, or by voluntary sale, merger, consolidation or otherwise, without the prior consent of the Council expressed by resolution, and then only under such conditions as may therein be prescribed. Any such transfer or assignment shall be made only by an instrument in writing, a duly executed copy of which shall be filed in the office of the City Administrator within thirty (30) days after any such transfer or assignment. The said consent of the Council may not be arbitrarily refused; provided, however, the proposed assignee must show financial responsibility and must agree to comply with all provisions of this Ordinance; and provided, further, that no such consent shall be required for a transfer in trust, mortgage or other hypothecation as a whole, to secure an indebtedness.

(e) Time shall be of the essence of any such franchise granted hereunder. The grantee shall not be relieved of his obligation to comply promptly with any of the provisions of this Ordinance or by any failure of the City to enforce prompt compliance.

(f) Any right or power in, or duty impressed upon, any officer, employee, department, or board of the City shall be subject to transfer by the City to any other officer, employee, department, or board of the City.

(g) The grantee shall have no recourse whatsoever against the City for any loss, cost, expense, or damage arising out of any provision or requirement of this Ordinance or of any franchise issued hereunder or because of its enforcement.

(h) The grantee shall be subject to all requirements of City ordinances, rules, regulations and specifications heretofore or hereafter enacted or established.

(i) Any such franchise granted shall not relieve the grantee of any obligation involved in obtaining pole space from any department of the City, utility company, or from others maintaining poles in streets.

(j) Any franchise granted hereunder shall be in lieu of any and all other rights, privileges, powers, immunities, and authorities owned, possessed, controlled, or exercisable by grantee, or any successor to any interest of grantee, of or pertaining to the construction, operation, or maintenance of any CATV system in the City; and the acceptance of any franchise hereunder shall operate, as between grantee and the City, as an abandonment of any and all of such rights, privileges, powers, immunities, and authorities within the City, to the effect that, as between grantee and the City, any and all construction, operation and maintenance by any grantee of any CATV system in the City shall be, and shall be deemed and construed in all instances and respects to be, under and pursuant to said franchise, and not under or pursuant to any other right, privilege, power, immunity, or authority whatsoever.

6-3.08. **RIGHTS RESERVED TO THE CITY.**

(a) Nothing herein shall be deemed or construed to impair or affect, in any way, to any extent, the right of the City to acquire the property of the grantee, either by purchase or through the exercise of the right of eminent domain, at a fair and just value, which shall not include any amount for the franchise itself or for any of the rights or privileges granted, and nothing herein contained shall be construed to contract away or to modify or abridge, either for a term or in perpetuity, the City's right of eminent domain.

(b) There is hereby reserved to the City every right and power which is required to be herein reserved or provided by any ordinance of the City, and the grantee, by its acceptance of any franchise, agrees to be bound thereby and to comply with any action or requirements of the City in its exercise of such rights or power, heretofore or hereafter enacted or established.

(c) Neither the granting of any franchise hereunder nor any of the provisions contained herein shall be construed to prevent the City from granting any identical, or similar, franchise to any other person, firm or corporation, within all or any portion of the City.

(d) There is hereby reserved to the City the power to amend any section or part of this Ordinance so as to require additional or greater standards of construction, operation, maintenance or otherwise, on the part of the grantee.

(e) Neither the granting of any franchise nor any provision hereof shall constitute a waiver or bar to the exercise of any governmental right or power of the City.

(f) The Council may do all things which are necessary and convenient in the exercise of its jurisdiction under this Ordinance and may determine any question of fact which may arise during the existence of any franchise granted hereunder. The City Administrator is hereby authorized and empowered to adjust, settle, or compromise any controversy or charge arising from the operations of any grantee under this Ordinance, either on behalf of the City, the grantee, or any subscriber, in the best interest of the public. Either the grantee or any member of the public who may be dissatisfied with the decision of the City Administrator may appeal the matter to the Council for hearing and determination. The Council may accept, reject or modify the decision of the City Administrator, and the Council may adjust, settle or compromise any controversy or cancel any charge arising from the operations of any grantee or from any provision of this Ordinance.

6-3.09. **PERMITS, INSTALLATION AND SERVICE.**

(a) Within thirty (30) days after acceptance of any franchise the grantee shall proceed with due diligence to obtain all necessary permits and authorizations which are required in the conduct of its business, including, but not limited to, any utility joint use attachment agreements, microwave carrier licenses, and any other permits, licenses and authorizations to be granted by duly constituted regulatory agencies having jurisdiction over the operation of CATV systems, or their associated microwave transmission facilities.

(b) Within ninety (90) days after obtaining all necessary permits, licenses and authorizations, grantee shall commence construction and installation of the CATV system.

(c) Within ninety (90) days after the commencement of construction and installation of the system, grantee shall proceed to render service to subscribers, and the completion of the construction and installation shall be pursued with reasonable diligence thereafter, so that service to all areas designated on the map accompanying the application for franchise, as provided in Section 6-3.20, hereof, shall be provided within one year (1) from the date that service was first provided.

(d) Failure on the part of the grantee to commence and diligently pursue each of the foregoing requirements and to complete each of the matters set forth herein, shall be grounds for termination of such franchise, under and pursuant to the terms of Section 6-3.05 hereof; provided, however, that the Council in its discretion may extend the time for the commencement and completion of construction and installation for additional periods in the event the grantee, acting in good faith, experiences delays by reason of circumstances beyond his control.

6-3.10. **LOCATION OF PROPERTY OF GRANTEE.**

(a) Any poles, wires, cable lines, conduits or other properties of the grantee to be constructed or installed in streets, shall be so constructed or installed only at such locations and in such manner as shall be approved by the City Engineer acting in the exercise of his reasonable discretion.

(b) The grantee shall not install or erect any facilities or apparatus in or on other public property, places or rights-of-way, or within any privately-owned area within the City which has not yet become a public street but is designated or delineated as a proposed public street on any tentative subdivision map approved by the City, except those installed or erected upon public utility facilities now existing, without obtaining the prior written approval of the City Engineer.

(c) In those areas and portions of the City where the transmission or distribution facilities of both the public utility providing telephone service and those of the utility providing electric service are underground or hereafter may be placed underground, then the grantee shall likewise construct, operate and maintain all of its transmission and distribution facilities underground. For the purposes of this subsection, "underground" shall include a partial underground system, e.g. streamlining. Amplifiers in grantee's transmission and distribution lines may be in appropriate housings upon the surface of the ground as approved by the City Engineer.

6-3.11. **REMOVAL AND ABANDONMENT OF PROPERTY OF GRANTEE.**

(a) In the event that the use of any part of the CATV system is discontinued for any reason for a continuous period of twelve (12) months, or in the event such system or property has been installed in any street or public place without complying with the requirements of grantee's franchise or this Ordinance, or the franchise has been terminated, cancelled or has expired, the grantee shall promptly, upon being given ten (10) days' notice, remove from the streets or public places all such property and poles of such system other than any which the City Engineer may permit to be abandoned in place. In the event of such removal, the grantee shall promptly restore the street or other area from which such property has been removed to a condition satisfactory to the City Engineer.

(b) Any property of the grantee remaining in place thirty (30) days after the termination or expiration of the franchise shall be considered permanently abandoned. The City Engineer may extend such time not to exceed an additional thirty (30) days.

(c) Any property of the grantee to be abandoned in place shall be abandoned in such manner as the City Engineer shall prescribe. Upon permanent abandonment of the property of the grantee in place, the property shall become that of the City, and the grantee shall submit to the City Attorney an instrument in writing, to be approved by the City Attorney, transferring to the City the ownership of such property.

6-3.12 **CHANGES REQUIRED BY PUBLIC IMPROVEMENTS.** The grantee shall, at its expense, protect, support, temporarily disconnect, relocate in the same street or other public place, or remove from the street or other public place, any property of the grantee when required by the City Engineer by reason of traffic conditions, public safety, street vacation, freeway and street construction, change or establishment of street grade, installation of sewers, drains, water pipes, power lines, signal lines, and tracks or any other type of structures or improvements by public agencies; provided, however, that the grantee shall in all such cases have the privileges and be subject to the obligations to abandon any property of the grantee in place, as provided in Section 6-3.11 hereof.

6-3.13. **FAILURE TO PERFORM STREET WORK.** Upon failure of the grantee to commence, pursue, or complete any work required by law or by the provisions of this Ordinance or by its franchise to be done in any street or other public place, within the time prescribed, and to the satisfaction of the City Engineer, the City Engineer may, at his option, cause such work to be done and the grantee shall pay to the City the cost thereof in the itemized amounts reported by the City Engineer to the grantee within thirty (30) days after receipt of such itemized report.

6-3.14. **FAITHFUL PERFORMANCE BOND.**

(a) The grantee shall, concurrently with the filing of and acceptance of award of any franchise granted under this Ordinance, file with the City Administrator and at all times thereafter maintain in full force and effect for a term of such franchise or any renewal thereof, at grantee's sole expense, a corporate surety bond in a company and in a form approved by the City Attorney, in the amount of TWENTY FIVE THOUSAND DOLLARS ($25,000.00), renewable annually, and conditioned upon the faithful performance of grantee, and upon the further condition that in the event grantee shall fail to comply with any one or more of the provisions of this Ordinance, or of any franchise issued to the grantee hereunder, there shall be recoverable jointly and severally from the principal and surety of such bond any damages or loss suffered by the City as a result thereof, including the full amount of any compensation, indemnification, or cost of removal or abandonment of any property of the grantee as prescribed hereby which may be in default, plus a reasonable allowance for attorney's fees and costs, up to the full amount of the bond; said condition to be a continuing obligation for the duration of such franchise and any renewal thereof and thereafter until the grantee has liquidated all of its obligations with the City that may have arisen from the acceptance of said franchise or renewal by the grantee or from its exercise of any privileges therein granted. The bond shall provide that thirty (30) days' prior written notice of intention not to renew, cancellation, or material change, be given to the City.

(b) Neither the provisions of this section, nor any bond accepted by the City pursuant hereto, nor any damages recovered by the City thereunder, shall be construed to excuse a faithful performance by the grantee or limit the liability of the grantee under any franchise issued hereunder or for damages, either to the full amount of the bond or otherwise.

6-3.15 **INDEMNIFICATION OF CITY.**

(a) The grantee shall, concurrently with the filing of an acceptance of award of any franchise granted under this Ordinance, furnish to the City and file with the City Administrator, and at all times during the existence of any franchise granted hereunder, maintain in full force and effect, at its own cost and expense, a liability insurance policy in the amount of FIVE HUNDRED THOUSAND DOLLARS ($500,000.00) in a company approved by the City Administrator and in a form satisfactory to the City Attorney, indemnifying and saving harmless the City, its officers and employees from and against any and all claims, demands, actions, suits, and proceedings by others, against all liability to others, including but not limited to any liability for damages by reason of or arising out of any failure by the grantee to secure consents from the owners, authorized distributors or licensees of programs to be delivered by the grantee's CATV system, and against any loss, cost, expense and damages resulting therefrom, including reasonable attorney's fees, arising out of the exercise or enjoyment of its franchise, irrespective of the amount of the comprehensive liability insurance policy required hereunder.

(b) The grantee shall, concurrently with the filing of an acceptance of award of any francise granted under this Ordinance, furnish to the City and file with the City Administrator, and at all times during the existence of any franchise granted hereunder, maintain in full force and effect, at its own cost and expense, a general comprehensive liability insurance policy, in protection of the City, its officers, boards, commissions, agents and employees, in a company approved by the City Administrator and a form satisfactory to the City Attorney, protecting the City and all persons against liability for loss or damage for personal injury, death and property damage, occasioned by the operation of the grantee under such franchise, with minimum liability limits of FIVE HUNDRED THOUSAND DOLLARS ($500,000.00) for personal injury or death of any one person and ONE MILLION DOLLARS ($1,000,000.00) for personal injury or death of two or more persons in any one occurrence, and FIFTY THOUSAND DOLLARS ($50,000.00) for damage to property resulting from any one occurrence.

(c) The policies mentioned in the foregoing paragraph shall name the City, its officers, boards, commissions, agents and employees, as additional insured and shall contain a provision that a written notice of cancellation or reduction in coverage of said policy shall be delivered to the City Ten (10) days in advance of the effective date thereof; if such insurance is provided by a policy which also covers grantee or any other entity or person other than those above named, then such policy shall contain the standard cross-liability endorsements.

6-3.16. **INSPECTION OF PROPERTY AND RECORDS.**

(a) At all reasonable times, the grantee shall permit any duly authorized representative of the City to examine all property of the grantee, together with any appurtenant property of the grantee situated within or without the City, and to examine and transcribe any and all maps and other records kept or maintained by the grantee or under its control which deal with the operations, affairs, transactions or property of the grantee with respect to its franchise. If any such maps or records are not kept in the City, or upon reasonable request made available in the City, and if the Council shall determine that an examination thereof is necessary or appropriate, then all travel and maintenance expense necessarily incurred in making such examination shall be paid by the grantee.

(b) The grantee shall prepare and furnish to the City Administrator at the times and in the form prescribed by said officer, such reports with respect to its operations, affairs, transactions or property, as may be reasonably necessary or appropriate to the performance of any of the rights, functions or duties of the City or any of its officers in connection with the franchise.

(c) The grantee shall at all times make and keep in the City full and complete plans and records showing the exact location of all CATV system equipment installed or in use in streets and other public places in the City.

(d) The grantee shall file with the City Engineer, on or before the last day in March of each year, a current map or set of maps drawn to scale, showing all CATV system equipment installed and in place in streets and other public places of the City.

6-3.17. **OPERATIONAL STANDARDS.** The CATV system shall be installed and maintained in accordance with the highest and best accepted standards of the industry to the effect that subscribers shall receive the highest possible service. In determining the satisfactory extent of such standards the following among others shall be considered:

(a) That the system be installed using all band equipment capable of passing the entire VHF and FM spectrum, and that it have the further capability of converting UHF for distribution to subscribers on the VHF band.

(b) That the system, as installed, be capable of passing standard color TV signals without the introduction of material degradation on color fidelity and intelligence.

(c) That the system and all equipment be designed and rated for 24-hour per day continuous operation.

(d) That the system provides a nominal signal level of 2000 microvolts at the input terminals of each TV receiver.

(e) That the system signal-to-noise ratio is not less than 40 decibels.

(f) That hum modulation of the picture signal is less than 5%.

(g) That the system use components having a VSWR of 1.4 or less.

6-3.18. **MISCELLANEOUS PROVISIONS.**

(a) When not otherwise prescribed herein, all matters herein required to be filed with the City shall be filed with the City Administrator.

(b) The grantee shall pay to the City a sum of money sufficient to reimburse it for all publication expenses incurred by it in connection with the granting of a franchise pursuant to the provisions of this Ordinance. Such payment shall be made within thirty (30) days after the City furnishes the grantee with a written statement of such expenses by delivery of payment to the City Administrator.

(c) The grantee shall maintain an office within the City limits or at a location which subscribers may call without incurring added message or toll charges so that CATV maintenance service shall be promptly available to subscribers.

(d) No person, firm or corporation in the existing service area of the grantee shall be arbitrarily refused service; provided, however, that the grantee shall not be required to provide service to any subscriber who does not pay the applicable connection fee or monthly service charge.

6-3.19 **USE OF UTILITY POLES & FACILITIES; AGREEMENT.** When any portion of the CATV system is to be installed on public utility poles and facilities, certified copies of the agreements for such joint use of poles and facilities shall be filed with the City Administrator.

6-3.20. **APPLICATION FOR FRANCHISE.**

(a) Application for a franchise hereunder shall be in writing, shall be filed with the City Administrator, and shall contain the following information:

(1) The name and address of the applicant. If the applicant is a partnership, the name and address of each partner shall also be set forth. If the applicant is a corporation, the application shall also state the names and addresses of its directors, main offices, major stockholders and associates, and the names and addresses of parent and subsidiary companies.

(2) A statement and description of the CATV system proposed to be constructed, installed, maintained or operated by the applicant; the proposed location of such system and its various components; the manner in which applicant proposes to construct, install, maintain and operate the same; and, particularly, the extent and manner in which existing or future poles or other facilities of other public utilities will be used for such system.

(3) A description, in detail, of the public streets, public places and proposed public streets within which applicant proposes or seeks authority to construct, install or maintain any CATV equipment or facilities; a detailed description of the equipment or facilities proposed to be constructed or maintained herein; and the proposed specific location thereof.

(4) A map specifically showing and delineating the proposed service area or areas within which applicant proposes to provide CATV services and for which a franchise is requested.

(5) A statement or schedule in a form approved by the City Administrator of proposed rates and charges to subscribers for installation and services, and a copy of proposed service agreement between the grantee and its subscribers shall accompany the application. For unusual circumstances, such as underground cable required, or more than one hundred fifty (150) feet of distance from cable to connection of service to subscribers, an additional installation charge over that normally charged for installation as specified in the applicant's proposal may be charged, with easements to be supplied by subscribers. For remote, relatively inaccessible subscribers within the City, service may be made available on the basis of cost of materials, labor, and easements if required by the grantee.

(6) A copy of any contract, if existing, between the applicant and any public utility providing for the use of facilities of such public utility, such as poles, lines, or conduits.

(7) A statement setting forth all agreements and understandings, whether written, oral or implied, existing between applicant and any person, firm or corporation with respect to the proposed franchise or the proposed CATV operation. If a franchise is granted to a person, firm, or corporation posing as a front or as the representative of another person, firm or corporation, and such information is not disclosed in the original application, such franchise shall be deemed void and of no force and effect whatsoever.

(8) A financial statement prepared by a certified public accountant, or person otherwise satisfactory to the Council, showing applicant's financial status and his financial ability to complete the construction and installation of the proposed CATV system.

(9) The Council may at any time demand, and applicant shall provide, such supplementary, additional or other information as the Council may deem reasonably necessary to determine whether the requested franchise should be granted.

(b) Upon consideration of any such application, the Council may refuse to grant the requested franchise or the Council may by ordinance grant a franchise for a CATV system to any such applicant as may appear from said application to be in its opinion best qualified to render proper and efficient CATV service to television viewers and subscribers in the City. The Council's decision in the matter shall be final. If favorably considered, the application submitted shall constitute and form part of the franchise as granted.

(c) Any franchise granted pursuant to this Ordinance shall include the following condition:

"The CATV system herein franchised shall be used and operated solely and exclusively for the purpose expressly authorized by Ordinance of the City of San Anselmo and no other purpose whatsoever."

Inclusion of the foregoing statement in any such franchise shall not be deemed to limit the authority of the City to include any other reasonable condition, limitation or restriction which it may deem necessary to impose in connection with such franchise pursuant to the authority conferred by this Ordinance.

6-3.21 **FRANCHISE RENEWAL.** Any franchise granted under this Ordinance is renewable at the application of the grantee, in the same manner and upon the same terms and conditions as required herein for obtaining the original franchise, except those which are by their own terms expressly inapplicable; provided, however, that the Council may at its own option waive compliance with any or all of the requirements of Section 6-3.20 hereof.

6-3.22. **ACCEPTANCE AND EFFECTIVE DATE OF FRANCHISE.**

(a) No franchise granted pursuant to the provisions of this Ordinance shall become effective unless and until the ordinance granting same has become effective and, in addition, unless and until all things required in this Section and Sections 6-3.14, 6-3.15(a) and 6-3.15(b) hereof are done and completed, all of such things being hereby declared to be conditions precedent to the effectiveness of any such franchise granted hereunder. In the event any of such things are not done and completed in the time and manner required, the Council may declare the franchise null and void.

(b) Within twenty five (25) days after the effective date of the ordinance awarding a franchise, or within such extended period of time as the Council in its discretion may authorize, the grantee shall file with the City Administrator his written acceptance, in form satisfactory to the City Attorney, of the franchise, together with the bond and insurance policies required by Sections 6-3.14, 6-3.15(a), and 6-3.15(b) hereof, respectively, and his agreement to be bound by and to comply with and to do all things required of him by the provisions of this Ordinance and the franchise. Such acceptance and agreement shall be acknowledged by the grantee before a notary public, and shall in form and content be satisfactory to and approved by the City Attorney.

6-3.23. **VIOLATIONS.**

(a) From and after the effective date of this Ordinance, it shall be unlawful for any person to establish, operate or to carry on the business of distributing to any persons in this City any television signals or radio signals by means of a CATV system unless a franchise therefor has first been obtained pursuant to the provisions of this Ordinance, and unless such franchise is in full force and effect.

(b) From and after the effective date of this Ordinance, it shall be unlawful for any person to construct, install or maintain within any public street in the City, or within any privately-owned area within the City which has not yet become a public street but is designated or delineated as a proposed public street on any tentative subdivision map approved by the City, any equipment or facilities for distributing any television signals or radio signals through a CATV system, unless a franchise authorizing such use of such street or property or area has first been obtained pursuant to the provisions of this Ordinance, and unless such franchise is in full force and effect.

(c) It shall be unlawful for any person, firm or corporation to make any unauthorized connection, whether physically, electrically, acoustically, inductively or otherwise, with any part of a franchised CATV system within this City for the purpose of taking or receiving television signals, radio signals, pictures, programs, or sound.

(d) It shall be unlawful for any person, firm or corporation to make any unauthorized connection, whether physically, electrically, acoustically, inductively or otherwise, with any part of a franchised CATV system within this City for the purpose of enabling himself or others to receive any television signal, radio signal, picture, program or sound, without payment to the owner of said system.

(e) It shall be unlawful for any person, without the consent of the owner, to wilfully tamper with, remove or injure any cables, wires or equipment used for distribution of television signals, radio signals, pictures, programs or sound.

6-3.24. **SEVERABILITY.** If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held illegal, invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions hereof. The Council hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, and phrase hereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared illegal, invalid or unconstitutional. The invalidity of any portion of this Ordinance shall not abate, reduce or otherwise affect any consideration or other obligation required of the grantee of any franchise granted hereunder.

Section 2. **EFFECTIVE DATE.** This Ordinance shall become effective thirty (30) days from and after its passage and adoption.

Section 3. This Ordinance shall be published once in full within fifteen (15) days of its passage and adoption in the Independent-Journal, a newspaper of general circulation in the City of San Anselmo which said newspaper is designated as the legal newspaper for the purpose of publication.

This Ordinance was introduced at a regular meeting of the City Council of the City of San Anselmo held on the 25th day of January, 1966, and was thereafter at a regular meeting of the City Council, held on the 8th day of February, 1966, duly passed and adopted by the following vote:

AYES: COUNCILMEN: Clute, Reichmuth, Franchini, Smith, Capurro.

NOES: COUNCILMEN: None.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Operation, Antibotic Help When Rare Mastoiditis Occurs

VAN DELLEN

Complications from ear infections (otitis media) were an age-old problem prior to the introduction of penicillin in 1942.

The child with an earache was uncomfortable, and parents were concerned when the discharge continued for weeks. When infection spread to the mastoid serious surgery was required to prevent an abscess from developing in the brain.

The young mother born after the onset of World War II can be thankful that she never will go through these experiences with her children.

Mastoiditis is rare today because the ear infection is controlled with antibiotics before it extends into the mastoid bone. In the past the drum ruptured spontaneously or was opened by the physician to allow the pus to escape. But something went amiss for those destined to develop mastoiditis.

DRAINAGE MAY have been delayed long enough for the infection to spread to the honeycombed mastoid bone that makes up the rear wall of the hearing apparatus. In others the opening in the drum closed before healing occurred. Still others the opening in the drum closed before healing occurred. Still others developed otitis media when resistance was low and the causative organisms spread.

Mastoiditis is heralded by an increase in amount and thickness of the discharge. A dull ache develops behind the ear and the bony prominence becomes puffy and tender to the touch. There is fever and X-rays show the characteristic clouding of the pus-filled mastoid cells.

SURGERY WAS always recommended in the past and the same applies today with few exceptions. The incision is made behind the ear and the infected bone is removed. Healing is rapid, especially when good drainage is combined with ample amounts of the right antibiotic.

Mastoiditis has not disappeared and is encountered occasionally in a masked form. The infection smolders because treatment of the original otitis media with antibiotics was inadequate or discontinued too soon.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request).

FALLACIES ABOUT BATHING

Mrs. A writes: I take a bath every evening before going to bed. Will this habit soften my body and dry my bones in later years?

REPLY

If you had asked this question 75 years ago, a fiery discussion might have ensued. Bathing has neither of the effects you mention. These will come with age but not from bathing.

ABSTAIN

R. C. writes: I am a very light smoker (between two and three packs a year). On the few occasions that I do indulge, I suffer chest pains, fever, sore throat and cough up a thick phlegm. What is wrong?

REPLY

You are extremely sensitive to or have an idiosyncrasy to smoke—cigarettes are not for you.

MEASLES IS COMING

Mrs. L. writes: What are Koplick's spots?

REPLY

Lesions that occur in the mouth approximately 24 hours before the typical rash of measles appears. The spots are grayish-white dots, usually as small as grains of sand, surrounded by a slightly reddish halo.

MIXED FEEDING

Mrs. K. writes: Are twins and triplets usually breastfed?

REPLY

In general, mixed breast and formula feedings are better for twins because not many mothers have enough milk for both. Breast feeding of triplets seldom is feasible. In the first place the mother does not produce enough milk for three; and in the second, she is much too busy with their care to bother with mixed nursing and artificial feeding.

Road May Span Sands Of Trackless Sahara

ALGIERS (AP)—The camel, historic desert cruiser, may soon give way to the automobile on the ancient caravan route across the Sahara, if plans go through for a superhighway across the world's greatest wasteland.

Eight African governments hope to construct an asphalt span from the Mediterranean coast to the Niger River that would enable a motorist to make the 2,000-mile trip in a few days.

Trucks with special tires and survival equipment have been venturing across the Sahara for some time. The trip is hazardous and uneconomical for large-scale freight movement.

An asphalt highway exists from Algiers to the oilfields around Hassi Messaoud, a distance of 500 miles. Beyond that, an ill-defined track winds for 1,500 miles across the virtually uninhabited, sandblown wasteland.

Drivers have to undergo special desert training, carry compasses, snake serum and heavy equipment to dig their vehicles out of the sand. Water and gasoline are available only at outposts hundreds of miles apart.

At many points, there is no track at all, but only a trace of parallel tire marks in the sand. In some sections, progress is less than 40 miles a day.

The new highway would make a substantial contribution to the development of the Sahara region and change the habits of nomadic tribes hitherto barely touched by civilization.

Morocco, Algeria, Tunisia, Mali, Mauritania, Chad, Niger and the United Arab Republic hope to raise $127 million to build the road and to supply about $4.25 million a year to maintain it.

Construction would take at least 12 years. Preliminary surveys are being made by the United Nations Special Fund, which is expected to contribute to the over-all cost.

A modern trans-Sahara communications link was long the dream of French colonial administrators. They actually built two rail lines several hundred miles into the desert. The farther advanced, however, the more formidable the difficulties became. The project was abandoned.

It is estimated that 25,000 trucks and passenger vehicles would use the road every year. The cost of freight movements from Algiers to the Niger would be cut by more than half and the time for the trip reduced by 80 per cent.

Officer Shoots Robbery Suspect

RENO (AP)—On the trail of a robbery suspect, an officer asked a man to step outside a Reno club and into a parking lot about midnight Saturday.

"Okay, cop, get back inside or I'll blow your head off," the man replied, wheeling and pulling a .25 caliber pistol on officer Frank Termini.

Termini drew his service revolver and fired at least four times, killing the suspect, Richard Tapella, about 30, of Richmond, Calif.

Officers found $417 cash and some casino chips in the pockets of the dead man, suspected of holding up a bar and grocery store earlier Saturday night. A bartender later identified Tapella as the man who robbed him.

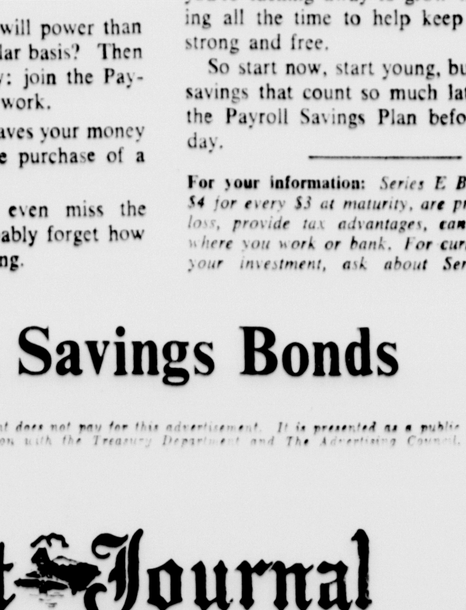
Woman Is Treated For Lip Injury

Barbara L. Pieracini, 31, of 1495 Casa Buena Drive, Corte Madera, was given 50 stitches around her lower lip at Marin General Hospital yesterday after she reportedly was struck by a male friend in her apartment, police reported.

Miss Pieracini told Corte Madera police the friend, who was not identified by police, struck her after a party at her apartment. She was told to report to the district attorney's office today if she decided to file a complaint.

How do you own a stack of Savings Bonds when you're older?

Start young.



Start small, if you want to, but start steady. The important thing is to have a regular program of setting *something* aside every payday.

What's most important: it's never too early to begin.

You say that takes more will power than you can muster up on a regular basis? Then use the easy, automatic way: join the Payroll Savings Plan where you work.

This way your employer saves your money *for* you—puts it toward the purchase of a U. S. Savings Bond.

Pretty soon you won't even miss the money. In fact, you'll probably forget how fast your savings are growing.

Here's a for-instance: just $4.33 a week adds up to the $18.75 you need to buy a $25 Bond every month. That's $300, maturity value, a year. Not bad for a former spendthrift! What's more, those few dollars you're tucking away to grow will be working all the time to help keep our country strong and free.

So start now, start young, building up the savings that count so much later on. Join the Payroll Savings Plan before next payday.

For your information: *Series E Bonds pay back $4 for every $3 at maturity, are protected against loss, provide tax advantages, can be purchased where you work or bank. For current income on your investment, ask about Series H Bonds.*

Thieves Get Kicks From Champagne

Someone enjoyed a champagne party recently at the expense of Mrs. Evelyn Keck of 20 Old Landing Road, Tiburon.

Mrs. Keck told police at 1:15 p.m. Saturday that five bottles of champagne had been stolen from her house. Police said entry was through a bathroom window. Nothing except the wine was disturbed, they said.

San Anselmo Asks To Annex Part Of Ranch

San Anselmo has asked approval of the Marin County Local Agency Formation Commission for annexation of 14.2 acres of the Short Ranch.

The territory is on the west side of San Francisco Boulevard along the city's present northern border. The proposal was filed with the commission staff Friday too late to be heard at the next commission meeting. The commission will hear it on April 7.

Also submitted Friday was proposed annexation by San Anselmo of 23 acres along the Alameda in the Oak Crest section. This land was annexed last fall to the Sleep Hollow Fire Protection District over the protest of city officials, who argued it should become part of San Anselmo.

Both would be annexations of inhabited territory, meaning that residents could force an election through protest.

Steve Allen To Work For Bennett Votes

Steve Allen, television entertainer, will be finance chairman for William M. Bennett of Kentfield, candidate for Democratic nomination for attorney general.

Allen accepted the appointment, praising Bennett as a "courageous people's attorney" who fought for and won gas rate refunds and telephone rate reductions for Californians.

Bad Check Charge

Raymond J. Bertotti, 33, of 27 Oak Avenue, San Anselmo, was jailed by San Anselmo police Friday night on a charge of passing $180 in bad checks at Drake Market in San Anselmo during January. Bail was set at $550.

Students To Hear Of Nutrition, Farms

ASILOMAR (AP) —Two 16-year-old high school students, Susan Heflin of Walnut Creek, Contra Costa County, and Wayne Anderson of Kerman, Fresno County, will represent California at the National Youth Power Congress in Chicago March 30-April 2.

The congress highlights the Food Comes First program sponsored by the food industry and coordinated by the California Farm Bureau Federation. The program is designed to stimulate interest among teenagers in nutrition and good eating habits and bring to their attention food career possibilities and the importance of agriculture.

Marin Crushes Sierra By 60 Points!

Marin has the class team of the Golden Valley Conference butt o win a basketball game by 60 points—that's something else.

But that was the case last Saturday night when the Tars humiliated the Sierra College Wolverines 96-36 in the eKntfield gym in what was billed a basketball game.

And don't blame Marin coach Cal Riemcke for running up a score, 'cause he's not that kind of guy. The first string played only five minutes of the second half, but, as Cal said: "We have some tremendous depth."

Sierra actually led at one point in the game, 10-8, but then Marin went into a zone press and flew away from the was in front 58-22.

Then in the second half it went to 69-25 in the first five minutes. Riemcke jerked his starting unit and put in a fresh bunch of reserves—center Rick Henika, forwards Larry Wolfe and Bill Brody, and guards Jeff Chapman and Bill Pandiani. They kept right on scoring like it was going out of style. Riemcke would have put in his scorekeepers but, well . . . they didn't have any basketball togs.

Fred Arnold, Marin's 6-7 center, had another tremendous game in the 22 minutes he played, scoring 9 buckets on 11 attempts from the floor and hitting both of two free-throw attempts for 20 points. He also had 14 rebounds. Don Hanson also played a good game, showing good moves with both his passing and shooting.

The first time Marin played Sierra in GVC action, the Tars won 80-60.

The Tars, now with a 9-0 conference record, made 38 of 66 shots from the field (58 per cent) to Sierra's 11 of 39 (28 per cent). From the free-throw line, Marin went 71 per cent (20x28) and Sierra was 56 per cent (14x25). Marin won in rebounds, 50-30.

Marin has two home games this weekend, Friday night against Siskiyous and Saturday night against Shasta. The Tars then wind up the season March 4 at Napa. Both home games will be aired by Radio Station KTIM.

Marin: Fred Arnold, 9-2-20; Rod Monti, 3-3-9; Jim Halm 4-7-15; Lorry Galassi, 2-4-8; Don Hanson, 4-0-8; Bill Pandiani, 3-2-8; Rick Heinka, 1-1-3; Larry Wolfe, 3-1-7; Jeff Chapman, 2-0-4; Bill Brody, 6-0-12; Kraig Kilby, 1-0-2. **Totals: 38-20—96.**

Sierra: Don Bransford, 5-5-15; Gullett, 2-1-5; McCord, 2-6-10; Noyes, 2-0-4; Snyder, 0-2-2. **Totals: 11-14—36.**

JAMBOREE KICKS OFF '66 BASEBALL SEASON

The first Marin Baseball Jamboree, kicking off the coming season, will be held tonight, starting at 9 o'clock, at Litchfield's Bermuda Palms nightclub in San Rafael.

Many baseball celebrities will be on hand, including Joe Morgan, Houston Astros second baseman and Sporting News rookie of the year in the National League, former New York Yankee shortstop Joe DeMaestri, Kansas City's Ernie Fazio and St. Louis Cardinals' Walt Williams.

The evening's activities will include a variety show and dancing. It is open to the public, free of charge.

Big Game Tonight! Tam, Drake Clash For Title

Enter Tam Gym At Own Risk; Flu Box For Basketball Fans

THE MEDIC: Tamalpais High School authorities can do a fine public service at the Tam-Drake basketball game tonight by issuing surgical masks to the spectators.

With the current epidemic of Asian flu, the tiny Tam gym will be a flu box. Enter at own risk.

My medical advisors tell me they call it Asian flu because it makes you go Ah Choo. Also, the germs all look alike. Also, after you swallow one of those Asian bugs you get sick again in a couple of hours. I think my medical advisors are pulling my leg flu young.

The winner of tonight's Tam-Drake game probably will win a bid to the Berkeley Tournament of Champions next month. What price glory! They ought to make the loser go. The Tournament of Champions is no place for nice kids. Marin teams never have stacked up against champs from other areas and the past-season tourney in Berkeley has just served to embarrass our boys.

ONLY THREE games stand in the way of the College of Marin Tars becoming the first team to go undefeated through a Golden Valley Conference basketball schedule.

Last Friday Marin cleared a big obstacle by dumping second place Santa Rosa.

By the way, Santa Rosa's Tom Henshaw wins this week's booby prize. He took a poke at Marin's Jim Halm during the game—and missed. Halm is 6-feet-7 tall and weighs 218 pounds. It's hard to miss a target like that. But then again, maybe Henshaw deserves a medal for bravery for even thinking about it.

LAST WEEK I goofed by saying that Marin had no golfers in the one-handicap class. Dan Harris, secretary-treasurer of the Indian Valley Men's Golf Club, puts me straight by pointing out that Novato's Ray Leach, age 15, is a one-handicapper.

I based my comments on information from the 1966 Northern California Golf Assn. Blue Book which does not list juniors. Sorry for the oversight.

HERE'S A "GET WELL" wish to ex-sportscaster Bill Guyman of Santa Venetia who had his right eye removed by surgery last week at Marin General Hospital.

Co-Leaders Seek Berth In Tourney

Drake and Tamalpais prep cage teams go at it tonight with a spot in the Berkeley Tournament of Champions almost assured the winner.

Drake and Tam are both 8-2 in Marin Athletic League basketball standings and with two games to go are the only teams with a chance to win the championship. Next Friday the teams wind up the MCAL slate, with Drake hosting Marin Catholic and Terra Linda playing at Tam.

Unless there's a big upset next Friday, the winner of tonight's key game in the Tam gym will win the championship. Regardless, tonight's winner will clinch a tie for the title.

In the other game tonight, Redwood plays at Marin Catholice. Class B games start at 7 p.m., with varsity games following. Then Wednesday, San Rafael is at Terra Linda, varsity game at 4 o'clock followed by the lightweight clash. The change in the customary Tuesday schedule is because of Washington's Birthday holiday tomorrow.

For tonight's big game in the Tam gym, it's a case of supply and demand for the prep fans. There are easily more people who want to see the game than seats in the tiny gymnasium. Early comers will get to see the game, with late arrivals left out in the cold.

Drake and Tam are almost identical in Marin Athletic League statistics. Tam has averaged 53.3 points per game to Drake's 53.0. In average points allowed, it's Tam 46.5 and Drake 46.6.

When the Pirates of Drake and Indians of Tam met the first time in MCAL play, Tam won 59-47 with a 24-point rampage in the final quarter. Steve Johnson scored 20 points for Tam in that one.

Johnson and Steve Woodward, both juniors (watch out for Tam next year, too), are the big scorers for the Indians. Woodward has scored 133 points in league play and 262 through the season, and Johnson has hit for 140 league points and 254 overall.

One of Drake's top scorers is also a junior, Chet Carlisle, who has scored 120 points in the league and 246 for the season. Bob Tobin, Drake 6-5 center, has notched up 142 points in league action and 245 through the season.

Since Tam has already beaten the Pirates once this year, and that on Drake's home court, the Indians will have to go down as the favorites tonight. And playing in their own noisy den will be another advantage for Coach Eddie Chavez' boys.

Although Drake has the height advantage with two cagers going at 6-5—Tobin and forward

Campbell Huffs, Puffs To Tucson Open Playoff Win

By BOB EGER

TUCSON, Ariz. (AP) — It took an extra cigar or two, but chunky Joe Campbell has his first pro golf tournament victory in three years.

Campbell, who usually smokes about six cigars a round of golf, puffed his way "through seven or eight" stogies yesterday as he shot a steady 70 and whipped Gene Littler in a sudden-death playoff for the $90,00 first prize in the Tucson Open Golf Tournament.

Campbell finished with steady rounds of 69-70-69-70 for a 10-under-par total of 278 over the giant Tucson National golf course, a wide open desert layout with some of the biggest greens in the country.

Littler, who shot 71-71-68-68—278, won $5,000 for second. R. H. Sikes and brothers Jay and Lionel Hebert each picked up $3,400 for their 280 finishes.

Tommy Aaron, Doug Sanders and George Archer each won $2,316 for their 281 scores.

Campbell's pay check gives him $14,945 in total 1966 money and ranks him fourth behind Arnold Palmer, Sanders and Billy Casper.

Campbell started the final round of the Tucson tourney one stroke behind Jay Hebert, who shot a 65 Saturday to take the lead. Hebert faltered with a double-bogey on the 12th hole and Campbell took the lead until the 18th when he hit into a trap and bogeyed to allow Littler to catch him with a par 4.

Campbell reached the green in two on the first playoff hole, the 545-yard par-5 15th, which was picked for television purposes.

Littler, who was off the side of the green on his second shot, chipped 20 feet past the pin and rimmed an attempt for a birdie putt. Campbell then two-putted from 15 feet, tapping in a one-footer for the clincher.

It was the second straight near-win for Littler. He finished third in last week's Phoenix Open and won $4,000.

Campbell's victory reversed an earlier Tucson Open decision which saw Littler edge him for first place money in 1959.

That second place finish in 1959, however, was largely responsible for Campbell's selec-

Leach Bows In S.F. Golf

Ray Leach, 15-year-old golfer from Novato, beat Ed Morris Saturday in the San Francisco City golf championships but lost yesterday 3 and 2 to Dr. Ron Luceti of Daly City in the championship bracket.

Dr. Luceti shot the best scoring round of the day when he beat Leach, being three under par after the first nine holes.

Novato Prep Qualifies For Cal Mat Tournament

Steve Collins, Novato High School wrestler, qualified for the state tournament next Saturday at Walnut Creek when he placed second in the North Coast Section tournament last Saturday in the 115-pound division.

Collins, a junior at Novato High, had won 21 straight matches this year before losing in the finals Saturday at Castro Valley, 2-1.

Ken Donaldson, also of Novato High, was third in the 96-pound division and Mike Castano of Tamalpais was fourth in the 106 class. Only the first two places qualified for the state tournament.

Novato scored a total of 24 points in the tourney to place ninth out of 34 schools entered.

Pasarell Hottest U.S. Net Commodity After Big Win

By WILL GRIMSLEY

SALISBURY, Md. (AP) — When Charlie Pasarell was a 14-year-old tennis prodigy down in Santurce, Puerto Rico, eight years ago, he had a temper tantrum on the court and drew a sharp reprimand from his father.

"I was heavily favored and when I didn't beat this kid easily, I got sore and banged all the balls to the other side of the court, almost hitting my opponent," Charlie recalled today.

"My father was on the sidelines. He walked out on the court, grabbed me by the ear and said, 'Get off the court.'" "I said, 'You can't pull me out of this tournament.'"

"He said, 'You're out of it.' And I was. That night, I went home and apologized. It taught me a big lesson."

Today, Charlie Pasarell, now 22, composed and his massive temper harnessed, is the hottest court commodity in the United States.

He won the National Indoor Championship here yesterday, beating Ron Holmberg of Dallas in the final 12-10, 10-8, 8-6 and surviving perhaps the most imposing field ever to play in the hardboard event.

CHARLIE PASARELL
Indoors champ

Casualties included Dennis Ralston, Arthur Ashe, Manuel Santana of Spain, defending titleholder Jan-Erik Lundquist of Sweden, Cliff Drysdale of South Africa, Tomas Koch of Brazil and Rafael Osuna of Mexico.

It was the first major title for the strapping, 6-foot-1 UCLA senior and his second tournament triumph in as many weeks. Last week, he beat Lundquist and Ashe on consecutive nights for the Philadelphia indoor title.

Pasarell said he owes his new success to a changed frame of mind.

"I've beaten all the good players at one time or another, but I've lost to almost everybody, too," he said. "I've never been able to get myself up for a match that I think I should win.

"So now when I go out there, I think every man I play is the champion of the world and I try to hold my temper." The Puerto Rican said he hopes to take this philosophy through Wimbledon, the U.S. championships at Forest Hills and perhaps a successful Davis Cup campaign.

"I'm 22, and I figure if I'm ever going to do anything, I'd better do it now," he said. "I don't want these young kids — like Stan Smith (19) and Bobby Lutz (18) catching up with me."

George MacCall, U.S. Davis Cup captain, witnessed the indoor final and said he was greatly impressed with Pasarell's play.

"The boy has wonderful talent — all we need to do is get a lot of blankets and keep him warm," MacCall said.

S.F. Soccer Team Bows To Orange

SAN FRANCISCO (AP)—The Orange County soccer team from the Los Angeles area defeated San Francisco's Greek-Americans 3-1 yesterday in the second of their two-game Challenge Cup series.

Orange, which beat the San Franciscans 1-0 last Sunday in Los Angeles, will represent California in a two-game series with the Seattle Hungarians to determine the western representative in the national semifinal round.

Forward Fred Cameron scored all three goals for Orange yesterday. Kirk Apostolides scored for the Greeks on a 35-yard free kick.

Some 1,400 witnessed the match in fair weather on a fast field at Balboa Stadium.

3:58.2 Indoors Mile By German

BERLIN (AP) — The first sub four-minute mile indoors in two seasons elongs to Jurgen May of East Germany.

May ran the mile in 3:58.2 last night and in so doing set an unofficial indoor record of 3:41.9 for 1,500 meters, the East German News Agency (ADN) said.

ADN also said May's mile time was an unofficial European record. The world indoor mark of 3:56.4 is held by Tom O'Hara of Chicago, who also ran the last sub four-minute mile, in 1964. The best previous indoor effort this season was a 4:00.9 by Oregon's Jim Grelle.

MARIN BASKETBALL

Preps Race For Scoring Honors

Going into the last week of Marin Athletic League basketball play, the battle for individual scoring honors is wide open with only 1.3 points separating the first seven boys.

Heading the list are two Redwood cagers, Russ Smith, a guard, and forward Bruce McGee, with 15.3 and 15.0 averages respectively. Next are Novato's John Dolinsek, 14.5; Drake's Bob Tobin, 14.2; San Rafael's Joe Cunningham, 14.1; Redwood's Andre Horn, 14.0, and Tamalpais' Steve Johnson, 14.0.

In the Class B scoring race, Tam's Pat Schafer is all alone with a 17.0 average, better than any of the bigger boys.

Redwood, although eliminated from the title chase, has the best offense (61.8 average) and Marin Catholic is tops in defense (45.6 average). League statistics :

Heavies Clash At Kezar

SAN FRANCISCO (AP) — Billy Daniels of Brooklyn concedes he made a mistake in the bout he lost to Thad Spencer of San Francisco a year ago, but he vows he won't repeat the error when they meet for the second time tonight.

The scheduled 10-rounder at Kezar Pavilion is a rematch of the decision won by Spencer in Santa Monica which carried with it the title of California heavyweight champion. The title is not at stake in the rematch.

Daniels said yesterday he was concentrating throughout their first bout on "getting in one good punch." But he never got the chance against his elusive target.

"It'll be different this time," said Daniels. "I plan to move more, and maybe press more.

"I feel I'll win this one."

Daniels, a part-time barber who has won only once in his last five fights, says he's in proper shape and frame of mind now.

First bout on the preliminary card starts at 8:30 o'clock.

Dark Leads Golf Event

MIAMI, Fla. (AP) — The manager and the star first baseman of the Kansas City Athletics, the American League's cellar dwellers, held the top spots today in the second round of the National Baseball Players' Golf Tournament.

Manager Alvin Dark, formerly with the San Francisco Giants, shot a four over par 75 in the first round yesterday, for a slim one-stroke lead over Ken Harrelson, the defending champion.

Manager Billy Herman of the Boston Red Sox carded a 77, followed by two-time winner Albie Pearson of the California Angels and pitcher Steve Cosgrove of the Baltimore Orioles. Both had 79s.

"I just played poorly," said Dark, aiming for his fifth title. "I have no excuses, but I hope to improve the second day."

A sun-drenched crowd of 5,000 gathered at the City of Miami Country Club for the first round of the 72-hole tournament.

Hot Seals Drive Toward Playoffs

SAN FRANCISCO (AP)—The San Francisco Seals have a win streak of three going as the foundation for what might turn out to be a late move toward a Western Hockey League playoff berth.

Their third straight home victory, a 5-4 squeeze over the Los Angeles Blades in overtime yesterday, jumped the Seals from last to fifth place, one point ahead of Los Angeles and just five behind Seattle, in the fourth place playoff spot.

Next opponent of San Francisco is league-leading Portland, here Wednesday night.

George Swarbrick tapped in the winning goal for the Seals yesterday afternoon at 2:08 of a sudden death overtime period. It robbed the glory from Blade wing Warren Hynes' three-goal hat trick.

Two of Hynes' trio tied the score twice and the third threw the game into overtime. Hynes' first came in the opening period. Seal center Del Topoll matched it but the Blades took the lead at 2-1 on an unassisted tap-in by Norm Johnson.

Mike Harvey and Wayne Connelly put San Francisco ahead 3-2 in the second period.

In the third Hynes tied it on a power play goal. San Francisco's Al Nicholson scored on a carom shot from 20 feet but Hynes knotted the count 40 seconds later and sent the game into an extra session.

First period—1, Los Angeles, Hynes (Bedard) 8:45. 2, San Francisco, Topoll (Nicholson and Harris) 12:18. 3, Los Angeles, Johnson (unassisted) 17:25. Penalties—San Francisco bench served by Gilbertson 8:02.

Second period—4, San Francisco, Harvey (Connelly, Schock) 5:10. 5, San Francisco, Connelly (Harvey, Cyr) 19:02. Penalties—LaRose LA 4:12.

Third period—6, Los Angeles, Hynes (Baird, O'Ree) 3:15. 7, San Francisco, Nicholson (Topoll, Harris) 15:22. 8, Los Angeles, Hynes (O'Ree) 16:02. Penalties—Maxner SF 2:37.

Oertime—9, San Francisco, Swarbrick (Harris, Schock) 2:08. Penalties—none.

59,000 See Snivley Cop Winternationals

POMONA (AP) — Mike Snivley of San Bernardino drove the Hawaiian to top fuel eliminator victory today in the final day of the sixth annual Winternational Drags.

Snivley clocked 209.78 miles per hour in the quarter mile to defeat Jim Dunn of La Mirada, who hit 207.84 m.p.h. Snivley had an elapsed time of 7.54 seconds; Dunn had 7.59.

In an earlier race, Dunn eliminated defending champion Don Prudhomme of Granada Hills, who drove The Hawaiian to victory in the Winternational last year and to the 1965 national championship. This year, Prudhomme drove a car he built himself.

In semifinals, Snively defeated James Coburn of Bakersfield. Coburn had the faster time—209.78 m.p.h. to 204.64 m.p.h.—and better elapsed time —7.58 to 7.59. But Snivley got off to a faster start and beat Coburn to the tape.

Dunn defeated Steve Carboni of Garden Grove in the other semifinal event.

A 28-year-old secretary-housewife, Shirley Shahan of Tulare, gunned a 1965 Plymouth to 126.76 m.p.h. in 11.26 seconds to become one of the first women to win a major top stock eliminator trophy.

Mrs. Shahan, whose husband, H. L. Shahan, is her mechanic, defeated Ken Heinemann of Daytona Beach, Fla., who hit 121.78 in 12.01 in a 1966 Plymouth.

A crowd of 59,658 watched the meet.

Lowrey Captures Ballplayers' Golf

LAS VEGAS, Nev. (AP) — Harry "Peanuts" Lowrey fired a final round 74 to coast to an easy 10-stroke victory Saturday in the first Baseball Celebrity National Open Golf Tournament.

Lowrey, third base coach of the Philadelphia Phillies, finished with a 293 total. Albie Pearson of the California Angels also shot a 74 in the final round, finishing with a 303.

Tied for third with 310 were Alvin Dark, manager of the Kansas City Athletics, and Ralph Terry of the Cleveland Indians. Ken Harrelson of the Athletics had a 72-hole total of 314 for fifth place.

DAYTONA BEACH, Fla. (AP) — Talk about inflation — Ramo Stott stopped off to get a couple of gallons of gas at Dayton's International Speedyway yesterday, and it cost him $2,100.00.

Stott, from Keokuk, Iowa, had to settle for second place and $3,350 in the Automobile Racing Club of America 250-mile championship when his pit crew sent him onto the track with less than a full tank of gas in his 1965 Plymouth after his second pit stop.

He had to make a third stop and Jack Bowsher, Springfield, Ohio — who made only two pit stops — drove his 1966 Ford to the championship and a prize of $5,450.

Bowsher's speed was 164.053 miles an hour, the fastest 250 ever negotiated over the high-banked track. It beat the old ARCA record of 154.103 m.p.h set by Nelson Stacy in a 1964 Ford two years ago, and also topped the NASCAR 250-mile race record of 154.294, set by David Pearson July 4, 1961.

The NASCAR drivers take over the Speedway the rest of the way during Speed Week, which builds to a climax with Sunday's running of the Daytona 500.

MINOR PROBLEMS

Two minor problems cost Bowsher a little extra pit time — an adjustment to his wedge engine and transmission trouble. He spent a total of 65 seconds at a dead stop.

Stott had no mechanical delays; stopped only 27 seconds the first time and 15 seconds the second. But with eight laps to go and leading about 25 seconds, he saw the fuel pressure bubbling.

"When that bubbles, you know you don't have enough gas to go more than two laps," Stott said. "There was nothing to do but alert the pit crew the first time past and come in the next time."

Bowsher said he couldn't go at top speed because of his bad transmission but he coaxed 166 miles an hour out of his car on each of the last six laps and kept Stott from catching him.

There wasn't so much as a brush of fenders by the 33 contenders. The yellow caution flag was out for two laps when Phil Cronin of Houston, Tex., blew an engine, but it barely slowed the leaders as Cronin coasted into the pit.

Andy Hampton of Louisville, Ky., finished one lap back in third place in a 1965 Dodge and won $2,150. Ernie Derr of Keokuk, was fourth in a 1966 Dodge for $1,125. Shad Wheeler of Fredrickstown, Ohio was fifth in a 1964 ford for $800.

The next five in order were Ralph Latham, Cincinnati, 1964 Ford, $800; Jack Purcell, Louisville, 1965 Plymouth, $600; Mel Gillett, Howell, Mich., 1964 Mercury, $500; Sal Tovella, Chicago, 1964 Mercury, $500; and Keith Ploughe, Indianapolis, 1964 Ford, $500.

NASCAR late models run five-mile qualifying trials from today through Thursday. Modified and sportsman class stocks also will be timed for their 300-miler on Saturday.

The late models will compete in a pair of 100-mile races Friday and the Daytona 500 Sunday.

Richard Petty of Randleman, N.C., in a 1966 Plymouth, and Dick Hutcherson of Keokuk, in a 1966 Ford, already have the front row for the 500 as well as pole positions in the 100-milers. Petty set a qualifying record of 175.165m.p.h. last week.

Dons Win Squeeker, Stay Tied For Lead

By ASSOCIATED PRESS

The two basketball Goliaths of the West Coast Athletic Conference will meet this Saturday to decide who owns the league lead — provided neither team meets a David along the way.

The University of Pacific Tigers and the University of San Francisco Dons presently are tied for the top spot in the WCAC with identical 8-1 records.

But between now and their Saturday meeting at San Francisco, each team will have to survive games with tough league opponents.

Pacific has the roughest interim schedule, with a game at fifth-place St. Mary's Tuesday and one with third-place Santa Clara on the Tigers' home court Friday.

San Francisco also must get by Santa Clara in a game Tuesday at the Dons' gymnasium.

Pacific looked the strongest last Saturday in crushing sixth-place Loyola 83-63 behind Keith Swagerty's 27 points and 25 rebounds.

Swagerty did everything but wield a floor sweeper's broom after it was all over.

He raised his league point total to 198, the best in the WCAC, and held his grip on the conference rebound lead. His board work is also the second best in the nation.

And, of course, Swagerty excels in the classroom, too, with a B-plus average as a history major.

Rick Adelman's 15 points led Loyola.

It was Joe Ellis' field goal with 28 seconds left which enabled USF to squeak by San Jose State 75-74.

Ellis led the Dons with 17 of his game high total of 23 scored in the second half. S. T. Saffold was high for San Jose State with 21.

At their home court at Moraga the St. Mary's Gaels, paced by sophomore forward Joe Callaghan with 24 points, eclipsed the Pepperdine Waves 104-88.

Three other Gaels scored in double figures as St. Mary's made a deadly 56 per cent of its field goals attempts. High for Pepperdine was Tandy Holmes with 26.

The story of the Santa Clara Broncos' 90-84 victory over the UC Santa Barbara Gauchos was guard Mike Gervasoni's 26 points and Bob Heaney's 21. Bronco forward Bob Stuckey snagged 16 rebounds.

High for the Gauchos, who trailed only 39-36 after the first half but crumbled at the start of the second period, was forward Russ Banko with 21 points.

Joe Campbell Winner Of Tucson Open

Continued from page 41

tion by Golf Digest as Rookie of the Year.

The 30-year-old, 200-pound Knoxville, Tenn., resient is a former national collegiate champ. He won the NCAA tourney in 1955 while playing at Purdue, where he also was a basketball standout.

Yesterday's victory was the first for Campbell since he captured the Baton Rouge Open in 1962. He won the Beaumont Open in 1961.

"I like this kind of course," said Campbell, of the unique Tucson National spread. "It's one of the few places where you can be a stroke off the pace, shoot a 70 and win. It's a real test of golf."

Defending champion Bob Charles of New Zealand had steady rounds of 71-71-71-70, but his 284 was far under his 271 score of last year.

Steve Oppermann of San Francisco scored the tourney's second hold in one and the ninth on the pro tour this year when he knocked in a 4-iron shot yesterday on the 185 yard 17th hole. There were just 11 aces all last year.

Bold Ruler Sired Some Money Makers

LEXINGTON, Ky. (UPI) — Bold Ruler sired the winners of a record $967,814 in 1964. His son and daughters won 36 races with 17 seconds and six thirds. Bold Lad and Queen Empress accounted for more than half the total with Bold Lad winning $387,471 and Queen Empress earning $319,262.

Gridder Switches To Become Jockey

CHESTER, W. Va. (UPI) — Jockey Dave Kassen weighed 150 pounds when he played halfback on the offense and linebacker on the defense on his high school football team but he was down to 109 pounds when he won his first race at Waterford Park on Oct. 14, 1959.

Beavers Edge Closer To First Title Since 1955

By this time next week Oregon State's Beavers should have clinched at least a tie for the Pacific Eight Conference basketball title and be in position to make it an outright grab in a pair of windup games with Oregon.

The Beavers, catching defending champion UCLA on their home grounds, whipped the Bruins, 64-51, last Friday and appeared a cinch to clinch a tie for the conference title Saturday against Southern California, but the hot and cold Trojans upended them, 70-60.

That means Oregon State can take a share of the title by beating Washington State in the conference's televised game Saturday afternoon and Washington next Monday.

The weekend action boosted Oregon State's conference record to 8-2 and left UCLA, which also bowed to Oregon on Saturday in a disastrous road trip, USC, Oregon and Stanford all tied for second with 6-4 marks.

All four teams tied for the runnerup spot have a mathematical chance for the crown but the Beavers have the edge at the moment and, barring a total collapse, should nail down their first conference crown since 1955.

Stanford crawled back into the race by beating Washington, 75-73, on Friday and Washington State, 80-61, on Saturday.

California moved out of the conference cellar and into a tie with Washington by beating the Huskies, 50-48, in a ball-control game.

UCLA, seeking its fifth straight conference title and the NCAA playoff berth that goes with it, plays California and Stanford this week with USC meeting the same two schools on opposite nights.

Oregon, like OSU, in action only once—against Washington on Saturday.

Sacrificing A Trick Sometimes Necessary To Defeat A Contract

Behind every successful bridge player there stands a woman—making faces every time he plays a card.

And you should have seen the faces at the second trick in the hand shown today.

Opening lead — ♣ A

More by luck than by good management West hit on the opening lead of the ace of clubs.

When West saw the dummy he realized that the contract was surely unbeatable unless South was void of hearts.

ONLY ONE HOPE

Even in that case, the only hope was to get two or three diamond tricks—which could not be obtained if South could ruff a diamond in dummy.

Since there was only one way to defeat the contract, West took a deep breath and led the nine of trumps.

That's the play that started the face-making.

South won with the ten of spades and returned the king of diamonds.

West carefully refused the trick and won the next diamond with the nine.

He returned the king of spades, removing the last trump from the dummy.

South had to give up two more diamond tricks and was down one.

ONLY LEAD

Any lead but a trump at the second trick would give South time to ruff a diamond in dummy.

Then he could discard a diamond on a top heart, thus easily making the contract.

It was equally important for West to refuse the first diamond trick.

If he took the ace of diamonds at once and returned a trump, South would win and lead out all of the trumps.

West would have to save three diamonds and a club, whereupon South would cash the queen of clubs and lead the low diamond.

West could step up with the nine of diamonds, but would then have to give South the last two tricks by leading up to the queen-ten of diamonds.

Stock Market Down Sharply At Close

NEW YORK (AP)—The stock market was down sharply at the close today.

Weakness in some blue chips gave the list a bad example. Buyers tended to back away from new commitments. Profit taking on long-term gains was prominent.

Volume for the day was estimated at 8.3 million shares compared with 8.49 million Friday.

Leading chemicals, aerospace issues and some of the outstanding merger candidates among rails were hit for losses running from 1 to 3 points or so.

Wall Street was in an uncertain mood as a result of the latest proposals in the Viet Nam policy debate, the rising spread between yields of stock and bonds and last week's sharp loss in the stock market.

Down about 3 were Eastman Kodak, Boeing, Zenith, Douglas Aircraft, Cyprus Mines, Fairchild Camera and Occidental Petroleum.

Losses of around 2 points were shown by Union Carbide, Southern Railway and Litton Industries. Down about a point were Chrysler, United Aircraft, New York Central, General Electric, Xerox, High Voltage Engineering, United Air Lines and Pan American World Airways.

Kennecott halved a 10-point rise on response to its stock split news. Anaconda trimmed a point from a 2-point advance.

American & Foreign Power, unchanged, looked like the volume leader on the basis of blocks of 120,000 and 34,000 shares.

Chicago & North Western was up about 3 and its preferred 4. Kinney Services spurted about 2. Ahead about a point were U.S. Smelting, Metro-Goldwyn-Mayer, Collins Radio, Fansteel and Consolidated Foods.

Corporate and U.S. Treasury bonds were mostly unchanged.

Stauffer Sets Sales, Earnings Record

NEW YORK—Stauffer Chemical Co. has reported that both its sales and earnings in 1965 rose to record high levels.

In its preliminary earnings statement the company reported sales totaled $326 million, a gain of 17 per cent over 1964, and net income was $29,855,000 or $3.13 per common share, a gain of 25 per cent over the 1964 net income of $23,911,000 or $2.51 per common share.

Loan Concepts Changing, Says Top Appraiser

SAN FRANCISCO — Old time bankers would cringe at current loans, Willis Holtum stated recently before a joint meeting of the American Institute of Real Estate Appraisers and Mortgage Bankers members.

Holtum, one of three promnnent members of the appraisers institute, who spoke on new developments in valuation and lending, said today's mortgage business is not a streamlined version of the old business.

Instead, it is an entirely new business brought about by new lending ideas such as long term leases, long term amortization, percentage leases, changes in FHA requirements and 25-30 year home loans.

And in the next 20 years, he predicted, will bring more drastic changes with the development of ideas such as condominiums and cluster housing concepts.

Another speaker, Lloyd Hanford Jr., said that current appraisal techniques sometimes fail to consider the importance of financing and tax benefits on value.

The equity value and equity yield, according to Hanford, in this market are more important to investor purchasers than costs, gross income and other traditional considerations.

Holiday

There will be no market listings in tomorrow's Independent-Journal because the markets will be closed due to Washington's Birthday, a holiday.

INCOME TAX FACTS

Retirement Income Credit Available

By PETER J. WIKEL, C.P.A.

If you are retired or are over 65, the retirement income credit may reduce your tax bill.

You must meet certain tests to be eligible for the credit. First, you must have some retirement income. If you are under 65, retirement income includes only a pension or annuity you receive from a public retirement system, such as a pension from the U.S. government, a state or local government, etc. If you are over 65, retirement income includes the above plus other pensions, annuities, dividends, interest and gross rents included in your taxable income.

P. J. Wikel

To be eligible for the retirement income credit, you must have earned at least $600 in each of any 10 years of your life. A married couple, only one of whom qualifies as having earned at least $600 in each of any 10 years may now qualify for special treatment.

If you are married, both at least 65 years old and you file a joint return, then if either one of you meets the requirement of having earned at least $600 in each of any 10 years of your life, than the other one will be considered to have met the test and both will be considered to have retirement income.

However, this retirement income cannot exceed $2,286 for both and is computed in the special section of your tax return Form 1040, Schedule B, Page 2, Part V—B alternative computation.

If both taxpayers meet the earned income test and quality for the credit, the credits are computed separately for each, and combined on a joint return.

Since California is a community property state and one-half of all income earned by one spouse is attributed to the other, most married couples who have lived here for over 10 years will meet the test.

You compute your retirement income credit on Schedule B, Page 2, of Form 1040. The total credit for which you are eligible is reduced by any tax free pensions you receive from Social Security or Railroad Retirement, and certain other exclusions from gross income. Also, the credit you get may be reduced by any income you are presently earning over certain limits shown on Schedule B which you must fill out in preparing your tax return.

You are not eligible for the retirement income credit if you file on Form 1040A, or if you are a non-resident alien, or if you receive Social Security of $1,524 or more, or if you have earned income over $2,974. However, if you are over 72 years old, you can earn any amount and still be eligible for the retirement income credit.

Howard Motors In New Quarters; Robindale Interiors Opens Doors

Rapidly growing firm is **Howard Motors**, which recently moved its San Rafael showrooms from 138 Jacoby Street to 281 Jacoby, giving it twice as much space.

The additional room is needed, since Howard has taken on the **Suzuki** line of Japanese motorcycles in addition to the scooters, golf carts and industrial cars it has been handling up to now. But more expansion plans are contemplated.

Bart Howard opened the business in San Rafael about 18 months ago, a few months later opened a branch in Palo Alto, and subsequently in San Francisco—now the headquarters. Projected for this year are a second store in San Francisco and another in Walnut Creek—which is expected to make Howard the largest motorcyle dealer in Northern California, measured by number of salesrooms. The firm also plans on entering the rental field in motorcycles.

Extra capitalization for the company provided by **Harry Mohler** of Sausalito and other associates has stepped up the expansion tempo. Mohler is now chairman of the board.

NEW BUSINESS opened in San Anselmo is **Robindale Interiors**, specializing in custom draperies, upholstery and furniture for the residential and commercial trade.

Proprietor **Rob Rogers** has been freelancing in interior designs in the Bay Area for the past 16 years. Now living in San Francisco, he is a former Marin resident and expects to make his home again on this side of the bay.

Rogers has opened at 364 San Anselmo Avenue, but says he has several important new collections not expected until sometime in March.

THERE WILL BE a new home for **Mon Tresor**, women's wear and gift and jewelry shop of **Mrs. Florida Even**, former member of the French underground, not far away from its present location in the Albert Arcade Building, San Rafael.

Mrs. Even will occupy 915 Lootens Place, former quarters of **Marin County Office Equipment Co.** before this firm moved into its own building across the street. Removal about the first of March.

San Rafael Federal Savings and Loan Assn. is enlarging its offices at the entrance of the arcade and will pick up the Mon Tresor space when it is vacated.

GIULIO BOERI of Larkspur, general credit manager of the **Borden Co., Western Division**, is the newly elected president of the Retail Credit Managers of San Francisco. He succeeds Donnell V. Davis, regional mananger of J. C. Penney Co. Boeri has served on the Larkspur Park and Recreation Commission and is active in a number of credit organizations.

Boeri Johnston

MILBURN JOHNSTON of San Anselmo, vice president of **Campbell-Ewald Co.**, has been in Detroit for several days celebrating his 40th anniversary with the company.

This has been "old home week" for Johnston, who is a native of Detroit and started his career with the advertising agency there as an office boy. He later became an account executive and member of the planning board of the New York office before his transfer to San Francisco about 20 years ago. Johnston became head of the Chevrolet account in 1948 and subsequently was elected a vice president.

PAUL HALULA of Greenbrae, head of **American Universal Driving School**, San Francisco has broken into three new fields of driver training: Teaching handicapped people to drive using hand controls, working with the State Department of Rehabilitation; teaching men to drive trucks and buses for major corporations; and training young girls at San Domenico School in Sleepy Hollow to drive, with both classroom study and practice.

HOWARD E. TAYLOR of San Rafael has been appointed a registered representative with **Waddell and Reed, Inc.**, national distributor of the United Funds group of mutual funds. For the past 20 years he has been art director for Ted Bates and Co., New York.

Cost Of Being Legislator Forcing Members To Quit

The heavy workload in the state Legislature is making more untenable the position of the dedicated citizen-legislator, who attempts to tend to his own profession at home while giving his constituents full and fair representation in Sacramento.

The time is fast approaching when a decision must be made on whether legislators will be recognized more as full time representatives (with commenturate salaries) rather than as part-time workers who are expected to earn a major portion of their livelihood in other occupations.

Many citizen-legislators are being forced to choose between holding two part-time jobs, with justice to neither, or giving up the legislative post and concentrating on their regular professions.

In many instances, that choice is resulting in a big loss to the Legislature

Two striking examples this year are the resignations of assemblymen Charles B. Garrigus, D-Reedley, and Houston I. Flournoy, R-Claremont. Both are college professors by occupation.

Garrigus is now serving his fourth year as chairman of the Assembly Education Committee. Flournoy is considered the only Republican in the Assembly who has complete knowledge of school finance.

Assemblyman Leo J. Ryan, D-San Mateo, puts it this way:

"I think his (Flournoy's) loss for the present time is irreplaceable. Further, since education consumes more than half of the state's budget, it seems that his loss can only be viewed by responsible people as a loss to the people of the entire state.

"In the case of Assemblyman Garrigus, our problem is the same . . . His resignation would be a matter of some grave concern because of his experience and his ability . . ."

In most cases, the pay for legislators ($500 per month plus certain other benefits) becomes the deciding factor. In theory, the honor of serving in the Legislature and the sense of performing a civic service might compensate for the small pittance they receive as regular salary.

But honor and civic service alone cannot feed the legislators' families.

Many lawmakers who feel the financial pinch take advantage of interim committee work, which pays $25 a day expenses plus 15 cents a mile for travel, regardless of actual cost. The longer the legislative junket, and more frequently they are taken, the better off financially the legislators would be.

It's human nature that legislators would want to supplement basic salary with mileage and per diem pay.

For a professional who has a rewarding civilian occupation, there is little inducement to forsake that occupation to serve for long in the Legislature.

A thorough review of the role of the state legislator is due.

Is the workload such that lawmaking should be considered a full-time, year round job? If so, the basic state salary should be raised substantially so that legislators will not have to depend heavily on private income.

At the same time, the present fringe benefits such as the 15-cent-per-mile travel pay should be toned down.

The need for legislators to make a mad scramble for committee assignments and for long junkets does no credit to the lawmakers, who are forced to engage in that scramble or quit the capitol.

AFFAIRS OF STATE

Legislative Analyst Is A Kind Of State Efficiency Expert

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Closest thing the state of California has to an efficiency expert is the office of A. Alan Post, the legislative analyst who annually submits to the legislature a resume of the governor's budget. This resume contains recommendations for budget deletions, designed to make the cost of government less to the taxpayer.

This year, Post has come up with recommendations for a total of $67,703,128 in the expenditure document submitted by Governor Brown. The budget was described by the governor as "lean and hard."

OF THE RECOMMENDED reduction, nearly $30 million is in the state's general fund, which supports the various state agencies operating out of the $4.6 billion dollars the governor wants for the 1966-67 fiscal year.

Remainder of the reduction is in capital outlay bond funds, including the state construction bond program and the state beach, park, recreational and historical facilities bond fund. Post says these items do not belong in the operations budget anyhow.

Primarily, the legislative auditor's recommendations for budget reduction deal not with policy matters, but the hard-core, day-by-day administration and expenditure of public funds. His observations are not based on the question of whether the state should or should not embark on new programs of expenditure or increase current program, but whether the current programs are being administered within the purview of sound business practices.

HAPHAZARD OPERATION also is a target of the analyst. For instance, the governor's office made a big thing out of the purchase of Sugar Pine Point at Lake Tahoe for a state park, as well as Point Mugu on the coast. Subsequently, $4,502,100 was requested for development.

"In neither case," says Post, "has there been an adequate preliminary plan or master plan of use and development for the whole area which we consider absolutely essential before any permanent development is put into construction. On this basis, we recommend disapproval of these two projects."

Thus, in this particular instance, Post is making recommendations for solid development for many years to come, rather than the exploiting of projects for immediate political purposes.

He says that despite steps taken in each of the last three sessions of the legislature to advance collection of revenues and thereby forestall imposition of major tax increases, the governor's budget this year will require $143 million in added taxes, or the alternative of equivalent reductions in expenditures.

POST ALSO points to the growing costs of bond servicing under the Brown administration. Cost of servicing the state's general fund bonds during the 1957-58 fiscal year amounted to $12.5 million.

Estimated for 1966-67 fiscal year is a $102.5 expenditure for this purposes, more than half of which will be for payment of interest on the various bond issues.

The heavy bond obligations of California increase interest costs about $6 million on an issue of $100 million with a 25-year maturity, all of which must be paid by the taxpayer.

Parks May Spell Coast Disaster

Editor, Independent-Journal:

Mr. Tom Storer and all the Redwood Empire State Park lovers, are losing sight of the fact that if all this land on the coast of Mendocino, Humbolt and Del Norte counties go to state parks, it will create a disaster to the economy of these areas.

The people of these counties have families and make their living in the woods and lumber industries that build a lot of our lovely homes in the Bay Area. The counties would lose taxes from that land. It will affect merchants, railroad trucking — everything in general except the tourist that uses these parks about four months of the year for vacation and recreation.

While many hundreds of families with children are wondering about looking for employment, Lord knows we have enough unemployment now in the Redwood Empire without adding more.

Senator Dirksen Has Right Idea

Editor, Independent-Journal:

Some of your readers may not be aware of the Committee for Government of the People (733 15th St. NW, Wash., D.C.) chairmanned by Sen. Everett Dirksen of Illinois. The purpose of this nationwide nonpartisan committee is to educate the nation to the merits of the Dirksen reapportionment amendment which would reverse previous decisions of the Supreme Court and permit one house in each state legislature to be elected on factors other than population alone.

I agree with Sen. Dirksen that our republic is facing a grave constitutional crisis. Understandably the senator sees a dark picture for the future should his proposed constitutional amendment fail:—"control of our states surely will be vested in the hands of the selfish few who can control the greatest cities, be they party functionaries, labor leaders or other self-servers who are in no way responsible to the will of the people."

If the Supreme Court decision on reapportionment should prevail, Sen. Dirksen aptly warns that there will be no option by the people to correct abuses by political and big city labor leaders who in the end "—will control apportionment of congressional districts, the selection of delegates to our national political conventions, the exercise of election laws themselves, appointments by governors respectful of concentrated power, the functions of regulatory agencies and the whole spectrum of state legislation, including taxation, welfare, banking, interest rates, labor law, housing, education, transportation and highways, marketing, utilities, water, air pollution, construction, public ownership and a host of other subjects influencing every business, every farm, every jobholder and wage earner in this country."

Pretty bleak! A new vote comes up in March. Write to Rep. Don Clausen, House Bldg. and Senators Thos. Kuchel and George Murphy, Senate Bldg., Washington, D. C. Express yourself in behalf of Sen Dirksen's constitutional amendment to preserve our republic.

Army Projects Need Review

Editor, Independent-Journal:

The article by Bruce Coleman covering William A. Hamilton's talk on the 30-acre pond for Mill Valley, Feb. 9, stated the corps of engineers spurned the Dutch dike idea.

Federal agencies lack the imagination necessary to plan water resources projects in the local environment.

No alternative should be spurned in community planning.

Individual local communities should hire competent consulting engineering firms to review all federal government proposals for construction within their areas to assure all the alternatives have been considered.

For the same reason, all the major projects proposed by the U.S. Army Engineer District, San Francisco, Corps of Engineers for the development of the water resources in the north coastal region of California should be reviewed by independent and competent consulting engineering firms hired by groups of local interests who have to live with the projects.

War Futile, Horrible

Editor, Independent-Journal:

For a long time I have felt convinced that the U.S. should never have become involved in Viet Nam . . . I have been confused as to why we are there. Why should the President (a man who has never understood foreign policy), instead of the elected representatives of all the people, be allowed to plunge us into this horrible war in which our finest young men are being slaughtered or horribly mutilated—many being returned home limbless or blind or crippled for life? . . .

Our President glibly yet vaguely speaks of commitments and honor—as he sends our young men forth to be returned in coffins and families are left without sons or husbands and little children grow up fatherless. President Johnson and his cohorts considered winning an election more important than obtaining peace when there was an opportunity to try to do so. . .

I firmly believe that the majority of people in this country do not favor this war . . .We are destroying not only our own young men and the communists but also the South Vietnamese, while communism is protected and flourishes in our own country.

Let us clean our own house before we strive to run the rest of the world. And let us insist that our government stop playing politics at the expense of our fighting men, as they pour billions into handouts and less important, often useless, programs instead of expending every effort and every cent on doing everything possible for the safety and welfare and comfort of these young men whether it be on the battlefield or in hospitals or for their families. . .

And let us not tolerate strikes in vital areas or those who try to profit from this great tragedy.

Our young men will not have died in vain if our people can at last realize the horribleness and futility of war. . .and get back to the principles of decency and honesty and a belief and trust in God.

TOM PATTERSON tells about two earnest lads engaged in discussing the facts of life. One had just been getting an earful about the birds and bees from his father, so he took the floor. "It's like this," he began. "Your folks send out a radio appeal for a boy or a girl. Angels put the baby in a rocket ship and aim it at the nearest hospital. Five minutes after the blastoff, it's in your mother's arms."

"Is that really what your father told you?" wondered the boy's little friend.

"Not exactly," admitted the boy, "but if I told it his way, you'd never believe it!"

"**YOU CONSIDER** yourself a kind father," pouted a Williams sophomore. "Four times I wrote you for money to attend a rock 'n' roll festival in California, and four times you ignored me. What sort of kindness do you call that?" The father—a Williams graduate himself — answered happily, "Unremitting kindness."

Debate Statements On Viet Nam Sorted From Misstatements

WASHINGTON—It is all to the good to debate the administration's purposes and policies in Viet Nam.

But such debate brings some loose statements and misstatements which pass each other on the front pages and never seem to meet. They need to be sorted out to see where we all stand.

The central theme of the critics is that the United States is committed to a policy which leads to bringing Red China into the conflict.

THESE WERE the views expounded before the Fullbright hearings principally by former Ambassador George F. Kennan and retired Lt. Gen. James Gavin. At this point President Johnson countered by saying that he failed "to see a great deal of difference" between the Kennan-Gavin views and what the government is doing. The retort to that soft answer was not long in coming. It was that the President was so sorely defeated in the argument that, being unable "to debate with them," he had to say he "agreed with them."

Obviously Johnson did not in this instance add much to the debate. What is needed is to see where the administration agrees with the Kennan-Gavin thesis.

They agree at several points: the U.S. has a vital stake in the peace and freedom of Southeast Asia, should not quit fighting, should not pull out of Viet Nam.

They disagree on strategy. The Kennan-Gavin view is that we ought to stay closer to safe enclaves, quit trying to find and destroy the Viet Cong, and hang on until the Communists agree to negotiate.

HERE YOU HAVE your choice as to which strategy is more desirable: for the U.S. and South Vietnamese forces to take the war to the enemy or to let the enemy occupy more of the country and take the war to us.

But whichever side of this coin you prefer, there remains a crucial difference between the administration and the critics.

Are we involved in an "unlimited war" in Viet Nam which can only lead to Peking's entering it?

The President's position is that we are not conducting an "unlimited war" and that events, even more than argument, prove it. It is shown in the fact that the U.S. is not using its vast power to attack the North Vietnamese people, is not trying to bring down the Hanoi government but to bring it to the peace table, and is keeping a careful check-rein on the bombing.

WHY AREN'T these facts conclusive? To many they are, but some critics still contend that, while we may not be "conducting" unlimited war, we are "committed" to it because of our goal to secure self-determination for the people of South Viet Nam by ending the aggression one way or another.

In judging this argument, which is central, I think you have to find against the critics. They offer no proof that we are committee to "unlimited war." We are conducting a limited war for a limited objective—to secure for the people of South Viet Nam the right to choose their own form of government.

This may well mean a long war, as General Wheeler, chairman of the Joint Chiefs of Staff, has frankly said. But its purpose is to win our objective in a way that will not put us at war with Red China.

Drastic Cuts Seen In Education Funds

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON — President Johnson's proposed extension of "Great Society" education programs into the foreign field turns out to be based largely on drastic cuts in major school programs in the U.S.

Most adversely affected by these carefully-unmentioned domestic curtailments would be the children of servicemen and Negroes. They would suffer seriously reduced educational opportunities — fewer teachers, courses, books and other equipment — while considerably increased educational benefits would be made available to foreign students.

IN THE PRESIDENT'S recent special message to Congress, he outlined a grandiose "international education" program to be run jointly by three agencies — Department of Health, Education and Welfare, State Department and the Agency for International Development (foreign aid). Foremost among the envisioned projects were:

Greatly expanded international exchange of teachers, students and equipment, with special emphasis on bringing foreign teachers into various aspects of the antipoverty program. Also, federally-conducted seminars designed to attract "future foreign leaders," and educational research and demonstration projects in underdeveloped nations.

Significantly, the President put no price tag on this sonorously proclaimed plan. But a tell-tale clue of its possible cost is to be found in the new budget he submitted to Congress. There, aid for foreign education is listed at around $280 million—an increase of approximately $150 million over this year.

IN CONTRAST, three top domestic education programs are cut $178.2 million, as follows:

$163.6 million slashed from funds for elementry and secondary schools in "impacted" areas which result from military and other federal installations and plants.

$11.9 million in the decades-old aid to 68 land-grant colleges and universities.

$2.7 million in grants for vocational education in secondary schools.

Democrats as well as Republicans are indignantly critical. There is every indication the President faces a bitter fight, and that strenuous efforts will be made in the House and Senate to restore the axed educational funds.

Illustrative of this powerful bipartisan opposition is the following:

Sen. Robert Kennedy, D-N.Y., in a New York speech caustically declared that one immediate effect of the educational slashes would be to "send more Negroes to Viet Nam."

"IT IS PROPOSED to cut aid to education," he pointed out, "just as the draft is calling up more young men unable to continue their school work."

Rep. Albert Quie, Minn., ranking Republican on the House Education Committee, is determined to leave no stone unturned to restore the reduced funds. "The land-grant college program," he noted, "has been a model of federal-state aid for nearly a century. To reduce it at this time when more young Americans than ever before are seeking an education is downright unconscionable."

Sen. Frank Moss, D-Utah, ardent champion of education, voiced particular criticism of the proposed slash in funds for "impacted" areas.

"I didn't fight for federal aid to education last year," he said, "to see the administration whittle these funds down in the new budget. Why in my state alone, aid for impacted areas would be cut to $1.7 million from $4.7 million. That would directly hit thousands of young school children."

Office of education officials say privately that schools in every section of the country will suffer as a result of the administration's fund axing.

Breadmakers (Not Bakers) Are Known For Making Fine Signs

Rick Lyttle had the flu, and so, after being away for more than a year, this reporter came back to Franklloydwrightland, that happy institution in Santa Venetia, for a day or so.

It's strange how the customs of the residents, taken for granted before, now seem odd. Let us take, for example, the odd custom of the hand-lettered sign, or rather the sign that wasn't hand-lettered.

It seems the inmates of the county schools office, who get more bread than anybody else, invited their friends from around the state to a special meeting in Marin.

THE GROUP was too big for any one room, but was split up according to interests. Bright and early in the day signs were posted—with neat letters pasted on cardboard in the style of the best audio-visual aid, telling where the different groups would meet.

Now signs are a pretty touchy subject anywhere in Marin, but these signs actually showed that the schools office inmates had less status in Franklloydwrightland than other residents.

The whole thing is very subtle, and it would take years of training in anthropology, or a couple of days of walking around the building, to understand.

If the schools people, in spite of getting more bread, had really been on the top of the heap, they would have just put up sloppily hand-lettered signs. Maybe they would not have bothered with signs at all, letting visitors wander around asking strangers for directions.

THE WHOLE MATTER was carefully considered in the coffee shop. (School people usually stay out of the coffee shop, but don't seem to understand that their status is harmed thereby, but that's another chapter.)

The school people are like Avis Rent-A-Car. They are trying harder, and that explains the signs.

Everybody else shrugs off the idea of making pretty signs because they are too busy with much more important matters, like making the tapes go around in the IBM machine or making a Xerox copy of a Xerox copy.

Unfortunately, except when the board of supervisors happens to drop by and notice the schools office, most of the people there are unconscious to the whole problem of status. Every so often the board does take a swat at schools, just to remind them of their place.

BUT THE SCHOOLS people forget and forgive each month when they see how much bread they have been given, for they dearly love bread.

And as long as the status custom and making signs remain harmless and cost no money, everyone lets them continue. They give people something to think about during the long dull days. They might even be therapeutic.

Major Commended

Maj. Robert F. Sizer, new maintenance officer for Sixth Region Headquarters, U. S. Army Air Defense Command at Fort Baker, has been awarded the first oak leaf cluster to the army commendation medal for service as executive officer of the second missile battalion, 71st Artillery, 38th Artillery Brigade (Air Defense) Korea, Jan. 6 to Dec. 23, 1965.

Cadets Dismissed

WASHINGTON (UPI) —Rep. Byron G. Rogers, D-Colo., disclosed yesterday that several cadets have been dismissed recently from the Air Force Academy for Honor Code violations. He said an investigation will be made to see if there was a recurrence of last year's cheating scandal, the largest in U.S. service academy history.

Housewife Opinionmaker Will Miss Televised Senate Hearings

WASHINGTON — John Schneider, the new president of CBS, was quoted as saying the other day that one of the reasons he had cancelled some of the daytime live Senate hearings was that the "opinion makers in the United States did not watch daytime television."

I don't know who the opinion makers in Schneider's family is, but in my house it happens to be my wife, and she has been watching the hearings faithfully. If it's true in other homes, the American housewife may be the best informed person on Viet Nam in the country.

THE OTHER DAY I came home from the office and said casually "What's new?"

"George Kennan made a very interesting case against our present containment policy."

"Oh," I said, "that's nice."

"He differed in some respects from General Gavin on the enclave policies, but he has come out for courageous liquidation of unsound positions rather than stubborn pursuit of extravagant or uncompromising objectives."

"That's fine," I said. "What's for dinner?"

"I didn't have time to get dinner because I got entranced listening to Senator Fulbright, who feels that our present policy could get us entangled with Communist China, which would lead to a ground war that nobobdy wants."

"LOOK, I'M TIRED," I said. "What did the kids do today?"

"I have no idea. They came in just when Senator Morse started praising Kennan for his forthright position. Morse also praised Gavin, but he wasn't very nice to David Bell."

"Who's David Bell?" I asked.

"He's the head of AID, and he was the Senate Foreign Relations Committee's first witness. He has a nice face."

"Did the plumber come?" I asked.

"I HAVE NO IDEA. Bell was interested about the social and economic gains that had to be made in South Viet Nam, if we ever hoped to win over the people, and he's asking for an extra $500 million to continue the work. I think we ought to give it to him."

"That's good. When is dinner going to be served?"

"Don't you want to know what I think of the dangers of an open-end escalation policy?"

"I hadn't given it much thought," I said.

"Well, the real danger of escalation is that, no matter how many men we put in, Hanoi will put in a number equal to it in ratio. Therefore, we can never hope to win by escalation. On the other hand, if we pulled out, and both Gavin and Kennan seem to agree on this, the South Vietmanese government wouldn't last a week. We've got to find a solution which will bring neither victory nor defeat, but will guarantee freedom on our terms rather than those of the Communists."

"IT SOUNDS complicated," I said.

"Oh, it is. I spoke to Marjabelle Young and she says she's not happy with our options there."

"Who is? Now, can I eat?"

"In a minute. I just want to see what Eric Sevareid has to say."

The phone rang and my wife picked it up.

"Oh, Kathy, I'm so glad you called. I was going to phone you. I know, but don't forget we still have to hear from Maxwell Taylor and Dean Rusk. I'm keeping an open mind on it until then. Well, really, Kathy, how can you say it's possible to have a blockade without an open declaration of war . . . I know, but Ky's policies are not consistent with ours. . . . Can I call you back? My husband is screaming for his dinner. Yours, too? . . . You would think they'd take a slight interest in what was going on in the world."

Meeting Cancelled

The meeting of the San Anselmo Planning Commission, scheduled for tonight, has been cancelled because of lack of items for the agenda, reported commission chairman Warren R. Perry. The next meeting of the commission is scheduled for 8 p.m. March 7 in the city council chamber.
